### About Nutritional Growth Solutions

Nutritional Growth Solutions is a U.S. based health, nutrition, and wellness company. NGS develops, produces and sells clinically tested nutritional supplement formulas for children following 20 years of medical research into pediatric nutrition. The nutritional supplements market has experienced tremendous growth in recent years, but most attention has been focused on adult users and children under three years of age. The three-to twelve-year-old consumers represent a larger market opportunity, and NGS is highly differentiated from its competitors with clinically tested products and an expanding product portfolio to capture this market opportunity.
