A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

The Board shall adopt and disclose a Board skill matrix. The composition of the Board should be reviewed regularly against the Company's board skills matrix to ensure the appropriate mix of skills and expertise is present.

Recommendation 2.3

- (a) the names of the directors considered by the board to be independent directors;*
- (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and*
- (c) the length of service of each director.*

The Company will regularly review whether each non-executive director is independent and each non-executive director should provide to the Board all information that may be relevant to this assessment. The Company should disclose:

1. the names of the directors considered by the Board to be independent directors;
2. if a director has an interest, position, association or relationship of the type that might cause doubts about the independence of the director but the Board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and
3. the length of service of each director.

Recommendation 2.4

A majority of the board of a listed entity should be independent directors

The Company will endeavour to ensure that the majority of its directors are independent at all times, subject to the right of security holders in general meeting to elect and remove directors.

Recommendation 2.5

The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

In the event that the Company has a non-executive Chairperson, that person should be an independent director. In the event that the Company has an executive Chairperson, the deputy Chairperson should be an independent director. The Chairperson will not be the Chief Executive Officer of the Company. The Chairperson's other positions should not be such that they are likely to hinder the effective performance of their role of Chairperson of the Company.

Recommendation 2.6

A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.

The Board will implement an induction program to enable new directors to gain an understanding of:

1. the Company's financial, strategic, operational and risk management position;
2. the culture and values of the Company;
3. the rights, duties and responsibilities of the directors;
4. the roles and responsibilities of senior executives;
5. the role of any Board committees in operation;
6. meeting arrangements; and
7. director interaction with each other, senior executives and other stakeholders.

Directors will have reasonable access to continuing education to update and enhance their skills and knowledge, including education concerning key developments in the Company and the relevant industry sector.

The Board shall review at least annually the professional development needs of its existing directors.

Principle 3: Act Ethically and Responsibly

Recommendation 3.1

A listed entity should:

- (a) have a code of conduct for its directors, senior executives and employees; and
- (b) disclose that code or a summary of it.

The Board has adopted the Code of Conduct set out in Appendix C of the Corporate Governance Policies to promote ethical and responsible decision making by directors, management and employees. The Code embraces the values of honesty, integrity, enterprise, excellence, accountability, justice, independence and equality of stakeholder opportunity.

Principle 4: Safeguard Integrity in Corporate Reporting

Recommendation 4.1:

The board of a listed entity should:

- (a) have an audit committee which:

- (1) *has at least three members, all of whom are non-executive directors and a majority of whom are independent directors; and*
 - (2) *is chaired by an independent director, who is not the chair of the board, and disclose;*
 - (3) *the charter of the committee;*
 - (4) *the relevant qualifications and experience of the members of the committee; and*
 - (5) *in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) *if it does not have an audit committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of its corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.*

The Company believes it is not of the size to justify having an Audit and Risk Management Committee. Accordingly, the Board will comprise the Audit and Risk Management Committee pursuant to the Audit and Risk Management Committee Charter set out at Appendix F until such time as the size of the Company and the number of Directors increases, upon which the Company will establish a separate Audit and Risk Management Committee accordingly.

Recommendation 4.2:

The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

The Chief Executive Officer and Chief Financial Officer (or equivalent) are required to state the following in writing prior to the Board approving the Company's financial statements for a financial period:

1. that in their opinion the Company's financial reports have been properly maintained and contain a true and fair view, in all material respects, of the financial condition and operating performance of the Company and comply with relevant accounting standards; and
2. that the opinion is founded on a sound system of risk management and that the system is operating effectively in all material respects in relation to financial reporting risks.

The Chief Executive Officer and Chief Financial Officer (or equivalent) shall review each periodic corporate report released to ASX that is not audited or reviewed by an external audit to verify the accuracy of those reports before they are released to ASX.

Recommendation 4.3:

A listed entity that has an AGM should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.

