ASX RELEASE

22 October 2019

Auscol Logistics Contract & Baycorp Logistics Contract renewal

Orcoda Limited (ASX: ODA) ('Orcoda' or 'the Company'), the resources, healthcare, and transport logistics optimisation company, is pleased to announce that it has signed a contract for our SaaS platform installation and logistics network modelling with Auscol a division of Graincorp Limited (ASX: GNC), this order although under \$10,000 integrates our technology into a division of an ASX listed company and Orcoda welcomes this as another step for growing its Transport Logistics Division revenue base.

Auscol part of the GrainCorp Group and is a specialist in the environmentally responsible collection and recycling of used cooking oils and fats and their operations service all the states of Australia. The network has coverage of 97 per cent of the Australian population.

Orcoda also announces the renewal of the Baycorp contract for a further 12 months amounting to approximately \$70,000. Baycorp have been using our SaaS platform for 10 years in their Western Australia office which provides the Bailiff services for the Southern Zone of Western Australia. This includes Assistant Bailiffs, Sheriff's Officers and Service Agents to the Western Australian Department of the Attorney-General and the Department of Transport. Bailiff and Field services deliver documents, undertake legal process serving and enforce court orders in Perth and regional Western Australia for Coastal Central, Central, Eastern, South West Perth (metro) and Southern regions.

The above two contracts demonstrate the diversity of uses of our SaaS platform and our ability to solve complex transport and supply chain issues within organisations that need to track deliveries or pickups and manage assets, people and process within the supply chain.

-ENDS-
