CHAIRMAN'S REPORT

For the year ended 30 June 2024

Nathan Andrew Mitchell
Executive Chairman

Dear Fellow Shareholders

On behalf of the Board of Mitchell Services Limited, I am pleased to present the FY24 Annual Report and to reflect on the past year which has seen the Company deliver on its strategy whilst navigating broader industry and economic conditions that have, at times, been challenging.

VISION

The success of the organisation and our FY24 achievements were underpinned by our vision of finding a better way to unlock resources for our customers, for the benefit of our shareholders, our people and the community.

A key aspect of this year's success was the execution of our capital management strategy that focused on rapid and significant debt reduction whilst concurrently maximising cash returns to shareholders. Further details in relation to capital management performance are provided later in this report, however in summary the business has reduced net debt to virtually zero (a decrease of approximately \$40.0m) whilst returning over \$17.5m to shareholders in the form of dividends (including the FY24 final dividend) and buybacks since the inception of the capital management strategy in early FY23. This is an outstanding result.

SAFETY PERFORMANCE

From an already industry leading position, pleasingly, the overall safety performance of the Group continued to be very strong.

We are continually reminded of the safety risks associated with our business and the importance of robust systems and controls to manage and mitigate those risks.

As part of its commitment to safety, the Group implemented an industry leading critical risk management program across the organisation approximately two years ago. This infield program is designed to verify the existence and effectiveness of critical control measures to prevent life changing injuries and fatalities. Since implementation of the

A key aspect of this year's success was the execution of our capital management strategy that focused on rapid debt reduction and maximising shareholder returns.

With a stronger balance sheet the business now has the advantage of optionality.

program, the Group has seen a marked decrease in the severity of safety related incidents.

The Board is proud of the safety performance and culture within the business and remains vigilant to minimise risk for our people.

FINANCIAL PERFORMANCE

FY24 was a standout year for the Company from a financial perspective with material improvements in earnings and cashflow performance compared to FY23, whilst the balance sheet improvement over the same period was transformational and provides the business with capital management optionality heading into FY25.

Profit and Loss

The Group generated post tax profits and earnings per share in FY24 of \$9.2m and 4.3c respectively compared to the FY23 figures of \$7.6m and 3.4c.

Cash Flow

Cashflows from operating activities increased by over 20% from \$35.6m in FY23 to \$43.1m in FY24. After a substantial allocation of funds to shareholder returns, debt repayments and capex, the Company's cash balance increased from \$11.1m at 30 June 2023 to \$16.0m at 30 June 2024.

Balance Sheet

Given the significant improvement in profitability and cashflow, Group net debt decreased by nearly 90% to \$1.9m at 30 June 2024.

CAPITAL MANAGEMENT

As mentioned earlier in this report, a key aspect of this year's success was the execution of the capital management strategy that was initially formulated in early FY23. The objective of the strategy was to reduce net debt (with a targeted net debt at 30 June 2024 of no more than \$15.0m) whilst maximising cash returns to shareholders along the way.

When measuring the business performance against this strategy, I would certainly deem

FY24 to be a resounding success with net debt at 30 June 2024 significantly lower than the \$15.0m target.

The Company has today declared an FY24 final dividend of 2cps. Since the inception of the capital management strategy (and including the FY24 final dividend declared today), the Company has paid approximately \$13m in dividends and a further \$4.7m in share buybacks. Considering that the Company reduced net debt from \$40.0m to \$1.9m concurrently over the same period, this represents an outstanding result and demonstrates the ability of the business to generate significant and meaningful free cash flows.

FY25 STRATEGY

The overall strategy of the Company is to optimise the long-term growth of the business and returns to shareholders by:

- Maintaining and, where possible, improving the profitability of the existing business;
- Identifying opportunities in the domestic mining sector to provide new services to Tier 1 clients; and
- Identifying drilling opportunities offshore for existing clients.

With a significantly stronger balance sheet, the Company now has the advantage of optionality and will seek to optimise its capital allocation across the four pillars of growth, debt management, dividends and share buybacks.

In closing, I would once again like to thank all staff, customers, suppliers and shareholders for your continued support.

On behalf of the Board, thank you.

Nathan Andrew Mitchell
Executive Chairman

CHIEF EXECUTIVE OFFICER'S REPORT

For the year ended 30 June 2024

Andrew Michael Elf
Chief Executive Officer

Dear Shareholders

I am pleased to provide the following report for Mitchell Services Limited (the Company) for the financial year ended 30 June 2024 (FY24).

Operationally, FY24 represented another successful year which saw the business benefit from significant investment and operational heavy lifting that took place during previous years.

Strong organic growth in FY23 and high-quality revenue streams positioned the business to take advantage of favourable industry conditions with the demand for drilling services remaining strong amongst the global mining majors. Approximately 90% of the Company's revenue was derived from global mining majors with almost all of that revenue coming from production, development and resource definition drilling. High prices for key commodities continue to drive this demand with 91% of total revenue coming from gold, copper and steelmaking coal.

Importantly, the Company has continued to grow revenue from geotechnical drilling services offered to the civil construction industry. Revenue from this sector grew by over 100% and now accounts for approximately 3% of total revenue.

Of equal importance, it is worth noting that the business has no exposure to lithium or nickel and a very small exposure to the greenfield exploration market which remains soft.

Utilisation levels in FY24, whilst still strong (at circa 80% across FY24) did reduce towards the end of the year. The decrease was primarily driven by a reduction in operating rigs under various existing contracts that remain in place. The Company's customer base remains strong and the number of operating rigs associated with these longer-term contracts will generally increase and decrease in the ordinary course of business throughout the contract term.

I am anticipating another busy and exciting year underpinned by a **large tender and opportunity pipeline.**

It's very rare in the drilling industry that an **entirely new market emerges** over such a short period of time.

The business delivered strong revenue and EBITDA of \$237m and \$40.0m respectively, slightly down on the FY23 result of \$243m and \$41m with the decrease primarily due to lower utilisation levels.

Acknowledging that the capital management strategy is extensively addressed in the Chairman's letter, it would be remiss of me not to comment on the significant FY24 highlights which included a transformational year-on-year net debt reduction of \$16m (or 89%) as well as record full year dividends of 4 cents per share. Total capital expenditure for FY24 was \$17.0m (in line with expectations) and maintenance capex continues to support high levels of availability across all equipment with breakdown rates remaining negligible.

I would like to acknowledge the performance and achievements of our operational, safety, and support teams who do such a fantastic job.

The Company's safety team was named the National Health and Safety team of the Year in the Australian Workplace Health and Safety awards held during FY24 with competition extending across all industries and organisations of all sizes. I am extremely proud of the safety performance and culture in the business.

The Victorian Women in Resources Awards were held recently, and Alina Tyler, from Deepcore Drilling, was awarded the 2024 Outstanding Trade Operator Award. The award recognises the achievements of women currently working in trade, operational or technical roles across the entire Victorian resources industry. The award reflects Alina's dedication and also talks to the wonderful culture that exists within the Company.

Looking ahead into FY25, I am anticipating another busy and exciting year underpinned by a large tender and opportunity pipeline.

One such opportunity of particular interest is our potential entry into an emerging market following reforms to Safeguard Mechanism legislation in Australia. Mitchell Services has recently entered into a 50/50 Joint Venture to address this market with specialist mining and engineering advisory firm, Talisman Partners. The newly incorporated Loop Decarbonisation Solutions will offer end-to-end decarbonisation solutions to a broad market of clients who are required to reduce fugitive emissions from their current operations under the legislation. With joint Mitchell and Talisman capabilities, Loop can assist in all aspects of the decarbonisation solution from calculating initial marginal abatement cost curves to operational execution (including drilling) to assurance and reporting. It's very rare in the drilling industry (or any industry for that matter), that an entirely new market (which is yet to be fully quantified) emerges over such a short period of time and I am excited to see where this leads.

In closing, I would like to again thank our employees for their hard work and dedication and shareholders for their continued support.

Thank you.

Andrew Michael Elf

DIRECTORS' REPORT

For the year ended 30 June 2024

The Directors of Mitchell Services Limited submit herewith the financial report of Mitchell Services Limited (**Company**) and its subsidiaries (**Group**) for the year ended 30 June 2024 (**FY24**). In order to comply with the provisions of the Corporations Act 2001, the Directors' report as follows.

DIRECTORS

The names and particulars of the Directors of the Company during or since the end of the financial year are:

Nathan Andrew Mitchell **(Executive Chairman)**

Mr Mitchell was appointed to the Board on 29 November 2013 and appointed as Executive Chairman on 19 March 2014.

Mr Mitchell has been involved in the drilling industry for virtually his entire life. With a career spanning over 35 years, he has a proven track record as an industry leader in technical development and business growth. As CEO of Mitchell Drilling Contractors prior to its sale in 2008, Mr Mitchell led that business through a period of rapid local growth and directed an international expansion into India, China, Indonesia, the United States of America and southern Africa. Other current directorships include Mitchell Drilling International Pty Ltd.

At the date of this report, Mr Mitchell has relevant interests in 42,228,408 shares.

Scott David Tumbridge **(Non-Executive Director)**

Mr Tumbridge was appointed as Executive Director on 29 November 2019 following the acquisition of Deepcore Drilling by the Company. He remained an Executive Director until 31 January 2023 and became a Non-Executive Director on 1 February 2023.

Mr Tumbridge (the founder of Deepcore Drilling) has over 30 years' experience in the Australasian mining and drilling industries and a proven track record in business development, innovation and operational excellence. Mr Tumbridge brings a wealth of specialist industry knowledge to the Mitchell Services board.

At the date of this report, Mr Tumbridge has relevant interests in 16,184,612 shares.

Peter Richard Miller **(Non-Executive Director)**

Mr Miller was appointed as Director on 8 February 2011.

Mr Miller has been involved in all aspects of the drilling industry for the past 35 years and founded Drill Torque in 1992. His experience encompasses working with all types of drilling rigs, building rigs and managing drilling companies. Having worked in most exploration areas in Australia, he is intimately familiar with drilling conditions, equipment requirements and pricing structures to maximise fleet productivity. Mr Miller is widely known and well regarded in the industry.

At the date of this report, Mr Miller has relevant interests in 2,412,505 shares.

Robert Barry Douglas BCom, LLB **(Non-Executive Director)**

Mr Douglas was appointed as Non-Executive Director on 29 November 2013. Mr Douglas has over 25 years' experience in finance and investment banking and is currently an Executive Director of Morgans Financial.

Mr Douglas has experience in all aspects of corporate advisory and equity capital raising for listed public companies and companies seeking to list, including offer structure, prospectus preparation, due diligence, accounts and forecasting, risk management, sales and marketing, logistics and legal requirements. During his career, Mr Douglas has worked extensively with energy and resource companies. Mr Douglas has served on both the Audit and Risk Committee and the Remuneration and Nomination Committee since 20 March 2014 and was Chairman of both Committees between 21 November 2014 and 20 October 2015.

At the date of this report, Mr Douglas has relevant interests in 248,686 shares.

DIRECTORS' REPORT

For the year ended 30 June 2024

Neal Macrossan O'Connor LLB, GAICD (Non-Executive Director)

Mr O'Connor was appointed as Non-Executive Director on 21 October 2015 and is also Chairman of the Remuneration and Nomination Committee. Mr O'Connor also previously served as Chairman of the Audit and Risk Committee from 21 October 2015 to 18 August 2020.

Mr O'Connor was formerly General Counsel and Company Secretary and an Executive Committee member of global Xstrata Copper. He has extensive experience in the resource industry and brings an added focus on corporate governance and risk management to the Board.

Mr O'Connor has served as a Non-Executive Director of Sunstone Metals (STM) since April 2024 and previously served on the Board of Maas Group Holdings Limited (ASX:MGH) from November 2020 to August 2022.

At the date of this report, Mr O'Connor has relevant interests in 131,499 shares.

Peter Geoffrey Hudson BA (Acc), GAICD, CA (Non-Executive Director)

Mr Hudson was appointed as Non-Executive Director on 20 July 2020 and is also a member of the Remuneration and Nomination Committee and the Chairman of the Audit and Risk Committee.

Mr Hudson is an experienced corporate transaction specialist with over 25 years' experience in mergers, acquisitions, capital raisings, financial analysis, and project management in Australia and overseas. Previously a partner at global financial services firm KPMG, he brings a wealth of financial, risk management and corporate governance experience to the Board.

At the date of this report, Mr Hudson has relevant interests in 20,000 shares.

Grant Eric Moyle (Alternate Director)

Mr Moyle was appointed as Alternate Director for Mr Nathan Mitchell on 30 May 2014.

Mr Moyle brings to the Group his management and board experience in international mining services, governance and strategic business growth.

At the date of this report, Mr Moyle has relevant interests in 283,532 shares.

CHIEF EXECUTIVE OFFICER

Andrew Michael Elf BCom, FCPA, MBA, GAICD

Andrew was appointed as Chief Executive Officer on 20 March 2014.

Andrew has over 25 years of finance, commercial and operational experience working in various senior roles both in Australia and overseas and was a financial director in Indonesia for a top 100 ASX listed Company before transitioning into the drilling industry in early 2004. Andrew held several senior roles with Boart Longyear before joining Mitchell Group in March 2010, where he spearheaded the growth of the African business.

Andrew has extensive experience in managing drilling companies in various regions around the world which have worked for global Tier 1 mining and energy houses.

CHIEF FINANCIAL OFFICER & COMPANY SECRETARY

Gregory Michael Switala BCom (Hons), CA

Greg joined Mitchell Services in 2014 and has over 20 years' experience in audit and commercial finance roles.

Over the past ten years, Greg has led the finance team through a period of substantial growth that has included significant corporate activity including substantial acquisitions and capital (both debt and equity) raisings.

DIRECTORS' REPORT

For the year ended 30 June 2024

PRINCIPAL ACTIVITIES

The Group provides exploration, mine site and geotechnical drilling services to the exploration, mining and civil construction industries within Australia and is currently headquartered in Seventeen Mile Rocks, Queensland.

The Group provides drilling solutions at all stages of the mining lifecycle, in both the energy and minerals sectors. The diversity in operations allows for better management of the cyclical nature of commodity prices, as well as giving employees exposure to various forms of drilling as part of their career development.

The various stages of the mining lifecycle for which the Group provides drilling services includes:

- Greenfield exploration;
- Project feasibility;
- Mine site exploration and resource definition;
- Development; and
- Production.

There were no significant changes in the Group's nature of activities during the year.

CHANGES IN STATE OF AFFAIRS

There was no significant change in the state of affairs of the Group during the financial year.

LIKELY DEVELOPMENTS

The Group will continue to pursue its principal activities during the next financial year.

Further information about likely developments in the operations of the Group and the expected results of those operations in future financial years has not been included in this report because disclosure of the information would be likely to result in unreasonable prejudice to the Group.

ENVIRONMENTAL REGULATIONS

The Group's operations are not subject to any particular and significant environmental regulation under a law of the Commonwealth or a State or Territory.

However, the Group does provide services to entities that are licensed or otherwise subject to conditions for the purposes of environmental legislation or regulation. In these instances, the Group undertakes its compliance duties in accordance with the contractor regime implemented by the licensed or regulated entity.

REVIEW OF OPERATIONS

Safety

Finishing each day without harm is a core Mitchell Services value and the Group is committed to the safety of its most important asset — its people. The Group is particularly focused on training to attract, retain and further develop its crews to ensure that service levels and the quality of the Mitchell brand remain high.

As part of this commitment to finishing each day without harm, the Group has implemented an industry leading critical risk management program across the organisation. This infield program is designed to verify the existence and effectiveness of critical control measures to prevent life changing injuries and fatalities.

