Peppermint signs Merchant Biller agreement with Cebuana Lhuillier

- **Peppermint signs Merchant Biller Agreement with Cebuana Lhuillier - the Philippine's largest and leading micro-financial services provider**
- **Agreement allows bizmoto agents to physically 'cash-in' money and instantly 'top-up' their mobile wallet at any one of Cebuana Lhuillier's 2,500 shop fronts and accredited stores nationwide**
- **Significant increase in number of physical 'cash-in' locations follows Peppermint's recent Bank of the Philippines API Agreement providing online "cash-in" capabilities for bizmoto agents**
- **Cebuana Lhuillier Merchant Biller Agreement further integrates bizmoto platform into the established Philippines payments industry and landscape**

PERTH, AUSTRALIA, 12 APRIL 2021: Peppermint Innovation Ltd (ASX: PIL) ("**Peppermint**" or "**the Company**") has signed a strategic Merchant Biller Agreement with the Philippines' largest and leading micro-financial services provider, Cebuana Lhuillier ("**Cebuana**").

The agreement, which allows bizmoto agents to "cash-in" money at any one of Cebuana's 2,500 shop fronts and accredited stores nationwide, will enable agents to 'top-up' their mobile wallets instantly, allowing them the ability to transact with more customers.

Essentially, a bizmoto agent will be able to enter any Cebuana branch, choose the bizmoto platform to top-up their mobile wallet and their 'cash-in' funds will instantly be credited to their bizmoto wallet.

The significant increase in the number of physical "cash-in" locations for bizmoto agents comes just weeks after Peppermint signed an online "cash-in" agreement with the Bank of the Philippines (BPI).

Under the BPI agreement, bizmoto agents who are BPI account holders will be able to instantly 'top-up' their mobile wallet, allowing them to service more customers because they can transact online in real time without the need to visit a BPI branch or automatic teller machine.

The Cebuana Merchant Biller agreement does not earn direct revenue for the Company however Peppermint does earn a fee every time a bizmoto agent performs a transaction utilising the bizmoto platform, which requires a positive balance on the bizmoto agents' mobile wallet.

Cebuana will earn a fee when bizmoto agents "cash-in" money to 'top-up' their mobile wallets at any one of Cebuana's 2,500 shop fronts and accredited stores nationwide. The agreement is for an initial one-year term which renews automatically unless either party give the other 30 days' notice not to renew.

Peppermint Innovation's Managing Director and CEO Chris Kain said: "This agreement with Cebuana significantly increases our geographic spread for 'cash-in' points for our bizmoto agents, making it convenient and more accessible for our bizmoto agents to 'cash-in' to their mobile wallets.

"It is yet another 'brick in the road' as we build out our bizmoto ecosystem, further integrating our bizmoto platform into the established Philippines' payments industry as we seek interoperability across the digital payments landscape throughout the Philippines.

"The Cebuana agreement also extends Peppermint's business alignment and partnership with the Philippine's largest and leading micro-financial services provider and follows our bizmoProtect distribution and micro-insurance product offering announced in early March 2021.

"Peppermint aims to continue to align itself with strategic and established partners across the Philippines' payments landscape to ensure the bizmoto platform and ecosystem of services is convenient and accessible to as many Filipino people as possible."
