ASX Announcement – Trading Halt

The company would request a Trading Halt for its shares for a maximum 2 days whilst it reviews its stock impairments, its required provisions and any likely impact on its past results.

The company has also been notified about winning substantial 2011 forward supply contracts and a confirmation of this is pending.

We anticipate making an announcement on Monday the 21st to cease the Halt.

We are unaware of any reasons why a Halt would not be granted.
