Resources & Energy Group Limited is an Australian gold exploration and development company focused on creating shareholder value through the advancement of its wholly owned East Menzies Gold Project in Western Australia. Located within the epicentre of the northern goldfields, adjacent to the goldfields highway, the project comprises a substantial landholding encompassing multiple mineralised trends, existing gold resources, advanced exploration targets, and historical mining centres. The Company's strategy is centred on resource growth, exploration success, and the progression of gold production opportunities within one of Australia's premier gold jurisdictions. Agenda/Topics to Cover: Recent JV news (Maranoa Gold Mining partnership), Operational developments, Exploration progress across the East Menzies Gold Project.

Participants will have the opportunity to submit questions before the webinar by emailing mflynn@rezgroup.com.au or during the live Q&A session.

-Ends-

Released with the authority of the Board.