Pursuant to sections 250PA, 250RA and 250T of the Corporations Act 2001 (Cth), security holders may request that the Company's auditor attends the Company's Annual General Meeting (AGM) and is available to answer questions. The Company shall ensure that its auditor attends its AGM and is available to answer questions from security holders relevant to the audit.

Principle 5: Make Timely and Balanced Disclosure

Recommendation 5.1:

A listed entity should:

- (a) *have a written policy for complying with its continuous disclosure obligations under the Listing Rules; and*
- (b) *disclose that policy or a summary of it.*

The Board has adopted a Disclosure Policy for ensuring timely and accurate disclosure of price-sensitive information to security holders through the ASX set out in Appendix G of the Corporate Governance Policies.

The Disclosure Policy ensures that:

1. all investors have equal and timely access to material information concerning the Company including its financial position, performance, ownership and governance; and
2. Company announcements are subjected to a vetting and authorisation process designed to ensure they:

- a. are released in a timely manner;
 - b. are factual and balanced;
 - c. do not omit material information; and
 - d. are expressed in a clear and objective manner that allows investors to assess the impact of the information when making investment decisions.
3. the Board receives copies of all material market announcements promptly after they have been made.

Principle 6: Respect the Rights of Security Holders

Recommendation 6.1:

A listed entity should provide information about itself and its governance to investors via its website.

The Company's website will be used to provide the following relevant information to security holders:

1. the names, photographs and brief biographical information for each of its directors and senior executives;
2. its Constitution;
3. the Corporate Governance Policies and other Corporate Governance materials;
4. copies of its annual reports and other financial statements;
5. copies of its announcements to ASX;
6. copies of notices of meetings of security holders and any accompanying documents;
7. if it keeps them, webcasts and/or transcripts of meetings of security holders and copies of any documents tabled or otherwise made available at those meetings;
8. if it keeps them, webcasts and/or transcripts of investor or analyst presentations and copies of materials distributed at those presentations; and
9. such other information as is required by the ASX Listing Rules or recommended by the ASX Corporate Governance Council.

The Company will keep a summary record for internal use of the issues discussed at group or one-on-one briefings with investors and analysts, including a record of those present and the time and place of the meeting.

Recommendation 6.2:

A listed entity should design and implement an investor relations program to facilitate effective two-way communication with investors.

The Company is currently not of a sufficient size and does not have sufficient human resources to implement such a program and relies on its Company Secretary to perform this role.

Recommendation 6.3:

A listed entity should disclose the policies and processes it has in place to facilitate and encourage participation at meetings of security holders.

The Company is committed to improving shareholder participation in general meetings. In order to achieve that objective, the Company has adopted guidelines of the ASX Corporate Governance Council for improving shareholder participation through the design and content of notices and through the conduct of the meeting itself.

Recommendation 6.4:

A listed entity should give security holders the option to receive communications from, and send communications to, the entity and its security registry electronically.

The Board is committed to open and accessible communication with holders of the Company's shares. Disclosure of information and other communication will be made as appropriate by mail or email. Security holders shall be given the option to receive communication from, and send communications to, the Board and its security registry electronically.

Principle 7: Recognise and Manage Risk

Recommendation 7.1:

The board of a listed entity should:

- (a) have a committee or committees to oversee risk, each of which:

- (1) *has at least three members, a majority of whom are independent directors; and*
- (2) *is chaired by an independent director,*
and disclose:
- (3) *the charter of the committee;*
- (4) *the members of the committee; and*
- (5) *as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) *if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.*

The Company believes it is not of the size to justify having an Audit and Risk Management Committee.

Accordingly, the Board will comprise the Audit and Risk Management Committee pursuant to the Audit and Risk Management Committee Charter set out in Appendix F of the Corporate Governance Policies until such time as the size of the Company and the number of Directors increases, upon which the Company will establish a separate Audit and Risk Management Committee.

