Dear Sir

Re: Forecast Earnings Full Year June 2004 and Dividend Announcement

The Directors are pleased to advise that based on unaudited management accounts for the full year to 30 June 2004 the anticipated net profit is $1.34million, an increase of 46% when compared with the previous year.

This result equates to 6.2 cents per share, which is higher than the 5.5 cents per share forecast in our announcement dated 1 July 2004 as a result of year end reviews and adjustments to provisions.

Group sales revenue for the period was $33.43million, which is an increase of 10.4% on the previous year.

Directors have declared a fully franked final dividend of 1.5 cent per share, payable on 06 September 2004 to shareholders registered on 23 August 2004.

The Directors reconfirm their long term target payout ratio of 50-60% for ordinary dividends, with a preference for steady growth and balanced payments between final and interim dividends.

Final audited results will be released to the market in late August 2004.

Yours faithfully

Peter Gill
Company Secretary
