Jingemia 1, Extended Production Test Commences, Onshore Perth Basin, Western Australia

Origin Energy Resources Limited*, as operator of Exploration Permit 413 advises that production testing at Jingemia 1 commenced at 0840 hours WST on 6 May following regulatory approvals and the installation of fit for purpose facilities at the Jingemia 1 well site.

The production test has been approved for a period of 3 months during which time the well will be produced at a variety of rates as necessary to acquire information on reservoir performance, confirm the commerciality of the discovery and enable the planning of facilities required for full field development.

During the period of the test the oil produced will be trucked to the BP oil refinery south of Perth for sale.

Participants in EP 413 and Jingemia 1 are as follows:

Origin Energy Developments Pty Limited*	49.189%
Hardman Oil and Gas Pty Ltd	22.376%
AWE (Perth Basin) Pty Ltd	15.245%
Victoria Petroleum NL	5.7685%
Voyager Energy Limited	6.0015%
Pancontinental Oil & Gas NL	1.278%
John Kevin Geary	0.142%

* a wholly owned subsidiary of Origin Energy Limited
