The Bauxite Hills Mine

Metro's flagship project, the Bauxite Hills Mine has an estimated Reserve of 92.2 Mt and total Resources of 144.8 Mt*.

Mine construction commenced in July 2017, with mining operations and first shipment scheduled for April 2018.

The Bankable Feasibility Study (BFS) for the Bauxite Hills Mine was released on 15 March 2017. The BFS estimates a life-of-mine revenue of A\$5.7 billion and life-of-mine Earnings Before Interest Tax Depreciation and Amortisation (EBITDA) of A\$2.5 billion.

Environmental approvals and mining leases have been granted by the relevant State and Federal governments and Native Title and Land Access Agreements have been finalised.

Basic infrastructure including airstrip, roads, initial camp and port location are in place. Contracts, including transshipping, barge-loading facility, conveyors, new camp accommodation and marine piles, have been let with mine construction work underway. Plans are to commence mining at 2 Mtpa, increasing to 6 Mtpa over the first 4 years**.

Simple mining operation facilitates a quick start up. The bauxite will be mined from open cut pits and trucked via haul road to a barge-loading facility. Once loaded, tugs tow the barges down the Skardon River to an anchorage point at sea, where the bauxite will be loaded onto bulk carriers.

Metro has an initial 4 year, 7 Mt Binding Offtake Agreement with Xinfu Group. Xinfu is one of the largest integrated aluminum companies in China.

Metro has also secured an Offtake Letter-of-Intent with Lubei Chemicals - China's fifth largest bauxite importer. The Lubei Letter-of-Intent is for an initial 0.5 to 1.0 Mtpa for 3 years commencing next year. A Binding Offtake Agreement is currently under negotiation.

Once fully operational, the Bauxite Hills Mine is expected to employ up to 200 people with a 30% indigenous workforce target. Around 80 employees are expected to be on site at any one time.

Metro Mining Limited is an Australian exploration and mining company based in Brisbane, Queensland.

Metro holds a total tenement package covering approximately 2,500 square kilometres within the internationally acclaimed Weipa Bauxite Region on Western Cape York, Queensland.

Explanatory memorandum

Metro Mining Limited
ACN 117 763 443

This Explanatory Memorandum accompanies the notice of annual general meeting of Metro Mining Limited (**Metro**) to be held at the office of McCullough Robertson Lawyers, Level 11, 66 Eagle Street, Brisbane, Queensland on Monday, 21 November 2017 at 11.00am (Brisbane time).

The Explanatory Memorandum has been prepared to assist Shareholders in determining how to vote on the resolutions proposed and ought to be read in conjunction with the Notice of Meeting.

Ordinary business

Financial statements and reports

- 1 The Corporations Act requires that the report of the Directors, the Auditor's report and the financial report be laid before the annual general meeting. In addition, Metro's Constitution provides for these reports to be received and considered at the meeting.
- 2 Apart from the matters involving remuneration which are required to be voted upon, neither the Corporations Act nor Metro's Constitution requires a vote of Shareholders at the Annual General Meeting on the financial statements and reports.
- 3 Shareholders will be given reasonable opportunity at the meeting to raise questions and make comments on these reports.
- 4 In addition to asking questions at the meeting, Shareholders may address written questions to the Chairman about the management of Metro or to Metro's Auditor, BDO, if the question is relevant to:
 - (a) the content of the Auditor's report; or
 - (b) the conduct of its audit of the financial report to be considered at the meeting.
- 5 Under section 250PA(1) of the Corporations Act, written questions for BDO must be delivered by 5.00pm on Tuesday, 14 November 2017, addressed to the Company Secretary, Metro Mining, GPO Box 10955, Brisbane, Qld 4000.

Resolution 1: Directors' remuneration report

- 6 Under the Corporations Act, Metro is required to include in the business of its Annual General Meeting a resolution that its Remuneration Report for the 2017 financial year be adopted. The resolution of Shareholders is advisory only and does not bind the Directors or Metro.
- 7 The Remuneration Report is in the annual report. It is also available on Metro's website (www.metromining.com.au). It:
 - (a) explains the board's policies on the nature and level of remuneration paid to directors,

- company secretaries and senior executives within the Metro group;
 - (b) discusses the link between the board's policies and Metro's performance;
 - (c) sets out the remuneration details for each director and for each member of Metro's senior executive management team; and
 - (d) makes clear that the basis for remunerating non-executive directors is distinct from the basis for remunerating executives.
- 8 The Chairman will give Shareholders a reasonable opportunity to ask questions about, or to make comments on, the Remuneration Report.

