Re: Change of Business Name to Orcoda Limited

Dear Valued Customers, Shareholders and Suppliers,

We are excited to announce that, effective 7 August 2018, our company activities and company name have changed:

Old name: SmartTrans Holdings Limited (ASX: SMA)

New name: Orcoda Limited (ASX: ODA)

(ASX: ODA Should be quoting on the ASX from about 21 August 2018)

Our new name reflects our operations as a fully-fledged and focused logistics business and allows us to incorporate our three divisions into one business, including the services that we are now able to offer thanks to the Resource Connect merger, which occurred on 7 March 2018.

The Company has undergone significant reinvestment into our refined direction, and we have also undertaken a complete strategic rebranding.

On 7 August 2018, shareholders voted on the new company name, Orcoda, which is an abbreviation - or 'portmanteau' - of our newly refocused corporate mission, that is to **OR**ganise **CO**nnected **DA**ta.

In terms of our three key areas of activity going forward:

- **Transport Logistics:** we will continue to assist transport fleets to become more efficient than would be possible using non-automated allocation methods. We are able to do this through the implementation of clever software applications and skilled managed services.
- **Healthcare Logistics:** we bring together our people management and asset management applications to provide a new service for community transport and transport for NDIS clients with disabilities. The optimisation of people and vehicle assets allows community transport, not-for-profit firms, to operate without financial loss under the new NDIS reimbursement scheme.
- **Resource Logistics:** we assist mine operators and resources sector firms to radically improve the management of complex logistics for their "fly in and fly out" workers, who arrive and depart frequently. Our Resource Logistics division also offers a managed service to provide an efficient mine shutdown process during scheduled maintenance.

Our new internet address will be www.orcoda.com. We will have new email addresses that use the domain name @orcoda.com, and will follow a simple protocol of first initial then full surname. For example, my new email address is bmason@orcoda.com. If you know your contact's name you should be able to figure out the email address. In the interim, please be assured that our old SmartTrans addresses will continue to work for three months while we transition to the new domain name.

The company will continue to operate in its current structure. Other than these external changes, there are no changes to report. Our office locations - including our mailing, billing and shipping addresses and phone numbers remain unchanged, as below:

Melbourne Address: Unit 312, 434 St Kilda Road, Melbourne VIC 3004

Brisbane Address: 39 Navigator Place, Hendra, QLD 4011

Postal Address: PO Box 3142 Hendra QLD 4011

Phone: 1300 672 632 National Direct

With 19 years of business presence in the logistics industry, we at Orcoda look forward to continuing to grow and serve you under our new name.

For future correspondence and to be able to keep you more fully informed on a regular basis, we intend to communicate with shareholders through an email communications campaign. If you are interested in being kept up to date with our company news please provide your email address by sending an email to admin@orcoda.com

Should you have any questions regarding this name change, please feel free to contact me.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'B. Mason'.
