## INDUSTRY SOLUTIONS

### **Solutions proven to add value for specific industries.**

We continue to develop solutions for specific, repeatable scenarios faced by the public sector and regulated industries.

These solutions meet known demand within the key vertical markets that we operate, and are brought to market built on proven software together with deep domain knowledge and experience in working with customers in these industries.

The solutions combine multiple Objective core products and process-specific technology. They are proven to deliver value and are significantly faster to implement than platform-only technology, representing excellent value for customers.

## PRODUCT LAUNCHES

During FY2017, our commitment to developing outstanding products resulted in major launches across the portfolio. We've responded to existing market demand while expanding addressable markets with solutions that complement products we previously competed against.

### **Objective ECM**

**ECM 10** – major generational upgrade of our core solution with a significantly enhanced user experience, passionately embraced by customers.

**Objective Insights** – visual reporting dashboards and analytics empowering managers to monitor and improve information governance in their organisation.

**Objective Perform** – a stand-alone solution that automates and streamlines content-driven processes, regardless of the underlying information management repository.

### **Objective PERFORM**

**Perform for HPE Content Manager** – process automation for HPE Content Manager customers that retains their information governance and security models.

**Objective Insights for Perform** – visual reporting dashboards and analytics that empower managers to monitor and improve process governance throughout their organisation.

### **Objective KEYSTONE**

**Keystone 5** – accelerates the document production process for customers with an updated and re-designed user experience that is intuitive and appealing to all content contributors.

### **Objective CONNECT**

**Connect for SharePoint** – secure external collaboration for SharePoint customers globally, increasing our addressable market.

**Multi Workgroups** – provides collaboration as a service for clusters of agencies or multiple departments regardless of their underlying information management platform; Objective ECM, HPE Content Manager, Microsoft SharePoint.

### **Objective TRAPEZE**

**Trapeze 10** – completely re-designed user experience that simplifies users' engagement with the solution trimming assessment times while improving accuracy.

“Through constant innovation and investment, we have built a globally competitive software company with millions of users in over 60 countries.”

**Dear fellow shareholders,**

I am pleased to present Objective Corporation's annual report for the financial year ending 30 June 2017.

This year marks the 30th anniversary of the founding of Objective Corporation. Through constant innovation and investment, we have built a globally competitive software company with millions of users in over 60 countries.

In creating outstanding software, we expect constant change; we expect to respond to market forces, we expect to be pushed by our customers and through investment in research and development we compel ourselves to continually innovate; yet it is refreshing to observe that our fundamental purpose; to bring governance and efficiency to the organisations our community depends on, remains core to all that we do here at Objective.

**FY2017 was truly transformative for Objective Corporation**

Overall, FY2017 was a significant year in proving our ability to execute on our strategy. We delivered outstanding new products across our portfolio, had great success with customers, grew revenue and profits to record levels while establishing partner relationships that open new markets for Objective.

The company's performance over the year is the result of the incredible effort made every day by our staff. We hire intelligent, talented people; and their commitment over many years, to deliver value to our customers is the foundation of our success. I take this opportunity to thank each of them for their valued contribution.

Group revenue grew by 25% to \$62.6 million (FY2016: \$50.2 million). Net profit after tax increased by 56% to \$8.2 million (FY2016: \$5.3 million). Our cash balance at 30 June 2017 was \$16.9 million, an increase of \$4.5 million over 30 June 2016.

Maintaining these high levels of growth while transitioning a greater proportion of our revenue to annual subscription-based contracts was a challenge we met. The annual recurring revenue (ARR) balance at 30 June 2017 of \$38 million, reflecting an increase of 15% over 30 June 2016, increases the stability of earnings and underpins our future financial performance.

REVENUE  
GROWTH

25%

INCREASE  
IN NPAT

56%

Our long-term investment philosophy in research and development translated into major launches across our product portfolio. Feedback from customers was extremely positive and this is reflected in the record financial performance for the year, where all business lines increased revenue and operating margins.

During the year we invested \$12.9 million in research and development (R&D), up 14% on the previous year. The company fully expenses R&D in the year that it is incurred. While this is an increasingly unpopular trend in the sector, we believe this conservative accounting treatment best represents true profitability after factoring in all strategic investments.

This investment produced major new versions in all product lines; Objective ECM 10, Objective Perform, Objective Keystone Version 5, Objective Trapeze 10 and significant new functionality within Objective Connect.

Whilst these product updates introduced enhanced functionality to existing customers, they also increased the size of our addressable market with new solutions designed to work with other document and records repositories.

“

The company's performance over the year is the result of the incredible effort made every day by our staff. We hire intelligent, talented people; and their commitment over many years, to deliver value to our customers is the foundation of our success. I take this opportunity to thank each of them for their valued contribution.”

We launched Objective Perform for HPE Content Manager – a process automation solution that utilises content stored in HPE Content Manager, a solution which is used by more than 2,000 organisations around the globe.

We also launched Objective Connect for Microsoft SharePoint, allowing 75,000 SharePoint customers to securely and quickly collaborate with people external to their organisations.

Developing solutions that complement and enhance such widely used technology creates significant growth opportunities for our product portfolio.

We enter FY2018 with confidence. The outlook is very positive, albeit with the historical skew to H2. We will continue to build on the progress and successes of the past year to grow each of our business lines.

Our loyal customers, staff and shareholders are the foundation of our success. The Board and management of Objective Corporation would like to thank each of them for their support. We are excited by the position we are in at this time and we look forward to sharing our future success with you.

**Tony Walls**  
Chief Executive Officer

## **Objective** ECM

Leverage information and processes across the enterprise

### SALES REVENUE

**\$52.0M** 20%↑

### OPERATING PROFIT

**\$13.0M** 35%↑

#### Record financial performance

Growth in both perpetual and subscription licence revenue drove a 20% increase in total revenue to \$52 million, together with an operating margin of 25% continued the strong financial performance for this business line.

#### Research & Development – major product launches

Objective ECM 10 was released to unprecedented customer demand, with more than half of our ECM customers now upgraded to take advantage of its significantly enhanced user experience and mobile capability.

Expanding our addressable market, Objective Perform was launched. De-coupling Objective's proven workflow technology from Objective ECM and injecting a modern, redesigned user experience, Objective Perform is a process automation solution that works with other information or content repositories such as the widely used HPE Content Manager and globally pervasive Microsoft SharePoint. It allows customers to automate content driven business processes whilst retaining their existing information governance platform.

#### Cloud transition for customers

Objective Managed Services continued to grow. Evolving from hybrid cloud and on-premise environments, several customers transitioned to full ECM as a Service hosted in the Microsoft Azure hyper-cloud. It is a significant step forward for this business and evidence of a maturing trend we expect to continue.

#### Major contracts

Progress continued on the \$10+ million contract with IBM to deliver the End User Compute project at the Australian Department of Defence. This contract cements the 10 year plus relationship between Objective and Defence, transitioning the organisation to Objective ECM 10, providing more than 85,000 users with access to our latest product innovations.

The Scottish Government extended its contract for a further 5 years, re-launching Objective ECM in the Browser to 8000 users across the government, for improved business process automation and mobile access together with external collaboration through Objective Connect.

#### New customers

New Objective ECM customers included the South Australian Attorney-General's Department, the Australian Electoral Commission, Goulburn Murray Water and SA Water in Australia; and Kent County, South Lanarkshire and West Lothian councils in the UK.

## **Objective** CONNECT

Secure external collaboration

### SALES REVENUE

**\$1.5M** 40%↑

### OPERATING PROFIT

**\$(2.4)M** 8%↑

#### Strong revenue growth, reduced operating losses

As customers increased the intensity and frequency of their use of Objective Connect, revenue increased by 40% to \$1.5 million. Annual Recurring Revenue (ARR) at 30 June 2017, was \$2.1 million, an increase of 49% over 30 June 2016. Progress toward profitability continues, as will investment in this business line to maximise the opportunities it has created.

#### Research & Development – major product launches

Objective Connect for Microsoft SharePoint expands the addressable market for this product. With seamless integration into Microsoft SharePoint and rapid installation, Objective Connect is positioned to move into new markets through a partner led global sales model.

Multi-Workgroup functionality delivers much larger contracts supporting government agency clusters, multi-departmental use and large, complex projects. For example, Glasgow City Council is using one of its 20+ workgroups to bring multiple parties together to deliver the 2018 European Games.

#### Collaboration platform of choice for the public sector

Objective Connect has built an enviable reputation in the market, consistently praised by customers for its ease of use and functionality. It has become the collaboration solution of choice among public sector customers providing the security they need to be able to work with external parties along with the flexibility to work with any information management repository they have in place. It is rapid to deploy, highly scalable and optimised to operate on the Microsoft Azure platform, squarely positioning it for growth.

#### Larger contracts

Evidence of larger sized contracts for Objective Connect came from Western Australia following machinery of government changes in the state. Objective Connect was contracted by the "Communities" cluster, comprising: Department of Communities, Child Protection and Family Support, Department of Housing and the Department of Local Government.

#### Opportunity

At year end FY17, Objective Connect had 56,000 users in 65 countries and a strong pipeline of opportunities for FY18. Organic growth is expected to continue through the network effect created by increased use of Objective Connect.

Expanding the partner sales model, new partners were added in Australia, New Zealand and Europe. In FY18 we will add new partners in North America.

Objective management continues to believe that the scale of the opportunity for Objective Connect is significant.

## **Objective** KEYSTONE

Author, verify and publish  
on-brand content, with ease

### SALES REVENUE

**\$5.8M** 38%↑

### OPERATING PROFIT

**\$(0.4)M** 67%↑

#### Improved financial performance

This business line produced strong growth in revenue in FY17 and operating losses decreased by 67%. The 100% subscription revenue model of this business delivers a substantial base of contracted revenue for FY18 and there is a solid sales pipeline of opportunities.

#### Strong market position in Financial Services & Insurance

FY17 was dedicated to establishing position in the Financial Services and Insurance (FSI) vertical in Australia. Six out of the top 10 financial services institutions and three out of the top four banks are now Objective Keystone customers. As its reputation is cemented within the wealth management units of these institutions, the value Objective Keystone delivers is generating demand beyond the production of disclosure and offer documents.

#### Protected market share in Local Government

Several hundred local government customers around the world continue to use Objective Keystone to accelerate complex document production and engage stakeholders and their communities. Customer retention remains strong and we continue to add new customers, predominantly in the UK, Australia and New Zealand.