Directors' Recommendation

- 9 As this resolution relates to matters including the remuneration of the Directors, the Board, as a matter of corporate governance and in accordance with the spirit of section 250R(4) of the Corporations Act, abstains from making a recommendation regarding this resolution.

Note: As detailed on the proxy form, if you appoint the Chairman as your proxy, and you do not provide voting directions, the Chairman is entitled to cast your vote in accordance with his stated intentions, even though the resolution is connected directly or indirectly with the remuneration of a member of the KMP. The Chairman intends to vote all available proxies in favour of this resolution.

If you appoint another Director or member of the KMP as your proxy for this resolution, you **MUST** direct your proxy how to vote, otherwise your vote will not be counted. Follow the instructions on the proxy form to direct your proxy how to vote.

Resolutions 2 to 4: Re-election of Directors

- 10 Metro's Constitution requires that at each annual general meeting of the Company one-third of the Directors for the time being (excluding the Managing Director, any Director who has served three years since last re-elected and any director appointed to fill a casual vacancy) must retire from office. Excluding the Managing Director and Mr Hennessy (who has served three years since his last re-election), there are six Directors in office, meaning that two Directors are required to retire in accordance with article 38.1(c) of Metro's Constitution and Listing Rule 14.4.

Resolution 2: Re-election of Mr Philip Hennessy

- 11 Article 38.6 of Metro's Constitution and Listing Rule 14.4 provides that a Director shall not continue in office for a period in excess of three consecutive years or until the third annual general meeting following his appointment, whichever is the longer, without submitting himself for re-election.
- 12 Mr Hennessy has over 30 years' corporate experience, is a Chartered Accountant and holds a Bachelor of Business degree. Mr Hennessy has been involved with all aspects of

corporate finance and company reconstruction across a variety of industries including construction, manufacturing, mining, professional services, agriculture and financial services. Mr Hennessy was Chairman of KPMG Queensland for 13 years prior to retiring in 2013.

- 13 Mr Hennessy's knowledge and experience assists the Company in driving good governance, its financial responsibilities, cohesive and effective collaboration, effective processes and communications with shareholders and stakeholders.
- 14 The Directors (with Mr Hennessy abstaining) recommend you vote in favour of Resolution 2.

Resolution 3: Re-election of Mr Lindsay Ward

- 15 Mr Ward having been appointed as a Director of Metro on 4 October 2011 and last standing for re-election at Metro's 2015 annual general meeting, retires in accordance with Article 38.1(c) of the Company's Constitution and Listing Rule 14.4 and, being eligible, offers himself for re-election as a Director of Metro.
- 16 Mr Ward is an experienced senior executive having worked for over 30 years in a broad range of industries including mining, exploration, ports, mineral processing, rail haulage, electricity generation, gas transmission, alternative waste treatment, transport and logistics at general manager, chief executive officer, managing director, non-executive director and chairman level.
- 17 Mr Ward is currently chief executive officer of Palisade Asset Management with responsibility for a range of infrastructure assets including gas transmission pipelines, wind farms, rural livestock exchanges, alternative waste treatment plants and a power station. Prior to this, Mr Ward was managing director of Dart Mining NL (ASX: DTM), a Victorian based exploration and development company.
- 18 The Directors (with Mr Ward abstaining) recommend you vote in favour of Resolution 3.

Resolution 4: Re-election of Mr Jijun Liu

- 19 Mr Jijun Liu was appointed to the Board on 15 January 2014 and last stood for re-election at Metro's 2015 AGM. Having served two years since being re-elected, Mr Liu retires in accordance with Article 38.1(c) of the Company's Constitution and Listing Rule 14.4 and, being eligible, offers himself for re-election as a Director of Metro.
- 20 Mr Liu is the Managing Director of China Xinfu Group Corporation Ltd, which controls one of the largest alumina-aluminium enterprises in China. Mr Liu is also a member of various Chinese Government committees. He studied thermal power plant engineering at Shandong Power Junior College.

- 21 The Directors (with Mr Liu abstaining) recommend you vote in favour of Resolution 4.

Resolution 5: Change of Auditor

- 22 The incumbent external Auditor of the Company, BDO Audit Pty Ltd (BDO), has held the position of external Auditor since prior to the Company's initial public offering in 2009. In light of the existing Auditor's requirement to rotate off the audit after 30 June 2017 and the change in the nature of the Company's operations, the Board determined that it would be an appropriate time to put the audit to tender. Following this process, the Board has recommended that Ernst & Young be appointed as Auditor.

