RLF Clarifies Distribution Agreement with Delta Agribusiness

Key Highlights

- RLF Products are now available through Delta Ag's network of 68 retail locations.
- Delta Agribusiness are a leading force in independent rural inputs and advisory services in regional Australia, with a strategic footprint across NSW, VIC, QLD, WA and SA.

As announced on 13 March 2025, Australian based, global plant nutrition company, RLF AgTech Ltd (**RLF** or the **Company**) (ASX: RLF) signed a distribution agreement with Delta Agribusiness Pty Ltd (**Delta Ag**), a leading independent provider of farm inputs, farm advisory, and agency services across regional Australia.

The Company wishes to clarify that the Distribution Agreement signed with Delta Ag only covers Delta Ag's network of 68 retail locations.

RLF AgTech's Acting Managing Director, Gavin Ball, commented:

“ Our distribution agreement with Delta Ag is another key step in delivering advanced crop nutrition solutions that enhance productivity and sustainability for Australian farmers. ”

Distribution Agreement with Delta Ag

As previously noted, this agreement marked a significant milestone in RLF's plan to deliver advanced crop nutrition products to farmers across Australia, welcoming Delta Ag's extensive distribution network and trusted market presence. The key terms of the distribution agreement are listed at Annexure 1.

Key Benefits

1. Expanded National Reach

Delta Ag's extensive network across Australia provides RLF with access to key farming regions.

2. Revenue Expansion

This distribution agreement is anticipated to improve sales growth for RLF over time and to strengthen its market presence across Australia.

3. Boosted Brand Awareness

Partnering with a well-respected company like Delta Ag increases brand visibility for RLF products.

4. Advancing Sustainable Farming

Aligned with RLF's commitment to sustainability, this agreement broadens farmer access to innovative technologies.

Looking Ahead

In combination with our existing distribution agreements (ASX Announcements dated 16 January 2025 and 27 March 2025), RLF products are now available through ~460 locations around Australia.

Authorised for release by the Board of Directors of the Company.

About RLF AgTech Ltd (ASX: RLF)

RLF AgTech Ltd (ASX: RLF) is an Australian-based plant nutrition company that formulates and manufactures advanced crop nutrition products designed to improve agricultural productivity, crop quality, and soil health.

With more than 30 years of technical and agronomic expertise, RLF delivers high-performance liquid fertilisers and seed treatments that support more efficient nutrient uptake, stronger early plant development, and improved yield outcomes. The Company's science-led formulations are backed by extensive field research and are suited to a wide range of broadacre and horticultural crops.

RLF has a growing footprint across Australia, where it now supplies products through a national network of over 460 retail and wholesale distribution locations, providing broad coverage of key agricultural regions. The inclusion of the LiquaForce business in Queensland forms a significant part of RLF's domestic operations, enhancing its manufacturing and on-farm service capabilities.

Internationally, RLF has long-standing operations in China, including wholly owned manufacturing and distribution facilities, and continues to expand its presence across other parts of Asia, where demand for advanced crop nutrition solutions is increasing.

RLF's crop nutrition technologies are aligned with the future of sustainable agriculture, supporting improved fertiliser efficiency and regenerative farming practices. Through its Accumulating Carbon in Soil System (ACSS), RLF aims to help farmers reduce reliance on traditional fertilisers while increasing organic matter in the soil — contributing to better outcomes for carbon sequestration, improved soil health, and more resilient farming systems.