The risk management review has taken place within the year.

Recommendation 7.2:

The board or a committee of the board should:

- (a) *review the entity's risk management framework at least annually to satisfy itself that it continues to be sound; and*
- (b) *disclose, in relation to each reporting period, whether such a review has taken place.*

The Board must review the effectiveness of implementation of the risk management system at least annually.

When reviewing the risk management system, the Board should take into account the Company's legal obligations and the risk appetite set by the Board and should also consider the reasonable expectations of the Company's stakeholders, including security holders, employees, customers, suppliers, creditors, consumers and the community.

The Chief Executive Officer is required annually to state in writing to the Board that the Company has a sound system of risk management, that internal compliance and control systems are in place to ensure the implementation of Board policies, and that those systems are operating efficiently and effectively in all material respects.

Recommendation 7.3:

A listed entity should disclose:

- (a) *if it has an internal audit function, how the function is structured and what role it performs; or*
- (b) *if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.*

The Board believes it is not of a size to justify having an internal audit function for efficiency purposes.

Risk management policies and procedures shall be adopted to identify, assess and minimise material risks affecting the Company including the following categories:

1. operational;
2. environmental;
3. sustainability;
4. social;
5. compliance;
6. strategic;
7. ethical conduct;
8. reputation or brand;
9. technological;
10. product or service quality;
11. human capital;

12. financial reporting; and
13. market-related risks.

Recommendation 7.4:

A listed entity should disclose whether it has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.

The risk management policies and procedures shall include a procedure to determine whether the Company has a material exposure to environmental or social risks and if it does a policy to manage those risks.

Principle 8: Remunerate Fairly and Responsibly

Recommendation 8.1:

The board of a listed entity should:

- (a) have remuneration committee which:*
 - (1) has at least three members, a majority of whom are independent directors; and*
 - (2) is chaired by an independent director, and disclose,*
 - (3) the charter of the committee;*
 - (4) the members of the committee; and*
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or*
- (b) if it does not have a remuneration committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for directors and senior executives and ensuring that such remuneration is appropriate and not excessive.*

The Company believes it is not of a size to justify having a Remuneration Committee.

The Company's remuneration policy is structured for the purpose of:

1. motivating executive directors and senior management to pursue the long-term growth and success of the Company; and
2. demonstrating a clear relationship between executive directors' and senior management's performance and remuneration.

The Board's responsibility is to set the level and structure of remuneration for executive directors and senior management, for the purpose of balancing the Company's competing interests of:

1. attracting and retaining executive directors and senior management; and
2. not paying excessive remuneration.

Executive directors' remuneration should be structured to reflect short and long-term performance objectives appropriate to the Company's circumstances and goals.

Executive directors' and senior management's remuneration packages should involve a balance between fixed and incentive pay, reflecting short and long-term performance objectives appropriate to the Company's circumstances and goals.

Recommendation 8.2:

A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.

Non-executive directors' remuneration should be formulated with regard to the following guidelines:

1. non-executive directors should normally be remunerated by way of fees, in the form of cash fees, superannuation contributions and non-cash benefit in lieu of fees (such as salary sacrifice into superannuation or equity);
2. the level of a non-executive director's fixed remuneration should reflect the time commitment and responsibilities of the role;
3. non-executive directors should not generally receive performance based remuneration as it may lead to bias in their decision making, and compromise their objective;
4. non-executive directors are able to receive equity based remuneration if the Board believe that the

participation is in the interests of security holders but should generally not receive equity based remuneration with performance hurdles that may lead to bias in decision making and compromise objectivity; and

5. non-executive directors should not be provided with retirement benefits other than superannuation.

Recommendation 8.3

A listed entity which has an equity-based remuneration scheme should:

- (a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and*
- (b) disclose that policy or a summary of it.*

If the Company offers any equity-based remuneration scheme participants will not be permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme unless specifically approved by the Board.
