Cleansing notice under section 708A(12C)(e) of the Corporations Act

This cleansing notice (**Cleansing Notice**) is given by Mayur Resources Limited (ASX:MRL) ARBN 619 770 277 (the **Company**) under section 708A(12C)(e) of the *Corporations Act 2001* (Cth) (**Corporations Act**) (as notionally inserted by *ASIC Corporations (Sale Offers: Securities Issued on Conversion of Convertible Notes) Instrument 2016/82*).

The Company advises that it will today issue 1,696,500 convertible notes. The convertible notes will be issued without disclosure to investors under Part 6D.2 of the Corporations Act.

The purpose of this Cleansing Notice is to enable the shares that may be issued on any future conversion of the convertible notes to be on-sold to retail investors without further disclosure.

This Cleansing Notice is an important document and should be read in its entirety. Neither ASIC nor ASX takes any responsibility for the contents of this Cleansing Notice.

1. Background

The Company announced on 1 May 2023 that it was proposing to undertake a capital raising by the issue of convertible notes (**Notes**) as follows:

- (a) The Company had signed a Term Sheet with Obsidian Global Partners, LLC Inc (the **Noteholder**) for the issue of A\$2.5 million in Notes, to be denominated in and held in USD;
- (b) The face value of each Note will be US\$1.15, with the number of Notes to be issued being the USD equivalent of A\$2.5 million at the date of issue of the Notes;
- (c) The Notes would be issued in parallel with an A\$2.75 million equity placement to sophisticated and institutional investors which was well supported by both new and existing investors to the Company (the **Placement**), as announced by the Company on 1 May 2023;
- (d) The Noteholder will also receive the following additional securities:
 - (i) On issue of the Note: 1,000,000 Shares (the **Initial Collateral Shares**) and 625,000 Unlisted Options each exercisable at \$0.40 expiring three years from their date of issue (the **Initial Options**);
 - (ii) On the 121st day of the Note (if still outstanding): 2,000,000 Shares (the **Subsequent Collateral Shares**) and 625,000 Unlisted Options each exercisable at the greater of (a) \$0.40 or (b) a 50% premium to the 15 day VWAP on their day of issue, each expiring three years from their date of issue (the **Subsequent Options**).
- (e) The issue of the Notes was subject to formal documentation to be executed in due course;

The Company has today issued the Notes.

The terms of the Notes are in the Convertible Note Agreement (**Agreement**) executed by the Company and Obsidian Global Partners, LLC Inc (the **Noteholder**).

The Directors of the Company consider the entry into the Agreement and issue of the Notes to be in the best interests of shareholders. In conjunction with the Placement announced in parallel on 1 May 2023, the funding will enable the Company to commence early development works at its Central Lime and Orokolo Bay projects – both of which are the subject of project-level development financing negotiations which are expected to complete in the next 60 to 90 days. The Company expects that improvements in the Company's share price following completion of the project financing and commencement of construction activities will result in the Company being able to limit the dilutionary effect of raising this capital.

The funding with the Noteholders was selected due to its certainty and efficiency of completion; relatively low potential dilutionary impact; its relatively low cost of funds; and the ability for the Company to repay the Note within 120 days at limited cost.

The Notes will be issued utilising the Company's placement capacity under ASX Listing Rule 7.1.

Number of Notes	1,696,500
Face Value	US\$1.15 per Note
Aggregate Face Value	US\$1,950,975 being the equivalent of A\$2,875,000
Note Currency	The Notes are being held by the Investor in USD such that the Company receives an amount equivalent to A\$2.5 million (\$0.6786 used). Where an amount is to be converted from AUD to USD per the terms of the Notes, the prevailing exchange rate published by the Reserve Bank of Australia at that time is to be applied.
Issue Date	11 May 2023
Maturity	11 November 2024 (18 months)
Collateral Shares	The Company will issue to the Noteholder 1,000,000 Shares on the issue of the Notes, being the Initial Collateral Shares. In the event that the Notes are outstanding on 9 September 2023 (being 121 days following the issue of the Notes) the Company will issue to the Noteholder 2,000,000 Shares, being the Subsequent Collateral Shares. In the event that the Notes are repaid in cash, the Noteholder will pay to the Company the value of the Collateral Shares issued to the Noteholder calculated at a 3% discount to the fifteen day VWAP following such repayment. If the Noteholder converts the Notes into equity, the Noteholder may in their sole discretion apply the Collateral Shares to offset the new Shares that would be required to be issued on such conversion.
Redemption in Cash	The Company may redeem (repay) the Notes at any time in cash. If the Company redeems the Notes in cash on or before 8 September 2023, the Company may do so by repaying the Face Value with no further premium. On or after 9 September 2023, if the Company redeems the Notes, it may do so by repaying the Face Value with a further 10% premium.
Conversion	On or before 8 September 2023, the Noteholder may convert the Notes into Shares at the greater of (a) A\$0.30 per Share; or (b) a 10% discount to the average of the 3 lowest daily VWAPs in the 15 days prior to Conversion. On or after 9 September 2023, the Noteholder may convert the Notes into Shares at a 10% discount to the average of the 3 lowest daily VWAPs in the 15 days prior to Conversion, however the Note cannot be converted at a price lower than \$0.10, being the Floor Price. In effect, during the first 120 days the Notes cannot be converted at a price below A\$0.30 and after the first 120 days cannot be converted at a price below A\$0.10.