The Group's safety team was named the National Health and Safety Team of the Year in the 2023 Australian Workplace Health and Safety awards held during FY24 with competition extending across all industries and organisations of all sizes. The Directors of the Company are proud of this achievement and the overall safety performance and culture across the Group which remains industry leading.

Activity levels

Utilisation levels have decreased with the average rig and total shift count of 72.5 and 40,380 being down 6.5% and 11.4% respectively on FY23 (77.5 and 45,569). The decrease in utilisation was primarily driven by a reduction in operating rigs under various long-term contracts, all of which remain on foot. The number of operating rigs associated with these longer-term contracts will generally increase and decrease in the ordinary course of business throughout the contract term.

DIRECTORS' REPORT

For the year ended 30 June 2024

The charts below illustrate utilisation (rig count) and productivity (number of shifts) over the past 24 months.

Monthly Number of Rigs Operating (over the past 24 months)

Monthly Number of Shifts Worked (over the past 24 months)

The table below illustrates the revenue impact of the utilisation, productivity, pricing and revenue mix over the past 24 months.

	FY24	FY23	MOVEMENT	MOVEMENT %
Average operating rigs	72.5	77.5	(5.0)	(6.5%)
Number of shifts	40,380	45,569	(5,189)	(11.4%)
Revenue (\$'000s)	236,829	243,144	(6,315)	(2.6%)

Customer base and revenue break-down

As the charts below demonstrate, the Group's revenue continues to be derived predominantly from large, multinational mining clients (Tier 1 clients). The drilling services that were provided to these Tier 1 clients were generally at producing mine sites and linked to the resource definition, development and production stages within the mine life cycle as opposed to greenfield exploration.

Diversification in revenue streams including the mix between surface and underground drilling as well as the mix between different commodity types continues to be a focus of the Board and management. The relevant proportions of FY24 revenue derived from surface drilling and underground drilling of 54.2% and 45.6% respectively, while still reasonably balanced, have changed from FY23 which was effectively a 50-50 split.

Revenue by Client Type

Revenue by Drilling Type

DIRECTORS' REPORT

For the year ended 30 June 2024

By commodity type, a proportionally greater utilisation of surface rigs in Queensland and New South Wales has resulted in a higher share of revenue contributed by steelmaking coal (44.2% compared to 39.1% in FY23) while the share of gold in the mix has also increased (42.3% compared to 41.1% in FY23) given proportionally greater revenue derived from a gold producing client in the Northern Territory. A reduction overall in other base metals and an increase in geotechnical services makes up the balance.

The geographical mix corresponds with drilling and commodity types referenced above, with revenue from Queensland, Victoria and New South Wales comprising 54.1%, 20.1% and 14.4% respectively (FY23: 56.4%, 23.4% and 11.1%) while FY24 operations in the Northern Territory of 10.6% (FY23: 5.5%) are also significant.

Revenue by Commodity

Revenue by Geography

Profitability

The table below summarises the key profitability metrics for FY24 versus the prior corresponding period (FY23).

	FY24 \$M	FY23 \$M	Movement \$M	Movement %
Revenue ¹	236.8	243.1	(6.3)	(2.6%)
Operating expenses	(196.4)	(201.9)	5.5	(2.7%)
EBITDA ²	40.4	41.2	(0.8)	(1.9%)
Depreciation and amortisation ³	(25.6)	(28.6)	3.0	(10.5%)
EBIT	14.8	12.6	2.2	17.5%
Finance costs ⁴	(1.5)	(2.3)	0.8	(34.8%)
EBT	13.3	10.3	3.0	29.1%
Taxation expense	(4.1)	(2.7)	(1.4)	51.9%
Profit after tax	9.2	7.6	1.6	21.1%
Basic Earnings per share (cents per share) ⁵	4.3	3.4	0.9	26.5%

- Revenue has decreased by approximately 2.6% from \$243.1m in FY23 to \$236.8m in FY24, with the reduction primarily driven by lower utilisation, with average rig and total shift count down 6.5% and 11.4% respectively. FY23 benefited significantly from a larger, unprecedented portion of the fleet providing highly technical specialist drilling services and this carried over into the earlier part of FY24 but the majority of FY24 was more in line with normalised pricing levels while also being impacted by a reduction in operating rigs under existing contracts.
- FY24 EBITDA is broadly in line with FY23 with a small decrease of \$0.8m (down 1.9%) driven by lower fleet utilisation as well as the comparatively unfavourable mix in the nature of drilling services as referenced in (i) above.
- Depreciation and amortisation in FY24 of \$25.6m was 10.5% lower than the FY23 figure of \$28.6m with the decrease being a combination of nil FY24 amortisation being recognised on the now fully amortised customer contract intangible assets acquired per the Deepcore acquisition in FY20 (FY23: \$1.1m) while depreciation is down \$1.9m given lower overall levels of property, plant and equipment.
- Finance costs in FY24 of \$1.5m were 34.8% lower than the FY23 figure of \$2.3m as a result of a significant decrease in gross debt which reduced from \$28.8m to \$18.0m during FY24.
- Basic Earnings per share (EPS) in FY24 of 4.3 cents per share was 26.5% greater than FY23 (3.4 cents per share) due to a combination of the greater Profit after tax generated compared to the previous year and also the benefit derived from the ongoing share buyback activity during the current year which has reduced the quantum of issued capital, deriving a greater fractional return for each shareholder.

DIRECTORS' REPORT

For the year ended 30 June 2024

Cash flow

The table below summarises the key cashflow metrics for FY24 versus the prior corresponding period (FY23).

	FY24 \$M	FY23 \$M	Movement \$M	Movement %
Cash flows from operating activities ¹	43.1	35.6	7.5	21.1%
Payments for PPE (net of proceeds from sales) ²	(10.2)	(7.8)	(2.4)	30.8%
Final Deepcore earnout payment	—	(0.2)	0.2	(100.0%)
Payments for shares bought back ³	(2.2)	(2.5)	0.3	(12.0%)
Dividends paid ³	(8.8)	—	(8.8)	100.0%
Net repayment of borrowings ²	(17.0)	(17.7)	0.7	(4.0%)
Increase in cash and cash equivalents	4.9	7.4	(2.5)	(33.8%)

1. Cash flow from operating activities increased by 21.1% from \$35.6m in FY23 to \$43.1m. This \$7.5m improvement was driven by lower finance costs and an overall improvement in the Group's working capital position.
2. Capital expenditure and repayment of borrowings are largely comparable with FY23 levels.
3. In line with the capital management strategy (refer following section), the Group has returned a total of \$11.0m to shareholders during FY24 (FY23: \$2.5m) leveraging from the significant operating cash flows generated during the year.

Financial position

The following table summarises the Group's financial position at 30 June 2024 and 2023.

	2024 \$M	2023 \$M	Movement \$M	Movement %
Current assets	57.5	56.8	0.7	1.2%
Non-current assets	69.9	77.8	(7.9)	(10.2%)
Total assets	127.4	134.6	(7.2)	(5.3%)
Current liabilities	48.6	47.5	1.1	2.3%
Non-current liabilities	13.2	20	(6.8)	(34.0%)
Total liabilities	61.8	67.5	(5.7)	(8.4%)
Net assets	65.6	67.1	(1.5)	(2.2%)

The Group's current ratio has remained relatively flat, reducing slightly to 1.18 at 30 June 2024 compared to 1.20 at 30 June 2023.

Strong operating cashflow generation (refer cash flow commentary) has also assisted in funding a significant reduction in net debt. At 30 June 2024 this sits at \$1.9m, down \$15.7m (89.2%) on the balance at 30 June 2023 of \$17.6m.

DIRECTORS' REPORT

For the year ended 30 June 2024

Capital management

The Group remains committed to the long-term growth of the business and optimising returns to shareholders. The Group had targeted net debt of \$15.0m by 30 June 2024 but has materially outperformed this with a balance of \$1.9m being recorded at that date. This strengthened balance sheet has provided the Group with the advantage of optionality and will seek to optimise its capital allocation across the four pillars of dividends, buybacks, growth and debt management. While a ceiling of \$15.0m will remain the longer-term net debt target, the Group may at times and where appropriate, look to increase or decrease this in the short-term subject to growth opportunities that may present.

FY24 capital management performance is discussed below:

Dividends

During FY24, the Group paid a partially franked dividend of 2.08 cents per share, \$4.5m, in September 2023 (a final dividend in relation to FY23) and, having substantially utilised available franking credits, an unfranked dividend of 2.00 cents per share, \$4.3m, in March 2024 (an interim dividend in relation to FY24), being \$8.8m in total (FY23: nil).

Share buybacks

On 14 July 2022, the Group commenced a 12 month on-market share buyback on the following key terms:

- The price paid for shares purchased under the buyback will be no more than 5% above the volume weighted average price of the Company's shares over the five days of trading prior to the purchase; and
- The number of shares purchased under the buyback will not exceed 10% of the Company's fully paid ordinary shares.

The buyback, initially expected to run till at least 30 June 2023, was extended by a further 12 months and has since been extended to no later than July 2025.

Pursuant to the terms of the on-market share buyback, the Group purchased back approximately 5.7m shares in FY24 for combined consideration of \$2.2m (FY23: 6.8m shares for a combined consideration of \$2.5m), net of transaction costs.

As at 30 June 2024 (and since the inception of the buyback in July 2022), the Group had purchased back 12.4m shares at a combined cost of \$4.7m (\$0.378 per share) net of transaction costs.

EVENTS AFTER THE REPORTING DATE

On-market share buyback

As referred above, the Group is undergoing an on-market share buyback with a cumulative 12.4m shares having been bought back for a combined consideration of \$4.7m, net of transaction costs, by 30 June 2024.

Subsequent to 30 June 2024 and as at 21 August 2024, the Group has bought back an additional 64,565 shares for a combined consideration of \$25,428, meaning, to date, the number of shares bought back total \$12.4m shares for a combined consideration of \$4.7m, net of transaction costs.

Dividends

On 21 August 2024, the Board declared an unfranked dividend of 2.00 cents per share to holders of fully paid ordinary shares on 29 August 2024 (Record Date). The payment date for the dividend is 16 September 2024 and the total estimated dividend is \$4.3m.

SHARES UNDER OPTION

Details of unissued shares or interests under option as at the date of this report are:

GRANT DATE	EXPIRY DATE	EXERCISE PRICE	NUMBER UNDER OPTION
23 May 2016	23 May 2025	\$0.395	1,367,898
4 August 2017	4 August 2026	\$0.539	841,360
14 June 2018	14 June 2027	\$0.703	811,312
14 June 2019	14 June 2028	\$1.100	617,489
1 June 2020	1 June 2029	\$0.910	812,462
31 May 2021	31 May 2030	\$0.690	1,048,870
23 June 2022	23 June 2031	\$0.630	1,436,806
31 May 2023	31 May 2032	\$0.620	1,606,007
20 June 2024	20 June 2033	\$0.555	1,582,115
			10,124,319

Options per the above table were offered under the Company's Executive Share and Option Plan (ESOP).

Further details in relation to the ESOP are provided as part of the Remuneration Report on pages 16 to 25.

During the year ended 30 June 2024, there were no shares in Mitchell Services Limited issued on the exercise of options (2023: nil).

DIRECTORS' REPORT

For the year ended 30 June 2024

INDEMNIFICATION OF OFFICERS AND AUDITORS

During the financial year, the Company has given an indemnity or entered into an agreement to indemnify, or paid or agreed to pay insurance premiums as follows:

The Company has paid premiums to insure each of the Directors and Company Officers against liabilities for costs and expenses incurred by them in defending legal proceedings arising from their conduct while acting in the capacity of Director or Officer of the Company other than conduct involving a wilful breach of duty in relation to the Company. The total premiums paid in this regard amounted to \$256,384.

The Company has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Company against a liability incurred as such an officer or auditor.

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied for leave of court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The Company was not a party to any such proceedings during the year.

DIRECTORS' MEETINGS

The following table sets out the number of Directors' meetings (including meetings of Committees of Directors) held during the financial year and the number of meetings attended by each Director (while they were a Director or Committee Member). During the financial year, 11 Board meetings, 2 Remuneration and Nomination Committee meetings and 3 Audit and Risk Committee meetings were held.

DIRECTORS	BOARD OF DIRECTORS		REMUNERATION AND NOMINATION COMMITTEE		AUDIT AND RISK COMMITTEE	
	Entitled to Attend	Attended	Entitled to Attend	Attended	Entitled to Attend	Attended
N. Mitchell	11	11	—	—	—	—
P. Miller	11	9	—	—	—	—
R. Douglas	11	11	2	2	3	3
N. O'Connor	11	11	2	2	3	3
S. Tumbridge	11	10	—	—	—	—
P. Hudson	11	10	2	2	3	3

NON-AUDIT SERVICES

There were no amounts paid or payable to the auditor for non-audit services provided during the year by the auditor. Refer to Note 22 to the Financial Statements.

AUDITOR'S INDEPENDENCE DECLARATION

The Auditor's Independence Declaration is included on page 33 of the Annual Report.

DIRECTORS' REPORT

For the year ended 30 June 2024

REMUNERATION REPORT — AUDITED

This Remuneration Report, which forms part of the Directors' Report, sets out information about the remuneration of the Group's Key Management Personnel (**KMP**) for the financial year ended 30 June 2024. The term Key Management Personnel refers to those persons having authority and responsibility for planning, directing and controlling the activities of the Group, directly or indirectly, including any Director (whether executive or otherwise) of the Group.

Key Management Personnel

The Directors and other KMP of the Group during or since the end of the financial year were:

- Nathan Andrew Mitchell (Executive Chairman)
- Scott David Tumbridge (Non-Executive Director)
- Peter Richard Miller (Non-Executive Director)
- Robert Barry Douglas (Non-Executive Director)
- Neal Macrossan O'Connor (Non-Executive Director)
- Peter Geoffrey Hudson (Non-Executive Director)
- Andrew Michael Elf (Chief Executive Officer)
- Gregory Michael Switala (Chief Financial Officer and Company Secretary)

Remuneration Policy

The Remuneration Policy of the Group has been designed to align KMP objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific short-term and long-term incentives to key employees based on key performance areas affecting the Group's financial, operational and safety results. The Board believes the Remuneration Policy to be appropriate and effective in its ability to attract and retain high quality KMP to run and manage the Group.

The Board's policy for determining the nature and amount of remuneration for KMP of the Group is as follows:

- The Remuneration Policy is developed by the Remuneration and Nomination Committee and approved by the Board;
- All KMP receive a base salary (which is based on factors such as length of service and experience) and superannuation. They may also receive fringe benefits and performance incentives (both short term and long term);
- The extent to which KMP receive performance incentives will depend on the performance of the Group with reference to specific key performance indicators;

- The performance indicators relating to incentives are aligned with the interests of the Group and therefore shareholders; and
- The Remuneration and Nomination Committee reviews KMP packages annually by reference to the Group's performance, executive performance and comparable information from industry sectors.

Executive remuneration components

Under the Group's remuneration framework for the year ended 30 June 2024, the following remuneration components were available to executive KMP:

- Fixed remuneration that comprises salary and other benefits including superannuation.
- Short term incentives that comprise a cash-based performance bonus, the extent of which will depend on the Group's financial and safety performance and is designed to attract the highest calibre of executives and senior managers and reward them for performance results leading to growth in shareholder value.
- Long term incentives that comprise an equity only component whereby equity instruments are issued (subject to financial, operational and safety performance-based vesting conditions) to executives and senior managers under the Group's Executive Share and Option Plan (ESOP) designed to reward those executives and managers for long term growth in shareholder value.

