STATEMENT BY THE DIRECTORS OF SENETAS CORPORATION LIMITED

Senetas announces the completion of the resale of the non- marketable parcel holders share sale facility shares.

The Directors of Senetas announced today that the 10,616,194 shares covered by the Share Sale Facility offer sent to all non-marketable parcel holders had been sold to a number of parties over the last three weeks.

Under the facility the shares had to sold as soon as practicable at a price which the directors consider is the best price reasonably available for the shares when they are sold, the shares have been sold with an average price of 5.2 cents per share. The company bears all costs associated with the sale of the shares.

Shareholders who held non-marketable parcels and did not request that their share be retained should expect to receive payment for their shares this week.