- 23 In accordance with section 329 of the Corporations Act, BDO has notified Metro that it has applied to ASIC for consent to resign as the Company's Auditor with effect from the close of the Annual General Meeting. ASIC's consent to BDO's resignation is required under section 329(5) of the Corporations Act. If ASIC does not grant its consent, BDO will continue to hold office as the Company's Auditor after the Annual General Meeting.

- 24 As required by section 328B(3) of the Corporations Act, a copy of the form for the nomination of Ernst & Young as the Company's Auditors is attached to this notice of meeting. Ernst & Young has consented to the appointment and, as at the date of this Notice of Meeting, has not withdrawn its consent.

- 25 Resolution 5 is necessary for the appointment of Ernst & Young as Metro's Auditors effective at the Annual General Meeting. Section 327B of the Corporations Act requires Metro to obtain Shareholder approval by ordinary resolution for the appointment of Ernst & Young as the new Auditor of the Company. Subject to the approval of Shareholders being obtained and ASIC granting its consent to the resignation of BDO, the appointment of Ernst & Young as Auditor of the Company will become effective from the close of the Annual General Meeting.

Director's recommendation

Background

- 27 The purpose of resolutions 6(a) and (b) is to seek the ratification by Shareholders of securities issued without Shareholder approval utilising Metro's placement capacity under Listing Rule 7.1. Shareholders is required for an issue of securities if the securities will, when aggregated with the securities issued by the entity during the previous 12 months, exceed 15% of the number of the ordinary securities on issue at the commencement of that 12 month period.

- 29 Listing Rule 7.4 provides that where an entity ratifies an issue of securities, the issue is treated as having been made with approval for the purpose of Listing Rule 7.1, thereby replenishing that company's 15% placement capacity and enabling it to issue further securities up to that limit.

Resolution 6(a): Ratification and approval of issue of Warrants

- 30 The purpose of resolution 6(a) is for Shareholders to approve and ratify, under Listing Rule 7.4, the grant of 11,100,000 warrants by the Company to Sprott and 3,900,000 warrants by the Company to Sprott's nominee, Natural Resource Income Investing Limited Partnership, (Warrants) on 28 August 2017 pursuant to the debt financing arrangements entered into between Metro, Sprott and Ingatatus as announced to the market on 22 June and 1 August 2017.

Resolution 7: Approval to issue securities under amended Employee Incentive Plan

- 39 Resolution 7 seeks approval from Shareholders to issue securities under the amended terms of Metro's Employee Incentive Plan (Plan) as an exception to Listing Rules 7.1 and 7.1A for the purposes of Exception 9 of Listing Rule 7.2, including the approval of the provision of financial assistance to Eligible Participants to acquire Shares under the Plan and to permit Metro to take security over Shares in itself (for the purposes of sections 260C(4) and 259B(2) of the Corporations Act).
- 40 Exception 9 of Listing Rule 7.2 provides that any equity securities issued under an employee incentive scheme that has been approved by Shareholders within the last three years are not counted when calculating the maximum number of equity securities a company may issue without shareholder approval under the 15% cap in Listing Rule 7.1.
- 41 Metro's current Plan was approved by Shareholders at the general meeting of the Company on 29 May 2017 for the purposes of Exception 9 of Listing Rule 7.2. Rule 26 of the Plan provides that the Board may implement amendments to the Plan from time to time (unless the amendment materially reduces the rights of a participant in respect of Options or Performance Rights allotted before the date of the amendment). However, the Listing Rules provide that Exception 9 is only available if there has been no change to any material terms of the scheme.
- 42 Since the Plan was approved by shareholders in May 2017, 545,000 Options and 3,575,863 Performance Rights were issued on 5 June 2017 under the Plan.
- 43 Since the Plan was approved in May 2017, the Board has approved particular amendments to the terms of the Plan, including the establishment of an employee share trust to hold Shares under the Plan (being Shares issued or acquired upon the exercise of vested Performance Rights or exercise of Options granted under the Plan) on such terms and conditions as determined by the Board. Shares will be acquired by the trustee of the employee share trust

who may hold those Shares on behalf of participants under the Plan. Rules 6 and 11 of the Plan are amended to provide that the allocation of Shares on exercise of Options or vesting of Performance Rights may be satisfied by issuing new Shares, acquiring Shares on market or transferring Shares from an employee share trust.