The above structure is designed to provide an appropriate mix of variable and fixed remuneration and to provide an appropriate mix of short-term and long-term incentives to attract and retain high quality KMP and to align incentives with the short-term and long-term objectives of the Group.

Fixed Remuneration

The level of fixed remuneration is determined based on various factors including length of service, experience, qualifications and with reference to remuneration paid by similar sized companies in similar industries and is designed to attract and retain high quality executive KMP. KMP receive a superannuation guarantee contribution required by the government, which was 11.0% (2023: 10.5%) of the individual's ordinary earnings, and do not receive any other retirement benefits. Accrued entitlements are paid to KMP upon cessation of employment. KMP will receive redundancy benefits if applicable.

DIRECTORS' REPORT

For the year ended 30 June 2024

The fixed remuneration paid to executive KMP during the 2024 and 2023 financial years is set out below:

EXECUTIVE KMP		SHORT-TERM EMPLOYEE BENEFITS	POST- EMPLOYMENT BENEFITS	LONG-TERM MONETARY BENEFITS	NON- MONETARY BENEFITS	TOTAL FIXED REMUNERATION
		Salary \$	Superannuation \$	Long Service Leave ² \$	Motor Vehicles ³ \$	Total \$
Nathan Andrew Mitchell	2024	200,000	22,000	—	—	222,000
Executive Chairman	2023	200,000	21,000	—	—	221,000
Scott David Tumbridge¹	2024	—	—	—	—	—
Executive Director	2023	112,154	11,776	—	—	123,930
Andrew Michael Elf	2024	427,500	47,025	8,755	21,931	505,211
Chief Executive Officer	2023	430,961	45,251	9,213	14,438	499,863
Gregory Michael Switala	2024	335,585	36,667	12,090	9,934	394,276
Chief Financial Officer and Company Secretary	2023	324,167	31,786	11,926	9,934	377,813

- Effective 1 February 2023, Scott Tumbridge's directorship appointment was amended from being executive to non-executive in nature with his salary being revised to \$70,000 from the previous \$180,000 (both exclusive of superannuation). The amounts disclosed above relate solely to earnings in his executive capacity.
- These amounts were not actually provided to KMP during the financial year. This is the change in accrued long service leave and is measured in accordance with AASB 119 *Employee Benefits*.
- The figures in this column relate to use of a Company motor vehicle to carry out duties as well as reasonable personal use. The amount included in the above remuneration table is the value attributable to such personal use calculated in accordance with the statutory requirements of the *Fringe Benefits Tax Act 1986*.

Short term incentives

During the 2024 and 2023 financial years, the following cash-based, short-term performance bonuses were paid to executive KMP.

EXECUTIVE KMP		PERFORMANCE BONUS \$	PERCENTAGE OF FIXED REMUNERATION
Andrew Michael Elf	2024	168,750	33.40%
Chief Executive Officer	2023	168,750	34.39%
Gregory Michael Switala	2024	123,750	31.39%
Chief Financial Officer and Company Secretary	2023	112,500	30.75%

The performance bonuses paid during the 2024 and 2023 financial year were based on the financial results and safety performance of the Group during the 2023 and 2022 financial years respectively. The extent of the bonus paid is at the discretion of the Board. To demonstrate the relationship between the short-term performance bonus payments and Group performance, the table below sets out summary information about the Group's revenue, EBITDA, earnings per share, share price and safety performance between 30 June 2020 and 30 June 2024.

DIRECTORS' REPORT

For the year ended 30 June 2024

	30 JUN 20	30 JUN 21	30 JUN 22	30 JUN 23	30 JUN 24
Revenue (\$000's)	175,555	191,384	213,369	243,144	236,829
EBITDA (\$000's)	34,951	25,875	32,153	41,167	40,384
Earnings per share (cents per share)	3.8	(3.0)	0.0	3.4	4.3
Share price (closing)	\$0.54	\$0.40	\$0.32	\$0.39	\$0.445
Lost Time Injury Frequency Rate (LTIFR)	2.44	0.66	1.23	1.18	1.92

Long-term employee benefits

Mitchell Services Limited operates an Executive Share and Option Plan (ESOP) for executives and senior employees of the Group. In accordance with the provisions of the plan, as approved by shareholders at a previous annual general meeting, the Board may designate a Director or employee of the Company as an eligible participant of the ESOP (Eligible Participant). The Board may offer rights, options or shares to an Eligible Participant under the ESOP. A participant is not required to pay for the grant of any rights or options or for the issue of shares.

The objectives of the ESOP are to:

- Attract and retain a high standard of managerial and technical personnel for the benefit of the Group;
- Establish a method by which Eligible Participants can participate in future growth and profitability of the Group; and
- Provide an incentive and reward for Eligible Participants for their contributions to the Group.

Equity instruments issued under the ESOP are subject to satisfaction of certain vesting conditions (tested two years after the offer date). These performance conditions are detailed on page 21.

The Board may, at its absolute discretion, vary, add, remove or alter the vesting conditions and indicative proportional allocation for respective Eligible Participant roles in circumstances in which the Board considers that such a change is appropriate to ensure that the vesting conditions and proportional allocation of them continue to represent a fair measure of performance. The vesting conditions are tested two years after the relevant securities are offered to an Eligible Participant.

The ESOP instruments are offered under the following major terms: In the case of the options:

- Subject to the satisfaction of vesting conditions, each option entitles the holder to purchase one fully paid ordinary share at an agreed purchase price (exercise price) as outlined in the offer.

- The options will expire on a date that is the earlier of:
 - the date upon which it is deemed that the vesting conditions have not been met
 - the date upon which the employee ceases employment
 - seven years after vesting date.
- Options granted do not carry dividend or voting rights.

In the case of the shares:

- Shares issued under the ESOP are held by a designated Corporate Trustee subject to the satisfaction of vesting conditions.
- Upon satisfaction of vesting conditions, shares will be issued for nil consideration.

Offers made under the ESOP in 2024 and 2023

The table below summarises the shares and options offered to KMP pursuant to the ESOP during the 2024 and 2023 financial years.

Using a Black-Scholes pricing model for the options and closing market price for the shares, the table also sets out the estimated fair value of the ESOP instruments at grant date (or estimated grant date) and the percentage that value represents with reference to the KMP's fixed remuneration. The table also demonstrates that a significant majority of equity instruments granted in each year under the ESOP were in the form of options (as opposed to shares) and that the exercise prices (or "strike prices") of those options were between 25% and 60% greater than the 30-day VWAP of MSV shares at the date of the offer. This means that for an option granted under the ESOP to be "in the money", shareholder value (in the form of the share price) would need to increase significantly between the offer date and the exercise date.

All instruments offered under the ESOP in 2024 and 2023 and shown in the table below are subject to vesting conditions which will be tested two years after the offer date. That is, vesting conditions will be tested on 31 May 2025 for offers made in 2023 and on 20 June 2026 for offers made in 2024.

DIRECTORS' REPORT

For the year ended 30 June 2024

KMP	AWARD	OFFER DATE ¹	NUMBER OF INSTRUMENTS	FAIR VALUE PER INSTRUMENT AT GRANT DATE*	FAIR VALUE OF INSTRUMENTS AT GRANT DATE*	OPTION STRIKE PRICE	DATE AWARD MAY VEST
Andrew Michael Elf	Options	20 June 2024	410,528	\$0.1020	\$41,874	\$0.555	20 June 2026
	Shares	20 June 2024	123,319	\$0.4450	\$54,877	na	20 June 2026
Gregory Michael Switala	Options	20 June 2024	300,002	\$0.1020	\$30,600	\$0.555	20 June 2026
	Shares	20 June 2024	90,117	\$0.4450	\$40,102	na	20 June 2026
Andrew Michael Elf	Options	31 May 2023	414,552	\$0.0723	\$29,951	\$0.62	31 May 2025
	Shares	31 May 2023	124,528	\$0.3850	\$47,943	na	31 May 2025
Gregory Michael Switala	Options	31 May 2023	304,047	\$0.0723	\$21,967	\$0.62	31 May 2025
	Shares	31 May 2023	91,333	\$0.3850	\$35,163	na	31 May 2025

1 Reflects date these options were initially offered. These options will only become exercisable on the vesting date (the extent to which will be subject to the achievement of vesting conditions) and, as such, the grant date for purposes of AASB 2 *Share-Based Payment* expense recognition is deferred until such time. The grant date fair value is estimated at the reporting date.

* For purposes of the above table, the fair value of the shares was determined with reference to the closing market price of a fully paid ordinary MSV share. In the case of the options, fair value was determined using a Black-Scholes pricing model with the following key assumptions and inputs in the measurement:

	PROVISIONALLY OFFERED DURING YEAR ENDED 30 JUNE 2024	PROVISIONALLY OFFERED DURING YEAR ENDED 30 JUNE 2023
Share price	\$0.4450	\$0.3850
Exercise price	\$0.5550	\$0.6200
Expected volatility	47%	47%
Expected life (after vesting)	3.5 years	3.5 years
Risk-free interest rate	4.10%	4.01%
Dividend yield	5.55%	3.24%
Fair value per option	\$0.1020	\$0.0723

Due to the deferral of the grant date (for purposes of AASB 2 Share Based Payment expense recognition) until the date upon which vesting is determined, the grant date fair value has been updated and provisionally estimated at the year-end date.

With respect to the 2023 comparatives above, the fair values attributed reflect the valuations disclosed in the 2023 Remuneration Report based on valuations at that time and have not been updated to reflect the change in market values as at 30 June 2024.

The vesting conditions in relation to the 2023 and 2024 offers are as follows:

- Reported profit after tax performance of the Company having regard to respective prior year's profit performance and performance against budget over the vesting period.
- The Company's share price performance between the date of the offer and vesting date
- The Company's safety performance across all operations as determined on a financial year annual LTIFR (Lost Time Injury Frequency Rate) basis having regard to the respective prior year's LTIFR performance, and
- EBITDA performance of the Company having regard to respective prior years EBITDA performance and performance against budget over the vesting period.

DIRECTORS' REPORT

For the year ended 30 June 2024

The proportion of the vesting conditions listed above varies according to each Eligible Participant's role, with the following table providing indicative guidelines.

ROLE	(a)	(b)	(c)	(d)
Chief Executive Officer	25%	25%	25%	25%
Corporate Management	25%	25%	25%	25%
Operational Management	—	—	50%	50%

Vesting of 2022 and 2021 ESOP instruments in 2024 and 2023

The table below summarises the equity instruments offered to KMP pursuant to the ESOP during the 2022 and 2021 financial years and the extent of vesting of those instruments in 2024 and 2023.

KMP	AWARD	OFFER DATE ²	NUMBER OF INSTRUMENTS	VESTED IN FY2024	VESTED IN FY2023	FAIR VALUE PER INSTRUMENT AT VESTING DATE	EXERCISABLE AT 30 JUNE 2024	OPTION STRIKE PRICE
Andrew Michael Elf	Options	23 June 2022	425,566	383,009	—	\$0.077	383,009	\$0.63
	Shares	23 June 2022	127,836	115,052	—	\$0.420	na	na
Gregory Michael Switala	Options	23 June 2022	284,285	255,857	—	\$0.077	255,857	\$0.63
	Shares	23 June 2022	85,397	76,857	—	\$0.420	na	na
Andrew Michael Elf	Options	31 May 2021	258,366	—	180,856	\$0.053	180,856	\$0.69
	Shares	31 May 2021	103,481	—	72,437	\$0.350	na	na
Gregory Michael Switala	Options	31 May 2021	167,710	—	117,397	\$0.053	117,397	\$0.69
	Shares	31 May 2021	77,610	—	54,327	\$0.350	na	na

2 Reflects date these options were initially offered. These options only became exercisable on the vesting date (the extent to which was subject to the achievement of vesting conditions) and, as such, the grant date for purposes of AASB 2 *Share-Based Payment* expense recognition was deferred until 23 June 2024 for 2022 ESOP instruments and 31 May 2023 for 2021 ESOP instruments.

* For purposes of the above table, the fair value of the shares was determined with reference to the closing price of the Company's fully paid ordinary shares on vesting date. In the case of the options, fair value was determined using a Black-Scholes pricing model with the following key assumptions and inputs in the measurement:

	VESTED DURING YEAR ENDED 30 JUNE 2024	VESTED DURING YEAR ENDED 30 JUNE 2023
Share price	\$0.4200	\$0.3475
Exercise price	\$0.63	\$0.69
Expected volatility	47%	50%
Expected life (after vesting)	3.5 years	3.5 years
Risk-free interest rate	3.92%	3.37%
Dividend yield	5.55%	3.60%
Fair value per option	\$0.077	\$0.053

DIRECTORS' REPORT

For the year ended 30 June 2024

In making a determination as to the extent of vesting of the 2021 ESOP instruments (in 2023), Directors considered the Group's performance against the following applicable vesting conditions:

- a) EBITDA performance of the Group having regard to respective prior years' EBITDA performance, performance against budgets and general market conditions between the date of the offer and the vesting date
- b) share price performance between the date of the offer and the vesting date
- c) safety performance across all operations as determined on a financial year annual TRIFR basis, having regard to respective prior years' TRIFR performance
- d) operational performance, having particular regard to key operational metrics.

The proportion of the vesting conditions listed above varies according to each Eligible Participant's role, with the following table providing indicative guidelines.

ROLE	(a)	(b)	(c)	(d)
Chief Executive Officer	30%	30%	30%	10%
Corporate Management	40%	40%	20%	—
Operational Management	—	—	50%	50%

In making a determination as to the extent of vesting of the 2022 ESOP instruments (in 2024), Directors considered the Group's performance against the following applicable vesting conditions:

- a) NPAT performance of the Group having regard to respective prior years' NPAT performance and performance against budget over the vesting period;
- b) share price performance between the date of the offer and the vesting date;
- c) safety performance across all operations as determined on a financial year annual TRIFR basis, having regard to respective prior years' TRIFR performance; and
- d) EBITDA performance of the Group having regard to respective prior years' EBITDA performance and performance against budget over the vesting period.

The proportion of the vesting conditions listed above varies according to each Eligible Participant's role, with the following table providing indicative guidelines.

ROLE	(a)	(b)	(c)	(d)
Chief Executive Officer	25%	25%	25%	25%
Corporate Management	30%	30%	20%	20%
Operational Management	—	—	50%	50%

To demonstrate the relationship between the extent of vesting and the Group's performance over the applicable vesting periods, the table below sets out summary information about the EBITDA, NPAT, share price, safety and operational (revenue) performance between 30 June 2020 and 30 June 2024.

	30 Jun 20	30 Jun 21	30 Jun 22	30 Jun 23	30 Jun 24
EBITDA (\$000's)	34,951	25,875	32,153	41,167	40,384
Share price (30-day VWAP)	48.5c	40.5c	29.8c	34.3c	43.3c
Total Recordable Injury Frequency Rate (TRIFR)	11.62	7.34	9.20	4.30	6.4
Revenue (\$000's)	175,554	191,364	213,369	243,144	236,829
NPAT (\$000's)	7,203	(5,899)	16	7,609	9,175

DIRECTORS' REPORT

For the year ended 30 June 2024

Employment details of members of Key Management Personnel

The employment terms and conditions of KMP are formalised in contracts of employment. A contracted person deemed employed on a permanent basis may terminate their employment by providing the relevant notice period as outlined below.

