Standard & Poor's Market Access Program

Intec Ltd (ASX Code: INL) is pleased to announce that its corporate information will be made available via Standard & Poor's Market Access Program. This information distribution service enables subscribing publicly traded companies to have their corporate information disseminated to users of Standard & Poor's Advisor Insight. The information concerning Intec Ltd to be made available through this program includes the company's share price, trading volume, dividends, issued shares outstanding, financial position, and earnings. Standard & Poor's Advisor Insight is an internet-based research engine used by more than 100,000 investment advisors worldwide. A public version of the site is available at www.advisorinsight.com.

The Standard & Poor's coverage of Intec Ltd can be accessed directly from the Share Information page of Intec's web site by clicking on www.intec.com.au/?/Investor_Information/Share_Information.

In addition, information about companies in Standard & Poor's Market Access Program will be available via Standard & Poor's Stock Guide database, which is distributed electronically to virtually all major quote vendors in the USA. As part of the program, a full description of Intec Ltd will also be published in the Daily News section of Standard Corporation Records, a recognized securities manual for secondary trading in approximately 38 American states under their 'Blue Sky Laws'.

The Standard & Poor's service coverage advances the imminent listing of Intec Ltd's shares on the OTCQX, a new US exchange that efficiently meets the needs of non-US companies listed on qualified international stock exchanges such as the ASX.

Visit www.otcqx.com to learn of the advantages of this new exchange.

Synchronised electronic compliance on ASX and OTCQX at minimal cost will offer Intec a visible market tier to increase US investor awareness and accessibility. San Francisco-based investment bank Merriman Curhan Ford & Co. (MCF) will act as Intec's Principal American Liaison (PAL). As part of its PAL sponsorship, MCF will provide a comprehensive suite of US capital markets services and is responsible for providing guidance on the company's International OTCQX listing requirements.

Yours faithfully
Intec Ltd