#### Research & Development – major product launch

The release of Objective Keystone 5.1 delivered a vastly improved user experience for all customers. It also added finance sector-specific functionality such as Verification, Attestation and Legal Comment management, illustrating Objective's commitment to the FSI market. In FY18, investment will be made to further enhance the offering to both the FSI and local government markets.

#### Market position and opportunity

Objective Keystone is now a proven tool, to assist companies comply with increasing regulation in the wealth management sector. Similar regulatory and business imperatives exist in other areas of the industry. From an established customer footprint, focus in sales will move to exploring the opportunity in retail banking, commercial banking and mortgage processing.

To address expanding markets, relationships with channel partners were established throughout FY17 including; disclosure document specialists, Mayflower Consulting and customer communication management experts, Customer Centrics International.

Demand from Local Government continues. Newly released and planned product features for this customer group, particularly in the area of stakeholder engagement, will increase customers' use of the product and open new opportunities.

## **Objective** TRAPEZE

Digitally transform plan  
approval collaboration

### SALES REVENUE

**\$2.9M**

### OPERATING PROFIT

**\$0.4M**

#### Financial performance

FY17 performance for Objective Trapeze was in line with expectations, with revenue growing over FY16 and a strong profit margin was maintained.

#### Business integration

During FY17 Objective Trapeze was fully integrated into Objective Corporation following the acquisition of Onstream Systems the previous year. Objective Corporation bolstered operations and invested in the development lab in Palmerston North, New Zealand, as well as corporate support in the form of product design, finance, human resources and marketing. This resulted in an alignment of strategy and culture culminating in the successful launch of a new generation of Trapeze.

#### Research & Development – major product release

Objective Trapeze 10 was released to customer acclaim. It features a completely redesigned user experience and powerful new functionality to assist councils digitise plan assessments. Built with the Objective Design Language (ODL) framework, this version facilitates seamless integration of Trapeze into other Objective products.

#### Market position and opportunity

With 76% market share in New Zealand and more than 300 UK customers, Objective Trapeze is firmly established as market leader in local government and proven to add value to council planning processes. In partnership with Redman Solutions, Australian customers grew 31% to 143 councils, representing 31% market share.

#### Opportunity

Opportunity for Objective Trapeze will come from expanding its use within the existing customer base, by integrating it with other Objective products to deliver broader industry-specific solutions for end-to-end processing of Development Applications and Building Consents.

#### New customers

Globally, Objective Trapeze added more than 45 new customers during FY17. These included the Victorian Department of Environment, Land, Water and Planning, Melbourne City Council, Campbelltown City Council (South Australia), Mornington Peninsula Shire Council, Southland District Council (New Zealand) Bournemouth Council (United Kingdom) and Cambridgeshire Council (United Kingdom).

Your Directors present their report on the consolidated entity consisting of Objective Corporation Limited and the entities it controlled at the end of, or during, the year ended 30 June 2017. Throughout the report, the consolidated entity is referred to as the Group.

## DIRECTORS

The following persons were Directors of Objective Corporation Limited during the whole of the financial year and up to the date of this report:

Mr Tony Walls  
Mr Gary Fisher  
Mr Leigh Warren  
Mr Nick Kingsbury

## INFORMATION ON DIRECTORS

L-R: Mr Tony Walls, Mr Gary Fisher, Mr Leigh Warren and Mr Nick Kingsbury

### MR TONY WALLS

#### Chairman and Chief Executive Officer

Tony founded the business in 1987 and has extensive experience in the IT industry. Tony has a B.Math (Computing Science), a Grad.Dip in Applied Finance (SIA) and is a Fellow of the Australian Institute of Company Directors.

### MR GARY FISHER

#### Non-Executive Director

Gary was appointed a Director of Objective Corporation Limited in March 1991. In October 2007 Gary became a Non-Executive Director. Gary has an extensive background in Finance, IT Management and global product software sales. Gary has a B.Economics and further tertiary education in Law and Business Administration.

### MR LEIGH WARREN

#### Independent Non-Executive Director

Leigh was appointed as a Non-Executive Director in August 2007 and is Chairman of the Audit Committee. Leigh has over 20 years' experience in the IT Industry and has held Executive roles for several multinational companies, including SAP where he was Chief Operating Officer for North Asia, Oracle where he was the Managing Director for Australia and New Zealand, Ventyx where he was President for the EMEA region and Bluecoat Systems where he was Vice President Asia Pacific Field Operations. Leigh also serves on the Board of ASX/NZX listed Gentrack and Hong Kong based Solution Access.

### MR NICK KINGSBURY

#### Independent Non-Executive Director

Nick was appointed as a Non-Executive Director in July 2008 and is a member of the Audit Committee. Nick is an experienced international software entrepreneur, strategist and venture capitalist. Nick founded, led and then sold a leading UK Business Process Management company. Nick then spent 7 years with the international venture capital company 3i, where he headed up the software sector. From October 2011 to June 2015 he chaired a UK AIM listed cyber security company Accumuli, plc, which was successfully sold to NCC Group. As well as his role with Objective, he sits on the boards of three early stage businesses Pushfor Limited, Loot Financial Services Limited and Tailored Media Ventures (UK) Limited, and is an advisor to Growthpoint Technology Partners, a US investment bank.

### MR BEN TREGONING

#### Company Secretary

Ben was appointed Company Secretary in July 2016. Ben has over 12 years' experience in financial roles within Financial Services and corporate finance businesses both in Australia and the UK. He is responsible for company secretarial and corporate governance support at Objective.

### MR MARK KATZ

#### Company Secretary

Mark was appointed Company Secretary in August 2015. Mark has over 20 years' experience in financial roles within the Financial Services and Travel sectors in Australia and South Africa, most recently with American Express. Mark is a member of the Institute of Chartered Accountants, Australia & New Zealand. Mark resigned as Company Secretary in July 2016.

## PRINCIPAL ACTIVITIES

The principal activity of the Group during the year was the supply of information technology software and services. There was no significant change in the nature of the Group's activities during the year.

## DIVIDENDS

An ordinary final fully franked dividend of \$3,665,000 was paid on 14 September 2016.

Since the end of the financial year, the directors have recommended the payment of a final fully franked dividend of 4.0 cents per ordinary share and a special unfranked dividend of 1.0 cent per ordinary share (2016: fully franked dividend of 4.0 cents per ordinary share). The aggregate amount of the dividends expected to be paid by 14 September 2017 is \$4,588,000 (2016: \$3,665,000). There is no conduit foreign income attributed to the final dividend declared.

## REVIEW OF OPERATIONS AND FINANCIAL RESULTS

A review of the Group operations and the results for the year ended 30 June 2017 is set out on the inside front cover to page 46 of the annual report and forms part of the Directors' Report. This includes the summary of consolidated results as well as an overview of the Group's strategy.

## SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Group during the financial year.

## SHARE CAPITAL

As at 30 June 2017 the Company had 91,768,041 (2016: 91,165,169) fully paid ordinary shares on issue.

Voting rights are detailed in Note 16 to the financial statements.

## UNISSUED SHARES UNDER OPTIONS

The number of options over the unissued ordinary shares of Objective Corporation Limited at the date of this report were:

| Options on Issue at Balance Date       | 2017             |             | 2016             |             |

| Employee options exercisable at \$0.50 | 200,000          | 07/10/2024  | 200,000          | 07/10/2024  |
| Employee options exercisable at \$0.75 | 125,000          | 24/03/2024  | 500,000          | 24/03/2024  |
| Employee options exercisable at \$1.00 | 80,000           | 07/10/2024  | 80,000           | 07/10/2024  |
| Employee options exercisable at \$1.17 | 150,000          | 24/02/2025  | 150,000          | 24/02/2025  |
| Employee options exercisable at \$1.20 | 675,000          | 05/03/2025  | 1,000,000        | 05/03/2025  |
| Employee options exercisable at \$1.50 | 250,000          | 29/07/2026  | –                | –           |
| Employee options exercisable at \$1.80 | 500,000          | 02/01/2027  | –                | –           |
| <b>Total options on issue</b>          | <b>1,980,000</b> |             | <b>2,384,000</b> |             |

Details of the options on issue are contained in Notes 16 and 25 to the financial statements. 750,000 new options were issued, 150,000 options expired and 1,004,000 options were exercised during the financial year ended 30 June 2017.

The holders of these options do not have the right, by virtue of the option, to participate in any share issue or interest issue of the Company.

## EXERCISE OF SHARE OPTIONS

In the period since 1 July 2016 to the date of this report, the following share options granted in prior years under the Employee Incentive Plan were exercised during the financial year:

| Issuing entity                | Number of shares issued | Class of shares | Amount paid for shares | Amount unpaid on shares |
|-------------------------------|-------------------------|-----------------|------------------------|-------------------------|
| Objective Corporation Limited | 454,000                 | Ordinary shares | \$227,000              | –                       |
| Objective Corporation Limited | 375,000                 | Ordinary shares | \$281,250              | –                       |
| Objective Corporation Limited | 175,000                 | Ordinary shares | \$210,000              | –                       |
| <b>Total<sup>1</sup></b>      | <b>1,004,000</b>        |                 | <b>\$718,250</b>       | <b>–</b>                |

<sup>1</sup> Total proceeds from issue of shares represented by \$185,000 received in cash and \$102,000 funded by way of interest free limited recourse loans provided by the issuing entity to employees under the terms of arrangement of the Employee Incentive Plan that is no longer in effect and \$431,250 funded by way of interest free limited recourse loans provided by the issuing entity to employees under the current Employee Incentive Plan. For accounting purposes, \$431,250 in share loans are treated as part of the options to purchase shares, until the loans are repaid or extinguished at which point the shares are recognised.

#### LIKELY DEVELOPMENTS

The Company produced strong financial and operational results for FY2017. We continued to invest in our product portfolio, expand our workforce and develop new markets for our products.

The Directors have identified opportunities to continue to grow the business in FY2018 across all business lines and the Company will be pursuing these whilst maintaining a focus on increasing profitability. Through product innovation we have expanded our addressable market in the regions which we are well established and our globally competitive products provide an opportunity for us to expand our presence beyond our current geographic footprint.

#### ENVIRONMENTAL REGULATION

The Group is not subject to any significant environmental regulation under Australian Commonwealth or State law.

