Dear Sir/Madam

Re: Update on US money transmitter license applications

OzForex Group Limited has received confirmation from the Indiana Department of Financial Institutions that the application for a Money Transmitter License made by its subsidiary, USForex Inc., has been approved.

The OzForex Group now has money transmitter licences in 29 US states. There are four US states that do not require the OzForex Group to have licences to carry on its business in those states.

Yours faithfully

General Counsel and Company Secretary
