A copy of the Audit and Risk Management Committee Charter is available on the Company's website at www.raisama.com.au.

Exceptions to ASX Recommendations

The Company sets out below its "if not why not" report in relation to those matters of corporate governance where the Company's practice departs from the ASX Recommendations, to the extent that they are currently applicable to the Company.

ASX Recommendations 1.2 and 2.5 (Process for evaluation)

The Company does not have in place a formal process for evaluation of the Board, individual Directors and senior executives. Given the current size of the Board and the nature of the Company's activities, the Directors do not consider the establishment of a formal performance evaluation strategy to be necessary at present.

Performance evaluation is a discretionary matter for consideration by the entire Board and, in the normal course of events, the Board will review performance of management, Directors and the Board as a whole.

ASX Recommendation 2.1 (Independent Directors)

At present, the Board does not comprise a majority of independent directors. Mr Cowan is the only Director classified as independent. Given the size and scope of the Company's operations and stage of its development, the Directors do not consider this is to be inappropriate.

The Board considers that it has the relevant experience in the uranium exploration and oil & gas industry, and is appropriately structured, to discharge its duties in a manner that is in the best interests of the Company and its Shareholders from both a long-term strategic and operational perspective.

The Board intends to appoint further independent non-executive directors as suitably qualified candidates are identified and the size and scale of the Company's operations develop.

ASX Recommendation 2.4 (Nomination Committee)

Given the size and the scope of the Company's operations, the Directors do not consider it necessary for the Company to have a separate nomination committee at present. The full Board considers the matters and issues that would fall to the nomination committee. The Board considers that at this stage, no efficiencies or other benefits would be gained by establishing a separate nomination committee.

The Board intends to reconsider the requirement for and the benefit of a separate nomination committee as the Company's operations develop.

ASX Recommendation 3.2, 3.3 and 3.4 (Diversity policy)

The ASX Corporate Governance Council has recently released changes to Principle 3 of the ASX Recommendations in relation to diversity. The changes aim to provide greater transparency of the processes adopted to support and encourage gender diversity in organisations. One of these measures involves adopting and disclosing a diversity policy, with measurable objectives for achieving gender diversity. The proposed changes will apply to all listed companies from their first financial year commencing after 1 January 2011. The Company will be in a position to report on the ways it is considering implementing strategies to address these requirements in its 2011 Annual Report.

ASX Recommendation 4.2 (Composition of Audit and Risk Management Committee)

ASX Recommendation 4.2 recommends that an audit committee should be structured so that it:

- consists only of non-executive directors;
- consists of a majority of independent directors;
- is chaired by an independent chair, who is not chair of the Board; and
- has at least three members.

Given the current size of the Board and the scope of the Company's operations, the Board considers it impractical for the Company to comply with ASX Recommendation 4.2. However, the Board considers the composition of the Audit and Risk Management Committee will be sufficient to enable it to properly discharge its duties.

ASX Recommendation 8.1 (Remuneration Committee)

The Company has not established a separate remuneration committee and does not have a formal remuneration policy in place.

The role of remuneration committee is undertaken by the full Board. The Board considers that given the current size of the Company and the Board no efficiencies or other benefits would be gained by establishing a separate remuneration committee.

As the size of the Company evolves, the Board will consider the appropriateness of forming a separate remuneration committee having regard to the ASX Recommendations. The Board has stated its responsibilities with respect to remuneration policies and practices in the Board Charter.
