Update and Investor Presentation

The Directors of the company are pleased to announce that they are in discussions with potential Cornerstone Investors who are interested in taking positions in the Capital Raising.

In addition, the Directors are also working to ensure that the spread of shareholders will be achieved.

In order to give these investors every opportunity to assess the information, the closing date of the Prospectus will be extended until the 12 October 2005.

The Directors would like to thank investors who have sent in applications in, for their support.