Security	The Notes are unsecured.
Negative Covenants	Whilst the Notes are outstanding a number of negative covenants apply to the Company, which the Company considers to be broadly on terms customary for securities of this nature. In summary, these include the Company or a subsidiary company being restricted from the following without the Noteholders written consent (not to be unreasonably withheld or delayed): (a) dispose all or part of its assets unless (i) such disposal is in the ordinary course of business and for fair market value; and (ii) where the value of the assets being disposed is greater than A\$500,000, at least 25% of the net cash proceeds of the disposal are, if required by the Noteholder, applied towards repayment (b) on or after 9 September 2023 only (i) repay any indebtedness to any related entities of the Company; or (ii) make any payment in reduction of debt for any debt finance raised or debt securities issued by the Company after today (c) reduce its issued share capital or any uncalled liability in respect of its issued capital, except by means of a purchase or redemption of the share capital that is permitted under applicable law (d) issue or agree to issue any equity or equity-linked securities (including options) that have a variable interest rate or any debt, equity or equity-linked securities that are convertible into, exchangeable or exercisable for, or include the right to receive Shares or other securities: (i) at a conversion, repayment, exercise or exchange rate or other price that is based on, and/or varies with, the trading prices of, or quotations for, the Shares; or (ii) at a conversion, repayment, exercise or exchange rate or other price that is subject to being reset at some future date after the initial issuance of such debt, equity or equity-linked security or upon the occurrence of specified or contingent events; but nothing in this clause prevents the Company from issuing fixed-rate instruments or incurring debt that is not convertible into, exchangeable or exercisable for, or includes the right to receive Shares or other securities (being Permitted Debt) (e) grant any Security Interest over any of its material assets, or allow a Security Interest to come into existence over any material assets of any Group Company except to secure Permitted Debt incurred as part of a Strategic Raising provided that the Company may do any of those things to give effect to a Strategic Raising subject to and conditional upon the Company repaying the whole amount of the Notes outstanding at that time. A Strategic Raising includes: (a) a transaction or series of transactions which taken together result in a fundraising by the Group of an amount equal to or exceeding US\$25,000,000 for the purpose of furthering the Group's projects; or (b) transactions involving a Group Company (but not the Company) for the purpose of funding their own activities.

