NEXTDC's Perth (P1) achieves ISO9001:2008 certification

NEXTDC Limited (ASX:NXT) ("NEXTDC" or "the Company") is pleased to announce that the Company has achieved the ISO9001:2008 quality management system certification for its Perth (P1) data centre.

The achievement recognises that NEXTDC operates a quality management system which complies with the requirements of ISO9001:2008 for the design, development and provision of secured data centre infrastructure and associated services.

In mid 2013 NEXTDC achieved ISO9001:2008 certification for its Brisbane head office, and Brisbane (B1), Melbourne (M1) and Canberra (C1) data centres.

About NEXTDC

As a leading Data-Centre-as-a-Service (DCaaS) provider, NEXTDC is revolutionising cloud computing in Australia.

An ASX300 company and the only independent data centre operator with a footprint in 5 capital cities in Australia, NEXTDC offers a range of flexible, resilient and secure colocation services to corporate, government and IT services companies.

NEXTDC's purpose-built facilities have been designed to address the market's growing appetite for energy-efficient carrier-neutral data centres in which organisations can host critical IT infrastructure and selectively source services using a diverse national ecosystem.

NEXTDC is *where the cloud lives*TM.
