*Your Board is pleased with Servcorp's overall performance in 2016.
The year saw record levels for revenue, net profit before tax
and net profit after tax.*

R

evenue for the year was \$328.6 million, an increase of 19% on 2015. Net profit before tax was \$48.8 million, an increase of 19%, and above guidance. Net profit after tax was \$39.7 million, an increase of 20%, with earnings per share of 40.4 cents. Revenue and profit growth was achieved across most geographic segments.

Servcorp continued to expand organically, but with a measured approach, adding 381 offices and increasing capacity by 7%.

During the 2016 financial year the business generated record net operating cash surpluses of \$60.6 million, up slightly on 2015. Cash and investment balances at 30 June 2016 were \$114.6 million; \$99.7 million of this balance was unencumbered and the Company has negligible debt. Having such strong cash balances uniquely

positions Servcorp to take advantage of opportunities should they arise, particularly in turbulent markets.

Directors have declared a final dividend of 11.0 cents per share, 50% franked. This final dividend brings total dividends for the year to 22.0 cents per share, resulting in a payout to shareholders of approximately \$21.65 million.

In 2017 we project net profit before tax to increase by not less than 15% to \$56 million, and again expect to grow office capacity by approximately 7%. Directors anticipate the level of dividends for the 2017 financial year will be 22.0 cents per share (11.0 cents in each half). Future franking levels are uncertain, but are expected to be similar to current franking levels. These forecasts are subject to currencies remaining constant, global financial markets remaining stable and no unforeseen circumstances.

On behalf of the Board I want to acknowledge the outstanding efforts of our CEO, Alf Moufarrige; our COO, Marcus Moufarrige; our leadership group; and all the Servcorp team members, for their dedication and commitment during the past year. Due to their efforts we have a strong global presence and continue to maintain our position as the world's premium provider of serviced and virtual office solutions.

We thank you, our shareholders, for your continuing support.

It's NOT just
about the rent

PROFIT GROWTH

Setting the trend

It has taken considerable time and investment, but we still continue to lead the market in the I.T & commercial environment. Our aim is to ensure that Servcorp is not just another business centre operator that makes an arbitrage on the rent it pays but a corporation that adds real value.

It has been another successful year and we are projecting in the 2017 financial year free cash of between \$78 to \$80 million and profits of \$56 million.

This builds on our recent performances where our profit grew in 2012-2013 by 50%, 2013-2014 by over 20%, 2014-2015 by 20% and this year our profit grew just under 19% and our after tax earnings per share grew by 19.5%. Like for like earnings were up by 37%.

If we achieve the \$56 million profit before tax next year we should be well positioned from a cash & stability point of view to once again increase our expansion rate.

This year we will add only about four hundred offices to our portfolio, but will continue to look for premium opportunities across the 22 countries in which we work. It is also a possibility that we may add one new geographic location.

We have a great global team, supported by an efficient Head Office.

I wish to thank all of our General Managers, Senior Managers, Managers and the Board for their help and advice.

Servcorp potentially has a great future despite the many new competitors in this field.

A G Moufarrige
CEO

GLOBAL COUTURE

Servcorp has a strong track record of global organic growth since its IPO in 1999. At the time of the IPO, Servcorp operated in 8 countries with 35 floors. By June 2009, Servcorp operated in 14 countries, with 73 floors; in 10 years Servcorp had doubled its size.

In 2009 the global market conditions created an opportunity to secure leases on what was expected to be very favourable terms. This represented an attractive opportunity for aggressive expansion. During October and November 2009, Servcorp successfully undertook an equity capital raising of \$80 million to fund a global expansion program. During the 2010 and 2011 years Servcorp opened a further 53 floors and expanded into 26 new cities and 7 new countries.

Servcorp continues to expand organically; a net 35 floors have been added since 2011, enhancing our footprint and establishing critical mass.

At 30 June 2016, Servcorp operated 151 floors in 53 cities across 22 countries.

