

ASX ANNOUNCEMENT

01 December 2015

OBJECTIVE CORPORATION AWARDED CONTRACT WITH INFOR FOR CITY OF GOLD COAST DIGITAL TRANSFORMATION

[Objective Corporation](#) (ASX:OCL) today announced it had been awarded a new contract with Infor Australia at the City of Gold Coast.

The contract is worth in excess of \$5 million to Objective over the next 11.5 years.

To be delivered as a subscription service, Objective will provide Enterprise Content Management (ECM) as an integral component of Infor's Local Government Platform (LGP).

The LGP represents a major transformation program for City of Gold Coast ICT services. The solution will replace more than 40 separate systems that currently support mission critical business at the City of Gold Coast including: property; rating and billing; utility services; licencing; development applications and many more.

Tony Walls, CEO of Objective Corporation said, "We are delighted to be working with Infor to deliver such a significant, transformational project to the City of Gold Coast.

"This is a substantial Managed Service contract for Objective with many organisations preferring active management of the end-to-end solution being delivered by reputable vendors rather than owning and operating ICT infrastructure and applications," said Mr Walls.
