

## ASX ANNOUNCEMENT

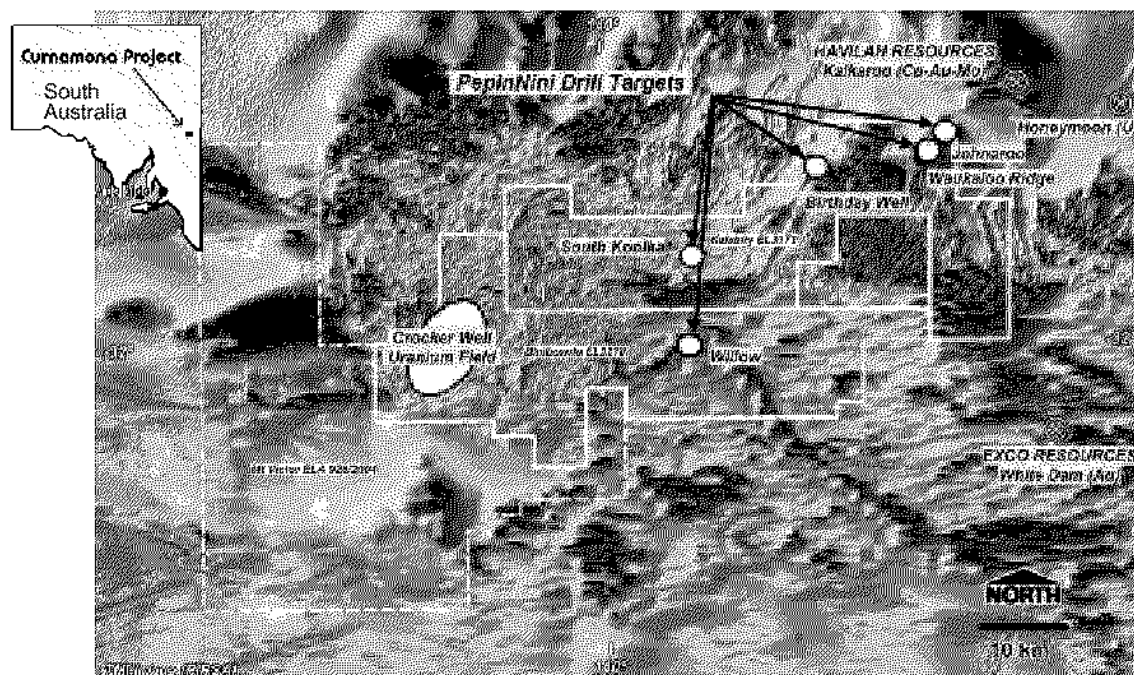

25 July 2005

### Drilling Commences in Curnamona Province

PepinNini Minerals has commenced drilling priority exploration targets in the Curnamona Province of South Australia. The drilling program comprises both reverse circulation (RC) and diamond core drilling and will investigate an Olympic Dam style Copper-Gold-Uranium prospect as well as four priority copper-gold targets located within Exploration Licences 3171 and 3278.

Approximately 5,500 metres of reverse circulation and diamond drilling in 28 boreholes is scheduled to be completed before the drill rig is moved to the Musgrave Province to commence drilling two priority nickel targets.

The following plan locates the Curnamona Province drilling targets.
