Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

(Company)

CORPORATE GOVERNANCE STATEMENT

This Corporate Governance Statement is current as at 25 October 2021 and has been approved by the Board of the Company on that date.

This Corporate Governance Statement discloses the extent to which the Company follows the recommendations set by the ASX Corporate Governance Council in its publication Corporate Governance Principles and Recommendations (3rd edition) (**Recommendations**). The Recommendations are not mandatory, however the Recommendations that will not be followed have been identified and reasons provided for not following them along with what (if any) alternative governance practices the Company intends to adopt in lieu of the recommendation.

The Company has adopted a Corporate Governance Plan which provides the written terms of reference for the Company's corporate governance duties.

Due to the current size and nature of the existing Board and the magnitude of the Company's operations, the Board does not consider that the Company will gain any benefit from individual Board committees and that its resources would be better utilised in other areas as the Board is of the strong view that at this stage the experience and skill set of the current Board is sufficient to perform these roles. Under the Company's Board Charter, the duties that would ordinarily be assigned to individual committees are currently carried out by the full Board under the written terms of reference for those committees.

The Company's Corporate Governance Plan is available on the Company's website at <http://pursuitminerals.com.au/about/corporate-governance/>.

RECOMMENDATIONS	COMPLY	EXPLANATION
<i>Principle 1: Lay solid foundations for management and oversight</i>		
Recommendation 1.1 A listed entity should disclose: (a) the respective roles and responsibilities of its management; and (b) of those matters expressly reserved to the board and those delegated to management.	YES	The Company has adopted a Board Charter that sets out the specific roles and responsibilities of the Board, the Chair and management and includes a description of those matters expressly reserved to the Board and those delegated to management. The Board Charter sets out the specific responsibilities of the Board, requirements as to the Board's composition, the roles and

		responsibilities of the Chairman and Company Secretary, the establishment, operation and management of Board Committees, Directors' access to Company records and information, details of the Board's relationship with management, details of the Board's performance review and details of the Board's disclosure policy. A copy of the Company's Board Charter, which is part of the Company's Corporate Governance Plan, is available on the Company's website.
Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and (b) provide security holders with all material information relevant to a decision on whether or not to elect or re-elect a director.	YES	(a) The Company has guidelines for the appointment and selection of members of the Board in its Corporate Governance Plan. The Company's Nomination Committee Charter (in the Company's Corporate Governance Plan) requires the Nomination Committee (or, in its absence, the Board) to ensure appropriate checks (including checks in respect of character, experience, education, criminal record and bankruptcy history (as appropriate)) are undertaken before appointing a person, or putting forward to security holders a candidate for election, as a Director. (b) Under the Nomination Committee Charter, all material information relevant to a decision on whether or not to elect or re-elect a Director must be provided to security holders in the Notice of Meeting containing the resolution to elect or re-elect a Director.
Recommendation 1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	YES	The Company's Nomination Committee Charter requires the Nomination Committee (or, in its absence, the Board) to ensure that each Director and senior executive is a party to a written agreement with the Company which sets out the terms of that Director's or senior executive's appointment. The Company has written agreements with each of its Directors and senior executives.
Recommendation 1.4		The Board Charter outlines the roles, responsibility and accountability of the Company Secretary. In accordance with

RECOMMENDATIONS	COMPLY	EXPLANATION
The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	YES	this, the Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.
Recommendation 1.5 A listed entity should: (a) have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them; (b) disclose that policy or a summary of it; and (c) disclose as at the end of each reporting period: (i) the measurable objectives for achieving gender diversity set by the board in accordance with the entity's diversity policy and its progress towards achieving them; and (ii) either: (A) the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in the Workplace Gender Equality Act.	PARTIALLY	(a) The Company has adopted a Diversity Policy which provides a framework for the Company to establish and achieve measurable diversity objectives, including in respect of gender diversity. The Diversity Policy allows the Board to set measurable gender diversity objectives, if considered appropriate, and to assess annually both the objectives if any have been set and the Company's progress in achieving them. (b) The Diversity Policy is available, as part of the Corporate Governance Plan, on the Company's website. (c) (i) The Board does not presently intend to set measurable gender diversity objectives because - the Board does not anticipate there will be a need to appoint any new Directors or senior executives due to, in the Board's view, the existing Directors and senior executives having sufficient skill and experience to carry out the Company's current plans; and - if it becomes necessary to appoint any new Directors or senior executives, the Board considered the application of a measurable gender diversity objective requiring a specified proportion of women on the Board and in senior executive roles will, given the size of the Company and the Board, unduly limit the Company from applying the Diversity Policy as a whole and the Company's policy of appointing based on skills and merit.