Repayment on New Equity Issuances	In the event that the Company issues or agrees to issue (a) Shares to any person at a per Share price which is less than A\$0.15; (b) options to acquire Shares to any person with an exercise price which is less than A\$0.15; or (c) any debt, equity or equity-linked securities to any person which are convertible into, exchangeable or exercisable for, or include the right to receive Shares or other securities at a fixed price which is less than A\$0.15; then unless waived by the Investor the Company must apply at least 50% of the proceeds from the issue, sale or exercise of those securities towards redeeming the amount outstanding of the Notes.
Events of Default	The Agreement includes events of default which the Company considers to be broadly on terms customary for securities of this nature, including in summary: (a) failing to pay an amount owed to the Noteholder; (b) a material breach or failure to comply with any material obligation under the transaction documents (and does not rectify such breach or failure within 15 days of notice of such) (c) the occurrence of an insolvency event (d) a suspension of trading, stop order, or removal of the Company or the Shares from the ASX Official List is requested by the Company or imposed on the Company except for a suspension of trading not exceeding 5 trading days in any rolling twelve month period or as agreed by the Noteholder (e) the occurrence of a Material Adverse Effect; (f) the occurrence of a change of control in respect of the Company In the event of an unremedied default, being an event of default that is (a) not capable of being remedied, or is capable of being remedied but has not been remedied within 15 business days of its occurrence; or (c) there have been two or more previous events of default, then the Noteholder may be entitled to action against the Company including, but not limited to, (a) an increase in the Face Value of the Notes by 10% in the first instance and afterwards a further 2% for any further unremedied default, (b) declaring that the Company redeem the Notes; (c) convert the Notes at a 20% discount to the lowest daily VWAP in the 10 actual trading days prior to the notice; or (d) terminate the Agreement.
Floor Price	The Notes may not be converted below \$0.10. In the event that the 15 day VWAP of the Company's Shares is below \$0.10 for a period of 60 continuous days, and following that the Noteholder issues the Company a conversion notice, the Company must pay to the Noteholder in cash an amount equivalent to the delta between the value of the Shares issued by the Company at the \$0.10 floor price, and the market value of those Shares had the Notes been converted without regard to the Floor Price.
Voting Rights	The Notes do not confer any voting rights.
Quotation	The Notes will not be quoted on ASX.

Legal Costs	The Company is required to make a non-refundable contribution of A\$15,000 towards the Noteholders' legal costs.
Governing Law	The Agreement is governed by the laws applying in the State of Western Australia, Australia.
Terms of Initial and Subsequent Options	The Options are issued on terms which the Company considers to be broadly on terms customary for securities of this nature, including in summary: (a) The Option does not grant the holder a right by reason only of being a holder of Options to participate in any bonus issue, pro rata issue, or any other issue of rights to subscribe for additional Shares or any other securities to be issued by the Company except where provided for by the ASX Listing Rules (b) In the event of a reconstruction of capital, the Options will be treated in a way consistent with the ASX Listing Rules (c) The Options are not redeemable by the Company (d) The Options are freely assignable and transferable subject to applicable law but will not be quoted on ASX.
Representations and Warranties	The Company has provided the Noteholder with customary representations and warranties.
Chess Depositary Interests (CDIs)	The Company's Shares trade on ASX only in the form of Chess Depositary Interests (CDIs), representing underlying Shares. References in this Agreement, and throughout this Notice, include a reference to CDIs where applicable, and any obligation by the Company to issue Shares will be satisfied by issue CDIs representing the equivalent number of underlying Shares to the Noteholder.

5. **Rights and liabilities attaching to the Shares issued on conversion of the Notes**

The Shares issued to the Noteholder on the conversion of the Notes will rank equally in all respects with all of the Company's existing Shares.

The Company is domiciled in Singapore. The rights attaching to Shares, including new Shares to be issued to the Noteholders on the conversion of the Notes, are set out in the Company's constitution (**Constitution**), and regulated by Singaporean law (the Companies Act of Singapore), the ASX Listing Rules, the general law, and in the case of CDIs, regulated by the rules of ASX Settlement.

A summary of the rights attaching to Shares in the Company is below. This summary is qualified by the full terms of the Constitution (a full copy of the Constitution is available from the Company on request free of charge) and does not purport to be exhaustive or to constitute a definitive statement of the rights and liabilities of shareholders. These rights and liabilities can involve complex questions of law arising from an interaction of the Constitution with statutory and common law requirements. For a shareholder to obtain a definitive assessment of the rights and liabilities which attach to Shares in any specific circumstances, the shareholder should seek legal advice.

(a) Voting Rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at a general meeting of members every member has one vote on a show of hands and one vote per share on a poll. Voting may be in person or by proxy, attorney or representative.

The ASX Settlement Rules require the Company to give notices to CDI holders of general meetings of the Shareholders. The notice of meeting must include a form permitting the CDI holder to direct CDN to cast proxy votes in accordance with the CDI holder's written instructions. A holder of CDIs can attend, but cannot directly vote in person at a general meeting.

(b) Dividends

Subject to the rights of holders of shares issued with any special rights (at present there are none), the profits of the Company which the Directors may from time to time determine to distribute by way of dividend are divisible to each share of a class on which the Directors resolve to pay a dividend in proportion to the amount for the time being paid on a share bears to the total issue price of the share. Future Issues of Securities

Subject to the Companies Act and the Listing Rules, the Directors may issue, grant options over, or otherwise dispose of unissued shares in the Company at the times and on the terms that the Directors think proper and a share may be issued with preferential or special rights.