#### EVENTS AFTER BALANCE SHEET DATE

The Directors have not become aware of any matter or circumstance not otherwise dealt with in the report or in the financial statements that has significantly or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

#### INDEMNIFYING OFFICERS OR AUDITOR

During the financial year the Company has paid an insurance premium for a Directors' and Officers' insurance policy. The liabilities insured are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the Directors or Company Secretary as a result of the work performed in their capacity as officers of entities in the Group to the extent permitted by law. The Directors have not disclosed the amount of the premium as such disclosure is prohibited under the terms of the contract.

The Company has not otherwise, during or since the financial year, indemnified or agreed to indemnify an officer or auditor of the Company or any related body corporate against a liability incurred.

#### CORPORATE GOVERNANCE STATEMENT

The Company's Directors and management are committed to conducting the Group's business in an ethical manner and in accordance with the highest standards of corporate governance. The Company has adopted and substantially complies with the ASX Corporate Governance Principles and Recommendations, 3rd Edition (Recommendations), to the extent appropriate to the size and nature of the Group's operations.

The Company has prepared a Corporate Governance Statement which sets out the corporate governance practices that were in operation throughout the financial year for the Company, identifies any Recommendations that have not been followed, and provides reasons for not following such Recommendations. The Company's Corporate Governance Statement and policies will be approved at the same time as the Annual Report and will be found on its website: <http://www.objective.com/about/investors>.

#### DIRECTORS' INTEREST

Directors' beneficial interest in shares and options at the date of this report were:

| Director                         | Number of<br>ordinary<br>shares | Number of<br>options |
|----------------------------------|---------------------------------|----------------------|
| Tony Walls                       | 62,000,000                      | –                    |
| Gary Fisher                      | 9,000,000                       | –                    |
| Nick Kingsbury                   | 320,000                         | –                    |
| Leigh Warren                     | 335,443                         | –                    |
| <b>Total directors' interest</b> | <b>71,655,443</b>               | <b>–</b>             |

#### MEETINGS OF DIRECTORS'

The number of Directors' and Audit Committee meetings held during the financial year and the number of meetings attended by each of the Directors are as follows:

| Director       | Directors' Meeting            |                                   | Audit Committee Meetings      |                                   |
|----------------|-------------------------------|-----------------------------------|-------------------------------|-----------------------------------|
|                | Number of<br>Meetings<br>Held | Number of<br>Meetings<br>Attended | Number of<br>Meetings<br>Held | Number of<br>Meetings<br>Attended |
| Tony Walls     | 12                            | 12                                | 2                             | 2                                 |
| Gary Fisher    | 12                            | 10                                | –                             | –                                 |
| Nick Kingsbury | 12                            | 11                                | 2                             | 1                                 |
| Leigh Warren   | 12                            | 12                                | 2                             | 2                                 |

**AUDITOR'S INDEPENDENCE DECLARATION**

A copy of the auditor's independence declaration in relation to the financial year is included on page 52.

**AUDITOR'S NON-AUDIT SERVICES**

The Company has not engaged the Group auditor, Pitcher Partners, to provide non-audit services during the financial year.

**ROUNDING OF AMOUNTS**

The Company is an entity to which ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 applies and accordingly, amounts in the financial statements and Directors' Report have been rounded to the nearest thousand dollars, unless specifically stated to be otherwise.

**PROCEEDINGS ON BEHALF OF THE COMPANY**

No person has applied to the Court for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings. The Company was not a party to any such proceedings during the year.

**REMUNERATION REPORT**

This remuneration report details the key management personnel (KMP) remuneration arrangements for the Group, in accordance with the requirements of the *Corporations Act 2001* and its Regulations.

Following the change in the Group's segmental reporting of its financial results at the start of the financial year, the Group undertook a fresh assessment of the definition of KMP as set out under the accounting standards, being those persons who have the authority and responsibility for planning, directing and controlling the activities of the Company and the Group. As a result of this assessment, the Group's Executive KMP has changed since the FY2016 report and the new KMP structure detailed below aligns with the requirements of the accounting standards.

The table below lists the Executives of the Group for the year ended 30 June 2017 and whose remuneration details are outlined in this Remuneration Report.

**Directors**

|                |                                      |
|----------------|--------------------------------------|
| Tony Walls     | Chairman and Chief Executive Officer |
| Gary Fisher    | Non-Executive Director               |
| Nick Kingsbury | Independent Non-Executive Director   |
| Leigh Warren   | Independent Non-Executive Director   |

**Executive Key Management Personnel**

|               |                                                  |
|---------------|--------------------------------------------------|
| Ben Tregoning | Chief Financial Officer (appointed 29 July 2016) |
|---------------|--------------------------------------------------|

**Overview of remuneration approach and framework**

The Board from time to time reviews the remuneration packages of all Directors and Executive Officers with due regard to performance and other relevant factors. The remuneration policy generally is to ensure the remuneration package properly reflects the person's duties and responsibilities and that the remuneration is competitive to attract, retain and motivate employees of the highest calibre.

The remuneration of Directors and other KMP is not directly linked to the company's performance.

The remuneration of Directors and the other KMP is fixed annually. Bonuses are structured to reward outstanding performance against agreed Key Performance Indicators (KPIs) including financial and non-financial metrics. Ultimately, bonuses and discretionary payments to KMP are at the discretion of the Board.

Non-Executive Directors' retirement payments are limited to compulsory employer superannuation. There are no retirement and termination benefits for Executive Directors or Executives apart from those that accrue from the relevant laws such as unpaid annual leave, superannuation, long service leave and notice of termination. The Group may consider payments on termination even though legally not required, to protect its rights if it is commercially beneficial to its interests.

Remuneration and other terms of employment of the Executive Director and the other KMP are formalised in employment agreements.

These agreements may be terminated by either party with between one and three months' notice. In the event of termination of Mr Walls' services, Mr Walls is entitled to be paid six months' salary.

**Voting and comments made at the company's 25 November 2016 Annual General Meeting (AGM)**

At the 2016 AGM, 81.3% of the votes received supported the adoption of the remuneration report for the year ended 2016. The Company did not receive any specific feedback at the AGM regarding its remuneration practices.

The Group did not engage a remuneration consultant to provide recommendations in respect of the remuneration of KMP.

Actual remuneration received by Executive KMP is set out in the tables below.

|                          | Short-term            |                  |             | Share based payments | Post employment       |             |                                                  |                                                     |

1 B Tregoning appointed on 29 July 2016.

2 S Bool resigned on 28 August 2015.

3 F Volckmar appointed on 10 August 2015.

The bonuses in the above tables are short-term incentives fully vested to the Executive for that year. The bonuses were based on KPIs determined by the Board. Bonuses are structured to reward outstanding performance against agreed KPIs including financial and non-financial metrics. Ultimately, bonuses and discretionary payments to KMP are at the discretion of the Board.

The fair value of options has been determined using the Black-Scholes method, taking into account the exercise price, the term of the option, the vesting criteria, the impact of dilution, the non-tradeable nature of the option, the price at grant date of the underlying share and the expected price volatility of that share, the expected dividend yield and the risk free interest rate for the term of the option. The value of the option at grant date is then amortised over the relevant vesting period. The value included in remuneration of KMP above relates to the amortised value of options granted that have either vested in the current year or are yet to vest.

A summary of the movement, by value, of options over ordinary shares granted, exercised and lapsed for Directors and other KMP during the year ended 30 June 2017 are set out below:

| KMP         | Value of options granted at grant date <sup>1</sup><br>\$ | Value of options exercised at the exercise date <sup>2</sup><br>\$ | Value of options lapsed at the lapse date<br>\$ |
|-------------|-----------------------------------------------------------|--------------------------------------------------------------------|-------------------------------------------------|
| N Kingsbury | –                                                         | 268,263                                                            | –                                               |
| L Warren    | –                                                         | 67,066                                                             | –                                               |
| B Tregoning | 102,492                                                   | –                                                                  | –                                               |

1 The value of options granted during the year is recognised in compensation over the vesting period of the grant, in accordance with Australian Accounting Standards.

2 The value of options exercised during the year is calculated as the market price of the Company's shares on the ASX as at the close of trading on the date the options were exercised, after deducting any exercise price.

Details of options over ordinary shares granted, vested and lapsed for Directors or other KMP during the year ended 30 June 2017 are set out below:

| KMP         | Number of options at 30 June 2016 | Number granted | Number exercised | Number lapsed | Number of options at 30 June 2017 | Number vested and available for exercise at 30 June 2017 |

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

## NOTE 1. BASIS OF PREPARATION

This section sets out the basis upon which the Group's consolidated financial statements are prepared as a whole. Significant and other accounting policies that summarise the measurement basis used and are relevant to an understanding of the consolidated financial statements are provided throughout the notes to the consolidated financial statements. All other accounting policies are outlined in Note 30.

### Statement of compliance

Objective Corporation Limited is a limited company incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange.

This general purpose financial report is prepared in accordance with the *Corporations Act 2001* and applicable Accounting Standards and Interpretations, and complies with other requirements of the law. Objective Corporation Limited is a 'for profit' entity. The financial report includes the consolidated financial statements of Objective Corporation Limited and its controlled entities (the "Group").

Accounting Standards include Australian Accounting Standards. Compliance with Australian Accounting Standards ensures that the financial statements and notes of the Group comply with International Financial Reporting Standards.

### Basis of measurement

The financial report is based on historical cost, except for certain financial assets which are at fair value. In preparing this financial report, the Group is required to make estimates and assumptions about carrying values of assets and liabilities. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

The accounting policies adopted are consistent with those of the previous year, unless otherwise stated.

### Basis of consolidation

The consolidated financial statements have been prepared by aggregating the financial statements of all the entities that comprise the Group, being Objective Corporation Limited and its controlled entities. In these consolidated financial statements:

- results of each controlled entity are included from the date Objective Corporation Limited obtains control and until such time as it ceases to control an entity; and
- all inter-entity balances and transactions are eliminated.

Control is achieved where Objective Corporation Limited is exposed to, or has rights to, variable returns from its involvement with an entity and has the ability to affect those returns through its power to direct the activities of the entity. Entities controlled by Objective Corporation Limited are under no obligation to accept responsibility for liabilities of other common controlled entities except where such an obligation has been specifically undertaken.

### Business combination

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

### Currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Australian dollars, which is Objective Corporation Limited's functional and presentation currency.