	NOTICE PERIOD
Andrew Michael Elf	3 months
Gregory Michael Switala	3 months

Non-Executive Director Remuneration

Fees for Non-Executive Directors are set at a level to attract and retain Directors with the necessary skills and experience to allow the Board to have a proper understanding of, and competence to deal with, current and emerging issues. Remuneration for Non-Executive Directors is reviewed by the Remuneration and Nomination Committee and set by the Board, taking into account external benchmarking when required. The Non-Executive remuneration levels reflect the demands and responsibilities of the Directors but also reflect the historical financial position and performance of the Group in recent years following prolonged periods of subdued general market conditions in the broader resources and mining services sectors.

In addition to a cash-based fee (or salary), Non-Executive Directors receive a superannuation guarantee contribution required by the government, which during FY24 was 11.0% of the individual's ordinary earnings, and do not receive any other retirement benefits.

The aggregate cap on annual fees paid to Non-Executive Directors is currently \$450,000, as approved by shareholders at the 2020 Annual General Meeting. The remuneration levels for Non-Executive Directors (including fees for the Chairman of the Audit & Risk Committee and Remuneration and Nominations Committee) is summarised below (exclusive of superannuation).

	FY24 \$	FY23 \$
Non-Executive Director Fees	70,000	70,000
Chairman of the Audit and Risk Committee	10,000	10,000
Chairman of the Remuneration and Nomination Committee	10,000	10,000
Committee member	5,000	5,000

* Represents fixed remuneration.

1 Effective 1 February 2023, Scott Tumbridge's directorship appointment was amended from being executive to non-executive in nature with his salary being revised to \$70,000 from the previous \$180,000 (both exclusive of superannuation). The disclosures above combine his amounts earned in both capacities over the year ended 30 June 2023.

2 The figures in this column relate to use of a Company motor vehicle to carry out duties as well as reasonable personal use. The amount included in the above remuneration table is the value attributable to such personal use calculated in accordance with the statutory requirements of the *Fringe Benefits Tax Act 1986*.

3 These amounts were not actually provided to KMP during the financial year. The figures are calculated in accordance with the Australian Accounting Standards and are the amortised AASB fair values of equity instruments (whether vested or not) that have been granted to KMP. Refer to page 18 of this Remuneration Report for information on awards during the financial year and the vesting status of previous year's awards.

4 This is the change in accrued long service leave and is measured in accordance with AASB 119 Employee benefits.

DIRECTORS' REPORT

For the year ended 30 June 2024

DIRECTORS' REPORT

For the year ended 30 June 2024

Other transactions with KMP

A number of KMP, or their related parties, hold positions in other entities that result in them having control, or joint control, over the financial or operating policies of those entities.

A number of these entities transacted with the Group during the year. The terms and conditions of the transactions with KMP and their related parties were no more favourable than those available, or which might reasonably be expected to be available, in similar transactions to non-KMP related entities on an arm's length basis.

This Directors' Report, incorporating the Remuneration Report, is signed in accordance with a resolution of Directors made pursuant to section 298(2) of the *Corporations Act 2001*.

On behalf of the Directors

Nathan Andrew Mitchell

Executive Chairman

Dated at Brisbane this 21st day of August 2024

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

The Board considers there to be a clear and positive relationship between the creation and delivery of long-term shareholder value and high-quality corporate governance. Accordingly, in pursuing its objective, the Board has committed to corporate governance arrangements that strive to foster the values of integrity, respect, trust and openness amongst and between the Board members, management, employees, customers and suppliers.

Unless stated otherwise in this document, the Board's corporate governance arrangements comply with the recommendations of the ASX Corporate Governance Council as outlined in the 4th edition of the Corporate Governance Principles and Recommendations ('Recommendations') for the financial year ended 30 June 2024.

1. BOARD OF DIRECTORS

1.1. Role of the Board

The Board's primary role is the protection and enhancement of long-term shareholder value. This, together with the Board's other roles and responsibilities, is set out in the Board Charter, a copy of which can be found on the Group's website.

To fulfil this role, the Board is responsible for the overall corporate governance of the Group including formulating its strategic direction, approving and monitoring capital expenditure, setting remuneration, appointing, removing and creating succession policies for Directors and senior executives, establishing and monitoring the achievement of management's goals and ensuring the integrity of risk management, internal control, legal compliance and management information systems. It is also responsible for approving and monitoring financial and other reporting.

The Board has delegated responsibility for operation and administration of the Group to the Chief Executive Officer and Executive Management. Responsibilities are delineated by formal authority delegations.

1.2. Board processes

To assist in the execution of its responsibilities, the Board has established two board committees being the Remuneration and Nominations Committee and the Audit and Risk Committee. Both committees have written charters which are reviewed on a regular basis. The Board has also established a framework for the management of the Group including a system of internal control, a business risk management process and the establishment of appropriate ethical standards.

The full Board currently holds not less than 10 scheduled meetings each year, plus strategy meetings and any extraordinary meetings at such other times as may be necessary to address any specific significant matters that may arise.

The agenda for meetings is prepared by the Company Secretary in conjunction with the Chairman. Standing items include the Chief Executive Officer report, People and Risk report, Human Resources Report, General Manager's reports, Financial reports, Asset reports and Commercial and Business Development reports. The Board package is provided to Directors and relevant management in advance of meetings. Executives are regularly involved in Board discussions and Directors have other opportunities, including visits to business operations, for contact with a wider group of employees.

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters associated with the proper functioning of the Board.

1.3. Director and executive education

The Group has an informal induction process to educate new Directors about the nature of the business, current issues, the corporate strategy, the culture and values of the Group, and the expectations of the Group concerning performance of Directors. In addition, Directors are also educated regarding meeting arrangements and Director interaction with each other, senior executives and other stakeholders. Directors also have the opportunity to visit Group facilities and meet with management to gain a better understanding of business operations and operating environment. Directors are given access to continuing education opportunities to update and enhance their skills and knowledge.

The Group also has an informal process to induct new senior executives upon taking such positions. This involves educating the executives on the Group's structure, strategy, operations, financial position and risk management policies.

1.4. Independent professional advice and access to Group information

Each Director has the right of access to all relevant Group information and to the Group's Executives and, subject to prior consultation with the Chairman, may seek independent professional advice from a suitably qualified adviser at the Group's expense. The Directors must consult with an adviser suitably qualified in the relevant field and obtain the Chairman's approval of the fee payable for the advice before proceeding with the consultation. A copy of the advice received by the Directors is made available to all other members of the Board.

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

1.5. Composition of the Board

The names of the Directors of the Company in office at the date of this report together with their respective mix of skills, experience and length of service are set out in the Directors' Report on page 8 and 9 of this report.

The Group believes, for efficiency of operations, it is in its best interests to maintain a small but efficient Board. During the 12 months ended 30 June 2024, the Board consisted of five Non-executive Directors (being Scot Tumbridge, Peter Miller, Robert Douglas, Neal O'Connor and Peter Hudson) and Executive Chairman, Nathan Mitchell. Throughout the 12 months ended 30 June 2024, three of the six board members are considered independent, being Robert Douglas, Neal O'Connor and Peter Hudson.

The Executive Chairman is Mr Nathan Mitchell. Under the guidelines, Mr Mitchell does not meet the criteria for independence as he is a director of a substantial shareholder. Peter Richard Miller was previously employed by the Company in an executive capacity and as such does not meet the criteria for independence. Mr Scott Tumbridge does not meet the criteria for independence as he was previously employed by the Group in an executive capacity. He is also a director of a substantial shareholder. Under the guidelines, the majority of the Board should be independent as should the Chair. All Directors are committed to bringing their independent views and judgment to the Board and, in accordance with the Corporations Act 2001, must inform the Board if they have any interest that could conflict with those of the Group. Where the Board considers that a conflict exists, the Director concerned will not be present at the meeting while the item is considered. For these reasons, the Board believes that each of these Directors may be considered to be acting independently in the execution of their duties.

Additionally, notwithstanding Mr Mitchell's executive capacity and non-independent status, it is the view of the Board that Mr Mitchell brings a particular and unparalleled skills set to the Group, having established the Company, been involved in the drilling industry for his entire working life and being a pioneer of this industry in Australia, is uniquely placed to act as Chairman of the Group.

The Board considers the mix of skills and the diversity of Board members when assessing the composition of the Board. The Board assesses existing and potential Directors' skills to ensure they have appropriate industry expertise in the Group's business operations. The Board undertakes appropriate checks before appointing a person as a Director and provides security holders with all material information relevant to a decision on whether or not to elect a Director. The

Board's policy is to seek a diverse range of Directors who have a range of skills, ages, genders and ethnicity that complements the environment in which the Group operates and having due regard to the current size of the Group (refer Section 8: Skills and Diversity below). Directors each have a written agreement with the Group setting out the terms of their appointment.

2. REMUNERATION AND NOMINATION COMMITTEE

The Remuneration and Nomination Committee has a documented charter, approved by the Board. The Remuneration and Nomination Committee comprises three members — Neal O'Connor (Chair), Robert Douglas and Peter Hudson — each of whom are Non-Executive Directors. The Chairman of the Committee, Neal O'Connor, is an independent Director. The Committee has 2 distinct roles as follows:

- Remuneration related matters; and
- Nomination related matters.

All Directors are invited to Remuneration and Nomination Committee meetings at the discretion of the Committee. The Committee met twice during the year and Committee members' attendance record is disclosed in the table of Directors' meetings on page 15 of this report.

Remuneration related matters

The Committee assists the Board in the general application of the remuneration policy. In doing so, the Committee is responsible for:

- Developing remuneration policies for Directors and Key Management Personnel;
- Reviewing Key Management Personnel packages annually and, based on these reviews, making recommendations to the Board on remuneration levels for Key Management Personnel; and
- Assisting the Board in reviewing Key Management Personnel performance annually.

Executive Directors and Senior Executives are remunerated by way of salary, non-monetary benefits, statutory superannuation, short-term incentive payments and participation in the Mitchell Services Limited Executive Share and Option Plan (ESOP) in accordance with written agreements that set out the terms of their appointments. Non-Executive Directors are remunerated by way of salary and statutory superannuation. There are no schemes for retirement benefits for Directors other than statutory superannuation arrangements. Further disclosure on the policies and practices regarding remuneration is contained in the Remuneration Report of this Annual Report.

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

Nomination related matters

The Committee assists the Board in ensuring that the Board comprises Directors with a range and mix of attributes appropriate for achieving its objective. The Committee does this by:

- Overseeing the appointment and induction process for Directors;
- Reviewing the skills and expertise of Directors and identifying potential deficiencies;
- Identifying suitable candidates for the Board;
- Overseeing Board and Directors reviews on an annual basis; and
- Establishing succession planning arrangements for the Executive team.

3. AUDIT AND RISK COMMITTEE

The Audit and Risk Committee has a documented charter, approved by the Board. The Committee comprises three members — Peter Hudson (Chair), Neal O'Connor and Robert Douglas — each of whom are Non-Executive Directors

The Chairman of the Committee, Peter Hudson, is an independent Director and is not the Chairman of the Board. The purpose of the Committee is to assist the Board in the effective discharge of its responsibilities in relation to the external audit function, accounting policies, financial reporting, funding, financial risk management, business risk monitoring and insurance.

The external auditors and the Chief Executive Officer are invited to Audit and Risk Committee meetings at the discretion of the Committee. The Committee met three times during the year and Committee members' attendance record is disclosed in the table of Directors' meetings on page 15 of this report.

The Chief Executive Officer and the Chief Financial Officer declared in writing to the Board that the financial records of the Group for the financial year have been properly maintained, the Group's financial reports for the financial year ended 30 June 2024 comply with accounting standards and present a true and fair view of the Group's financial condition and operational results and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively. This statement is required annually.

The Group's external auditor audits, or in the case of the half-year, reviews the Group's financial reports in accordance with the accounting standards.

Management verifies other periodic corporate reports. The verification processes involve a management and operational review and include cross checking statements, information and data to original source reports.

All documents released to the market are subject to final sign off and approval by relevant senior executives and, as required, the Board.

4. PERFORMANCE EVALUATION

The Remuneration and Nomination Committee is required to annually review the effectiveness of the functioning of the Board, its committees, individual Directors and Senior Executives through internal peer review.

5. RISK MANAGEMENT

The Board considers identification and management of key risks associated with the business as vital to creating and delivering long-term shareholder value.

The main risks that could negatively impact on the performance of the Group's business activities include:

- Safety of employees and contractors;
- Seasonal conditions and business interruptions;
- Dependence on key personnel and labour shortages;
- Obsolescence to certain machinery due to technological advancements or client requirements;
- Customer demand and outlook for the resources industry.

An assessment of the business' risk profile and its risk management framework is undertaken and reviewed by the Board at least annually, covering all aspects of the business from the operational level through to strategic level risks to ensure that the Group is operating within the risk appetite set by the Board. Executive management has been delegated the task of implementing internal controls to identify and manage risks for which the Board provides oversight. The effectiveness of these controls is monitored and reviewed regularly by management. Executive management has reported on an ongoing basis (via monthly Board meetings) to the Board as to whether the Group's business risks have been effectively managed.

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

In addition to their regular reporting on business risks, risk management and internal control systems, the Chief Executive Officer and Chief Financial Officer have provided assurance, in writing to the Board:

- That the financial reporting risk management and associated compliance and controls have been assessed and found to be operating effectively; and
- The Group's financial reports are founded on a sound system of risk management and internal compliance and control.

The Group's operations are not subject to any particular and significant environmental regulation under the law of the Commonwealth or a State or Territory. However, the Group does provide services to entities that are licensed or otherwise subject to conditions for the purposes of environmental legislation or regulation. In such cases, the Group manages its risks and undertakes its compliance duties in accordance with contractor regime implemented by the licensed or regulated entity. Additionally, the Group is not aware of any material exposure to any particular social risks.

The Board is responsible for the overall internal control framework but recognises that no cost-effective internal control system will preclude all errors and irregularities. Given the size of the Group, there is no dedicated internal audit function. In the absence of an internal audit function, comprehensive practices have been established to ensure:

- Capital expenditure and revenue commitments above a certain size obtain prior Board approval;
- Financial exposures are controlled;
- Health and safety standards and management systems are monitored and reviewed to achieve high standards of performance and compliance with regulations;
- Business transactions are properly authorised and executed;
- The quality and integrity of personnel;
- Financial reporting accuracy and compliance with the financial reporting regulatory framework. Monthly actual results are reported against budgets approved by the Directors and revised forecasts for the year are prepared regularly; and
- Regulation compliance. The Group's health, safety, environment and sustainability obligations are monitored by all members of the Board.

6. ETHICAL STANDARDS AND GROUP VALUES

All Directors, managers and employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of the Group and to live the Group's values. Every employee has a nominated supervisor to whom they may refer any issues arising from their employment. The Board reviews its Code of Conduct and Ethics regularly and processes are in place to promote and communicate these policies.

Conflict of interest

Directors must keep the Board advised, on an ongoing basis, of any interest that could potentially conflict with those of the Group. The Board has developed procedures to assist Directors to disclose potential conflicts of interest.

Where the Board believes that a conflict exists the Director concerned will not be present at the meeting while the item is considered. Details of Director related entity transactions with the Group are set out in note 20 to the financial statements.

Code of Conduct

The Group has advised each Director, manager and employee that they must comply with the Group's Code of Conduct and Ethics. The code requires all Directors, management and employees to, at all times and with all relevant stakeholders:

- Act honestly and in good faith;
- Exercise due care and diligence in fulfilling the functions of office;
- Avoid conflicts and make full disclosure of any possible conflict of interest;
- Comply with both the letter and spirit of the law;
- Encourage the reporting and investigation of unlawful and unethical behaviour; and
- Comply with the security trading policy.

