SAFEROADS SECURES $1 MILLION ORDER FOR MAJOR NSW ROAD PROJECT

The Directors of Saferoads Holdings Limited (**ASX: SRH**) are pleased to announce the Company has secured a significant ($1 million) order for its precast concrete temporary barrier solution (the exclusively licensed T-LOK barrier) for a major road project in New South Wales, which will be delivered over the next three months.

CEO, Mr Darren Hotchkin said, "We are pleased to have secured our first major order in NSW following last year's State Road Authority approval of the T-LOK barrier solution. We are actively bidding for further opportunities in this market for both the T-LOK barrier and the newly commercialized Ironman Hybrid steel and concrete temporary barrier system. There is a record road infrastructure spend commitment over the next 5 years in NSW, as announced by the NSW State government in June last year, and we are confident of securing our fair share of those projects."

Chairman, Mr David Ashmore said "The winning of this contract further demonstrates our ability to provide price competitive, best of breed road safety solutions for major road projects."