- 44 The Board has also approved the proposed adoption of a Sub-Plan (to be appended to the Plan) to enable the Company to provide Eligible Participants with a loan for the sole purpose of acquiring Shares in the Company upon the exercise of Options or vested Performance Rights under the Sub-Plan.
- 45 Under the Sub-Plan, loans advanced by the Company to an Eligible Participant may be used solely to acquire Shares upon the exercise of vested Performance Rights or Options. A loan provided to Eligible Participants under the Sub-Plan may be on such terms and conditions determined by the Board, including (without limitation): (a) interest free; (b) non or limited recourse; (c) satisfied by payment to the Company of the proceeds of the sale of the Eligible Participant's shares or by the transfer of those shares to the Company or its nominee; and (d) secured (including by the Company taking security over the shares in the Company acquired by the Eligible Participant under the Plan). Further, where a loan is provided to fund the acquisition of shares, subject to the terms of the relevant loan agreement, the shares may not, without the prior written consent of the Company, be sold, transferred, mortgaged, charged or otherwise disposed of or encumbered prior to repayment of the loan. The participant is not required to pay any amount in excess of the value of Shares acquired through provision of the loan.
- 46 The provision of loans by the Company to persons to, or for the benefit of, Eligible Participants to enable them to acquire Shares (or rights or interests in them) in the Company (including by the exercise of options over shares, the issue of new shares or the acquisition of existing Shares) will be the provision of financial assistance by the Company for the acquisition of shares (or rights or interests in shares) in the Company.
- 47 Under the Corporations Act, the general rule (as set out in section 260A) is that a company may financially assist a person to acquire shares (or rights or interests in shares) in the company only if: (a) approved by a special resolution of shareholders; and (b) giving the assistance does not materially prejudice the interests of the company or its shareholders or the company's ability to pay its creditors. However, financial assistance given under an employee share scheme (such as the Employee Incentive Plan) is specifically authorised under

section 260C(4) of the Corporations Act provided the scheme has been approved by an ordinary resolution of shareholders.

- 48 Subject to certain exceptions, the Corporations Act also prohibits a company from taking security over shares in itself. However, a company is able to take security over shares in itself under an employee share scheme (such as the Employee Incentive Plan) that has been approved by an ordinary resolution of shareholders at a general meeting of the company (section 259B(2) of the Corporations Act).
- 49 Accordingly, if the proposed amendments to the Employee Incentive Plan are approved by Shareholders, the Company will be able to provide financial assistance under the Plan for the acquisition of shares in the Company by making loans available for that purpose, in accordance with the terms of the Sub-Plan.
- 50 The other key amendments to the Plan are:
- (a) the removal of rule 3 (and any other corresponding sections), which provides for the Board to issue or cause to be issued Shares to Eligible Participants. The intent being that the Board may only offer Options and Performance Rights to Eligible Participants under the Plan;
 - (b) including a new rule to grant the Board a power of attorney to deal with the Shares acquired on the Eligible Participant's behalf;
 - (c) an amendment to rules 6 and 11 of the Plan to provide that the allocation of Shares on exercise of an Option or vesting of Performance Rights may be satisfied by issuing new Shares, acquiring Shares on market or transferring Shares from an employee share trust, except if the Eligible Participant is a Director the allocation of Shares on vesting of Performance Rights may only be acquired on market;
 - (d) an amendment to rule 9.3 to include an amended method of exercise for a vested Performance Right to contemplate either manual or automatic exercise;
 - (e) an amendment to rules 22 and 23 to provide that all Options and Performance Rights granted under the Plan are non-transferable;
 - (f) an amendment to rule 6 of the Plan to incorporate a cashless exercise facility in relation to Options granted under the Plan to enable an Eligible Participant to set-off the exercise price for the Options against the number of Shares which the Eligible Participant is to receive on exercise of the Options. The participant will receive Shares to the value of the surplus after the