In the 2016 financial year 10 new floors were opened and 2 floors were expanded; with a net 381 offices being added, increasing total office capacity by 7%. 2016 also saw the launch of our new Professional Coworking concept in 4 key locations around the globe.

New floors were opened in Singapore, Abu Dhabi, Auckland, Osaka, Kuala Lumpur, Tehran, Bahrain and Wollongong, and existing floors were expanded in Beijing and Chengdu.

- In Singapore, we opened in CapitaGreen, an ultra-modern building located in the heart of Singapore's CBD. The Office tower breaks away from conventional office building designs and seeks to reintroduce lush greenery which once covered the city. It includes numerous state-of-the-art energy saving features.

- In Abu Dhabi, The World Trade Center is part of a fully integrated development located in the Old Central Market, one of the capital's historical landmarks. Our floor offers stunning views of the Abu Dhabi Corniche and the Arabian Sea.

- In Kuala Lumpur, ILHAM Tower is a stunning new skyscraper located in Kuala Lumpur's Golden Triangle. At 274 meters, ILHAM Tower is one of the tallest buildings in the city, offering spectacular views across the Kuala Lumpur skyline.

We have committed to open a further 6 floors in the 2017 financial year, adding approximately 7% to our office capacity. Our new floors in 2017 will include Tri-Seven in Tokyo, Schuman Building in Brussels and Barangaroo in Sydney.

OUR ENVIRONMENTAL COMMITMENT

Servcorp acknowledges the seriousness of climate change and the impact high concentrations of greenhouse gases in the atmosphere are having on our planet. There is growing need for businesses to become sustainable to ensure the protection of the environment from further damage.

Since 2007, Servcorp has supported The Green Offices Project as our global platform for proactive initiatives that reduce our impact on the environment and highlights green issues within our teams and client base.

As part of The Green Offices Project, Servcorp plants a tree for every Virtual Office sold online through the Servcorp website. Virtual Offices, which are inherently environmentally friendly, continue to be a driving force behind the Green Offices Project.

The project aims to reduce our carbon emissions, offset our existing footprint and educate our teams and clients about improving their day-to-day impact on the environment. We have three distinct areas of focus; Reduce, Offset and Educate.

Servcorp has already planted more than 31,000 trees and the 'Servcorp forest' now covers more than 100,000 square metres of regional land and is greater than the combined floor space occupied by our network of offices, globally.

The Servcorp forest will already remove more than 8,377 tonnes of carbon dioxide from the atmosphere during its lifespan. This is the equivalent to taking more than 1,658 medium sized cars off the road for one year or offsetting our Sydney Head Office greenhouse gas emissions from waste for the equivalent of five years!

As a global company, we have a responsibility for taking a leadership role amongst both team members and clients worldwide to educate them on our values and attitude towards the environment. We will endeavour to make everyday changes, such as reducing paper use, recycling waste materials and using energy efficient processes, to help make a difference.

As Servcorp continues to grow and open new locations, we choose green buildings as another step in the right direction.

COMMUNITY SERVICE

Servcorp supports continuing research into the prevention and cure of cancer and assisting young, seriously or terminally ill members of the community.

Servcorp holds charity functions and balls, runs raffles and undertakes donation drives all year round in all our locations. Every dollar that is raised by our teams on the ground is matched dollar for dollar by Servcorp. Over the last two years, Servcorp has raised and donated in excess of \$800,000 to help with many organisations around the world.

In Australia, Youngcare continues to be the main focus of our fundraising, and non-executive Director, Taine Moufarrige, continues to be heavily involved with this organisation.

