PPK GROUP LIMITED

ASX ANNOUNCEMENT **1 July 2013**

FY 2013 PROFIT GUIDANCE

PPK Group Limited (**PPK**) advises that based on unaudited management accounts, the forecast profit after tax for FY 2013 is in the range of $1.9 million to $2.1 million.

This is an increase of 23% to 36% on the profit after tax of $1,543,000 in FY 2012.

Whilst earnings of the Rambor Pty Ltd mining equipment and services business have been adversely affected by the current uncertainties in the resources sector, profit from the Kiah-Willoughby property project, interest earnings on secured loan funds, other investment earnings and full rental income and outgoings recovery from now fully leased industrial properties owned by PPK have contributed to the improved FY 2013 earnings.