(c) Transfer of Shares

Subject to the Constitution, a shareholder may transfer Shares:

- (i) in the form of CDIs, by a market transfer in accordance with any computerised or electronic system established or recognised by the Listing Rules for the purpose of facilitating transfers in CDIs; or
- (ii) as an instrument in writing in any usual or common form or in any other form approved by the Directors or in any other usual or common form.

(d) Meetings and Notices

Each shareholder is entitled to receive notice of, and to attend, general meetings for the Company and to receive all notices, accounts and other documents required to be sent to shareholders under the Constitution, the Companies Act or the Listing Rules. CDI holders are also entitled to receive notice of any general meeting in accordance with the ASX Settlement Rules.

Shareholders may requisition meetings in accordance with the Companies Act.

(e) Election of Directors

There must be a minimum of one Director. At every annual general meeting one third of the Directors (rounded down if necessary, to the nearest whole number) must retire from office. Any other Director who, if he or she does not retire, will at the conclusion of the meeting have been in office for 3 or more years and for 3 or more annual general meetings since he or she was last elected to office must also retire. These retirement rules do not apply to certain appointments including that of the managing director.

(f) Indemnities

To the extent permitted by law the Company must indemnify each past and present Director and Company Secretary against any liability incurred by that person as an officer of the Company and any legal costs incurred in defending an action in respect of such liability.

(g) Winding Up

If the Company is wound up, the liquidator may, with the sanction of a special resolution of the shareholders:

- (i) divide the assets of the Company among the members in kind;
- (ii) determine how the division is to be carried out as between the members or different classes of members.

(h) Shareholder Liability

As the Shares are fully paid Shares, they are not subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(i) Alteration to the Constitution

The Constitution can only be amended by a special resolution passed by at least three-quarters of shareholders present and voting at a general meeting. At least 14 days' written notice specifying the intention to propose the resolution as a special resolution must be given.

(j) Listing Rules

If the Listing Rules prohibit an act being done, the act must not be done. Nothing in the Constitution prevents an act being done that the Listing Rules require to be done. If the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be). If the Listing Rules require the Constitution to contain a provision and it does not contain such a provision, the Constitution is deemed to contain that provision. If the Listing Rules require the Constitution not to contain a provision and it contains such a provision, the Constitution is deemed not to contain that provision. If a provision of the Constitution is inconsistent with the Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.

(k) CHESS

The Company participates in the Clearing House Electronic Subregister System (CHESS), operated by ASX Settlement (a wholly owned subsidiary of ASX), in accordance with the Listing Rules and ASX Settlement Rules. On admission to CHESS, the Company will operate an electronic issuer-sponsored subregister and an electronic CHESS subregister. These two subregisters together make up the Company's principal register of securities.

Under CHESS, the Company will not issue certificates to Shareholders. Instead, Shareholders will receive holding statements that set out the number of Shares each Shareholder owns. If a Shareholder is broker-sponsored, ASX Settlement will send him a CHESS statement. This statement will also advise investors of either their Holder Identification Number (HIN) in the case of a holding on the CHESS subregister or

Security Holder Reference Number (SRN) in the case of a holding on the issuer-sponsored subregister.

A CHESS statement or issuer-sponsored statement is routinely sent to Shareholders at the end of every calendar month during which the balance of their holding changes. A Shareholder may request a statement at any other time; however a charge may be imposed for additional statements.

Singapore law does not recognise the electronic CHESS subregister, and beneficial ownership of Shares held on the CHESS subregister will be held in the form of CDIs.

6. Compliance with disclosure obligations

The Company is a “disclosing entity” under the Corporations Act and, as such, is subject to regular reporting and disclosure obligations under both the Corporations Act and the ASX Listing Rules. Broadly, these obligations require:

- (a) the Company to notify ASX immediately of any information (subject to certain exceptions) of which it is or becomes aware which a reasonable person would expect to have a material effect on the price value of its securities. That information is available to the public from ASX; and
- (b) the preparation of yearly and half-yearly financial statements and a report of the Company’s operations during the relevant account period, together with an audit or review report prepared by the Company’s auditor. These documents are lodged with ASIC and ASX.

Copies of documents lodged by the Company in connection with its reporting and disclosure obligations may be obtained from, or inspected at, an office of ASIC. Copies of all documents announced to the ASX can be found at www.asx.com.au or the Company’s website at mayurresources.com.
