SHARE PURCHASE PLAN

Dear Shareholder,

The expansion of your company into children's wearable devices, with the launch of SPACETALK, our all-in-one children's Smartphone, Watch and GPS device, in October last year, has proven to be a very good decision. This move has triggered a new era of growth and opportunity for your company.

Feedback from customers has been excellent, as can be seen on the AllMyTribe Facebook page and website (www.allmytribe.com). Parents are impressed with the quality of build, reception and just how well the whole system works. This is testament to the three long, hard and gruelling years your company has spent developing this watch – which was funded entirely from company existing cashflows.

SPACETALK solves the key problem faced by all parents with young children – how to provide them with a smartphone to stay connected and safe – but without exposing them to the potential dangers of social media, apps, YouTube and other such services.

Since launch, your company has achieved strong online sales in Australia through our own website. Online sales continue to grow, and the company is on the cusp of expanding its sales and distribution through bricks and mortar retailers in Australia.

INTERNATIONAL EXPANSION

Based on the strong sales and positive feedback leading up to Christmas, the company decided to exhibit SPACETALK in March this year at the Mobile World Congress in Barcelona – the largest and most significant exhibition for the mobile industry, attended by over 100,000 delegates from around the globe.

Global industry feedback and interest were overwhelmingly strong and enthusiastic, with SPACETALK being seen as the first and only children's smartphone watch available globally that works.

It's become obvious that SPACETALK is a new device that large consumer electronics retailers and mobile phone operators from around the world can really get behind and sell with confidence to build new revenue streams and markets.

Currently, no one is responsibly selling smartphones or SIM services to children in the 5 to 12 age range. By selling SPACETALK, retailers and mobile network operators can create new revenue streams that doesn't displace any revenue from their existing product sales, and provide a great, age-appropriate smart device.

SECURITY AND PRIVACY

SPACETALK has been independently verified by leading international cyber security experts who say it can't be hacked, and has world's best practice security and privacy features built in. It will also meet the upcoming strict European GDPR privacy regulations.

THE OPPORTUNITY AHEAD

It's becoming clear that the commercial opportunity for SPACETALK and the company's accompanying AllMyTribe IoT Platform is proving to be significantly greater than anticipated.

I believe it's very important that the company moves quickly to take full advantage of the excellent opportunity right on our doorstep, and increase the resources required to do so.

As such, your board has decided to undertake a capital raising – its first significant one in over a decade – to increase the company's resources and potentially 'slingshot' the company into a faster growth trajectory.

PLACEMENT AND SHARE PURCHASE PLAN

On April 18th 2018, the company announced a \$1.5 million capital raising, by way of an Institutional Placement of 750,000 fully paid ordinary shares at \$1.00 per share to raise \$750,000, plus a share purchase plan (SPP) at \$1.00 per share to raise up to \$750,000 from existing shareholders.

Your board is writing to you today with an offer to participate in a partially underwritten SPP which entitles all shareholders to apply for parcels of new shares in MGM Wireless valued at \$1,000, \$2,500, \$5,000, \$7,500, \$12,000 and \$15,000. If demand for the SPP exceeds \$750,000, then the company reserves the right to close the SPP early and scale back applications or elect to increase the amount raised under the SPP. If a scale back occurs, the Company will refund any excess application money to eligible shareholders (without interest).

At the company's current low capitalisation value (circa \$10 million), this capital raising at \$1 per share is an opportunity for existing shareholders to further invest in your company on attractive terms.

The Company is pleased to confirm that the directors of MGM Wireless have agreed to partially underwrite the SPP to the amount of \$80,000, subject to shareholder approval. Gleneagle Securities (Aust) Pty Ltd will place any remaining shortfall (if any) after underwriting.

USE OF FUNDS

The funds secured by the capital raising will be used for additional manufacture, supply chain fulfilment, sales and marketing resources for the company's SPACETALK all-in-one children's Smartphone, Watch and GPS Tracker.

On behalf of the board of MGM Wireless, I invite you to consider this investment opportunity carefully.

MY PERSONAL COMMITMENT

As this document states, I have made a strong personal commitment to the SPP, having committed to partially underwriting the offer. I am very appreciative of the contribution shareholders have made to reach this point and believe this is an excellent opportunity for eligible holders to invest on attractive terms.