### Rounding

In accordance with ASIC Corporations (*Rounding in Financial/Directors' Reports*) Instrument 2016/191, amounts in the Directors' Report and Financial Report have been rounded off to the nearest thousand Australian dollars unless otherwise indicated.

### Comparative information

Where applicable, comparative information has been reclassified in order to comply with current period disclosure requirements, the impact of which is not material to the financial report.

### New or revised accounting standards

The Group has adopted all amendments to Australian Accounting Standards which became applicable from 1 July 2016. There have been no new or revised accounting standards which materially impacted the financial report. New standards not yet applicable are discussed in Note 30.

### Critical accounting judgments and key sources of estimation uncertainty

Critical judgments and key assumptions that management has made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements are detailed in the notes below:

| Note  | Judgement/Estimation                  |
|-------|---------------------------------------|
| 7, 10 | Asset impairment                      |
| 11    | Recoverability of deferred tax assets |
| 9, 10 | Useful life for depreciable assets    |
| 13    | Employee benefits assumptions         |

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events.

### Notes to the financial report

The notes to the financial report are organised into the following sections.

**Financial performance overview:** provides a breakdown of individual line items in the statement of financial performance, and other information that is considered most relevant to users of the annual report.

**Balance sheet items:** provides a breakdown of individual line items in the statement of financial position that are considered most relevant to users of the annual report.

**Capital structure and risk management:** provides information about the capital management practices of the Group including the Group's exposure to various financial risks, explains how these affect the Group's financial position and performance and what the Group does to manage these risks.

**Group structure:** explains aspects of the Group structure and the impact of this structure on the financial position and performance of the Group.

**Other:** provides information on items which require disclosure to comply with Australian Accounting Standards and other regulatory pronouncements.

## NOTE 2. SEGMENT INFORMATION

### Operating and reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors in their role as the chief operating decision makers (CODM) in assessing performance and in determining the allocation of resources. Operating segments are identified by management and the board of directors based on the nature of the core products and services offered. Reportable segments are based on operating segments determined by the similarity of the products produced and sold as these are the sources of the Group's major risks and have the most effect on the rates of return. Each of the business units disclosed below has been determined as both an operating segment and reportable segment.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 2. SEGMENT INFORMATION CONTINUED

| Operating segment  | Description                                                                                                                                                                                  |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Objective ECM      | Includes results from the sale of Objective Enterprise Content Management related products which allow customers to manage information and process governance across the enterprise.         |
| Objective Keystone | Includes results from the sale of Objective Keystone products that improve efficiency and deliver governance in the process of authoring, reviewing, engaging with and publishing documents. |
| Objective Connect  | Includes results from the sale of Objective Connect products which enable customers to extend their information governance to the cloud.                                                     |
| Objective Trapeze  | Includes results from the sale of Objective Trapeze products which digitally transform development application plan reviews and assessments.                                                 |
| Corporate          | This segment is not considered an operating group, includes head office and central service groups including treasury function.                                                              |

This represents a change from previous periods where management and the board of directors considered the financial performance of the business from a geographical perspective. As such, comparative information has been restated to reflect the reportable segments identified in the current year.

Management and the board of directors continue to consider the financial position of the business from a geographical perspective and as such the assets and liabilities of the Group are presented by geographical region for both the year ended 30 June 2017 and the comparative period.

Segment revenue represent invoiced sales subsequently adjusted for the deferred component which is recognised over the service period to arrive at revenue. Revenue from segments comprise product or licence sales, subscription services, professional services, training service and interest income.

The CODM assesses the performance of individual segments on the basis of earnings before interest expense, tax expense, depreciation and amortisation (EBITDA).

#### Allocation to segments

Segment revenues and expenses are those that are directly attributable to a segment and the relevant portion that can be allocated to the segment on a reasonable basis.

Segment assets include all non-current assets and current assets with the exception of net deferred tax assets, current tax assets and other corporate assets including intangible assets, goodwill and investments.

The following is an analysis of the Group's revenue and results by reportable segment for the financial year. Prior financial year comparative information has been reclassified to conform to current financial year presentation.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 2. SEGMENT INFORMATION CONTINUED

#### Reconciliation of revenue by location

Revenue is recognised in a subsidiary based on where the services are performed for a particular project. In the majority of cases, revenue per subsidiary will match the region in which the subsidiary operates.

| Net loss on disposal of property, plant and equipment | (86)           | –              |

#### Recognition and measurement

Revenue is measured at the fair value of the consideration receivable, and is recognised when each of the following conditions is met:

- persuasive evidence that an arrangement exists, which is usually in the form of a contractual arrangement;
- the seller's price to the buyer is fixed or determinable;
- the significant risks and rewards of ownership of the goods have transferred from the Group to the buyer; and collectability is reasonably assured.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 30 JUNE 2017

#### NOTE 4. MATERIAL PROFIT OR LOSS ITEMS CONTINUED

##### Product sales

Revenue from the sale of product or licence fees is recognised at the earliest of when the Group has passed control of the relevant product or granted a right or licence for the use of the product to the buyer.

##### Subscription revenue

Income in respect of subscription licence, hosting and support services is deferred and released over the period of the contract with the customer.

##### Upgrade and support program (USP)/maintenance support

Revenue from USP and maintenance support is recognised over the period during which the relevant service is provided.

##### Rendering of services

Revenue from cost plus contracts is recognised by reference to the recoverable costs incurred during the period plus time spent on each contract.

##### Interest income

Interest income is earned from financial assets that are held for cash management purposes and recognised as it accrues, taking into account the effective yield on the financial asset.

##### Operating lease expenses

Payments made under operating leases (net of any incentives received by the lessor) are expensed on a straight-line basis over the period of the lease unless another systematic basis is more representative of the time pattern of the benefit.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefits of incentives are recognised as a reduction of rental expense on a straight-line basis over the term of the lease, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

##### Employee benefits expense

Employee benefits expense includes salaries, wages and other employment related entitlements.

##### Research and development expenses

Expenditure on research and development activities is recognised in the consolidated statement of profit or loss as an expense when incurred.

##### Finance costs

Finance costs relating to interest expenses are expensed in the period in which they are incurred.

##### Foreign currency transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in profit or loss, except where deferred in equity as a qualifying cash flow or net investment hedge.

Exchange differences arising on the translation of non-monetary items are recognised directly in other comprehensive income to the extent that the underlying gain or loss is recognised in other comprehensive income; otherwise the exchange difference is recognised in profit or loss.

##### Gain/(loss) on disposal of property, plant and equipment

Gains or losses arising from the retirement or disposal of tangible assets are determined as the difference between the estimated net disposal proceeds and the carrying amount of the assets and are recognised in profit or loss on the date of retirement or disposal.

| Current tax expense on profits for the year                        | 2,297          | 934            |
| Deferred tax expense related to movements in deferred tax balances | (572)          | 28             |
| Income tax (over)/under provided in prior years                    | (94)           | (160)          |
| <b>Income tax expense</b>                                          | 1,631          | 802            |

#### Recognition and measurement

Current and deferred tax is recognised as an expense or income in the consolidated statement of profit or loss, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from the initial accounting for a business combination, in which case it is taken into account in the determination of goodwill.

Current tax represents the amount expected to be paid in relation to taxable income for the financial year measured using tax rates and tax laws that have been enacted or substantively enacted by the reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

Deferred income tax is provided in full, using the balance sheet liability method, on temporary differences arising between the carrying amounts of assets and liabilities for financial reporting and tax purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### BALANCE SHEET OVERVIEW

#### NOTE 6. CASH AND CASH EQUIVALENTS

Cash and cash equivalents at the end of the financial year are reflected in the related items in the consolidated statement of financial position as follows:

|                                                    | CONSOLIDATED   |                |
|----------------------------------------------------|----------------|----------------|
|                                                    | 2017<br>\$'000 | 2016<br>\$'000 |
| <b>Current assets</b>                              |                |                |
| Cash at bank and in hand                           | 5,476          | 5,488          |
| Short term bank deposits                           | 11,376         | 6,884          |
| <b>Total cash and cash equivalents<sup>1</sup></b> | <b>16,852</b>  | <b>12,372</b>  |

1 The cash and cash equivalents disclosed above and in the consolidated statement of cash flows include \$1,040,000 (2016: \$426,000) in short term bank deposits which are restricted for use and held as security for rental guarantees.

#### Classification as cash equivalents

Cash and cash equivalents comprise cash, bank balances and short term deposits with an original maturity of 4 months or less from acquisition.

#### NOTE 7. TRADE AND OTHER RECEIVABLES

|                                          | CONSOLIDATED      |                       |                   |                       |
|------------------------------------------|-------------------|-----------------------|-------------------|-----------------------|
|                                          | 2017              |                       | 2016              |                       |
|                                          | Current<br>\$'000 | Non-current<br>\$'000 | Current<br>\$'000 | Non-current<br>\$'000 |
| Trade receivables                        | 7,542             | –                     | 5,317             | –                     |
| Allowance for impairment                 | –                 | –                     | –                 | –                     |
|                                          | 7,542             | –                     | 5,317             | –                     |
| Other receivables                        | 946               | –                     | 1,395             | –                     |
| Loans to employees                       | –                 | 805                   | –                 | 755                   |
| <b>Total trade and other receivables</b> | <b>8,488</b>      | <b>805</b>            | <b>6,712</b>      | <b>755</b>            |

#### Recognition and measurement

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost, less any allowance for impairment. An allowance for impairment is raised based on a review of outstanding balances at balance date. Bad debts are written off against the allowance for impairment account and any other change in the allowance for impairment account is recognised in the consolidated statement of profit or loss. An allowance for impairment is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Objective evidence that trade and other receivables are impaired includes default or delinquency by a debtor or indications that a debtor will enter administration.

#### Classification as trade and other receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Loans and other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. If collection of the amounts is expected in one year or less they are classified as current assets. If not, they are presented as non-current assets. Trade receivables are generally due for settlement within 30 days and therefore are all classified as current. Further information relating to loans to employees is set out in Note 25.