- exercise price has been set-off;
- (g) an amendment to provide the Board discretion to restrict the disposal of Shares issued upon exercise of Options or Performance Rights granted under the Plan;
- (h) an amendment to the definition of Option Period and the Expiry Date (in relation to Performance Rights) to provide for a maximum (exercise) period of 15 years;
- (i) an amendment to allow the Board a broader discretion as to the treatment of Shares held by an Eligible Participant in the event of a change of control, and other scenarios whereby Shares held by the Eligible Participant may be forfeited, for example where the participant ceases employment, becomes insolvent or materially breaches the rules of the Plan;
- (j) an amendment to broaden rule 2.6 to stipulate that Subdivision 83A-C applies to all offers made under the Plan unless otherwise stated in the Eligible Participant's invitation letter; and
- (k) an amendment to allow awards of Performance Rights and Options under the Plan to be settled in either a cash amount or the number of Shares to which the Eligible Participant is entitled. The Board will have absolute discretion to determine the preferred settlement mechanic at a time of its choosing.
- 51 Otherwise, the terms of the Plan are as approved by Shareholders and summarised in Schedule 1 of Metro's Notice of Meeting for the 29 May 2017 EGM (which may be accessed on Metro's website or on the ASX platform).

Special business

Resolution 8: Approval of additional 10% placement capacity

- 53 Resolution 8 seeks Shareholder approval to permit Metro to issue an additional 10% of its issued capital over a 12 month period in accordance with Listing Rule 7.1A (Additional Placement Capacity).
- 54 Listing Rule 7.1 permits Metro to issue a maximum of 15% of its capital in any 12 month period without requiring shareholder approval. Under Listing Rule 7.1A, eligible entities (companies that are outside the S&P/ASX 300 index and have a market capitalisation of \$300 million or less) can issue a further 10% of share capital in 12 months on a non pro rata basis subject to the company obtaining shareholder approval.
- 55 Metro is an eligible entity as at the date of this Notice of Meeting.
- 56 The number of Shares that may be issued (if Shareholder approval is obtained at the Annual General

Meeting) will be determined in accordance with the following formula prescribed in Listing Rule 7.1A.2:

(A x D) – E

- A** is the number of fully paid shares on issue 12 months before the date of issue or agreement:
- (A) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- (B) plus the number of partly paid shares that became fully paid in the 12 months;
- (C) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% capacity pursuant to Listing Rule 7.1 without Shareholder approval; and
- (D) less the number of fully paid shares cancelled in the 12 months.
- D** is 10%.
- E** is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of Shareholders under Listing Rule 7.1 or 7.4.

- 57 For the purposes of Listing Rule 7.3A, Metro provides the following information:

Minimum price at which the equity securities may be issued

The issue price of each share must be no less than 75% of the volume weighted average price for the shares calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price, at which the securities are to be issued, is agreed; or
- (b) if the securities are not issued within five trading days of the date in paragraph (a), the date on which the securities are issued.

Risk of economic and voting dilution

An issue of shares under Listing Rule 7.1A involves the risk of economic and voting dilution for existing ordinary security holders. The risks include:

- (a) the market price for shares may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A; and
- (b) the equity securities may be issued at a price that is at a discount to the market price for the shares on the issue date.

Under ASX Listing Rule 7.3A.2, a table describing the notional possible dilution, based upon various assumptions as stated, is set in the table which follows.

Date by which the Company may issue the securities

The period commencing on the date of

the Annual General Meeting (to which this notice relates) at which approval is obtained and expiring on the first to occur of the following:

- (a) the date which is 12 months after the date of the Annual General Meeting at which approval is obtained; and
- (b) the date of the approval by holders of the Company's ordinary securities of a transaction under ASX Listing Rules 11.1.2 or 11.2.

The approval under ASX Listing Rule 7.1A will cease to be valid if holders of the Company's ordinary securities approve a transaction under ASX Listing Rules 11.1.2 or 11.2.

Purposes for which the equity securities may be issued, including whether the Company may issue them for non cash consideration

It is the Board's current intention that any funds raised under an issue of equity securities will be applied as follows:

- (a) construction and development of the Bauxite Hills Mine;
- (b) working capital;

The Company reserves the right to issue shares for non cash consideration, including for payment of service or consultancy fees and costs.

Details of Metro's allocation policy for issues under approval

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to ASX Listing Rule 7.1A. The identity of the allottees will be determined on a case by case basis having regard to factors including but not limited to the following:

- (a) the methods of raising funds that are available to the Company including but not limited to, rights issue or other issue in which existing security holders can participate;
- (b) the effect of the issue of the ASX Listing Rule 7.1A shares on the control of the Company;
- (c) the financial situation and solvency of the Company; and
- (d) advice from corporate, financial and broking advisers (if applicable).

The allottees under the ASX Listing Rule 7.1A facility have not been determined as at the date of this Notice of Meeting but may include existing substantial shareholders and new shareholders who are not related parties or associates of a related party of the Company. Further, if the Company is successful in acquiring new assets or investments, it is likely that the allottees under the ASX Listing Rule 7.1A facility will be or include the vendors of the new assets or investments.

