

COMPANY ANNOUNCEMENT

5 August, 2009

UK regulatory clearance for AH Marks acquisition

The UK Competition Commission has notified Nufarm that it has fulfilled its obligations in relation to remedies associated with the AH Marks acquisition (completed March, 2008).

Effective immediately, Nufarm is no longer required to abide by the interim ('Hold Separate') undertakings and will proceed with the full integration of the business.

Nufarm's Managing Director, Doug Rathbone, said there are considerable benefits to be realised from the integration and the company will work hard to capture those benefits as quickly as possible.