The ageing of the Group's trade and other receivables at reporting date together with impairment and other accounting policies for trade and other receivables are outlined in Note 21.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 8. OTHER ASSETS

|                           | CONSOLIDATED   |                |
|---------------------------|----------------|----------------|
|                           | 2017<br>\$'000 | 2016<br>\$'000 |
| <b>Current assets</b>     |                |                |
| Accrued revenue           | 3,725          | 4,218          |
| Prepayments               | 1,069          | 1,413          |
| Rental deposits           | 159            | 153            |
| <b>Total other assets</b> | <b>4,953</b>   | <b>5,784</b>   |

### Recognition and measurement

Revenue from cost plus contracts with customers is recognised by reference to the recoverable costs incurred during the period plus time spent on each contract. Revenue accrual estimates are made to account for the unbilled period between the customer's last billing date and the reporting date.

Prepayments are recognised for amounts paid whereby goods have not transferred ownership to the Group or where services have not yet been provided. Upon receipt of goods or the service the corresponding asset is recognised in the consolidated statement of profit or loss.

Rental deposits are bond payments made to the lessor under a lease agreement and may be refunded in whole or in part at the end of the leasing arrangement.

### NOTE 9. PROPERTY, PLANT AND EQUIPMENT

|                                                 | CONSOLIDATED                     |                                     |                 |

1 The office move by the Company to 177 Pacific Highway in December 2016 resulted in the recognition of additions to leasehold improvements of \$3,268,000 and a corresponding lease incentive liability arising from lessor reimbursement for the costs incurred by the Company to complete fitout works. Refer Note 15 for further details.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 9. PROPERTY, PLANT AND EQUIPMENT CONTINUED

#### Recognition and measurement

Property, plant and equipment are recorded at historical cost of acquisition less singular depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of items. Subsequent costs are included in an asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

#### Critical accounting estimates and judgements – depreciation methods and useful lives

Property, plant and equipment comprises of furniture and fittings, office equipment, computer equipment and leasehold improvements. Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

| Asset class            | Useful life                          |
|------------------------|--------------------------------------|
| Plant and equipment    | 2 – 10 years                         |
| Leasehold improvements | 2 – 7 years or shorter of lease term |

Estimates of remaining useful lives, residual values and depreciation methods require significant management judgement, are reviewed annually, and where changes are made, their effects are accounted for on a prospective basis.

#### Recognition and measurement

Intangible assets acquired in a business combination is recognised at fair value at the acquisition date. Intangible assets with finite useful life is stated at cost less accumulated amortisation and impairment losses.

#### Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the share of the net identifiable assets acquired in a business combination. Goodwill is not amortised, but tested annually for impairment.

#### Intellectual property

The intellectual property was obtained through acquiring Limehouse Software in April 2009 and amortised over its estimated useful life.

#### Other intangible assets

Includes customer relationship list arising from the acquisition of Onstream Systems Limited and measured at fair value at the date of acquisition and patents. Brand names of \$177,000 (2016: \$171,000) that have an indefinite life are assessed for recoverability annually. Customer relationship lists that have a defined useful life are amortised and subsequently carried net of accumulated amortisation. The carrying value of other intangible assets is allocated to the Group's cash generating units (CGU) identified as Onstream Systems Limited.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 10. INTANGIBLE ASSETS CONTINUED

#### Critical accounting estimates and judgements – amortisation methods and useful lives

Intangible assets with finite lives are amortised on a straight-line basis over their estimated useful lives. Useful lives are reassessed each period. The useful lives of intangible assets have been assessed as follows:

| Asset class                | Useful life            |
|----------------------------|------------------------|
| Intellectual property      | 10 years               |
| Patents                    | 10 years               |
| Customer relationship list | 10 years               |
| Brand names                | Indefinite useful life |

Assessments of useful lives and estimates of remaining useful lives require significant management judgement. Brand names are generally assessed as having an indefinite useful life on the basis of brand strength, ongoing expected profitability and continuing support.

#### Critical accounting estimates and judgements – asset impairment

The Group tests property, plant and equipment and intangible assets for impairment to ensure they are not carried at above their recoverable amounts:

- at least annually for goodwill and intangible assets with indefinite lives; and
- where there is an indication that the assets may be impaired (which is assessed at least each reporting date).

These tests for impairment are performed by assessing the recoverable amount of each individual asset or, if this is not possible, then the recoverable amount of the CGU to which the asset belongs. CGUs are the lowest levels at which assets are grouped and generate separately identifiable cash flows. The recoverable amount is the higher of an asset or a CGU's fair value less costs of disposal and value in use. The value in use calculations are based on discounted cash flows expected to arise from the asset. Management judgment is required in these valuations to forecast future cash flows and a suitable discount rate in order to calculate the present value of these future cash flows.

The carrying value of goodwill is allocated to the Group's CGUs, identified as follows:

|                            | 2017<br>\$'000 |
|----------------------------|----------------|
| Limehouse Software Limited | 5,483          |
| Onstream Systems Limited   | 3,064          |
| <b>Total goodwill</b>      | <b>8,547</b>   |

The recoverable amount of Limehouse Software Limited is determined based on value-in-use calculation. The calculation uses cash flow projections based on a five-year financial budget approved by management, extrapolated perpetually with an estimated general long-term continuous annual growth of not more than 15%. The discount rate used of approximately 15.5% is pre-tax and reflects specific risks related to the relevant operation.

The recoverable amount of Onstream Systems Limited is determined based on value in-use calculation. The calculation uses cash flow projections based on a five-year financial budget approved by management, extrapolated perpetually with an estimated general long-term continuous annual growth of not more than 10%. The discount rate used of approximately 15.5% is pre-tax and reflects specific risks related to the relevant operation.

The budgeted gross margin and net profit margin are determined by management for each individual CGU based on past performance and its expectations for market development. Management believes that any reasonably foreseeable changes in any of the above key assumptions would not cause the carrying amount of goodwill to exceed the recoverable amount.

### NOTE 11. NET DEFERRED TAX ASSETS

#### (c) Tax losses

|                                                                       | CONSOLIDATED   |                |
|-----------------------------------------------------------------------|----------------|----------------|
|                                                                       | 2017<br>\$'000 | 2016<br>\$'000 |
| Unused tax losses for which no deferred tax asset has been recognised | 3,311          | 3,669          |
| Potential tax benefit                                                 | 785            | 889            |

Potential tax assets of approximately \$785,000 (2016: \$889,000) attributable to unused tax losses carried forward by foreign owned subsidiaries have not been recognised as the availability of future taxable profits against which the assets can be utilised is not considered to be probable at 30 June 2017. The benefit for tax losses will only be obtained if the relevant member entities:

- (i) derive future assessable income of a nature and amount sufficient to enable the benefit from the deductions for the losses to be realised; or
- (ii) continue to comply with the conditions of deductibility imposed by tax legislation and no change in tax legislation adversely affects the relevant entities in realising the benefit from the deductions for the losses.

#### Recognition and measurement

Deferred tax assets are recognised when temporary differences arise between the tax bases of assets and liabilities and their respective carrying amounts which give rise to a future tax benefit, or when a benefit arises due to unused tax losses. In both cases, deferred tax assets are recognised only to the extent that it is probable that future taxable amounts will be available to utilise those temporary differences or tax losses. Deferred tax liabilities are recognised when such temporary differences will give rise to taxable amounts that are payable in future periods.

Deferred tax assets and liabilities are recognised at the tax rates expected to apply when the assets are recovered or the liabilities are settled under enacted or substantively enacted tax law.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset when there is a legally enforceable right to offset and an intention to either settle on a net basis, or realise the asset and settle the liability simultaneously. Current and deferred taxes attributable to amounts recognised directly in equity are also recognised directly in equity.

#### Critical accounting estimates and judgements – recoverability of deferred tax assets

The Group exercises judgement in determining whether deferred tax assets, particularly in relation to tax losses, are probable of recovery. Factors considered include the ability to offset tax losses within the groups of entities in different tax jurisdictions, the nature of the tax loss, the length of time that tax losses are eligible for carry forward to offset against future taxable profits and whether future taxable profits are expected to be sufficient to allow recovery of deferred tax assets.

The Group is subject to income taxes in Australia and jurisdictions where it has foreign operations. The tax expense and deferred tax balances assume certain tax outcomes and values of assets in relation to the application of tax legislation as it applies to the Group's entities. Judgement is required in determining the provisions for income taxes and in assessing whether deferred tax balances are to be recognised in the statement of financial position. Changes in tax legislation or the interpretation of tax laws by tax authorities may affect the amount of provision for income taxes and deferred tax balances recognised.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 12. TRADE AND OTHER PAYABLES

|                                       | CONSOLIDATED   |                |
|---------------------------------------|----------------|----------------|
|                                       | 2017<br>\$'000 | 2016<br>\$'000 |
| Trade payables and accruals           | 3,691          | 3,354          |
| Goods and services tax payable, net   | 1,074          | 2,212          |
| Dividends payable                     | 71             | 67             |
| <b>Total trade and other payables</b> | <b>4,836</b>   | <b>5,633</b>   |

#### Recognition and measurement

Trade and other payables are recognised when the Group becomes obliged to make future payments resulting from the purchase of goods and services. Payables are stated at their amortised cost.

Accruals comprised largely of accruals for staff costs, advertising and promotion expenses and miscellaneous operating expenses. Other creditors and accruals are expected to be settled or recognised as income within one year or are repayable on demand.

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of purchase of the asset or as part of the expense.

Receivables and payables are stated with the amount of GST included. The net amount of GST recoverable from or payable to the taxation authority is included as a current asset or liability. Cash flows are included in the statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from or payable to the taxation authority are classified as operating cash flows.

### NOTE 13. PROVISIONS

| <b>Total provisions</b>             | <b>2,494</b>   | <b>721</b>                             | <b>(355)</b>               | <b>2,860</b>   |

#### Recognition and measurement

Provision is recognised when the Group has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made as to the amount of the obligation. The amount recognised is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

A provision is made for benefits accruing to employees in respect of annual leave and long service leave. Liabilities expected to be settled within 12 months are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Liabilities which are not expected to be settled within 12 months are measured as the present value of the estimated future cash outflows to be made by the Group in respect of services provided by employees up to the reporting date.

#### Critical accounting estimates and judgements – employee benefits assumptions

In estimating the value of employee benefits, consideration is given to expected future salary and wage levels (including on-cost rates), experience of employee departures and periods of service. The assumptions are reviewed periodically and given the nature of the estimate, reasonably possible changes in assumptions are not considered likely to have a material impact.

