Completion of $1.2 Million Capital Raising

Diamond drilling rig mobilising to site

Nagambie Resources Limited (ASX: NAG, Nagambie or the Company) is pleased to advise, further to the Company's announcement dated 1 August 2025, of the completion of the $1.2 million capital raising (before costs) for continued drilling at the 100%-owned Nagambie Mine and updating of the current JORC MRE (Mineral Resource Estimate).

DIAMOND DRILLING AND UPDATING OF JORC MRE

- Diamond drilling rig being mobilised to site this week.
- First drillholes will follow up the recent exciting C4 lode discovery intersection which returned: **7.3m at 40.5 g/t AuEq (7.0% Sb**, 1.8 g/t Au) from 154m (1.83m EHT) in NAD056 (refer NAG ASX release 5 May 2025).
- In summary, the current JORC Inferred Resource figures are (refer NAG ASX release 15 November 2024):

Resource Tonnes	539,000 tonnes
Gold (Au) Oz in-the-ground	58,000 oz Au
Antimony (Sb) tonnes in-the-ground	20,800 tonnes Sb
Gold Equivalent Oz in-the-ground	**322,000 oz AuEq**
Gold Grade	3.3 g/t Au
Antimony Grade	3.9% Sb
Gold Equivalent Grade	**18.6 g/t AuEq**

The MRE will be progressively updated when the Competent Person considers that sufficient new drill results have been received to justify the MRE being updated. The Competent Person confirms that he is not aware of any new information or data that materially affects the current MRE and that all material assumptions and technical parameters underpinning the current MRE continue to apply and have not materially changed.

This announcement has been authorised by the directors of Nagambie Resources Limited.

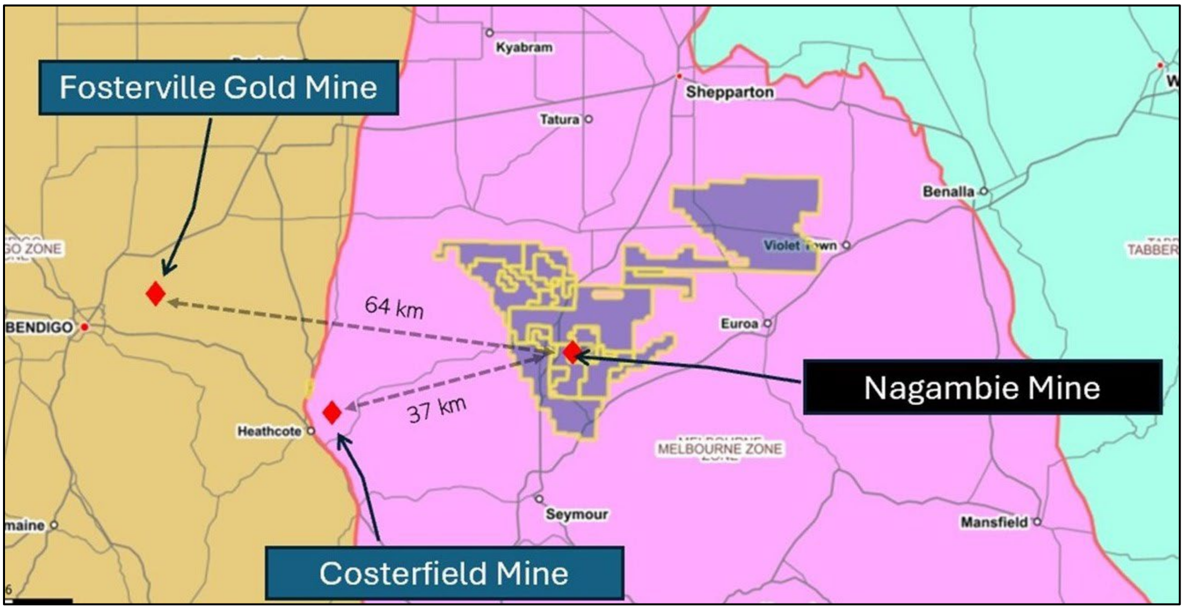
Adam Jones has sufficient experience, which is relevant to the style of mineralisation and type of deposit under consideration and to the activities undertaken, to qualify as a Competent Person as defined in the 2012 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (The JORC Code). He consents to the inclusion in this report of the matters based on his information in the form and context in which it appears.

ABOUT NAGAMBIE RESOURCES

Flagship project is the 100%-owned Nagambie antimony-gold project which encompasses the historic Nagambie mine. The discovery of antimony (Sb) and gold (Au) in multiple vein systems at the Nagambie Mine is of national significance given the vital importance of antimony to the economies and defence capabilities of many nations including the US, Canada, UK, Europe, Japan and Australia. Nagambie already holds a Mining Licence over the discovery, giving the project a clear path to development.

Nagambie's 1,000 sq km of tenements are located near the gold-antimony mines at Fosterville (Agnico Eagle) and Costerfield (Mandalay Resources/Alkane Resources).



NO NEW INFORMATION

This announcement contains references to prior exploration results, all of which have been cross-referenced to previous market announcements made by the Company. The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcements.

FORWARD-LOOKING STATEMENTS

This report contains "forward-looking statements" within the meaning of securities laws of applicable jurisdictions. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "expect", "target", "intend", "plan", "estimate", "anticipate", "believe", "continue", "objectives", "outlook", "guidance" or other similar words, and include statements regarding certain plans, strategies and objectives of management and expected financial performance. These forward-looking statements involve known and unknown risks, uncertainties and other factors, many of which are outside the control of Nagambie Resources and any of its officers, employees, agents or associates. Actual results, performance or achievements may vary materially from any projections and forward-looking statements and the assumptions on which those statements are based. Exploration potential is conceptual in nature, there has been insufficient exploration to define a Mineral Resource and it is uncertain if further exploration will result in the determination of a Mineral Resource. Readers are cautioned not to place undue reliance on forward-looking statements and Nagambie Resources assumes no obligation to update such information.
