

ASX Announcement
17 June 2026

BOARD AND MANAGEMENT CHANGES

Range International Limited (ASX:RAN) (the **Company** or **Range**), a manufacturer of Re>Pal™ 'zero-waste' plastic pallets, is pleased to advise the following changes to the Board.

Neil Macdonald has advised that he will resign from the Board of Range, effective 30 June 2026. Neil has taken on an unrelated full-time role that will require considerable time, focus and travel. He regrets that he will be unable to continue in his role on the Board of Range beyond June.

The Company wishes to thank Neil for his insight and energetic participation at the Board level, and especially his persistence and success in assisting with the Company's capital markets activities.

The Company is pleased to confirm that Marcus Goldstein, who was previously the President Director of P.T. Re-Pal Internasional Indonesia (Re-Pal Indonesia), has agreed to become a consultant to the Board effective 1 July 2026. Marcus helped steer Re-Pal through difficult historical periods and refined the Company's approach to raw materials procurement, manufacturing processes, and innovative waste-for-pallet transactions with leading international and domestic companies. His valuable experience will assist the Company as it continues to pursue offshore manufacturing expansion and international export sales.

In addition, the Company wishes to advise that Chris Fong will transition from his Executive Director role to a Non-Executive Director role, recognising his substantial existing workload for an unrelated IDX-listed Indonesian company.

This announcement has been approved for release by the Board of the Company.