Where a provision is measured using the cash flows estimated to settle the obligation, the cash flows are discounted using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Discount rates are reviewed periodically and given the nature of the estimate, reasonably possible changes are not considered likely to have a material impact.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 14. DEFERRED REVENUE

|                               | CONSOLIDATED      |                       |                   |                       |
|-------------------------------|-------------------|-----------------------|-------------------|-----------------------|
|                               | 2017              |                       | 2016              |                       |

| Deferred revenue              | 12,723            | –                     | 11,422            | 32                    |
| <b>Total deferred revenue</b> | <b>12,723</b>     | <b>–</b>              | <b>11,422</b>     | <b>32</b>             |

#### Recognition and measurement

The Group recognises revenue for its subscription based products and services over the related service period. The Group generally invoices customers in advance of the services either through upfront fees, fixed fees or through annual, quarterly or monthly instalments. Deferred revenue represents the billed, receipted and unearned portion of existing fees which will be recorded as revenue in the consolidated statement of profit or loss over the contract period or as the services are delivered.

### NOTE 15. OTHER LIABILITIES

|                                | CONSOLIDATED      |                       |                   |                       |
|--------------------------------|-------------------|-----------------------|-------------------|-----------------------|
|                                | 2017              |                       | 2016              |                       |
|                                | Current<br>\$'000 | Non-current<br>\$'000 | Current<br>\$'000 | Non-current<br>\$'000 |
| Lease incentives               | 458               | 2,835                 | 33                | 108                   |
| <b>Total other liabilities</b> | <b>458</b>        | <b>2,835</b>          | <b>33</b>         | <b>108</b>            |

#### Recognition and measurement

The provision for lease incentives represents the unamortised balance of incentives received to enter into an operating lease. The incentive received is recognised as a reduction of rental expense on a straight-line basis over the term of the operating lease.

### NOTE 16. ISSUED CAPITAL

|                                                          | CONSOLIDATED        |              |                     |              |

1 Represents issue of ordinary shares as a result of options exercised under the Group's Employee Incentive Plan. Refer Note 25.

2 The payment for share buy backs are recognised in a share buy-back reserve within equity.

#### Share capital

Holders of ordinary shares are entitled to receive dividends as declared and are entitled to one vote per share at shareholders' meetings. In the event of winding up of the Company, ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any proceeds of liquidation. The ordinary shares have no par value and the Company does not have a limited amount of authorised capital. Capital raising costs are deducted from contributed equity.

#### Options issued during the year under the Employee Incentive Plan

The Company issues employee share options pursuant to the Employee Incentive Plan. Under the terms and conditions of the current Employee Incentive Plan, selected employees are granted the right to acquire shares at a nominated exercise price subject to agreed service and performance criteria (i.e. vesting conditions) being satisfied. On satisfaction of the vesting conditions the shares are issued to the employee with the exercise price being financed by a limited recourse loan. No amount is paid or payable by the employee on receipt of these shares. Dividends declared and paid on the issued shares are for the benefit of the employee. The employee is not permitted to deal in the shares until the limited recourse loan has been repaid.

Specific terms of the option and loan agreement previously offered to employees, but no longer in effect result in loans to these employees being recognised as a loan receivable until fully repaid and the value of the shares acquired included in share capital. Limited recourse loans issued under the current terms of the Employee Incentive Plan are characterised as options for reporting purposes.

Each option entitles the holder to the right to acquire one ordinary share at the nominated exercise price during the period commencing on the vesting date of the options.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 16. ISSUED CAPITAL CONTINUED

#### Options issued during the year under the Employee Incentive Plan continued

At 30 June 2017 a total of 1,980,000 (2016: 2,384,000) employee share options are outstanding.

|                               | 2017                                |             |                   | 2016                                      |                                     |

| 2 January 2017                | 500,000                             | 02/01/2027  | \$1.80            | \$0.41                                    | –                                   |
| <b>Total options on issue</b> | <b>1,980,000</b>                    |             |                   |                                           | <b>2,384,000</b>                    |

During the year 750,000 new options were granted (2016: nil) and 1,004,000 options were exercised into ordinary shares (2016: 330,000). The weighted average exercise price for options exercised was \$0.72 and the weighted average share price at the date of issue was \$1.90. The weighted average fair value of options issued in FY2017 was \$0.41 per option. The weighted average exercise price on issue was \$1.67 and the weighted average share price at grant date was \$1.69. The fair value was determined using Black-Scholes option pricing model using a 10-year time period to expiration. Assumptions for expected volatility and dividend yield were based on historic data. Inputs for risk free rate and grant date share price was determined by the prevailing prices on the day of issue.

### NOTE 17. DIVIDENDS AND FRANKING CREDITS

#### (a) Dividends

| Dividend type             | Cents per<br>share | Franking | Total<br>amount<br>\$'000 | Date paid/payable |
|---------------------------|--------------------|----------|---------------------------|-------------------|
| 2013 Final                | 2.00               | 100%     | 2,015                     | 13 September 2013 |
| 2013 Special              | 1.00               | Nil      | 1,008                     | 13 September 2013 |

#### Nature and purpose of reserves

##### Share buy-back reserve

The share buy-back reserve represents the value of the Company's shares which were purchased and subsequently cancelled. The cancellation of the shares creates a non-distributable reserve. During the financial year, the Company bought back and cancelled 401,128 (2016: 162,108) of its ordinary shares at a total cost of \$706,000 (2016: \$269,000).

##### Foreign currency translation reserve

Exchange differences arising on translation of the financial statements of the Group's foreign controlled entities into Australian dollars are in other comprehensive income and accumulated in a separate reserve within equity.

##### Share-based payments reserve

The share-based payments reserve is used to recognise the share based payments expense resulting from the value of share options issued to key management personnel and employees under the Group's Employee Incentive Plan. Further information about share-based payments to employees is made in Note 25.

#### (b) Non-cash investing activities

During the current year, the Group entered into the following non-cash investing activities which are not reflected in the consolidated statement of cash flows:

|                                                                | CONSOLIDATED   |                |
|----------------------------------------------------------------|----------------|----------------|
|                                                                | 2017<br>\$'000 | 2016<br>\$'000 |
| Recognition of non-cash lease incentives received from lessors | 243            | –              |

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 30 JUNE 2017

#### NOTE 21. FINANCIAL RISK MANAGEMENT AND FAIR VALUES

Exposure to credit, liquidity, interest rate and currency risks arises in the normal course of the Group's business. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below.

##### (a) Credit risk

Financial assets which potentially subject the Group to credit risk consist principally of cash, short-term deposits and trade debtors. The Group's deposits and cash are placed with major financial institutions with sound credit ratings. Trade debtors are presented net of the allowance for impairment losses.

Credit risk with respect to trade debtors is limited due to the large number of customers comprising the Group's customer base are government organisations or their diverse dispersion across different industries and geographical areas. Accordingly, the Group has no significant concentration of credit risk. The Group manages credit risks by monitoring credit ratings and limiting the aggregate risk to any individual counterparty.

The below table summarises the Group's exposure to credit risk at the end of the reporting period:

|                                                               | CONSOLIDATED   |                |
|---------------------------------------------------------------|----------------|----------------|
|                                                               | 2017<br>\$'000 | 2016<br>\$'000 |
| Cash and cash equivalents                                     | 16,852         | 12,372         |
| Trade and other receivables                                   | 8,488          | 6,712          |
| Ageing analysis of trade and other receivables is as follows: |                |                |
| Fully performing debts                                        | 6,013          | 6,338          |
| Past due more than 30 days <sup>1</sup>                       | 1,800          | 134            |
| Past due more than 60 days <sup>1</sup>                       | 81             | 99             |
| Past due more than 90 days <sup>1</sup>                       | 594            | 141            |
| <b>Total</b>                                                  | <b>8,488</b>   | <b>6,712</b>   |

<sup>1</sup> The Group did not consider a credit risk on the aggregate balances after reviewing the credit terms of customers based on recent collection practices. Trade receivables past due and not impaired at 30 June 2017 is \$2,475,000.

##### (b) Currency risk

The Group is exposed to foreign currency risk primarily as a result of its global operations. The Group also has transactional currency exposures arising from sales and purchases that are denominated in currencies other than the functional currency of the operations to which they relate. The currencies giving rise to foreign currency risk are primarily denominated in Pounds Sterling (GBP), United States dollars (USD), New Zealand dollars (NZD) and Singapore dollars (SGD).

Foreign currency risk is defined as the fair value of future cash flows of a financial instrument fluctuating because of changes in foreign exchange rates. The sensitivity analysis provided does not include the currency risk of financial assets and liabilities of the controlled entities denominated in the controlled entity's functional currency or their conversion into the functional currency of Objective Corporation Limited on consolidation as outside the scope of the definition. The conversion of these financial assets and liabilities on consolidation may result in a gain or loss to the consolidated entity.

The Group's exposure to the movement in foreign exchange rates is partly mitigated by a natural hedge arising from operations in these countries. The Group regularly monitors its foreign currency exposure which includes considering the level of cash in foreign currency and cash flow forecasting.

##### Sensitivity analysis

The table below summarises the instantaneous change in the Group's profit after tax and total equity that would arise had the Australian dollar strengthened/weakened by 10% against the respective foreign currencies to which the Group has significant exposure at the end of the reporting period, assuming all other risk variables remained constant. The 10% sensitivity is based on reasonably possible changes, over a financial year.

|                     | CONSOLIDATED                      |                                                 |                                          |

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 21. FINANCIAL RISK MANAGEMENT AND FAIR VALUES CONTINUED

#### (c) Liquidity risk

Liquidity risk management requires maintaining sufficient cash by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group continues to assess its liquidity risk as low. The below table summarises the exposure of the Group to liquidity risk for all financial assets and liabilities of the Group at reporting date and which fall due within 12 months.

| 30 June 2017                | CONSOLIDATED  |               |
|-----------------------------|---------------|---------------|
|                             | \$'000        | \$'000        |
| Cash and cash equivalents   | 16,852        | 12,372        |
| Receivables                 | 8,488         | 6,712         |
| Payables                    | (4,836)       | (5,633)       |
| <b>Net financial assets</b> | <b>20,504</b> | <b>13,451</b> |

As the Group is in a net financial assets position, the Directors are of the opinion that the Group is in low risk and will be able to pay off its debts as and when they are due and payable.

#### Capital management

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of business. The Board monitors the return on capital and the level of dividends to ordinary shareholders. There were no significant changes in the Group's approach to capital management during the year.

