

ASX Announcement

(ASX:RAN)

13 April 2017

Appointment of new Head of Global Sales and Marketing

Range International Limited ('Range International' or 'Company'), manufacturer of Re>Pal™ recycled plastic pallets, is pleased to announce that Rachelle Woodsford has been appointed to the role of Head of Global Sales and Marketing to replace Russell Twine.

Managing Director/CEO, Lars Amstrup, said:

'I am very happy to have Rachelle joining our executive team in this key role. She brings to Range close to 20 years of commercial sales and logistics experience. Rachelle spent over 10 years at DHL's Global Forwarding Division working in senior management sales roles across Asia Pacific and Africa, with the last four years in the role of Vice President Business Development, Asia Pacific.

This appointment is a significant step-up in the competencies of the management team, crucial to the achievement of our ambitious growth plans.

Rachelle commences in the role on Tuesday, 25 April 2017 which will allow for a handover period working with Russell Twine before he leaves at the end of June.

I wish to acknowledge the work and efforts that Russell has provided since the Company listed on 22 July last year, in growing the sales organization from a very small Indonesian and Australian based team to a region wide team of 25 staff.

Lars Amstrup

Managing Director/CEO

About Range International:

Range is a manufacturer of plastic pallets. Our ThermoFusion™ technology allows Range to make plastic pallets from 100% recycled mixed waste plastic at a price that is competitive with wood pallets. Range has production lines operating in Indonesia and sells its pallets under the brand Re>Pal™. Range is scaling up its operations in Indonesia. In the medium term, the Company's goal is to establish a global production footprint and sales distribution network.