RECOMMENDATIONS	COMPLY	EXPLANATION
		(ii) The Company does not currently have any women on the Board, in senior executive positions or in any other employed positions across the Group.
Recommendation 1.6 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	YES	(a) The Company's Nomination Committee (or, in its absence, the Board) is responsible for evaluating the performance of the Board, its committees and individual Directors on an annual basis. It may do so with the aid of an independent advisor. The process for this is set out in the Company's Corporate Governance Plan, which is available on the Company's website. (b) The Company's Corporate Governance Plan requires the Company to disclose whether or not performance evaluations were conducted during the relevant reporting period. The Company has completed such evaluations. The Company intends to complete performance evaluations in respect of the Board, its committees (if any) and individual Directors for each future financial year in accordance with the above process.
Recommendation 1.7 A listed entity should: (a) have and disclose a process for periodically evaluating the performance of its senior executives; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	YES	(a) The Company's Nomination Committee (or, in its absence, the Board) is responsible for evaluating the performance of the Company's senior executives on an annual basis. The Company's Remuneration Committee (or, in its absence, the Board) is responsible for evaluating the remuneration of the Company's senior executives on an annual basis. A senior executive, for these purposes, means key management personnel (as defined in the Corporations Act) other than a non-executive Director. The applicable processes for these evaluations can be found in the Company's Corporate Governance Plan, which is available on the Company's website. (b) The Company intends to complete annual performance evaluations in respect of the senior executives (if any) in accordance with the applicable processes.

YES	(a) The Company does not have a Nomination Committee. The Company's Nomination Committee Charter provides for the creation of a Nomination Committee (if it is considered it will benefit the Company), with at least three members, a majority of whom are independent Directors, and which must be chaired by an independent Director. (b) The Company does not have a Nomination Committee as the Board considers the Company will not currently benefit from its establishment. In accordance with the Company's Board Charter, the Board carries out the duties that would ordinarily be carried out by the Nomination Committee under the Nomination Committee Charter, including the following processes to address succession issues and to ensure the Board has the appropriate balance of skills, experience, independence and knowledge of the entity to enable it to discharge its duties and responsibilities effectively: (i) devoting time at least annually to discuss Board succession issues and updating the Company's Board skills matrix; and (ii) all Board members being involved in the Company's nomination process, to the maximum extent permitted under the Corporations Act and ASX Listing Rules.
Recommendation 2.2 A listed entity should have and disclose a board skill matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	YES	Under the Nomination Committee Charter (in the Company's Corporate Governance Plan), the Nomination Committee (or, in its absence, the Board) is required to ensure the appropriate mix of skills and expertise is present to facilitate successful strategic direction. The Board Charter requires the disclosure of each Board member's qualifications and expertise. Full details as to each Director and senior executive's relevant skills and experience are available in the Company's Annual Report.

RECOMMENDATIONS	COMPLY	EXPLANATION
Recommendation 2.3 A listed entity should disclose: (a) the names of the directors considered by the board to be independent directors; (b) if a director has an interest, position, association or relationship of the type described in Box 2.3 of the Recommendations, but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and (c) the length of service of each director	YES	(a) The Board Charter requires the disclosure of the names of Directors considered by the Board to be independent. The Company will disclose those Directors it considers to be independent in its Annual Report and on the Company's website and ASX. The Board considers the following Directors are independent: Peter Wall and Matthew O'Kane. (b) There are no independent Directors who fall into this category. The Company will disclose in its Annual Report and the Company's website any instances where this applies and an explanation of the Board's opinion why the relevant Director is still considered to be independent. (c) The Company's Annual Report discloses the length of service of each Director, as at the end of each financial year.
Recommendation 2.4 A majority of the board of a listed entity should be independent directors.	NO	The Company's Board Charter requires that, where practical, the majority of the Board should be independent. The Board currently comprises a total of 3 directors, of whom 1 are considered to be independent. As such, independent directors are currently not an independent majority of the Board.
Recommendation 2.5 The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.	YES	The Board Charter provides that, where practical, the Chair of the Board should be an independent Director and should not be the CEO. The Chair of the Company is an independent Director and is not the CEO.
Recommendation 2.6 A listed entity should have a program for inducting new directors and providing appropriate professional development opportunities for continuing directors to develop and maintain the skills and knowledge needed to perform their role as a director effectively.