Previous approvals under ASX Listing Rule 7.1A

Approval was previously obtained at the 2016 Annual General Meeting on Tuesday, 22 November 2016.

Equity securities on issue as at 21 November 2016
541,488,270

Equity securities issued since 21 November

2016 and percentage that represents as a total number of equity securities on issue as at commencement of the 12 month period

780,683,743 equity securities have been issued since 21 November 2016, which represents 144% of the equity securities on issue as at 21 November 2016.

- 58 The details of equity securities issued during the previous 12 months preceding the date of the Annual General Meeting are set out in Schedule 1 to this Notice of Meeting.
- 59 The table below shows the dilution

of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated under the formula in ASX Listing Rule 7.1A(2) as at the date of this notice.

- 60 In particular, it assumes that "A" is calculated upon Resolutions 6(a) and 6(b) being approved at the Annual General Meeting.
- 61 The table shows two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities

the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under ASX Listing Rule 7.1 that are approved at a future shareholders' meeting.

- 62 The table also shows two examples where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.09 50% decrease in Issue Price	\$0.18 Issue Price	\$0.36 100% increase in Issue Price
Current Variable A*	10% voting dilution	128,550,366	125,502,772	125,502,772
1,285,503,657 Shares	Funds raised	\$11,569,532.91	\$23,139,065.83	\$46,278,131.65
50% increase in current Variable A*	10% voting dilution	192,825,549	192,825,549	192,825,549
1,928,255,486 Shares	Funds raised	\$17,354,299.37	\$34,708,598.74	\$69,417,197.48
100% increase in current Variable A*	10% voting dilution	257,100,731	257,100,731	257,100,731
2,571,007,314 Shares	Funds raised	\$23,139,065.83	\$46,278,131.65	\$92,556,263.30

***Note:** Current Variable A refers to the calculation required by Listing Rule 7.1A.2 which, in Metro's case, equates to the current number of Shares on issue.

- 63 The table has been prepared on the assumptions set out below.
- (a) Metro issues the maximum number of Shares available under the 10% Listing Rule 7.1A approval.
- (b) No options are exercised to convert into shares before the date of the issue of the shares available under Listing Rule 7.1A.
- (c) The 10% voting dilution reflects the aggregate percentage dilution against the issued share

- capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (d) The table does not show an example of dilution that may be caused to a particular shareholder by reason of share issue under Listing Rule 7.1A, based on that shareholder's holding at the date of the meeting.
- (e) The table shows only the effect of issues of equity securities under

- Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- (f) The issue of shares under Listing Rule 7.1A consists only of ordinary shares in the Company.
- The issue price is \$0.18, being the closing price of the shares on ASX on 19 September 2017.

Directors' recommendation

HOW TO COMPLETE THIS SHAREHOLDER PROXY FORM

YOUR NAME AND ADDRESS

This is your name and address as it appears on the Company's share register. If this information is incorrect, please make the correction on the form. Shareholders sponsored by a broker should advise their broker of any changes. **Please note: you cannot change ownership of your shares using this form.**

APPOINTMENT OF PROXY

If you wish to appoint the Chairman of the Meeting as your proxy, mark the box in Step 1. If you wish to appoint someone other than the Chairman of the Meeting as your proxy, please write the name of that individual or body corporate in Step 1. A proxy need not be a shareholder of the Company.

DEFAULT TO CHAIRMAN OF THE MEETING

Any directed proxies that are not voted on a poll at the Meeting will default to the Chairman of the Meeting, who is required to vote those proxies as directed. Any undirected proxies that default to the Chairman of the Meeting will be voted according to the instructions set out in this Proxy Form, including where the Resolution is connected directly or indirectly with the remuneration of KMP.

VOTES ON ITEMS OF BUSINESS – PROXY APPOINTMENT

You may direct your proxy how to vote by placing a mark in one of the boxes opposite each item of business. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the items of business, your proxy may vote as he or she chooses. If you mark more than one box on an item your vote on that item will be invalid.

APPOINTMENT OF A SECOND PROXY

You are entitled to appoint up to two persons as proxies to attend the Meeting and vote on a poll. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by telephoning the Company's share registry or you may copy this form and return them both together.

To appoint a second proxy you must:

- (a) on each of the first Proxy Form and the second Proxy Form state the percentage of your voting rights or number of shares applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded; and
- (b) return both forms together.
