Market Update.

At the end of March 2009 the Directors of Saferoads Holdings Limited (SRH) advised the market that full year revenue for 2008-09 should not be materially different from that achieved in 07-08 (\$57.6m) but after accounting for significant redundancy and other restructuring costs, NPAT as a percentage of revenue would be materially lower at approximately 2% compared with 8.6% in the previous year.

The Directors now advise that the preliminary unaudited accounts show that revenue will be \$57.0m, and NPAT after adjustments will be approximately 2.8% of revenue.
