SenSen appoints Dr Roberto Mariani as CTO

Leading sensor AI software and solution provider **SenSen Networks Limited (ASX:SNS, “SenSen” or “the Company”)** today announces the strengthening of its management team with the appointment of leading AI and data analytics specialist Dr Roberto Mariani as Chief Technology Officer. Dr Mariani will commence his role at the Company on 11 May 2022.

Currently based in Singapore, Dr Mariani’s core expertise is in computer vision, video analytics, object recognition, face recognition, machine learning, machine translation and deep learning. He has a PhD in Industrial Physics, Computer vision, Pattern Recognition, Artificial Intelligence from the Université de Rouen, Institut Géographique National de Paris.

Dr Mariani has spent the past 25 years working in Singapore, Thailand, South Korea, India, China and Malaysia and is the winner of 18 International Awards in biometrics, media and video personalization technologies. In 2004, he was appointed by the Government of Singapore to the International Biometric Expert Committee at the National Institute of Standards and Technology in the USA.

Commenting on the appointment of Mr Mariani, SenSen CEO Dr Subhash Challa said:

“I am delighted to welcome Roberto to SenSen. SenSen has established itself as a leading enterprise AI and data integration business, and Roberto brings a wealth of experience and expertise which will support the accelerated development of the many opportunities that are in the pipeline. His appointment is a further sign of SenSen’s ongoing commitment to innovation and will further strengthen an already successful and established team. I look forward to working with Roberto as we continue to grow.”
