The Australian Stock Exchange Ltd.

Via: e-Lodge Announcement

Dear Sir,

Diebold signs agreement to resell Zylotech's SVS to Banking and Finance

We are pleased to announce that Diebold Australia (Diebold) has entered into a Reseller Agreement to represent Zylotech's digital, Secure Virtual Surveillance (SVS) video solutions to its current and prospective customer base in Australia which includes the capability for remote branch/site live monitoring and control.

Through Diebold, Zylotech has already sold a key Pilot SVS installation to a major bank in Australia as their inaugural deployment of this SVS solution. This is a key turning point for Zylotech because the potential for full multi-branch deployment by these customers as well as other potential sales to other corporate and government security customers is significant.

Diebold is a leading supplier of Security and ATM solutions to the Finance and Banking industry in Australia and has expanded its presence in the broad section of government and corporate security markets.

Diebold Incorporated (Diebold Australia's parent company) is a global leader in providing integrated self-service delivery and security systems and services. Diebold employs more than 14,000 associates with representation in nearly 90 countries worldwide and is headquartered in Canton, Ohio, USA. Diebold reported revenue of \$2.6 billion in 2005 and is publicly traded on the New York Stock Exchange under the symbol "DBD."

Diebold is committed to a policy of continuous improvement in the delivery of security solutions and services to retail, government and financial sectors with CCTV & Monitoring, Building Access Control, Alarm Systems, and Security System Integration.

In line with Zylotech's new sales and marketing strategy, more Tier 1 and 2 Reseller Channel partners will be appointed to represent Zylotech and further accelerate the penetration of our SVS solutions to the end user markets across all regions in Australia.

Zylotech is happy that Diebold has chosen to represent and support our leading digital SVS solutions.

Yours Faithfully

Nicholas Sikiotis
CEO, CTO & Managing Director
