

SCORPION MINERALS LIMITED

ASX ANNOUNCEMENT

20 May 2021

Conversion of Unlisted Options

Scorpion Minerals Limited (the Company; ASX: SCN) is pleased to announce that it has today issued 500,000 fully paid ordinary shares following the exercise of 500,000 unlisted options (expiry date 18 October 2021, exercise price \$0.10 per share). Funds received by the Company total \$50,000.

The Company has also received a commitment from a major option holder for the early conversion of 3,250,000 unlisted 10 cent options and expects to receive additional funds totalling \$325,000 from further option conversions to be completed by 30 June 2021. When this has been completed a further announcement will be made.

Company Comment:

Non-Executive Director Bronwyn Barnes said "The Board is very pleased to have received such strong support from its major shareholders through the early conversion of unlisted options at a premium to the current share price. Their faith in our longer-term strategy is underpinned by our gold exploration success, the recent Iron Ore joint venture with Fenix Resources Ltd and the strategic value of our Mt Mulcahy VMS Copper Deposit. These assets have tremendous value given the upward price movements in gold, iron ore and copper and the Board will continue working to realise this value for the benefit of shareholders."

Listing Rule 3.10.3B requires the lodgement of the enclosed Section 708A(5)(e) Notice and subsequent announcement of Appendix 2A to reflect the conversion of the Listed Options.

This announcement has been authorised by the board of directors of the Company.
