OMNIA METALS GROUP LTD
Directors' report
31 December 2024

The directors present their report, together with the interim financial report, of Omnia Metals Group Ltd (the "Company") and its subsidiaries (the "Group") for the half-year ended 31 December 2024.

Directors

The following persons were directors of the Company during the whole of the financial period and up to the date of this report, unless otherwise stated:

Mark Connelly – Non-Executive Chairman
Dr James Warren – Managing Director
Quinton Meyers – Non-Executive Director

Operating Result

The operating result for the period was as follows:

	31 Dec 2024	31 Dec 2023
	\$	\$
Loss before Income Tax	435,619	1,212,473
Income Tax Expense/ Benefit	-	-
Loss for the Period	435,619	1,212,473

Dividends

No dividend was paid during the period and the Board has not recommended the payment of a dividend.

Principal Activities

During the half year ended 31 December 2024, the primary focus of the Company has been the satisfaction of the conditions for reinstatement to trading imposed by the ASX. The Company has made significant progress on satisfying the conditions of reinstatement.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Company during the financial period, other than as mentioned elsewhere in the interim financial report.

Review of Operations

The Company continued to advance exploration across its multi-commodity portfolio during the half-year, with significant progress made at projects in Western Australia.

In Western Australia, ongoing engagement with Traditional Owners enabled on-ground work at the Ord Basin Project, located in the East Kimberley region. Surface sampling was completed to test copper-nickel and carbonatite/kimberlite targets identified from geophysical surveys (ASX: OM1, 11 December 2024). Meanwhile, the Salt Creek Project, in the Goldfields region, was advanced through the identification of drill-ready gold and copper targets. Statutory approvals, including a Program of Work and Heritage Surveys, are in place or under way to support a planned RC drilling program of up to 5,000m. The Company successfully completed the heritage survey at Ord Basin subsequent to 31 December 2024 (ASX: OM1, 25 February 2025).

At the Lac des Montagnes Project in the James Bay region of Canada, the Company announced the results of its maiden exploration campaign involving 1,178 rock chip and 90 soil samples, returning encouraging results that highlighted the project's potential to host lithium mineralisation (ASX: OM1, 26 July 2024).

Across all its operations, Omnia continued to refine exploration strategies, process incoming data, and engage cooperatively with Native Title groups. Through ongoing engagement with Traditional Owners and the completion of heritage surveys, Omnia has heritage approval for all proposed work across its projects. The Company's disciplined approach and focus on the discovery of future-facing commodities have positioned it to progress exploration and potential resource delineation in both Australia and Canada.

Matters subsequent to the end of the financial period

Subsequent to 31 December 2024, the Company updated the market on the exploration activities across its multi-commodity portfolio and the corporate affairs of the Company. The Company has successfully completed a heritage survey at Salt Creek and completed a capital raising of \$87,511 via the placement of 8,751,092 fully paid ordinary shares at an issue price of \$0.01. Each share in the placement had a free attaching option on a 1 for 1 basis which are exercisable at \$0.025 per option on or before the date that is three years from the date of issue.

The Company has received firm commitments to raise an additional \$1,500,000 (before costs) via the placement of 150,000,000 fully paid ordinary shares at an issue price of \$0.01. Each share purchased under the placement will come with a free attaching option exercisable at \$0.025 on or before the date that is three years from the date of issue.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 5.

This report is made in accordance with a resolution of directors, pursuant to section 306(3) of the Corporations Act 2001

On behalf of the directors

Note 1. Summary of material accounting policies

General information

The consolidated financial statements cover Omnia Metals Group Ltd (the “**Company**”) and its subsidiaries (the “**Group**”) for the interim half-year reporting period ended 31 December 2024. The financial statements are presented in Australian dollars, which is the Group’s functional and presentation currency.

Omnia Metals Group Ltd is a company limited by shares, incorporated, and domiciled in Australia. The consolidated financial statements comprise the financial statements for the Group. For the purposes of preparing the financial statements, the Group is a for-profit entity.