#### Fair values measurement of financial instruments

The fair values of trade debtors, deposits and cash and trade creditors and accruals approximate their carrying amounts due to the short-term maturities of these assets and liabilities.

All financial instruments are carried at amounts not materially different from their fair values as at 30 June 2016 and 30 June 2017.

#### Financial instruments carried at fair value

The Group's financial instruments are measured at fair value at the end of the reporting period on a recurring basis, categorised into three-level fair value hierarchy as defined in IFRS 13, Fair Value Measurement. The level into which a fair value measurement is classified and determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair values measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair values measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair values measured using significant unobservable inputs

During the year ended 30 June 2017, there were no transfers between Level 1 and Level 2, or transfers into or out of Level 3 of the fair value hierarchy classifications.

### GROUP STRUCTURE

#### NOTE 22. SUBSIDIARIES

Details of the Company's interest in all subsidiaries as at each reporting date are set out below:

| Name of subsidiary                          | Country of Incorporation | Ownership |      |
|---------------------------------------------|--------------------------|-----------|------|
|                                             |                          | 2017      | 2016 |
| Objective Corporation Solutions NZ Limited  | New Zealand              | 100%      | 100% |
| Objective Corporation Singapore Pte Limited | Singapore                | 100%      | 100% |
| Objective Corporation North America Inc     | United States of America | 100%      | 100% |
| Objective Corporation USA Inc               | United States of America | 100%      | 100% |
| Objective Corporation UK Limited            | United Kingdom           | 100%      | 100% |
| Limehouse Software Limited                  | United Kingdom           | 100%      | 100% |
| Onstream Systems Limited                    | New Zealand              | 100%      | 100% |

#### NOTE 23. BUSINESS COMBINATIONS

##### Acquisition of Onstream Systems Limited

On 26 February 2016, the Group acquired 100% of the shares in Onstream Systems Limited (Onstream), a New Zealand headquartered company which specialises in the capture, collaboration and manipulation of large documents, complex drawings, maps and plans. The total cash consideration was \$2,873,911. The acquisition was strategic as it enhances the Group's product offering.

Details of the net assets acquired and goodwill in respect of the acquisition of Onstream at acquisition date were:

|                                                    | \$'000       |
|----------------------------------------------------|--------------|
| Cash paid                                          | 2,874        |
| Ordinary shares issued                             | 337          |
| <b>Total consideration</b>                         | <b>3,211</b> |
| <b>Assets acquired and liabilities assumed</b>     |              |
| Trade receivables                                  | 393          |
| Other receivables                                  | 76           |
| Property, plant and equipment                      | 39           |
| Deferred tax assets                                | 156          |
| Trade and other payables                           | (172)        |
| Provisions                                         | (82)         |
| Deferred revenue                                   | (684)        |
| Identifiable intangible assets <sup>1</sup>        | 530          |
| <b>Fair value of net assets acquired</b>           | <b>256</b>   |
| <b>Goodwill arising on acquisition<sup>1</sup></b> | <b>2,955</b> |

<sup>1</sup> On acquisition of the subsidiary, the company acquired identifiable intangible assets including brand names and customer relationship lists. At the date of issue of the 30 June 2016 annual report, the necessary acquisition accounting calculations had not been finalised. Subsequently, the fair value of intangible assets acquired have been determined as soon as practicable and within one year as required under AASB 3: *Business Combinations*. Details of this business combination are reflected in this consolidated financial statements on a retrospective basis.

# NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 23. BUSINESS COMBINATIONS CONTINUED

#### Acquisition-related costs

The Group incurred acquisition related costs of \$34,000 related to legal fees and other costs on acquisition of Onstream Systems Limited. These costs have been recorded as expenses as the costs were incurred except where the costs related to the issue of shares and have been recorded as a reduction to equity.

#### Revenue and profit contribution

From the date of acquisition to 30 June 2016, Onstream contributed a total revenue of \$968,035 and a net profit after tax of \$193,850 to the Group.

#### Critical accounting estimates and judgements – purchase price allocation

For the business combinations undertaken by the Group, the Group allocates the costs of the acquisition to the assets acquired and the liabilities assumed based on their estimated fair value on the date of acquisition. This process is commonly referred to as the purchase price allocation. As part of the purchase price allocation, the Group is required to determine the fair value of any identifiable intangible assets acquired.

The determination of the fair value of the intangible assets acquired involves certain judgement and estimates. These judgements can include, but are not limited to, the cash flows that an asset is expected to generate in the future.

The fair values of the identifiable intangible assets were determined by the Group with inputs from the independent appraisers using mainly the income approach. Future cash flows are predominantly based on the historical pricing and expense levels, taking into consideration the relevant market size and growth factors, and involves making a number of assumptions including growth rates, royalty rates and product life cycles. The resulting cash flows are then discounted at a rate reflecting specific risks related to the relevant operation.

A change in the amount allocated to identifiable intangible assets would have an offsetting effect on the amount of goodwill recognised from the acquisition and would change the amount of amortisation expense recognised related to those identifiable intangible assets.

### NOTE 24. PARENT ENTITY DISCLOSURES

#### (a) Summary statement of financial position

|                          | 2017<br>\$'000 | 2016<br>\$'000 |

| <b>Total equity</b>      | <b>19,876</b>  | <b>15,900</b>  |

#### (b) Summary statement of profit or loss and other comprehensive income

|                                         | 2017<br>\$'000 | 2016<br>\$'000 |
|-----------------------------------------|----------------|----------------|
| Profit for the year                     | 7,895          | 4,727          |
| Total comprehensive income for the year | 7,895          | 4,727          |

#### (c) Contingent liabilities

The parent entity, Objective Corporation Limited (the Company) has entered into commercial property leases as Lessee. In the event the Company ceases to be the Lessee under the lease or occupy the premises, whether by virtue of default and termination of the lease or otherwise, the Company may be subject to claims for payment of liquidated damages based on a percentage of the lease incentives initially received under the lease. Refer Note 28 for details.

Additionally, a performance guarantee has been provided by the Company to Objective Corporation UK Limited (subsidiary) with regards to the provision of software support services on the signing of the new 5 year contract with the Scottish Government.

The Company continues to support its subsidiaries in their operations, by way of financial support.

#### (d) Company details

The registered office and principal place of business of the Company is:

Level 30, 177 Pacific Highway, North Sydney NSW 2060, Australia.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

## OTHER

### NOTE 25. SHARE BASED PAYMENTS

#### Employee Incentive Plan

Objective Corporation Limited has an Employee Incentive Plan (the Plan) which was approved at the 2003 Annual General Meeting of the Company. The Plan is described as follows:

#### Offers

Under the Plan the Board may offer to any employee either options to acquire shares or loans to acquire shares in the Company. Tony Walls, Chief Executive Officer and Gary Fisher, Non-Executive Director will not be participating in the Plan.

The options expire ten years after the date of grant and vest upon grant; however, they are not exercisable until one year after grant and released in four equal tranches on each anniversary of grant date. If a participant under the Plan ceases to be employed by the Company, any unexercised option will be forfeited immediately.

#### Price

The Board has discretion to grant options for a fee and set the exercise price and term of the options.

#### Quotation

Options issued under the Plan will not be quoted on the ASX. Where the Company issues options and the options are exercised, the Company will apply to have the issued shares quoted on the ASX.

#### Maximum number of shares or options

The Company must not issue shares or options to any employee if to do so would contravene applicable laws or result in any employee holding an interest in more than 5% of the shares in the Company.

#### Sales restrictions

Options issued under the Plan are not transferable. Shares acquired under the Plan are not transferable unless any loan to acquire the shares has been repaid in full.

#### New shares

All shares issued on the exercise of options will rank equally with all existing shares from the date of issue.

#### Dividends

All shares acquired pursuant to the Plan rank equal in all respects and will be entitled to any dividends declared by the Company. Any dividends paid on shares acquired under the Plan will be offset against the loan balance outstanding to acquire shares under the Plan. Options issued under the Plan are not entitled to dividends.

#### Restrictions

The Board may impose vesting and performance conditions before which options cannot be exercised or the shares sold. The options issued pursuant to the Plan will usually lapse and the loans to acquire shares will usually become repayable if the holder ceases to be an employee.

#### Participation in future issues

Under the Employee Option Plan's rules, the number of shares over which an option is granted and/or the exercise price of the options may be altered in the event of a reconstruction of the Company's share capital or a bonus or rights issue of shares to shareholders. Shares acquired under the Plan will rank equal in all respects with existing shares.

#### Loans

The Board has discretion to provide a loan for the acquisition of shares in the Company under terms and conditions as set out in the loan agreement.

### NOTE 26. RELATED PARTY DISCLOSURES

The parent entity in the Group is Objective Corporation Limited. Details of transactions between the Group and other related parties are disclosed below.

#### (a) Loans to management personnel

Details of loan balances to management personnel and loan repayments, if any, are set out in Notes 7, 25 and the Remuneration Report. Loans are provided interest free. There have been no write downs or allowances for impairment losses.

#### (b) Other transactions with directors or other key management personnel

Other transactions entered into during the financial year with directors of Objective Corporation Limited and other key management personnel of the Group and with their closely related entities which are within normal customer or employee relationships on terms and conditions no more favourable than those available to other customers, employees or shareholders included:

- contracts of employment (refer Remuneration Report) and reimbursement of expenses;
- equity holdings and acquisition of shares in Objective Corporation Limited under the employee share plans; and
- dividends from shares in Objective Corporation Limited.

#### (c) Key management personnel remuneration

Total remuneration paid or payable to directors and key management personnel is set out below:

|                                           | CONSOLIDATED   |                  |
|-------------------------------------------|----------------|------------------|
|                                           | 2017<br>\$     | 2016<br>\$       |
| Short-term employee benefits              | 639,879        | 2,240,575        |
| Post-employment benefits                  | 43,221         | 134,344          |
| Share-based payments expense              | 55,277         | 47,724           |
| <b>Total remuneration paid or payable</b> | <b>738,377</b> | <b>2,422,643</b> |

Details of remuneration and the Objective Corporation Limited equity holdings of directors and other key management personnel are shown in the Remuneration Report on pages 15 to 16.