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

Whistleblower Policy

The Group is committed to encouraging and supporting ethical and responsible behaviour. It is also committed to creating and maintaining an open working environment in which concerns regarding unethical, unlawful or undesirable conduct are able to be raised and reported. The policy sets out:

- The process by which concerns can be reported without fear of reprisal;
- The investigation process to follow on receipt of a whistleblower report;
- The Group's commitment to rectify any discovered wrongdoing; and
- The measures in place to protect the whistleblower.

Security Trading Policy

The Security Trading Policy restricts Directors and employees from acting on price sensitive information (which is not available to the public) until it has been released to the market and adequate time has been given for this to be reflected in the Company's share price.

Directors and other Key Management Personnel are also prohibited from trading during closed periods. Closed periods are the following periods:

- The period from 1 July until the first trading day after the release of the Company's annual result to the ASX; and
- The period from 1 January until the first trading day after the release of the Company's half yearly result to the ASX; and
- The period from 1 October until the first trading day after the release of the Company's 30 September quarterly investor report; and
- The period from 1 April until the first trading day after the release of the Company's 30 March quarterly investor report.

Anti Bribery and Corruption Policy

The Group is committed to protecting its assets and reputation by reinforcing the Board and management's commitment to identify if there are any fraudulent and corrupt activities, for establishing policies, controls and procedures for the prevention and detection of any such activities that may exist and to reinforce to all employees to report any corrupt and fraudulent conduct that they may be aware of. The policy sets out:

- Definitions of Bribery and Corruption;
- Examples of conduct which amounts to bribery and/or corruption;
- Rules around the prohibition of bribes and facilitation payments;

- Rules around gifts and hospitality and gift and entertainment expenditure; and
- Rules around charitable contributions.

Sexual Harassment Policy

The Group is committed to providing a safe environment for all. Pursuant to the Sexual Harassment Policy, all complaints of sexual harassment will be taken seriously and treated with respect and in confidence. No person will be victimised for making such a complaint and any person found to have sexually harassed another will face disciplinary action. The policy sets out:

- Definition of Sexual Harassment;
- The complaints procedures;
- Sanctions and disciplinary measures; and
- Monitoring and evaluation.

Workplace Bullying Policy

The Group is committed to preventing workplace bullying. Pursuant to the Workplace Bullying Policy, all staff have the right to a workplace that is free from bullying. The policy sets out:

- Behaviours that constitute bullying;
- The reporting procedures;
- The investigation procedures; and
- Outcomes of the reporting and investigation process.

Group Values

The Group has adopted and is committed to upholding the following values:

- Finish each day without harm;
- Foster a culture of respect, support, trust and recognition;
- Never openly criticise any team member. Blame is not productive;
- Understand your role. Embrace your role. Execute your role;
- Provide quality services through effective strategy, structure and systems; and
- Continuously improve and find a better way.

The Group Values are published on the Group's website.

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

7. COMMUNICATION WITH SHAREHOLDERS

The Board provides shareholders with information using a comprehensive Continuous Disclosure Policy and investor relations program which includes identifying matters that may have a material effect on the price of the Company's shares and notifying them to the ASX.

In summary, the Continuous Disclosure Policy operates as follows:

- The Company Secretary (also the Chief Financial Officer) and the Chief Executive Officer are responsible for interpreting the Group's policy and where necessary informing the Board. The Company Secretary is responsible for all communications with the ASX.
- The full Annual Report is provided via the Company's website to all shareholders. It provides relevant information about the operations of the Group during the year, changes in the state of affairs and details of future developments.
- The half-yearly report contains summarised financial information and a review of the operations of the Group during the period. The half-year reviewed financial report is lodged with the ASX and sent to any shareholder who requests it.
- Proposed major changes in the Group which may impact on share ownership rights are submitted to a vote of shareholders.
- All announcements made to the market can be accessed via the Company's website after they have been released to the ASX.
- The external auditor attends the Annual General Meetings to answer questions concerning the conduct of the audit, the preparation and content of the auditor's report, accounting policies adopted by the Group and the independence of the auditor in relation to the conduct of the audit.

Copies of all material market announcements are provided to the Directors promptly after such announcements have been made to the market. Any new and substantive investor or analyst presentations are released by the Group to the market ahead of any presentation to investors and/or analysts.

Governance-related materials are available for review by shareholders under the 'Investors' section of the Group's website and includes all key corporate policies. In the event that shareholders have any queries as to their holding or as regards the Group's operations, an investor email address (investors@mitschellservices.com.au) is available, and all enquiries are promptly addressed. Shareholders are welcome to attend investor briefings and to ask

questions at those briefings. Details of these briefings are released to the market periodically by of the ASX platform.

The Group strongly encourages shareholders to elect to receive all communications via its registrar (Link Market Services) electronically.

The Board encourages full participation of shareholders at the Annual General Meeting (AGM), to ensure a high level of accountability and identification with the Group's strategy and goals. Important issues are presented to the shareholders as single resolutions. Shareholders are encouraged to submit questions ahead of the AGM so that these may be addressed at the AGM.

In determining whether resolutions put to a meeting of shareholders are to be decided by a poll, the Group will have regard to the requirements of the ASX as set out in Guidance Note 35 (i.e. that all Listing Rule resolutions be decided by a poll), as well as the obligation of the Chair, being aware of the final proxy count, to ensure that the will of the meeting is delivered in the final result of the resolution.

8. SKILLS AND DIVERSITY

Diversity

The Company has an established Equity and Diversity Policy relating to its Board Members, Senior Executives and across the whole organisation with an objective to recruit and manage on the basis of qualification for the position and performance; regardless of gender, age, nationality, race, religious beliefs, cultural background or sexuality.

In summary, the Equity and Diversity Policy operates as follows:

The Company has zero tolerance toward discrimination.

To achieve this, we are committed to:

- Ensuring a working environment that is free of all forms of harassment.
- Valuing the diversity among our employees, and all those with whom we do business.
- Conducting business activities such as the hiring, promotion, and compensation of employees without regard to race, colour, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, or age.
- The employment and development of Indigenous employees in all the areas where we operate.
- Complying with all applicable legislative requirements.

CORPORATE GOVERNANCE STATEMENT

For the year ended 30 June 2024

To achieve this, we will:

- Adhere to the Company Code of Conduct and be guided by the Company's Values;
- Recruit a diverse range of people with a diverse range of talents to help us achieve our goals;
- Employ the best person for the job regardless of race, colour, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, or age;
- Select on the principles of merit and fairness in all employment practices;
- Ensure that all reports of workplace discrimination are treated seriously, promptly and fairly with due regard to the principles of procedural fairness, natural justice and confidentiality;
- Take appropriate action against individuals engaging in discriminatory conduct;
- Build relationships and promote opportunities for Indigenous peoples throughout all of our operations, while encouraging cultural awareness and respect amongst our staff; and
- Make confidential counselling and support available to employees to assist with any workplace issues that may arise.

The Group notes recommendation 1.5(b) of the Recommendations in relation to the setting of measurable objectives for achieving diversity. The Group currently has a diverse workplace in terms of age, skillsets, ethnicity, cultural background and gender and as such believes that the objectives of its Equity and Diversity Policy are currently being met. As such the Group has not set firm gender (or other) diversity targets. This will continue to be monitored on an annual basis.

The proportion of women employees in the whole organisation is detailed below:

	2024		2023	
	Number	%	Number	%
Women on the Board	-	-	-	-
Women in senior management roles	-	-	-	-
Women in head office roles	16	44.44	23	42.59
Women employees in the Group	37	5.58	39	5.17

Skills matrix

The Company aims to maintain a diverse, multi-skilled Board with a range of different skills and expertise. At a minimum, these skills and expertise include:

- Capital management and corporate finance experience;
- Experience at both executive and non-executive levels;
- An understanding of the drilling industry and mining services sector;
- Exceptional leadership skills;
- Experience in workplace health and safety;
- An understanding of technological advances in the mining services industry;
- Financial acumen and strategic capabilities;
- Environment and sustainability experience;
- An understanding of risk management; and
- An understanding of information systems, technology and security.

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Mitchell Services Limited

I declare that, to the best of my knowledge and belief, in relation to the audit of Mitchell Services Limited for the financial year ended 30 June 2024 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

1. MATERIAL ACCOUNTING POLICIES

(a) General information

Mitchell Services Ltd (**Company**) is a limited company incorporated in Australia. The addresses of its registered office and principal place of business are disclosed in the Corporate Directory of this Annual Report. The principal activities of the Company and its subsidiaries (**Group**) are exploration and mine site drilling services to the exploration, mining, and energy industries, primarily in Australia.

(b) Basis of preparation

These general-purpose consolidated financial statements have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and in compliance with International Financial Reporting Standards as issued by the International Accounting Standards Board. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

Except for cash flow information, the financial statements have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

These consolidated financial statements are presented in Australian Dollars which is the Company's functional currency.

The financial statements were authorised for issue by the Directors on the date shown in the Directors' Declaration.

(c) Principles of consolidation

The consolidated financial statements incorporate all of the assets, liabilities and results of the Company and all of the subsidiaries. Subsidiaries are entities that the Parent controls. The Parent controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. A list of the subsidiaries is provided in Note 18.

The assets, liabilities and results of all subsidiaries are consolidated into the financial statements of the Group from the date on which control is obtained by the Group. The consolidation of a subsidiary is discontinued from the date that control ceases. Intercompany transactions, balances and unrealised gains or losses on transactions between Group entities are fully eliminated on consolidation. Accounting policies of subsidiaries have been changed and adjustments made where necessary to ensure uniformity of the accounting policies adopted by the Group.

Equity interests in a subsidiary not attributable, directly or indirectly, to the Group are presented as "non-controlling interests". The Group initially recognises non-controlling interests that are present ownership interests in subsidiaries and are entitled to a proportionate share of the subsidiary's net assets on liquidation at either fair value or at the non-controlling interests' proportionate share of the subsidiary's net assets. Subsequent to initial recognition, non-controlling interests are attributed their share of profit or loss and each component of other comprehensive income. Non-controlling interests are shown separately within the equity section of the consolidated statement of financial position and consolidated statement of comprehensive income.

Loop Decarbonisation Solutions Pty Ltd (Loop) is a joint venture in which the Group has joint control and a 50 percent ownership interest. Loop is structured as a separate vehicle and the Group has a residual interest in its net assets. Accordingly, the Group has classified its interest in Loop as a joint venture.

(d) Business combinations

Business combinations occur where an acquirer obtains control over one or more businesses.

A business combination is accounted for by applying the acquisition method, unless it is a combination involving entities or businesses under common control. The business combination will be accounted for from the date that control is obtained, whereby the fair value of the identifiable assets acquired and liabilities (including contingent liabilities) assumed is recognised.

When measuring the consideration transferred in the business combination, any asset or liability resulting from a contingent consideration arrangement is also included. Subsequent to initial recognition, contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability is remeasured in each reporting period to fair value, recognising any change to fair value in profit or loss, unless the change in value can be identified as existing at acquisition date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

All transaction costs incurred in relation to business combinations, other than those associated with the issue of a financial instrument, are recognised as expenses in profit or loss when incurred.

The acquisition of a business may result in the recognition of goodwill or a gain from a bargain purchase.

(e) Intangibles

Goodwill and Impairment

Goodwill is carried at cost less any accumulated impairment losses. Goodwill is calculated as the excess of the sum of:

- (i) the consideration transferred at fair value;
- (ii) any non-controlling interest (determined under either the fair value or proportionate interest method); and
- (iii) the acquisition date fair value of any previously held equity interest;

over the acquisition date fair value of any identifiable assets acquired and liabilities assumed.

The acquisition date fair value of the consideration transferred for a business combination plus the acquisition date fair value of any previously held equity interest shall form the cost of the investment in the separate financial statements.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e., reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Accounting Standards). The fair value of

any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under AASB 139: *Financial Instruments: Recognition and Measurement*, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

The amount of goodwill recognised on acquisition of each subsidiary in which the Group holds less than 100% interest will depend on the method adopted in measuring the non-controlling interest. The Group can elect in most circumstances to measure the non-controlling interest in the acquiree either at fair value (*full goodwill method*) or at the non-controlling interest's proportionate share of the subsidiary's identifiable net assets (*proportionate interest method*). In such circumstances, the Group determines which method to adopt for each acquisition and this is stated in the respective note to the financial statements disclosing the business combination.

Under the full goodwill method, the fair value of the non-controlling interest is determined using valuation techniques which make the maximum use of market information where available.

Goodwill on acquisition of subsidiaries is included in intangible assets. Goodwill on acquisition of associates is included in investments in associates.

Goodwill is tested for impairment annually and is allocated to the Group's cash-generating units or groups of cash-generating units, representing the lowest level at which goodwill is monitored and not larger than an operating segment. Gains and losses on the disposal of an entity include the carrying amount of goodwill related to the entity disposed of.

Changes in the ownership interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions and do not affect the carrying amounts of goodwill.

Customer contracts

Customer contracts acquired are initially recognised at fair value and are subsequently carried at fair value less accumulated amortisation and accumulated impairment losses. These costs are amortised to profit or loss using the straight-line method over the contract period or estimated useful life, whichever is shorter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

(f) Revenue recognition

Revenue is recognised, net of the amount of goods and services tax (GST), for the major business activities as follows:

Revenue from contracts with customers

The Group provides drilling services to the exploration, mining and energy industries pursuant to service contracts with a variety of clients in those sectors. The revenue associated with these drilling contracts is recognised in accordance with AASB 15: *Revenue from Contracts with Customers*, that is in a manner that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Revenue from customer contracts is recognised upon satisfaction of a performance obligation under those contracts either over time in accordance with specified units of production (for example metres drilled or hours worked, invoiced throughout the month) or at a point in time when control passes to the customer under those contracts (for example the sale or hire of certain items including consumables).

Invoices for drilling services are issued pursuant to the terms of the contracts with customers. These are generally issued on a monthly basis and payable within a period of between 30 and 60 days. The timing of revenue recognition may differ from the timing of invoicing and may result in a contract asset or liability being presented in the consolidated statement of financial position.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Other revenue is recognised when the right to receive the revenue has been established.

(g) Leases

The Group as lessee

At inception of a contract, the Group assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability are recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (i.e., a lease with a remaining lease

term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options;
- lease payments under extension options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, any lease payments made at or before the commencement date and any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest.

Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

(h) Employee benefits

Short-term employee benefits

Provision is made for the Group's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

The Group's obligations for short-term employee benefits such as wages and salaries are recognised as part of current trade and other payables in the consolidated statement of financial position. The Group's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the consolidated statement of financial position.

Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on corporate bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the period in which the changes occur.

The Group's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Defined contribution superannuation benefits

All employees of the Group receive defined contribution superannuation entitlements, for which the Group pays the fixed superannuation guarantee contribution to the employee's superannuation fund of choice. All contributions in respect of employees' defined contribution entitlements are recognised as an expense when they become payable. The Group's obligation with respect to employees' defined contribution entitlements is limited to its obligation for any unpaid superannuation guarantee contributions at the end of the reporting period. All obligations for unpaid superannuation guarantee contributions are measured at the (undiscounted) amounts expected to be paid when the obligation is settled and are presented as current liabilities in the Group's statement of financial position.

Termination benefits

When applicable, the Group recognises a liability and expense for termination benefits at the earlier of:

- the date when the Group can no longer withdraw the offer for termination benefits; and
- when the Group recognises costs for restructuring pursuant to AASB 137: *Provisions, Contingent Liabilities and Contingent Assets* and the costs include termination benefits.