The other organisations we strongly supported globally this year included:

- Cancer Patients Assistance Society
- Carers Australia
- Centenary Institute Medical Research Foundation
- Cure the Future
- Fred Hollows Foundation
- Friends of The Mater Foundation
- Ingham Health Research Institute
- Lifestart — Kayak for Kids
- Mater Lives Committee (Mater Hospital)
- Murdoch Children's Research Institute
- National Breast Cancer Foundation
- Rotary Club of Sydney
- The Salvation Army
- St Vincent's Private Hospital
- Syrian Refugees
- Breast Cancer Awareness Program 'Safe & Sound' — Qatar
- Children's Joy Foundation — Philippines
- Fill the Shelves (USA food banks)
- Look Good Feel Better — United Kingdom
- Renewal Centre of Shanghai
- Run for the Cure — Japan
- Shelter Christian Fellowship for Aid and Welfare Selangor — Malaysia

Servcorp also contributed to many other local charitable organisations around the world, and sponsors and supports the Australian Chamber Orchestra and Sydney Dance Company. Servcorp is a racially diverse company, supporting Christian, Buddhist, Muslim and Jewish causes.

Being an Olympic year, Servcorp also supported the Australian Olympic Committee, Australian Sports Foundation and the Sydney Olympic Committee.

We are proud of the fact that as a global Company we work with our local communities to bring about real change for good. We'd like to thank our clients and those who contributed to the success of our fundraising for the year.

IT'S ALL ABOUT THE BRAND

Information & Communication Technology

Servcorp continues to invest in our world leading technology services business. We have consolidated many of our voice and data services around the world to improve flexibility and mobility for all Servcorp's clients. In addition to this, it improves speed to the market and reduces operating costs.

The Servcorp development team have deployed our new management system in some trial locations and will continue deployment throughout the year.

The new management system greatly reduces administrative tasks for Servcorp managers and enables clients to easily access more services in a self-service way. It also provides Servcorp's clients with unparalleled transparency in billing.

We firmly believe that this new system will take Servcorp into its next level of growth.

CORPORATE GOVERNANCE

The Board has responsibility for the long term financial health and prosperity of Servcorp. The Directors are responsible to the shareholders for the performance of the Company and the Consolidated Entity and to ensure that it is properly managed.

The Board is committed to the principles underpinning the ASX Corporate Governance Council Principles and Recommendations. The Board is continually working to improve the Company's governance policies and practices, where such practices will bring benefits or efficiencies to the Company.

Details of Servcorp's compliance are set out below, and in the ASX principles compliance statement on pages 28 to 35 of this annual report. The information in this statement is current as at 17 August 2016 and has been approved by the Board.

ROLE OF THE BOARD

The Board has adopted a formal statement of matters reserved for the Board. The central role of the Board is to set the Company's strategic direction and to oversee the Company's management and business activities.

Responsibility for management of the Company's business activities is delegated to the CEO and management.

The Board's primary responsibilities are:

- the protection and enhancement of long term shareholder value;
- ensuring Servcorp has appropriate corporate governance structures in place;
- endorsing strategic direction;
- monitoring the Company's performance within that strategic direction;
- appointing the Chief Executive Officer and evaluating his performance and remuneration;
- monitoring business performance and results;
- identifying areas of significant risk and seeking to put in place appropriate and adequate control, monitoring and reporting mechanisms to manage those risks;
- establishing appropriate standards of ethical behaviour and a culture of corporate and social responsibility;
- approving senior executive remuneration policies;
- ratifying the appointment of the Chief Financial Officer and the Company Secretary;
- monitoring compliance with continuous disclosure policy in accordance with the Corporations Act 2001 and the Listing Rules of the Australian Securities Exchange;
- monitoring that the Company acts lawfully and responsibly;
- reporting to shareholders;
- addressing all matters in relation to issued securities of the Company including the declaration of dividends;
- ensuring the Board is, and remains, appropriately skilled to meet the changing needs of the Company.

The Board Charter is available on the Company's website: servcorp.com.au

COMPOSITION OF THE BOARD

The size and composition of the Board is determined by the Board, subject to the limits set out in Servcorp's Constitution which requires a minimum of three Directors and a maximum of twelve Directors.

The Board comprises five Directors (one executive and four non-executive). Three non-executive Directors are independent.

