CLEANSING NOTICE UNDER SECTION 708A(12C)(e) OF THE CORPORATIONS ACT 2001 (CTH)

1. Summary

- 1.1 This cleansing notice (**Cleansing Notice**) is issued by Mayne Pharma Group Limited ABN 76 115 832 963 (**Company**) under section 708A(12C)(e) of the *Corporations Act 2001* (Cth) (**Corporations Act**) as amended by *ASIC Corporations (Sale Offers: Securities Issued on Conversion of Notes) Instrument 2016/82* (**ASIC Instrument**).
- 1.2 This Cleansing Notice is important and should be read in its entirety.
- 1.3 Neither ASIC nor ASX take responsibility for the contents of this Cleansing Notice.

2. Background

- 2.1 As announced to ASX on 5 December 2022, the Company entered into an exclusive license agreement with TherapeuticsMD, Inc. for three branded women's health products and a portfolio of prenatal vitamins in the US (**License Agreement**). The total consideration payable by the Company at closing is approximately US\$140 million plus US\$13.1 million for acquired working capital and prepaid royalties (**Consideration**). The Company has secured funding for a portion of the Consideration, of up to US\$24,950,000 from Rubric Capital Management LP (**Investor**) by way of the issue of 27,950 convertible notes with a face value of US\$1,000 each (**Notes**) to the Investor.
- 2.2 On 29 December 2022, the Company entered into a convertible note subscription agreement with the Investor which sets out the terms on which the Notes will be issued to the Investor (**Convertible Note Agreement**) and a convertible note deed poll which sets out the terms of issue of the Notes (**Note Deed Poll**).
- 2.3 The Directors of the Company consider that the entry into the Convertible Note Agreement, the Note Deed Poll and the issue of the Notes is in the best interests of shareholders of the Company (**Shareholders**) as it enables the Company to pay a portion of the Consideration.
- 3. The Notes will be issued without disclosure under Part 6D.2 of the Corporations Act and do not require Shareholder approval.
- 4. The purpose of this Cleansing Notice is to enable the fully paid ordinary shares in the capital of the Company (**Shares**) that may be issued on conversion of the Notes to be on-sold without further disclosure.

5. Contents of this Cleansing Notice

This Cleansing Notice sets out:

- (a) in relation to the Notes:
 - (i) the effect of the issue on the Company; and
 - (ii) a summary of the rights and liabilities attaching to both the Notes and the Shares that will be issued on conversion of the Notes.
- (b) any information that:
 - (i) has been excluded from continuous disclosure notices in accordance with the ASX Listing Rules; and
 - (ii) is reasonably required by investors or their professional advisers to make an informed assessment of:
 - (A) the Company's assets and liabilities, profits and losses, financial position, performance, and prospects; and
 - (B) the rights and liabilities attaching to the Notes; and

- (c) other information relating to the Company's status as a disclosing entity.

6. Overview of the effect of the issue on the Company

The principal effect of the issue of the Notes on the Company is as follows:

- (a) the Company's cash reserves will be increased by US\$27,950,000 (A\$41,163,476)¹ on the issue of the Notes on or about 31 December 2022 but will be reduced by US\$3,000,000 (A\$4,418,262)² on 1 June 2023 (before costs associated with the issue of the Notes to the Investor);
- (b) the number of convertible notes on issue in the Company will increase from nil to 27,950;
- (c) the Company's indebtedness will be increased by an aggregate face value of the Notes (US\$27,950,000) (A\$41,163,476),³ plus all accrued but not paid interest. However, interest on the Notes is due and payable in cash at the end of every calendar quarter period; and
- (d) if the Notes are converted, this will dilute the holdings of existing Shareholders. The effect of the conversion of the Notes on the Company's capital structure is shown in section 9 below.

7. Pro-forma statement of financial position after the issue of Notes

7.1 Set out below is a pro-forma statement of the Company's financial position as at 30 June 2022, based on the Company's financial statements included in the Company's annual financial report for the year ended 30 June 2022, lodged with ASX on 13 October 2022 (**Annual Financial Report**), adjusted to reflect the issue of the Notes.