#### (d) Other related parties

During the year the Group was provided management consulting services and was charged \$39,966 (2016: \$32,445) by Kingsbury Ventures Limited, a company associated with Nick Kingsbury, a Non-Executive Director of the Company. These transactions were conducted on normal commercial terms and conditions. At 30 June 2017 there were no amounts owing to Kingsbury Ventures Limited (2016: nil). No other material amounts were receivable from, or payable to, other related parties as at 30 June 2017 (2016: nil), and no material transactions with other related parties occurred during those years.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 30 JUNE 2017

#### NOTE 27. COMMITMENTS

Commitments in relation to non-cancellable operating leases and capital expenditure contracted but not provided for in the consolidated financial statements are payable as follows:

|                                                   | CONSOLIDATED   |                |
|---------------------------------------------------|----------------|----------------|
|                                                   | 2017<br>\$'000 | 2016<br>\$'000 |
| <b>Capital expenditure commitments</b>            | –              | –              |
| <b>Operating lease commitments:</b>               |                |                |
| Not later than one year                           | 2,513          | 1,325          |
| Later than one year and not later than five years | 7,739          | 1,413          |
| Later than 5 years                                | 3,430          | –              |
| <b>Total operating lease commitments</b>          | <b>13,682</b>  | <b>2,738</b>   |

The Group pays rental on property as occupancy costs under operating leases. Leases generally provide the Group with rights of renewals at which time all terms will be renegotiated.

#### NOTE 28. CONTINGENT LIABILITIES

|                                                                                                     | CONSOLIDATED   |                |
|-----------------------------------------------------------------------------------------------------|----------------|----------------|
|                                                                                                     | 2017<br>\$'000 | 2016<br>\$'000 |
| <b>Contingent liabilities, capable of estimation, arise in respect of the following categories:</b> |                |                |
| Liquidated damages (Note 24)                                                                        | 3,268          | –              |
| Bank guarantees                                                                                     | 1,040          | 426            |
| <b>Total contingent liabilities</b>                                                                 | <b>4,308</b>   | <b>426</b>     |

Bank guarantees are issued to contract counterparties in the normal course of business as security for the performance by Group entities of various contractual obligations.

Additionally, a performance guarantee has been provided by the Company to Objective Corporation UK Limited (subsidiary) with regards to the provision of software support services on the signing of the new 5 year contract with the Scottish Government.

As at 30 June 2017, the Directors do not consider it is probable that a claim will be made against the Group under any of the guarantees or liquidated damages.

#### NOTE 29. AUDITOR'S REMUNERATION

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2017

### NOTE 30. OTHER ACCOUNTING POLICIES

#### Foreign currency transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in profit or loss, except where deferred in equity as a qualifying cash flow or net investment hedge.

Exchange differences arising on the translation of non-monetary items are recognised directly in other comprehensive income to the extent that the underlying gain or loss is recognised in other comprehensive income; otherwise the exchange difference is recognised in profit or loss.

#### Accounting standards and interpretations issued but not operative at 30 June 2017

Up to the date of issue of these financial statements, a number of amendments, new standards and interpretations have been issued which are not yet effective for the financial year ended 30 June 2017 and which have not been adopted in these consolidated financial statements.

Of these developments, the following relate to matters that may be relevant to the Group's operations and consolidated financial statements:

AASB 9: *Financial Instruments* and associated Amending Standards (applicable to annual reporting periods beginning on or after 1 January 2018). AASB 15: *Revenue from Contracts with Customers* (applicable to annual reporting periods commencing on or after 1 January 2018). AASB 16: *Leases* (applicable to annual reporting periods commencing on or after 1 January 2019).

#### AASB 9: *Financial Instruments*

This Standard will be applicable retrospectively and includes revised requirements for the classification and measurement of financial instruments, revised recognition and derecognition requirements for financial instruments and simplified requirements for hedge accounting.

The key changes that may affect the Group on initial application include certain simplifications to the classification of financial assets and upfront accounting for expected credit loss.

Although the Directors anticipate that the adoption of AASB 9 may have an impact on the Group's financial instruments it is impracticable at this stage to provide a reasonable estimate of such impact.

#### AASB 15: *Revenue from Contracts with Customers*

When effective, this Standard will replace the current accounting requirements applicable to revenue with a single, principles-based model. Except for a limited number of exceptions, including leases, the new revenue model in AASB 15 will apply to all contracts with customers as well as non-monetary exchanges between entities in the same line of business to facilitate sales to customers and potential customers.

The core principle of this Standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for the goods or services. To achieve this objective, AASB 15 provides the following five-step process:

1. identify the contract(s) with a customer;
2. identify the performance obligations in the contract(s);
3. determine the transaction price;
4. allocate the transaction price to the performance obligations in the contract(s); and
5. recognise revenue when (or as) the performance obligations are satisfied.

This Standard will become mandatory for the Group's 30 June 2019 consolidated financial statements and will require retrospective restatement, as well as enhanced disclosures regarding revenue.

It is expected that AASB 15 will impact the treatment and recognition of the Group's revenue. AASB 15 will also require an alignment in the recognition of commissions expense and contract revenue, which will represent a change from the Group's current policy of expensing these costs as incurred. The Group is currently in the process of assessing the impact of AASB 15 and is not yet able to reasonably estimate the overall impact on its consolidated financial statements.

#### AASB 16: *Leases*

AASB 16: *Leases* will replace the current standard AASB 117: *Leases*. The main changes include:

- Recognition of a "right to use" asset and liability for all leases, excluding leases less than 12 months of tenure and leases relating to low value assets
- Depreciation of "right to use" assets in line with AASB 116: *Property, Plant and Equipment* and unwinding of the liability in principal and interest components over the life of the lease
- Variable lease payments that depend on an index or a rate are included in the initial measurement of the lease liability using the index or rate at the commencement of the lease
- A lessee is permitted to elect not to separate non-lease components and instead account for all components as a lease
- Additional disclosure requirements.

The transitional provisions of the standard allow a lessee to either retrospectively apply the standard or recognise the cumulative effect of retrospective application as an adjustment to opening equity on initial application.

This standard will become mandatory for the Group's 30 June 2020 consolidated financial statements. The impact of this standard will be that the majority of operating lease contracts disclosed in Note 27 will be present valued and recognised as a "right to use" asset, with a corresponding liability also recognised. In addition, the majority of the operating lease expenses will no longer be recognised and will be replaced with amortisation/interest expense.

### NOTE 31. SUBSEQUENT EVENTS

With the exception of the items disclosed below, there has not arisen in the interval between 30 June 2017 and the date of this report, any other matter or circumstance that has significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

#### Dividends

For dividends resolved to be paid after 30 June 2017, refer to Note 17.

### NOTE 32. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved by the board of directors and authorised for issue on 30 August 2017.

The Directors of the Company declare that:

1. The attached financial statements and notes set out on pages 18 to 45 are in accordance with the *Corporations Act 2001*; and
  - a) Comply with Accounting Standards in Australian and the *Corporations Regulations 2001*;
  - b) As stated in Note 1, the consolidated financial statements also comply with International Reporting Standards; and
  - c) Give a true and fair view of the financial position of the consolidated entity as at 30 June 2017 and its performance for the year ended on that date.
2. The Chief Executive Officer and Chief Financial Officer have each declared that:
  - a) The financial records of the company for the financial year have been properly maintained in accordance with section 286 of the *Corporations Act 2001*;
  - b) The financial statements and notes for the financial year comply with the Accounting Standards; and
  - c) The financial statements and notes for the financial year give a true and fair view.
3. In the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay their debts as and when they become due and payable.

This declaration is made in accordance with a resolution of Directors.

**Tony Walls**  
Director

30 August 2017

**OBJECTIVE CORPORATION LIMITED  
ABN 16 050 539 350**

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF OBJECTIVE CORPORATION LIMITED**

**Report on the Audit of the Financial Report**

*Opinion*

We have audited the financial report of Objective Corporation Limited “the Company” and its controlled entities “the Group”, which comprises the consolidated statement of financial position as at 30 June 2017, the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors’ declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group’s financial position as at 30 June 2017 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

*Basis for Opinion*

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 *Code of Ethics for Professional Accountants* “the Code” that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key Audit Matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | How our audit addressed the Key Audit Matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acquisition Accounting<br>Refer to Note 23 in the Notes to the Financial Statements.                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| During the 2016 financial year, the Group acquired Onstream Systems Limited and finalised the acquisition accounting during the 2017 financial year as permitted by Australian Accounting Standards. | Our procedures included, amongst others:                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| The accounting for this business combination resulted in the recognition of goodwill of \$2.955 million and other identifiable intangible assets of \$0.530 million.                                 | <ul style="list-style-type: none"> <li>• Examining the asset purchase agreements and the Group's assessment of the identification of intangible assets acquired based on our understanding of the business acquired.</li> <li>• Assessing the competency of the external expert engaged by the Group to assist with the purchase price allocation.</li> <li>• Reviewing and challenging the significant judgements used by the Group's expert in the allocation of purchase price based on our understanding of the acquired businesses including input from our valuation specialist.</li> <li>• Considering the adequacy of the financial report disclosures in Note 23.</li> </ul> |
| The final purchase price allocation includes a degree of judgement in respect of growth rates, attrition rates, EBIT margin, royalty rate and discount rate.                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| The Group utilised an external expert in finalisation of the purchase price allocation.                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

*Other Information – The annual report is not complete at the date of the audit report.*

The directors are responsible for the other information. The other information comprises the information included in the Directors Report, which was obtained as at the date of our audit report, and any additional other information included in the Company's annual report for the year ended 30 June 2017, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information above and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other information not yet received as identified above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and use our professional judgment to determine the appropriate action to take.

#### *Responsibilities of the Directors for the Financial Report*

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

*Auditor's Responsibilities for the Audit of the Financial Report*

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on the Remuneration Report**

#### *Opinion on the Remuneration Report*

We have audited the Remuneration Report included in pages 15 to 17 of the directors' report for the year ended 30 June 2017. In our opinion, the Remuneration Report of Objective Corporation Limited, for the year ended 30 June 2017, complies with section 300A of the *Corporations Act 2001*.

#### *Responsibilities*

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

**AUDITOR'S INDEPENDENCE DECLARATION  
TO THE DIRECTORS OF OBJECTIVE CORPORATION LIMITED**

In relation to the independent audit for the year ended 30 June 2017, to the best of my knowledge and belief there have been:

- (i) no contraventions of the auditor independence requirements of the *Corporations Act 2001*; and
- (ii) no contraventions of any applicable code of professional conduct.