In either case, unless the number of employees affected is known, the obligation for termination benefits is measured on the basis of the number of employees expected to be affected. Termination benefits that are expected to be settled wholly before 12 months after the annual reporting period in which the benefits are recognised are measured at the (undiscounted) amounts expected to be paid. All other termination benefits are accounted for on the same basis as other long-term employee benefits.

Equity-settled compensation

The Group operates an employee share and option plan. Share-based payments to employees are measured at the fair value of the instruments at grant date and amortised over the vesting periods. Share-based payments to non-employees are measured at the fair value of goods or services received or the fair value of the equity instruments issued, if it is determined the fair value of the goods or services cannot be reliably measured, and are recorded at the date the goods or services are received. The corresponding amounts are recognised in profit or loss. The fair value of options is determined using the Black-Scholes pricing model. The number of shares and options expected to vest is reviewed and adjusted at the end of each reporting period such that the amount recognised for services received as consideration for the equity instruments granted is based on the number of equity instruments that eventually vest.

(i) Income taxes

The income tax expense (benefit) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income for the current period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority using tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Current and deferred income tax expense is charged or credited outside profit or loss when the tax relates to items that are recognised outside profit or loss or arising from a business combination.

A deferred tax liability shall be recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from: (a) the initial recognition of goodwill; or (b) the initial recognition of an asset or liability in a transaction which: (i) is not a business combination; and (ii) at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled and their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability. With respect to non-depreciable items of property, plant and equipment measured at fair value, the related deferred tax liability or deferred tax asset is measured on the basis that the carrying amount of the asset will be recovered entirely through sale.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised, unless the deferred tax asset relating to temporary differences arises from the initial recognition of an asset or liability in a transaction that:

- is not a business combination; and
- at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where: (i) a legally enforceable right of set-off exists; and (ii) the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

Tax consolidation

The Company and its wholly-owned Australian resident entities have formed a tax-consolidated group and are therefore taxed as a single entity from that date. The head entity within the tax-consolidated group is Mitchell Services Ltd. The members of the tax-consolidated Group are identified in Note 18. Tax expense/income, deferred tax liabilities and deferred tax assets arising from temporary differences of the members of the tax-consolidated group are recognised in the separate financial statements of the members of the tax-consolidated group using the “separate taxpayer within group” approach by reference to the carrying amounts in the separate financial statements of each entity and the tax values applying under tax consolidation. Current tax liabilities and assets and deferred tax assets arising from unused tax losses and relevant tax credits of the members of the tax-consolidated group are recognised by the Company (as head entity in the tax-consolidated group). Due to the existence of a tax funding arrangement between the entities in the tax-consolidated group, amounts are recognised as payable to or receivable by the Company and each member of the Group in relation to the tax contribution amounts paid or payable between the parent entity and the other members of the tax-consolidated group in accordance with the arrangement.

(j) Property, plant and equipment

Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour and any other costs directly attributable to bringing the assets to a working condition for their intended use.

Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

Subsequent expenditure is capitalised only when it is probable that future economic benefits associated with the expenditure will flow to the Group. On-going repairs and maintenance are expensed as incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Depreciation

Items of property, plant and equipment are depreciated from the date that they are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

Depreciation is calculated to write off the cost of property, plant and equipment using both the diminishing value basis or straight-line basis over their estimated useful lives. Depreciation is generally recognised in profit or loss. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Land is not depreciated.

The depreciation rates used for the current and comparative years of significant items of property, plant and equipment are as follows:

CLASSES OF FIXED ASSET

Leasehold improvements	20%
Plant & Equipment	6.67% — 67%
Motor Vehicles	12.50% — 50%
Furniture & Fittings	10% — 67.67%

Depreciation methods and useful lives are reviewed at each reporting date and adjusted if appropriate.

Impairment of property, plant and equipment

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets are impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a re-valued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, to the extent that the increased amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a re-valued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

(k) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on first-in-first-out basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. The cost of manufactured products includes direct materials, direct labour and an appropriate portion of variable and fixed overheads. Overheads are applied on the basis of normal operating capacity. Costs are assigned on the basis of weighted average costs.

(l) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

(m) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Group commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified “at fair value through profit or loss”, in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Trade receivables are initially measured at the transaction price if the trade receivables do not contain a significant financing component or if the practical expedient was applied as specified in AASB 15.63.

Financial assets

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit or loss.

Measurement is on the basis of the two primary criteria:

- the contractual cash flow characteristics of the financial asset; and
- the business model for managing the financial assets.

A financial asset is subsequently measured at amortised cost if it meets the following conditions:

- the financial asset is managed solely to collect contractual cash flows; and
- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

A financial asset is subsequently measured at fair value through other comprehensive income if it meets the following conditions:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates; and
- the business model for managing the financial asset comprises both contractual cash flows collection and the selling of the financial asset.

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

The Group initially designates a financial instrument as measured at fair value through profit or loss if:

- it eliminates or significantly reduces a measurement or recognition inconsistency (often referred to as “accounting mismatch”) that would otherwise arise from measuring assets or liabilities or recognising the gain or loss on them on different bases;
- it is in accordance with the documented risk management or investment strategy and information about the groupings was documented appropriately, so that the performance of the financial liability that was part of a group of financial liabilities or financial assets can be managed and evaluated consistently on a fair value basis;
- it is a hybrid contract that contains an embedded derivative that significantly modifies the cash flows otherwise required by the contract.

The initial designation of the financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

Equity instruments

At initial recognition, as long as the equity instrument is not held for trading or not a contingent consideration recognised by an acquirer in a business combination to which AASB 3: *Business Combinations* applies, the Group may make an irrevocable election to measure any subsequent changes in fair value of the equity instrument in other comprehensive income, while the dividend revenue received on underlying equity instruments investment will still be recognised in profit or loss.

Regular way purchases and sales of financial assets are recognised and derecognised at settlement date in accordance with the Group’s accounting policy.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Derecognition

Derecognition refers to the removal of a previously recognised financial asset or financial liability from the consolidated statement of financial position.

Derecognition of financial liabilities

A liability is derecognised when it is extinguished (i.e. when the obligation in the contract is discharged, cancelled or expires). An exchange of an existing financial liability for a new financial liability with substantially modified terms, or a substantial modification to the terms of a financial liability is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Derecognition of financial assets

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All of the following criteria need to be satisfied for derecognition of financial assets:

- the right to receive cash flows from the asset has expired or been transferred;
- all risk and rewards of ownership of the asset have been substantially transferred; and
- the Group no longer controls the asset (i.e. the Group has no practical ability to make a unilateral decision to sell the asset to a third party).

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of a debt instrument classified at fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss.

On derecognition of an investment in equity which was elected to be classified as at fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment's revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

Impairment

The Group recognises a loss allowance for expected credit losses on:

- financial assets that are measured at amortised cost or fair value through other comprehensive income;
- lease receivables;
- contract assets;
- loan commitments that are not measured at fair value through profit or loss; and
- financial guarantee contracts that are not measured at fair value through profit or loss.

Loss allowance is not recognised for:

- financial assets measured at fair value through profit or loss; or equity instruments measured at fair value through other comprehensive income.

Expected credit losses are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cash flows expected to be received, all discounted at the original effective interest rate of the financial instrument.

The Group uses the following approaches to impairment, as applicable under AASB 9: *Financial Instruments*:

- the general approach; and
- the simplified approach;

General approach

Under the general approach, at each reporting period, the Group assesses whether the financial instruments are credit-impaired, and if:

- the credit risk of the financial instrument has increased significantly since initial recognition, the Group measures the loss allowance of the financial instruments at an amount equal to the lifetime expected credit losses; or
- there is no significant increase in credit risk since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Simplified approach

The simplified approach does not require tracking of changes in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times.

This approach is applicable to:

- trade receivables or contract assets that result from transactions within the scope of AASB 15 and that contain a significant financing component; and
- lease receivables.

In measuring the expected credit loss, a provision matrix for trade receivables was used, taking into consideration various data to get to an expected credit loss (i.e., diversity of its customer base, appropriate groupings of its historical loss experience etc).

Recognition of expected credit losses

At each reporting date, the Group recognises the movement in the loss allowance as an impairment gain or loss in profit or loss.

The carrying amount of financial assets measured at amortised cost includes the loss allowance relating to that asset.

Assets measured at fair value through other comprehensive income are recognised at fair value, with changes in fair value recognised in other comprehensive income. Amounts in relation to change in credit risk are transferred from other comprehensive income to profit or loss at each reporting period.

Financial liabilities

Financial liabilities are subsequently measured at:

- amortised cost; or
- fair value through profit or loss.

A financial liability is measured at fair value through profit or loss if the financial liability is:

- a contingent consideration of an acquirer in a business combination to which AASB 3 applies;
- held for trading; or
- initially designated as at fair value through profit or loss.

All other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expense in profit or loss over the relevant period. The effective interest rate is the internal rate of return of the financial asset or liability; that is, it is the rate that exactly discounts the estimated future cash flows through the expected life of the instrument to the net carrying amount at initial recognition.

A financial liability is held for trading if:

- it is incurred for the purpose of repurchasing or repaying in the near term;
- part of a portfolio where there is an actual pattern of short-term profit taking; or
- a derivative financial instrument (except for a derivative that is in a financial guarantee contract or a derivative that is in an effective hedging relationship).

Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

The change in fair value of the financial liability attributable to changes in the issuer's credit risk is taken to other comprehensive income and are not subsequently reclassified to profit or loss. Instead, they are transferred to retained earnings upon derecognition of the financial liability.

If taking the change in credit risk in other comprehensive income enlarges or creates an accounting mismatch, then these gains or losses should be taken to profit or loss rather than other comprehensive income.

A financial liability cannot be reclassified.

(n) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO), it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables.

Cash flows are included in the consolidated statement of cash flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the ATO is classified within operating cash flows.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

(o) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits available on demand with banks, other short-term highly liquid investments with ongoing maturities of 3 months or less, and bank overdrafts.

(p) Fair value of Assets and Liabilities

The Group measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

Fair value is the price the Group would receive to sell an asset or would have to pay to transfer a liability in an orderly (i.e., unforced) transaction between independent, knowledgeable, and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset or minimises the payments made to transfer the liability, after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use. The fair value of liabilities and the entity's own equity instruments (excluding those related to share-based payment arrangements) may be valued, where there is no observable market price in relation to the transfer of such financial instruments, by reference to observable market information where such instruments are held as assets. Where this information is not available, other valuation techniques are adopted and, where significant, are detailed in the respective note to the financial statements.

(q) Capital management

Management controls the capital of the Group in order to maintain an appropriate debt to equity ratio, generate long-term shareholder value and ensure that the Group can fund its operations and continue as a going concern.

The Group's debt and capital include ordinary share capital, and financial liabilities, supported by financial assets.

Management effectively manages the Group's capital by assessing the Group's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

There have been no changes in the strategy adopted by management to control the capital of the Group since the prior year.

(r) Assets held for sale

The Group recognises assets as held for sale when the sale of the asset is approved by the Board and is actively marketed at a reasonable price for immediate sale that is probable within 12 months.

After these conditions are met, the Group measures the assets held for sale at the lower of carrying amount and fair value less costs to sell and are not depreciated.

Any reduction in value on initial recognition or any reduction in fair value less costs to sell after initial recognition shall be recognised as impairment in profit or loss. A gain for any subsequent increase in fair value less costs to sell shall be recognised in the profit or loss to the extent that it is not in excess of the cumulative impairment loss.

(s) Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, management are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Key estimates — Business combination related

In accordance with accounting policies Note 1(d), assets and liabilities acquired in a business combination are recognised at their fair value at the date of acquisition. The Group acquired Deepcore Holdings Pty Ltd (Deepcore) during the year ended 30 June 2020 with accounting for the business combination finalised per the reported financial statements for the year ended 30 June 2020. There continues to be key accounting considerations related to the business combination, primarily Goodwill.

(i) Impairment testing for CGUs containing goodwill

Pursuant to the acquisition of Deepcore during the year ended 30 June 2020, the Group recognised goodwill of \$5,755,572 with goodwill requiring to be tested for impairment on an annual basis.

Goodwill is monitored by management at the level of the lowest cash-generating-unit (CGU) being the wider Deepcore drilling business.

The recoverable amount of this CGU was based on value-in-use (VIU), estimated using discounted cash flows, requires the use of certain assumptions. The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industry and have been based on historical data from both external and internal sources.

Key assumptions utilised within the VIU model:

- Discount rate (post tax): 12.4% (2023: 12.4%)
- Terminal value growth rate: 2.5% (2023: 2.0%)
- Budgeted EBITDA growth rate (average of next five years): 2.5% (2022: 2.0%).

The cashflow projections included specific estimates for five years and a terminal growth rate thereafter. The terminal growth rate was determined based on management's estimate of the long-term compound annual EBITDA growth rate, consistent with the assumptions that a market participant would make.

Budgeted EBITDA was estimated taking into account past experience with respect to revenue generated, adjusted for the existing contract book, change to contract rates, drilling volume and price growth for the next five years. This, in conjunction with forecasted operating costs based on historical experience, determined the budgeted EBITDA.

Management do not consider there to be a reasonably possible change in key assumptions that cause the carrying amount to exceed the recoverable amount.

(t) Standards issued by not yet effective

A number of new standards are effective for annual periods beginning after 1 July 2023 and earlier application is permitted; however, the Group has not early adopted the new or amended standards in preparing these consolidated financial statements.

The following new and amended standards are not expected to have a significant impact on the Group's consolidated financial statements:

- Lease Liability in a Sale and Leaseback (Amendments to AASB 16)
- Lack of Exchangeability (Amendments to AASB 121);
- AASB 17: *Insurance Contracts*
- Disclosure of Accounting Policies — Amendments to AASB 101 and AASB Practice Statement 2
- Definition of Accounting Estimates Amendments to AASB 108
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction — Amendments to AASB 112
- International Tax Reform — Pillar Two Model Rules — Amendments to AASB 112.

(u) Comparative figures

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

2. REVENUE

	2024 \$	2023 \$
2(a) Revenue from continuing operations		
Revenue from contracts with customers	236,828,634	243,144,281
	236,828,634	243,144,281

2(b) Disaggregation of revenue from contracts with customers

The Group disaggregates revenue from contracts with customers by commodity, drilling type, client type and geography, as this appropriately depicts how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors.

	2024 \$	2023 \$
Commodity		
Steelmaking coal	104,718,002	94,951,195
Gold	100,171,967	99,925,713

	236,828,634	243,144,281

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

3. CASH AND CASH EQUIVALENTS

For the purposes of the Consolidated Statement of Cash Flows, cash and cash equivalents include cash on hand and in banks, net of outstanding bank overdrafts (where applicable). Cash and cash equivalents at the end of the year shown in the consolidated statement of cash flows can be reconciled to the related items in the consolidated statement of financial position as follows.

	2024 \$	2023 \$
Bank balances	16,034,832	11,107,630
	16,034,832	11,107,630

4. TRADE AND OTHER RECEIVABLES

	2024 \$	2023 \$
Trade debtors	13,887,073	19,244,542
Accrued income	15,647,039	15,255,111
Bonds and deposits	63,864	45,989
	29,597,976	34,545,642

Impairment of trade receivables

The Group establishes an allowance for impairment by utilising the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses.

During the year ended 30 June 2023, the Group recognised a trade receivables impairment relating to one of its long-term customers, Balmaine Gold Pty Ltd (Balmaine). The impairment was recognised due to Balmaine being placed into voluntary administration in March 2023 and with no payments having been received by 30 June 2023, the Group had recognised an impairment loss of \$2,007,782, net of GST, being the full amount receivable from Balmaine at the date of entering voluntary administration.