7.2 The pro-forma statement of financial position:

- (a) has been prepared in accordance with the Company's usual accounting policies under Australian Accounting Standards;
- (b) is presented in abbreviated form in so far as it does not include all the disclosures required by the International Financial Reporting Standards as issued by the International Accounting Standard Board applicable to annual financial statements;
- (c) is not audited;
- (d) assumes a foreign exchange rate of A\$1.00 to US\$0.6892, which is the rate used for preparation of the annual financial report for the year ended 30 June 2022;
- (e) does not include any adjustments for the sale of the Metrics Contract Services business, deconsolidation of Inhibitor Therapeutics Inc or any other events that have occurred between 30 June 2022 and the date of this document;
- (f) has been prepared on the basis that the Notes include embedded derivatives (the conversion component for which the Note terms adjust the security into a variable number of Shares in the Company). The debt host component of the Notes is initially recognised as financial liabilities at fair value (with fair value equating to the proceeds received) and subsequently, the debt is measured at amortised cost. Any movements in the fair value of the embedded derivative and effective interest associated with the debt host component will be recognised in the Company's statement of profit or loss has been provisionally prepared for the Notes, accordingly, the allocations between liabilities and equity detailed therein are subject to future change;

¹ Foreign exchange rate for conversion is US\$0.679 to A\$1.00.

² Foreign exchange rate for conversion is US\$0.679 to A\$1.00.

³ Foreign exchange rate for conversion is US\$0.679 to A\$1.00.

	Item	Description

Except with the written consent of the Noteholder, the Company must not, and must ensure that each other Group Company does not create or allow to exist or agree to any Encumbrances over any of the Notes or underlying Ordinary Shares to secure any Financial Indebtedness.
17	Board observer right	On and from the Issue Date, the Investor may from time to time appoint, remove and replace one representative (Board Observer) who is agreed with the Company to attend, as a non-voting observer, each meeting of the Board. The Board Observer may attend and speak at a meeting of Directors but may not vote or exercise any other rights of a Director. Subject to the requirements of a Conflicts and Confidentiality Protocol agreed between the Company and the Investor, the Board Observer will be provided with all the information that a Director is entitled to receive at the same time as it is provided to the Directors. The Investor's right to nominate the Board Observer will terminate on the earlier of: (a) breach by the Investor of the standstill provisions under the Convertible Note Agreement which, if capable of remedy, has not been remedied within 5 business days of notice by the Company specifying the breach; (b) breach by the Investor or the Board Observer of any of the provisions of the Conflicts and Confidentiality Protocol (to be entered into by the Company, the Board Observer and the Investor), which, if capable of remedy, has not been remedied within 5 business days of notice by the Company specifying the breach; (c) redemption in full under the Note Deed Poll; or (d) the date (which must be no sooner than 6 months after the Issue Date) on which the Shares held by the Investor and Shares to be issued on Conversion of the Notes (if any) represent (on an as converted basis) an aggregate of less than 9.5% of the Ordinary Shares then on issue in the Company.
18	Standstill provisions	The Investor, the Investor's affiliates and the Board Observer will be subject to certain standstill provisions under the Convertible Note Agreement, for the period from the date of the document until the earlier of: • Redemption in full of the Notes or repayment in full of all obligations under the Notes; or • Four years after the Issue Date.

21	Warranties and indemnities	The Investor and the Company each provide customary warranties and representations to each other party under the Convertible Note Agreement. Each of the Company warranties survives and continues to have full force and effect after the execution of the Convertible Note Agreement.

	Item	Description
		The maximum aggregate liability of the Company for claims by the Investor for a breach of one or more Company warranties is limited to an amount equal to the Subscription Amount paid by the Investor. An Investor is not entitled to recover any loss under a claim for a breach of a Company warranty unless the claim meets certain financial thresholds. An Investor cannot make any claim for a breach of a Company warranty unless: (a) the Investor gives to the Company notice of the claim within 18 months after the Completion Date; and (b) the Investor has commenced formal legal proceedings for the recovery of the losses under the claim no later than 6 months after the date of that notice.
22	Restrictions on transfer	Any transfer of Notes or assignment by a party of rights and/or obligations under the Convertible Note Agreement, shall be subject to prior written approval of the Company.

11. Rights and liabilities attaching to the Shares issued on conversion of the Notes

- 11.1 The Shares issued to the Investor on the conversion of the Notes under the Convertible Note Agreement will rank equally in all respects with all of the Company's existing Shares.
- 11.2 The rights attaching to Shares, including new Shares to be issued to the Investors on the conversion of the Notes, are set out in the Company's constitution (**Constitution**), and in certain circumstances are regulated by the Corporations Act and the ASX Listing Rules.
- 11.3 The following is a broad summary of the more significant rights, privileges and restrictions attaching to the Shares. The summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of shareholders in the Company. The summary is qualified by the full terms of the Constitution (a full copy of which can be obtained from the Company on request free of charge). These rights and liabilities can involve complex questions of law arising from an interaction of the Constitution with statutory and general law requirements. For a shareholder to obtain a definitive assessment of the rights and liabilities which attach to Shares in any specific circumstances, the shareholder should seek legal advice.