New and amended standards adopted by the Company

There were no new standards effective for the first time for periods beginning on or after 1 July 2024 that have had a significant effect on the Group’s financial statements.

New standards, amendments and interpretations not yet adopted

Any standards and interpretations that have been issued but are not yet effective, and that are available for early application, have not been applied by the Group in these financial statements. International Financial Reporting Standards that have recently been issued or amended but are not yet effective have not been adopted for the reporting period ended 31 December 2024.

Basis of preparation

These general purpose consolidated financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 ‘Interim Financial Reporting’ and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 ‘Interim Financial Reporting’.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024.

Accounting policies and methods of computation

The accounting policies and methods of computation adopted are consistent with those of the previous financial year and corresponding half year. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

Significant accounting judgements and key estimates

The preparation of half-year financial reports requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this half-year report, the significant judgements made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial report for the year ended 30 June 2024.

Going Concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

For the half year ended 31 December 2024, Omnia incurred a loss of \$435,619 (2023: \$1,212,473) and had cash outflows from operating activities of \$386,894 (2023: \$444,978).

The ability of the Group to maintain continuity of normal business activities and to pay its debts as and when they fall due is dependent on its ability to successfully raise additional capital and/or through successful exploration and subsequent exploitation of areas of interest through sale or development.

The directors believe that the going concern basis of preparation is appropriate due to the following reasons:

- the Company has a proven history of successfully raising funds; and
- the Company has plans in place after a significant capital raise as set out below

OMNIA METALS GROUP LTD
Notes to the financial statements
For the half-year ended 31 December 2024

Should these initiatives be unsuccessful, this gives rise to the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern, and it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial report. This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts or classification of liabilities and appropriate disclosures that may be necessary should the Group be unable to continue as a going concern.

Subsequent to 31 December 2024, the Company received debt forgiveness from suppliers to the amount of \$162,231 while the directors of Omnia agreed to write-off their accrued director fees totaling \$60,832 and not accrue any further fees.

In February 2025, the Company successfully raised \$87,511 via the placement of 8,751,092 fully paid ordinary shares at an issue price of \$0.01 per share to fund the Company until reinstatement on the ASX. Each share in the placement had a free attaching option on a 1 for 1 basis which are exercisable at \$0.025 per option on or before the date that is three years from the date of issue. The Company has received firm commitments to raise an additional \$1,500,000 (before costs) via the placement of 150,000,000 fully paid ordinary shares at an issue price of \$0.01. Each share purchased under the placement will come with a free attaching option exercisable at \$0.025 on or before the date that is three years from the date of issue.

Note 4. Segment Reporting

AASB 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the Chief Operating Decision Maker in order to allocate resources to the segment and to assess its performance.

The Group's operating segments have been determined with reference to the monthly management accounts used by the Chief Operating Decision maker to make decisions regarding the Group's operations and allocation of working capital. Due the size and nature of the Group, the Board as a whole has been determined as the Chief Operating Decision Maker.

Information reported to the Group's Board for the purposes of resource allocation and assessment of performance is more specifically focused on the exploration and development of mineral resource projects. The Group's reportable segments under AASB8 are therefore as follows:

- Exploration and evaluation – Australia
- Exploration and evaluation - Canada
- Other sector – Corporate

Exploration and evaluation – Australia refers to the Ord Basin Project and Albany Fraser Project
Exploration and evaluation – Canada refers to the Lac des Montagnes Project

The other sector relates to head office operations, including cash management. Information regarding these segments is presented below. The accounting policies of the reportable segments are the same as the Group's accounting policies.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Omnia Metals Group Ltd

Report on the Condensed Interim Financial Report*Conclusion*

We have reviewed the interim financial report of Omnia Metals Group Ltd ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2024, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes, and the directors' declaration, for the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying interim financial report of Omnia Metals Group Ltd does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibility is further described in the *Auditor's Responsibility for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
