ASX ANNOUNCEMENT – ORCODA LIMITED (ASX:ODA)

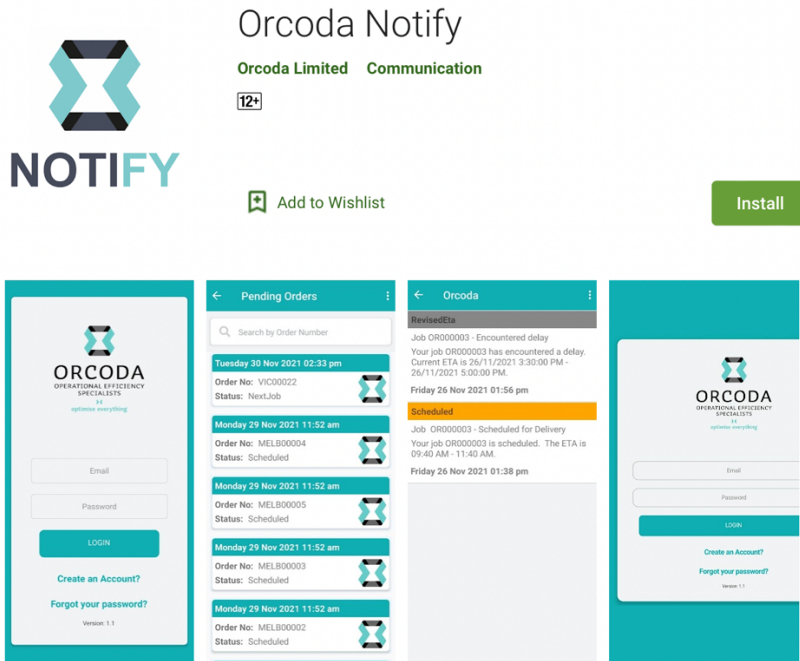

Launch of new Orcoda “Notify” App

Orcoda Limited (ASX: ODA) ('Orcoda' or the 'Company'), the leading provider of Artificial Intelligence Solutions (AI) for transport logistics and transport services in road rail and air, is pleased to announce we have developed a new **Notify** App that connects to our Orcoda Workforce Logistics System (**OWLS**) digital platform and Orcoda Logistics Management System (**OLMS**) digital platform. This provides for our clients, customers and workers to use to easier track deliveries, pickups, and manage messaging and other notifications within the app, for customers, drivers, workers. This is a powerful combination of use cases, that each critical for efficient management and optimisation of a broad range of supply chains. The app is available on both the Google Play platform for Android devices and the Apple store for iPads.

The major benefits of Notify include:

- Eliminate cost of SMS platform use
- Current notification characterised in the app
- Notifications for customers, drivers, workers are distinguished through each client's logo
- Marketing use cases
- Easily connects to enterprise systems
- Full history of notifications or progress seen in a glance
- Send push notifications to customers for order status
- Customers can track order status and review order history
- Clients further able to edit notification details on OLMS and OWLS system for multiple suppliers
- Obtain latest notifications as desired
- An overall improved customer and worker experience

Geoff Jamieson, Orcoda Managing Director said: “Our new Notify app is the result of a lot of research and development for improving the client experience, and enhancing our value. The significant benefits to our digital platforms to eliminate SMSs benefits both parties. Our Notify app has become another part of the value proposition to ensure our supply chains run efficiently, on time and on budget. This is our fourth App, and with AI designed to analyse data and accelerate decisions in digital supply chains. In my opinion, nearly any company that manages large workforces, multiple subcontractors or large fleets of assets would benefit from using an Orcoda digital platform in their business operation.”

Orcoda Limited is an Australian company (ASX:ODA) with expertise in business efficiency and optimisation. The Orcoda's Notify App helps and allows Orcoda clients' customers to be notified on their orders and allow them to track the status.

This ASX release is authorised by the Board of Orcoda Limited.