As at 30 June 2024, and following the completion of a prolonged administration process, the Group considers it highly unlikely any amounts will be recovered pertaining to this receivable and, as such, have written off the full amount of \$2,007,782 as a bad debt. This had no impact on the 2024 profit or loss.

The table below details gross and net receivables at 30 June 2024.

	2024 \$	2023 \$
Gross trade debtors	13,887,073	21,252,324
Impairment loss allowance	—	(2,007,782)
Net trade debtors	13,887,073	19,244,542

A reconciliation of the movement in the impairment loss allowance provision is shown below:

	2024 \$	2023 \$
Balance at beginning of the year	2,007,782	—
Impairment loss recognised during the year	—	2,007,782
Impairment loss reversal due to recognition of bad debt	(2,007,782)	—
Balance at end of the year	—	2,007,782

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

4(a) Credit risk and ageing of trade debtors

The class of assets described as “trade debtors” is considered to be the main source of credit risk related to the Group. The Group does not hold any collateral over these balances. The ageing of trade debtors (financial assets) is as follows:

	2024 \$	2023 \$
< 1 month	11,565,727	15,589,690
1 to 3 months	2,321,346	3,455,827
> 3 months*	—	2,206,807
	13,887,073	21,252,324

* All amounts in the >3 months category at 30 June 2023 related to Balmaine (Refer to discussion earlier in Note 4).

5. OTHER ASSETS

	2024 \$	2023 \$
Current		
Borrowing costs	—	25,000
Prepayments	2,052,711	2,258,570
	2,052,711	2,283,570

6. INVENTORIES

	2024 \$	2023 \$
Spare parts and consumables	9,780,661	8,845,195
	9,780,661	8,845,195

The cost of inventories recognised as an expense during the year in respect of continuing operations was \$24,268,194 (2023: \$25,841,847).

Net book amount	5,755,572	—	5,755,572

Refer Note 1(s) for discussion of the Group's assessment of the Goodwill carrying value.

As at 30 June 2024, Customer Contract Intangible Assets were fully amortised, with the last contract having expired in February 2023.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

8. RIGHT-OF-USE ASSETS

The Group's property lease portfolio relates to leased premises with the date of expiry ranging from December 2026 to September 2027 (FY23: May 2024 through to December 2026). In certain instances, the Group's property leases include extension options that allow the Group to extend the lease term to beyond the original termination date. These options are exercisable at the sole discretion of the Group and provide the Group with appropriate flexibility to manage leases to align with its strategies. The extension options which management were reasonably certain to be exercised have been included in the calculation of the lease liability.

AASB 16 related amounts recognised in the statement of financial position

	2024 \$	2023 \$
Right-of-use assets		
Cost	4,180,200	3,583,066
Accumulated depreciation	(2,714,197)	(2,122,087)
	1,466,003	1,460,979
Movements in carrying amounts		
Opening net book amount	1,460,979	1,772,390
Adjustment to carrying value of right-of-use asset*	597,134	218,053
Depreciation expense for the year	(592,110)	(529,464)
Net book amount	1,466,003	1,460,979

* During the year ended 30 June 2024 certain amendments were made to existing lease arrangements while a sublease arrangement was also entered into as per the following:

- (i) The Group exercised an option to renew the property lease on premises in Toronto, New South Wales for a further 12 months to May 2025 with it being deemed probable this would also be extended for a further 24 months beyond that date through to May 2027;
- (ii) A renegotiation in terms with the landlord of premises leased in Dysart, Queensland resulted in the lease term being extended through to September 2027 at an increased rent; and
- (iii) As discussed in note 20(b), a portion of the head office premises leased in Brisbane were subleased for a period through to December 2026.

The effect of these separate changes was a net increase to the Group's right-of-use lease liability with a corresponding net increase to the carrying value of the right-of-use asset.

Amounts recognised in profit or loss relating to lease liabilities

	2024 \$	2023 \$
Depreciation charge related to right-of-use assets	592,110	529,464

Lease liability ⁱⁱⁱ	1,052,335	1,119,258
	4,361,870	15,323,901

ⁱ During the year ended 30 June 2024, the Group repaid in full the Corporate Market Loan with National Australia Bank (NAB), secured by the Group in December 2019 to fund the acquisition of Deepcore.

ⁱⁱ The Group finances certain items of equipment under hire purchase agreements with an average term of 3.0 years (2023: 3.3 years) with these obligations secured by the lessor's title to goods under the contract. During the year ended 30 June 2024, new facilities were limited to the acquisition of two LFI60 surface drill rigs and accompanying equipment.

The Group's exposure to interest rate risk has been mitigated in that each individual agreement, within the wider facility, has interest rates fixed for the duration of the finance period. Effective interest rates payable under finance leases are between 3.34% and 7.55% (2023: 3.34% and 7.22%). The fair value of the finance lease liabilities is approximately equal to the carrying amount.

ⁱⁱⁱ Lease liability relating to the recognition of right-of-use assets as discussed in Note 8.

Net book amount	437,245	61,901,349	6,217,187	270,643	1,779,743	70,606,167

Depreciation expense recognised of \$25,158,133 and \$26,901,204 during the years ended 30 June 2024 and 30 June 2023 respectively, excludes depreciation of \$592,110 and \$529,464 on right-of-use assets recognised during those corresponding years (refer Note 8).

Additions of \$17,570,994 and \$12,576,346 during the years ended 30 June 2024 and 30 June 2023 respectively include amounts of \$3,736,432 and \$1,058,992 which were funded by Hire Purchase facilities as per Note 10(a).

Plant and equipment and motor vehicles comprise mainly of drilling rigs and associated vehicles and equipment. Directors and management continually monitor both domestic and overseas markets on new and used drill rig pricing and availability and as a result are of the opinion that the net written down book value of the Group's property, plant and equipment is less than its recoverable amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

13. ASSETS PLEDGED AS SECURITY

The following has been pledged as security in relation to the Group's bank overdraft and other financial liabilities.

Corporate Market Loan — National Australia Bank

This facility was obtained to fund the acquisition of Deepcore drilling with advances secured by way of a first ranking general security agreement over all present and after acquired property of all companies within the Group. The facility was repaid in full during the year ended 30 June 2024.

Bank overdraft — National Australia Bank

The advances made under this \$15m facility are secured by a first ranking general security interest over all present and after acquired property of each of the subsidiaries within the Group.

Equipment hire purchase facilities — National Australia Bank

As at 30 June 2024, the Group had entered into various individual equipment hire purchase arrangements with National Australia Bank (**NAB**). Any outstanding principal balances that exist in relation to hire purchase arrangements provided by NAB, are secured over the assets to which the equipment finance facility relates and a first ranking general security charge over the interest over all present and after acquired property of each of the subsidiaries within the Group.

Equipment hire purchase facilities — other lenders

The Group has also entered into minor equipment hire purchase facilities with other lenders. Under the terms of these facilities, security is limited to the assets to which the facility relates.

14. INCOME TAX

	2024 \$	2023 \$
Income tax expense recognised in profit or loss		
<i>Income tax expense comprises</i>		
Current tax on profit for the year	7,891,065	5,444,280
Deferred tax expense — origination and reversal of temporary differences	(3,739,887)	(2,721,800)
Adjustments recognised in current year in relation to tax of prior years	(73,198)	(50,333)
Other	16,300	—
Income tax expense	4,094,280	2,672,147
The income tax expense for the year can be reconciled to the accounting profit as follows:		
Profit before tax from continuing operations	13,268,821	10,280,762
Income tax expense calculated at 30%	3,980,646	3,084,228
Tax effect of fair value decrease to contingent consideration liability	—	(495,671)
Tax effect of other expenses that are not deductible in determining taxable profit	170,532	133,923
Adjustments recognised in current year in relation to tax of prior years	(73,198)	(50,333)
Other	16,300	—
Income tax expense	4,094,280	2,672,147

The tax rate used for 2024 and 2023 reconciliations above is the corporate tax rate of 30% payable by Australian corporate entities on taxable profits under Australian tax law.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

14(a) Deferred Tax Balances

Deferred income tax assets and liabilities are attributable to the following tax losses and temporary differences:

15. ISSUED CAPITAL

The tables below reconcile movement in the number of shares and payments for shares bought back during the years ended 30 June 2023 and 30 June 2024 respectively.

FULLY PAID ORDINARY SHARES	NO. OF SHARES	GROSS OF SHARE ISSUE COSTS \$	SHARE ISSUE COSTS \$	ISSUED CAPITAL \$
Balance at 1 July 2022	225,401,769	83,492,875	(3,251,109)	80,241,766
Shares bought back on-market and cancelled, including transaction costs	(6,762,066)	(2,469,472)	—	(2,469,472)
Balance at 30 June 2023	218,639,703	81,023,403	(3,251,109)	77,772,294
Shares issued pursuant to Executive Share and option plan	947,968	—	—	—
Shares bought back on-market and cancelled, including transaction costs	(5,664,169)	(2,218,915)	—	(2,218,915)
Balance at 30 June 2024	213,923,502	78,804,488	(3,251,109)	75,553,379

* Balance is gross of share issue costs (refer Note 16).

(i) On-market share buyback

On 14 July 2022, the Group commenced an on-market share buyback on the following key terms:

- the price paid for shares purchased under the buyback will be no more than 5% above the volume weighted average price of the Company's shares over the five days of trading prior to the purchase; and
- the number of shares purchased under the buyback will not exceed 10% of the Company's fully paid ordinary shares (approximately 24 million shares).

The buyback was extended by a further 12 months during the current financial year and is now intended to be in place until July 2025.

In the year ended 30 June 2024, the Group had bought back 5,664,169 shares (2023: 6,762,066) for a combined consideration of \$2,218,915 (2023: \$2,465,404) net of transaction costs.

Subsequent to 30 June 2024, the Group has bought back an additional 64,565 shares for a combined consideration of \$25,428, meaning, to date, the number of shares bought back total 12,490,800 shares for a combined consideration of \$4,713,815, net of transaction costs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

16. SHARE BASED PAYMENT TRANSACTIONS

	2024 \$	2023 \$
Equity-settled share-based payment transactions		
Executive share and option plan	329,462	214,608
Total expense recognised for equity-settled share-based payment	329,462	214,608

Executive share and option plan

Mitchell Services Limited operates an Executive Share and Option Plan (ESOP) for executives and senior employees of the Group. In accordance with the provisions of the plan, as approved by shareholders at a previous annual general meeting, the Board may designate a Director or employee of the Company as an eligible participant of the ESOP (Eligible Participant). The Board may offer rights, options or shares to an Eligible Participant under the ESOP. A participant is not required to pay for the grant of any rights or options or for the issue of shares.

The objectives of the ESOP are to:

- Attract and retain a high standard of managerial and technical personnel for the benefit of the Group
- Establish a method by which Eligible Participants can participate in future growth and profitability of the Group
- Provide an incentive and reward for Eligible Participants for their contributions to the Group.

Equity instruments offered under the ESOP are subject to satisfaction of certain vesting conditions (tested two years after the offer date).

The Group accounts for instruments that are still in their vesting period issued under the ESOP by recognising the fair value of the relevant equity instruments as an expense over the vesting period.

The fair value of the equity instruments is calculated at each reporting period and vesting conditions are taken into account by adjusting the number of equity instruments included in the measurement of the transaction amount so that, ultimately, the amount recognised for goods or services received as consideration for the equity instruments granted is based on the number of equity instruments that eventually vest.

(i) Measurement of fair values — Employee Option Plan

Set out below are summaries of options granted under ESOP:

	YEAR ENDED 30 JUNE 2024		YEAR ENDED 30 JUNE 2023	
	AVERAGE EXERCISE PRICE PER SHARE OPTION	NUMBER OF OPTIONS	AVERAGE EXERCISE PRICE PER SHARE OPTION	NUMBER OF OPTIONS
As at 1 July	0.656	8,655,186	0.668	8,079,729

Fair value of shares and options not yet vested at 30 June 2024

Options

The calculated fair value at 30 June 2024 of the options provisionally offered during the years ended 30 June 2023 and 30 June 2024 was \$129,725 and \$145,238 respectively and has been determined using the Black-Scholes option pricing model. Due to the deferral of the grant date until the number of options that are vested are determined, the grant date fair value has been provisionally estimated at the year-end date. Expected volatility is estimated by considering historical volatility of comparable company share prices. The inputs in the measurement of the fair value at 30 June 2024 of the equity-settled share-based payment plans offered during the years ended 30 June 2023 and 30 June 2024 were as follows:

	PROVISIONALLY OFFERED ¹ DURING YEAR ENDED 30 JUNE 2023	PROVISIONALLY OFFERED ¹ DURING YEAR ENDED 30 JUNE 2024
Share price (at 30 June 2024)	\$0.445	\$0.445
Exercise price	\$0.620	\$0.555
Expected volatility	47%	47%
Time to maturity	3.5 years	3.5 years
Risk-free interest rate	4.10%	4.10%
Dividend yield	5.38%	5.38%
Fair value per option	\$0.0898	\$0.1020
Number of options	1,606,007	1,582,115
Total fair value of options	\$129,725	\$145,238

¹ The options have been provisionally offered. These will only be granted post vesting and as such, the grant date is deferred until such time.

Relating to the above, expenses of \$70,268 (2023 offer) and \$2,017 (2024 offer) have been recognised on a life to date basis (offer date through to 30 June 2024) based on a straight-line amortisation of the fair value over the two-year vesting period. Further, a weighted probability adjustment of 90 per cent has been applied based on the estimated vesting percentage.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Shares

The calculated fair value of the shares offered during the years ended 30 June 2023 and 30 June 2024 under the ESOP was \$193,213 and \$190,337 respectively at 30 June 2024 and has been determined with reference to the closing price of the Company's fully paid ordinary shares at the end of the financial year.

Relating to the above, expenses of \$104,657 (2023 offer) and \$2,644 (2024 offer) have been recognised on a life to date basis (offer date through to 30 June 2024) based on a straight-line amortisation of the fair value over the two-year vesting period. Further, a weighted probability adjustment of 90 per cent has been applied based on the estimated vesting percentage.

Fair value of shares and options vested during year ended 30 June 2024

Options

The calculated fair value of the options that vested under the ESOP during the year ended 30 June 2024 (which were offered under the ESOP in 2022) was \$109,916 as at the vesting date of 23 June 2024 and has been determined using the Black-Scholes option pricing model. Expected volatility is estimated by considering historical volatility of comparable company share prices.

The inputs in the measurement of the fair value at vesting date of the options were as follows:

Share price	\$0.420
Exercise price	\$0.630
Expected volatility	47%
Time to maturity	3.5 years
Risk-free interest rate	3.92%
Dividend yield	5.55%
Fair value per option	\$0.0765
Number of options	1,436,806
Total fair value of options	\$109,916

Shares

The calculated fair value of the shares that vested under the ESOP during the year ended 30 June 2024 (which were offered under the ESOP in 2022) was \$181,272 as at the vesting date of 23 June 2024 and has been determined with reference to the closing price of the Company's fully paid ordinary shares.

Parent entity contingent liabilities

There are no contingent liabilities required to be disclosed as at 30 June 2024 (2023: nil).

Parent entity capital commitments

There are no capital commitments as at 30 June 2024 (2023: nil).