Item	Comments
Voting	Subject to any rights or restrictions for the time being attached to any class or classes of shares, at a general meeting of the Company every holder of Shares present in person or by an attorney, representative or proxy has one vote on a show of hands (unless a member has appointed 2 proxies or has appointed a proxy who is also a member, in which case the proxy or proxies has or have no vote on a show of hands) and one vote per Share on a poll. A person who holds an ordinary share which is not fully paid is entitled, on a poll, to a fraction of a vote equal to the proportion which the amount paid bears to the total issue of that share. Where there are 2 or more joint holders of a Share and more than one of them is present at a general meeting, in person or by proxy, attorney or representative, and tender a vote in respect of the Share, the Company will count only the vote cast by, or on behalf of, the member whose name appears first in the Company's register of members.
Dividends	Subject to the Corporations Act, the Board of the Company may by resolution declare a dividend or determine a dividend is payable, and may fix the amount, time for and method of payment. Subject to the terms of issue of the shares, the Company may pay a dividend on one class of shares to the exclusion of another class. Each share of a class on which the Board of the Company resolves to pay a dividend carries the right to participate in the dividend in the same proportion that the amount for the time being paid on the share (excluding any amount paid in advance of calls) bears to the total issue price of the share.
Issue of further shares	The Board of the Company may, on behalf of the Company, issue, grant options over or otherwise dispose of unissued shares to any person on the terms, with the rights, and at the times that the Board of the Company decides.

Item	Comments
	However, the Board must act in accordance with the Constitution, the ASX Listing Rules, the Corporations Act and any rights for the time being attached to the classes of those shares.
Variation of class rights	Subject to the Corporations Act, if the Company issues different classes of shares or divides shares into different classes, the rights attached to the shares in any class may be varied or cancelled only with the written consent of the holders of at least three-quarters of the issued shares of the affected class, or by special resolution passed at a separate meeting of the holders of the issued shares of the affected class.
Transfers of shares	Subject to the Constitution, the Corporations Act and the ASX Listing Rules, Shares are freely transferable. The Board of the Company may refuse to register a transfer of Shares only if that refusal would not contravene the ASX Listing Rules and the ASX Settlement Operating Rules. If the Board of the Company refuses to register a transfer, the Company must give the lodging party notice of the refusal and the reasons for the refusal within 5 business days after the date on which the transfer was delivered to it. The Board must not register a transfer of Shares if the Constitution, the Corporations Act, the ASX Listing Rules or the ASX Settlement Operating Rules forbid registration.
Partly paid shares	The Board may, subject to compliance with the Constitution, the Corporations Act and the ASX Listing Rules, issue partly paid ordinary shares upon which there are outstanding amounts payable.
Unmarketable parcels	The Board may sell a share that is part of an Unmarketable Parcel in accordance with the constitution. Once in any 12 month period, the Board of the Company may give written notice to a member who holds an Unmarketable Parcel, that it intends to sell the Unmarketable Parcel on a date that is not less than 6 weeks from the date of the notice. If the member tells the Company that they wish to retain the Unmarketable Parcel, the Company cannot sell the Unmarketable Parcel.
General meetings and notices	Each member is entitled to receive notice of, and to attend and vote at, general meetings of the Company and to receive all notices, accounts and other documents required to be sent to members under the Constitution, the Corporations Act or the ASX Listing Rules.
Winding up	Subject to the terms of issue of shares, if the Company is wound up, members will be entitled to participate in any surplus assets of the Company in proportion to the percentage of the capital paid up on their Shares.
Preference shares	The Company may issue preference shares (including preference shares that are liable to be redeemed). The rights attached to preference shares are, unless other rights have been approved by special resolution of the Company, the rights set out in or determined in accordance with the Constitution.
Variation of the Constitution	The Corporations Act provides that the Constitution may be modified or repealed and replaced by a special resolution passed by the members of the Company. The Constitution does not provide for any further requirements to be complied with to effect a modification of, or to repeal and replace, the Constitution.
Share buy-backs	Subject to the provisions of the Constitution, Corporations Act and the ASX Listing Rules, the Company may buy back Shares in itself on terms and at times determined by the Board of the Company
ASX Listing Rules	As the Company is listed to the official list of ASX, the Constitution provides that notwithstanding anything in the Constitution, if the ASX Listing Rules prohibit an act being done, the act must not be done. Nothing in the Constitution prevents an act being done that the ASX Listing Rules require to be done. If the ASX Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be). If the ASX Listing Rules require the Constitution to contain a provision or not to contain a provision, the Constitution is deemed to contain that provision or not to contain that provision (as the case may be). If a provision of the Constitution is or becomes inconsistent with the ASX Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.
