

25<sup>th</sup> June 2020

### **ASX Announcement – FeverTel Medical Device TGA registration**

Lifespot Health Ltd (“Company”) is pleased to provide an update on the launch of its FeverTel platform.

The Company is pleased to announce that on 24<sup>th</sup> June 2020 it received notification from the Therapeutic Goods Administration (TGA) that its FeverTel dual mode (ear & forehead) infrared thermometer is now listed as a Class II a medical device on the Australian Register of Therapeutic Goods (ARTG). The first batch of devices are in stock and ready for sale.

As previously announced, the Company’s BodyTel™ platform is being extended to incorporate Bluetooth enabled thermometers to support individual, family and organisational monitoring of body temperature and manual entry of flu and virus-related symptoms. The Company believes this will help individuals better monitor their condition, will provide healthcare professionals with reliable ongoing information and provide organisations with ongoing “back-to-office” duty of care.

FeverTel Ear and Forehead Thermometer

TGA registration ARTG 338311

Further updates will be provided in due course.
