Update on Freehold Land Consent Approval

Santana refers to its announcement of 7 May 2026 relating to the New Zealand Overseas Investment Office's (OIO) granted consent for the purchase of 3,680 Hectares of Freehold Land for the Bendigo-Ophir Project.

The original announcement incorrectly referenced that full settlement of the land was required prior to 31 December 2026.

Santana notes that the consent requires that the land be settled by the earlier of 30 June 2030 or 12 months after all reasonable consents to allow commencement of mining have been granted.

This announcement has been authorised for release by the Board.