Parent entity guarantees in respect of the debts of its subsidiaries

The parent entity has entered into a Deed of Cross Guarantee with the effect that the Company guarantees debts in respect of certain subsidiaries. Further details of the Deed of Cross Guarantee and the subsidiaries subject to the deed are disclosed within this Note.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

19. FINANCIAL RISK MANAGEMENT

The Group's financial instruments mainly consist of deposits with banks, trade receivables and payables and borrowings and leases from financial institutions. The Board of Directors are responsible for monitoring and managing the financial risks. They monitor these risks through regular meetings with the Group's management. The Group does not enter into derivative financial instruments and does not speculate in any type of financial instrument.

Specific financial risk exposures and management thereof

The main risks the Group is exposed to through its financial instruments are interest rate risk, liquidity risk and credit risk. There have been no substantive changes in the types of risks the Group is exposed to, how these risks arise, or the Board's objectives, policies and processes for managing or measuring the risks from the previous reporting period.

19(a) Interest rate risk

The Group was previously exposed to interest rate risk on its Corporate Market Loan facility with the NAB (discussed in Note 10) as this was subject to floating interest rates however this was paid in full during the year ended 30 June 2024, while all Equipment Hire Purchase facilities are at fixed rates. A one percentage point increase/decrease in interest rates would result in a net profit after tax decrease/increase of \$nil (2023: \$42,931).

19(b) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages this risk through the following mechanisms:

- ensuring that there is access to adequate capital;
- preparing forward looking cash flow analyses in relation to its operational, investing and financial activities;
- monitoring undrawn credit facilities;
- obtaining funding from a variety of sources;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- investing surplus cash only with major financial institutions; and
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

The table below reflects the gross, undiscounted contractual maturity analysis for financial liabilities.

	CONTRACTUAL CASH FLOWS						TOTAL \$

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

19(c) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's trade and other receivables from customers. The Group has adopted a policy of only dealing with creditworthy counterparties and uses publicly available financial information and its own trading records to rate its customers. The Group's exposure and the credit ratings of its counterparties are continuously monitored to mitigate financial loss. The maximum exposure to credit risk by class of recognised financial assets at balance date, excluding the value of any collateral or other security held, is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the Consolidated Statement of Financial Position.

Details with respect to credit risk of trade and other receivables is provided in Note 4(a).

All trade and other receivables (whether due or past due) are considered to be of high credit quality. Aggregates of such amounts are detailed at Note 4(a).

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

19(d) Fair Values

Fair value estimation

The carrying values of financial assets and liabilities as detailed in the Consolidated Statement of Financial Position and these notes approximate their fair value at reporting date.

20. RELATED PARTY TRANSACTIONS

20(a) Related parties

The Group's main related parties are as follows.

(i) Entities exercising control over the Group

Note 18 details all subsidiary companies within the Group. Balances and transactions between the Company and its subsidiaries, which are related parties of the Company, have been eliminated on consolidation and are not disclosed in this note.

(ii) Key management personnel (KMP)

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether executive or otherwise) of that entity are considered KMP. Refer Note 21 for disclosures relating to KMP.

(iii) Other related parties

Other related parties include entities over which KMP have control or joint control.

20(b) Transactions with related parties

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated. The following transactions occurred with related parties during the year.

Manutech Engineering and Maintenance

The Group engages Manutech Engineering and Maintenance to purchase parts and in some instances perform repair and maintenance type services. Manutech Engineering and Maintenance is an entity controlled by Peter Miller. The amount incurred during the reporting period in relation to these services was \$29,333 including GST. Nil amounts remain owing to this related entity at the end of the reporting period.

Equipment Hub Pty Ltd

In order to satisfy specific contract requirements, the Group hired plant and equipment not available in its fleet from Equipment Hub Pty Ltd (Equipment Hub). Nathan Mitchell is a significant shareholder of Equipment Hub. Hire of plant and equipment from this related entity for the year amounted to \$739,550 including GST. In addition to equipment hire, the Group also purchased minor parts from this entity during the period, amounting to \$49,398 including GST. An amount of \$116,270 remains owing to this related entity at the end of the reporting period.

The Group also engaged Equipment Hub as a broker to sell three drilling rigs and an amount of used drill pipe to third parties. Commission of \$167,625 was paid to Equipment Hub per this arrangement. Nil amount remains receivable from the related entity at the end of the period.

Eastwest Drilling and Mining Supplies Pty Ltd

Eastwest Drilling and Mining Supplies Pty Ltd is an entity controlled by Scott Tumbridge and operate as a supplier to the Group in the ordinary course of business. During the year, Eastwest supplied parts, consumables and hire equipment with amounts charged totalling \$5,167,886. All amounts are inclusive of GST and were based on normal market rates and under normal payment terms. An amount of \$602,304 remains owing to this related entity at the end of the reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

Mitchell Family Investments (QLD) Pty Ltd

Mitchell Family Investments (QLD) Pty Ltd is an entity controlled by Nathan Mitchell. The Group leases the majority of the premises located at 112 Bluestone Circuit, Seventeen Mile Rocks Brisbane, which is owned by Mitchell Family Investments (QLD) Pty Ltd. The rent associated with this property for the reporting period amounted to \$337,660. There are also ancillary utilities charges of \$50,186 (including GST) reflected in the year. Amounts owing to this related entity at the end of the year is \$28,462.

Mitchell Group Pty Ltd

Mitchell Group Pty Ltd is an entity controlled by Nathan Mitchell. The Group and this related entity currently operate under an arrangement whereby the services of an in-house legal counsel are shared between the two entities. Net of minor outgoings recovered by the Group, invoices in relation to this shared resource totalling \$164,092, inclusive of GST, were issued to the Group by the related entity during the period with an amount of \$20,643 remaining owing at the end of the reporting period.

As referred above, the Group leases premises at 112 Bluestone Circuit (Head Office) from Mitchell Family Investments (QLD) Pty Ltd. On 7 December 2023, the Group entered into an arrangement whereby it has sublet an area of the Head Office to Mitchell Group Pty Ltd through to 31 December 2026 with an extension option. During the current year, the Group charged Mitchell Group Pty Ltd rent and outgoings totalling \$25,911 and \$17,604 respectively, both inclusive of GST, with an amount of \$8,909 remaining receivable by the Group at the end of the reporting period.

The sublease arrangement discussed above replaced a separate license deed which had been entered into on 30 November 2016, whereby Mitchell Group used a designated area within the Head Office for nil consideration and on the basis that the Group was granted the use of the Muswellbrook property (see below) for nil consideration.

Mitchell Family Superannuation Fund

Mitchell Family Superannuation Fund is an entity controlled by Nathan Mitchell. On 30 November 2016, the Group entered into a licence deed with Mitchell Family Superannuation Fund for the use by the Group of 119 Thomas Mitchell Drive, Muswellbrook for nil consideration. There were nil rental charges associated with this property and the arrangement expired during the current financial year following the Group's exit of this property.

PNG Drilling Trust

PNG Drilling Trust is an entity controlled by Scott Tumbridge. During the period, the Group hired a specialist surface rig from this entity for an amount totalling \$199,086, inclusive of GST. An amount of \$17,586 remains owing to this related entity at the end of the reporting period.

The above related party transactions were based on normal market rates and under normal payment terms.

21. KEY MANAGEMENT PERSONNEL

Key management personnel compensation

Key management personnel compensation comprised the following:

	2024 \$	2023 \$
Short-term employee benefits	1,645,585	1,691,865
Post-employment benefits	148,592	145,863
Non-monetary benefits	31,865	24,372
Other long-term benefits	20,845	21,139
Share-based payments	145,231	85,828
	1,992,118	1,969,067

Compensation of the Group's key management personnel includes salaries and non-cash benefits, and certain key management personnel also participate in the Group's Executive share and option plan (refer Note 16).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

22. AUDITOR'S REMUNERATION

During the year, the following fees were paid or payable for services provided by the auditor or its related practices:

	2024 \$	2023 \$
Audit and review of financial statements	200,000	172,845
	200,000	172,845

23. CAPITAL COMMITMENTS

As at 30 June 2024, the Group had capital commitments of \$3,414,046 (2023: \$868,840), which includes the order of a new LF160 drill rig and freedom loader, with the remainder mainly relating to certain items of drilling equipment and improvements to existing plant and equipment.

24. EARNINGS PER SHARE

	2024 \$	2023 \$
Basic earnings per share		
From continuing operations (cents per share)	4.3	3.4
Diluted earnings per share		
From continuing operations (cents per share)	4.2	3.4
Basic earnings per share is calculated using earnings and weighted average number of ordinary shares as follows:		
Profit/(loss) for the year attributable to owners	9,174,541	7,608,615
Weighted average number of ordinary shares	214,714,400	221,688,800
Diluted earnings per share is calculated using earnings and weighted average number of ordinary shares as follows:		
Profit/(loss) for the year attributable to owners	9,174,541	7,608,615
Weighted average number of ordinary shares	216,082,298	221,688,800

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2024

25. SUPERANNUATION CONTRIBUTIONS

The Group contributes superannuation on behalf of qualifying employees to superannuation funds. The Group is required to make specified contributions in accordance with contractual employment and statutory obligations. The total expense recognised in the statement of profit or loss and other comprehensive income of \$10,874,060 (2023: \$10,785,296) represents the contributions payable by the Group to these plans in accordance with contractual employment and statutory obligations. As at 30 June 2024, contributions of \$788,314 due in respect of the 2024 financial year (2023: \$963,764) had not been paid over to the plans. These amounts were paid subsequent to the end of the 2024 financial year.

26. OPERATING SEGMENTS

26(a) The Group operates primarily within Australia, providing services wholly to a discrete industry segment (provision of drilling services to the mining industry). These geographic and operating segments are considered based on internal management reporting and the allocation of resources by the Group's chief decision makers (Board of Directors). On this basis, the financial results of the reportable operating and geographic segments are equivalent to the financial statements of the Group as a whole and no separate segment reporting is disclosed in these financial statements.

26(b) The Group generates revenue from external customers who individually account for greater than 10% of the Groups total revenue. The below table sets out the applicable revenue percentage generated from each of these customers.

	2024 %	2023 %
External Customer 1	27.40%	28.51%
External Customer 2	8.97%	13.00%
External Customer 3	7.93%	12.25%
External Customer 4	10.69%	5.47%

27. EVENTS AFTER THE REPORTING DATE

On-market share buyback

Refer Note 15 which discusses details of shares bought back subsequent to 30 June 2024.

Dividend declaration

On 21 August 2024 a final unfranked dividend of 2.00 cents per share was declared for the year ended 30 June 2024. The total estimated dividend is \$4,277,179 and is payable on 16 September 2024 to Mitchell Services Limited shareholders on the share register at 29 August 2024.

Other than the matters noted above, there has not been any matters or circumstance occurring subsequent to the end of the reporting period that have significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in the future.

Determination of Tax Residency

In determining tax residency, the consolidated entity has applied the following interpretations:

Australian tax residency

The consolidated entity has applied current legislation and judicial precedent, including having regard to the Commissioner of Taxation's public guidance in *Tax Ruling TR2018/5*.

DIRECTORS' DECLARATION

For the year ended 30 June 2024

1. In the opinion of the directors of Mitchell Services Limited ("the Company"):
 - a. the consolidated financial statements and notes, as set out on pages 34 to 75 and the Remuneration report on pages 16 to 25 in the Directors' report, are in accordance with the *Corporations Act 2001*, including:
 - i. giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance, for the financial year ended on that date; and
 - ii. complying with Australian Accounting Standards and the Corporations Regulations 2001; and
 - b. the Consolidated entity disclosure statement as at 30 June 2024 set out on page 76 is true and correct; and
 - c. there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
2. There are reasonable grounds to believe that the Company and the group entities identified in Note 18 will be able to meet any obligations and liabilities to which they are or may become subject to by virtue of the Deed of Cross Guarantee between the Company and those group entities pursuant to *ASIC Corporations (Wholly owned Companies) Instrument 2016/785*.
3. The Directors have been given the declarations required by s 295A of the *Corporations Act 2001* from the Chief Executive Officer and Chief Financial Officer for the financial year ended 30 June 2024.
4. The directors draw attention to Note 1 to the consolidated financial statements which includes a statement of compliance with International Financial Reporting Standards.

Signed in accordance with a resolution of the directors:

Nathan Andrew Mitchell

Executive Chairman

Dated at Brisbane this 21st day of August 2024

Independent Auditor's Report

To the shareholders of Mitchell Services Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Mitchell Services Limited (the Company).

In our opinion, the accompanying Financial Report of the Company gives a true and fair view, including of the **Group's** financial position as at 30 June 2024 and of its financial performance for the year then ended, in accordance with the *Corporations Act 2001*, in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Consolidated statement of financial position as at 30 June 2024;
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity, and Consolidated statement of cash flows for the year then ended;
- Consolidated entity disclosure statement and accompanying basis of preparation as at 30 June 2024;
- Notes, including material accounting policies;
- Directors' Declaration.

The **Group** consists of the Company and the entities it controlled at the year-end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Liability limited by a scheme approved under Professional Standards Legislation.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

This matter was addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Revenue recognition (\$236,828,634)

Refer to Note 2 to the Financial Report

The key audit matter	How the matter was addressed in our audit
The Group's revenue is generated from the provision of drilling services to the exploration, mining and energy industries. Revenue from contracts with customers was a key audit matter due to the quantum of the balance, and the significant audit effort we have applied in assessing the Group's recognition and measurement of revenue throughout the period. This was the result of the: • High volume of service contract revenue transactions, with varying rates charged under each contract. • The Group's judgement involved in applying the requirements of AASB 15 Revenue from Contracts with Customers in identifying the performance obligations within the contracts; and • Manual interface of the Group's systems with the general ledger, when in combination with a high volume of activity, presents conditions for transactions to be recorded incorrectly. In assessing this key audit matter, we involved senior audit team members who understand the Group's business, industry and the economic environment it operates in.	Our procedures included: • Obtaining an understanding of the nature of the revenue and the related revenue recording processes, systems and controls. This included the manual interface between the drilling report system and the general ledger. • Evaluating and challenging the appropriateness of the Group's accounting policies for revenue recognition against the requirements of AASB 15 and our understanding of the business. • Assessing a sample of customer contracts to understand the key terms of the arrangements and the Group's determination of the performance obligations. • Utilising rules-based analytics to identify gross revenue transactions with specific characteristics to focus our further testing. We tested a sample to underlying documentation. This included assessing: • Existence of an underlying arrangement with the customer to signed customer contracts; • Amounts invoiced to customers as sourced from the general ledger against daily drilling reports as sourced from the drilling report system, rates per the respective contract and subsequent receipt from the customer; and • The timing and completion of performance obligations against underlying evidence of daily drilling reports and the Group's revenue recognition policies.

Key Audit Matters (continued)

Revenue recognition (\$236,828,634) (continued)

	• Testing a sample of revenue recognised by the Group during the period under audit, and one month subsequent to period end, to the underlying customer signed or acknowledged invoices and daily drilling reports to check revenue recognition in the correct period; • Evaluating the Group's disclosures against our understanding obtained through our testing and the requirements of AASB 15.

Other Information

Other Information is financial and non-financial information in Mitchell Services Limited's annual report which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of Mitchell Services Limited, and in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Mitchell Services Limited, and that is free from material misstatement, whether due to fraud or error;
- assessing the Group and Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group and Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: https://www.auasb.gov.au/admin/file/content102/c3/ar1_2020.pdf. This description forms part of our Auditor's Report.

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Mitchell Services Limited for the year ended 30 June 2024, complies with Section 300A of the Corporations Act 2001.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included in pages 16 to 25 of the Directors' report for the year ended 30 June 2024.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.
