Dear Valued Investor

Welcome to a brief update to keep you abreast of company events.

Since last month's update we have attended retail pharmacy's largest 3 day conference at the Gold Coast trade show, the Australian Pharmacy Professional. We have had display stands at this trade show for the last 4 years with this year being the most promising with over 160 prospects added to our database and four times the number of appointments we have previously received. The increased level of interest we believe is due to the launch of the new brand and store design as well as the promotion of our new weight loss product. We are excited by the high level of enquiries and in the last few weeks have added a further store in Newmarket, Brisbane and another in Terrigal, NSW Central Coast, bringing our total to 28 stores.

The corporate office has also undergone a strategic review process during which stretch goals have been introduced and the company's purpose, vision, mission and values reaffirmed.

Kind regards