There has been no change to the Board since the last annual report.

The Chairman of the Board, Mr Bruce Corlett, is an independent non-executive Director.

The non-executive Directors bring to the Board an appropriate range of skills, experience and expertise to ensure that Servcorp is run in the best interest of all stakeholders. The skills, experience and expertise of each Director in office at the date of this annual report are set out on pages 36 and 37 of this annual report. The Board will continue to be made up of a majority of independent non-executive Directors. The performance of non-executive Directors was reviewed during the year.

The names of the Directors of the Company in office at the date of this annual report are set out in the table on the following page.

DIRECTORS' INDEPENDENCE

It is important that the Board is able to operate independently of executive management.

The non-executive Directors, with the exception of Mr Taine Moufarrige, are considered by the Board to be independent of management. Independence is assessed by determining whether the Director is free of any business interest or other relationship which could materially interfere with the exercise of their unfettered and independent judgement and their ability to act in the best interests of Servcorp.

Mr Taine Moufarrige is the only non-executive Director who has been employed by Servcorp. Mr Taine Moufarrige resigned as an executive of Servcorp on 31 December 2011 after 15 years of service.

NAMES OF DIRECTORS IN OFFICE AT THE DATE OF THIS ANNUAL REPORT

ELECTION OF DIRECTORS

The Company's Constitution specifies that an election of Directors must take place each year. One-third of the Board (excluding the Managing Director and rounded down to the nearest whole number), and any other Director who has held office for three or more years since they were last elected, must retire from office at each annual general meeting. The Directors are eligible for re-election. Directors may be appointed by the Board during the year. Directors appointed by the Board must retire from office at the next annual general meeting.

Any changes to Directorships will be dealt with by the full Board and accordingly a Nomination Committee has not been established.

CONFLICT OF INTEREST

In accordance with the Corporations Act 2001 and the Company's Constitution, Directors must keep the Board advised, on an ongoing basis, of any interest that would potentially conflict with those of Servcorp. Where the Board believes that an actual or potential significant conflict exists, the Director concerned, if appropriate, will not take part in any discussions or decision making process on the matter and will abstain from voting on the item being considered. Details of Director related entity transactions with the Company and the Consolidated Entity are set out in Note 26 to the Consolidated financial report.

INDEPENDENT PROFESSIONAL ADVICE

Each Director has the right to seek independent professional advice, at Servcorp's expense, to help them carry out their responsibilities. Prior approval of the Chairman is required, which will not be unreasonably withheld. A copy of any written advice received by the Director is made available to all other members of the Board.

DIRECTOR AND OFFICER DEALINGS IN COMPANY SHARES

Servcorp policy prohibits Directors, officers and senior executives from dealing in Company shares or exercising options:

- in the six weeks prior to the announcement to the ASX of the Company's half-year and full-year results; or
- whilst in possession of non-public price sensitive information.

Directors must discuss proposed purchases or sales of shares in the Company with the Chairman before proceeding. If the Chairman proposes to purchase or sell shares in the Company, he must receive approval from the next most senior Director before proceeding. Directors must also notify the Company Secretary when they buy or sell shares in the Company. This is reported to the Board.

In accordance with the provisions of the Corporations Act 2001 and the Listing Rules of the ASX, each Director has entered into an agreement with the Company that requires disclosure to the Company of all information needed for it to comply with the obligation to notify the ASX of Directors' holdings and interests in its securities.

The Company's Securities Trading Policy is available on the Company's website; servcorp.com.au

ETHICAL STANDARDS

All Directors, managers and employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of Servcorp.

Codes of conduct, outlining the standards of personal and corporate behaviour to be observed, form part of Servcorp's management and team on-line resources.

CORPORATE GOVERNANCE

AUDITOR INDEPENDENCE

The Company's auditor Deloitte Touche Tohmatsu (Deloitte) was appointed at the annual general meeting of the Company on 6 November 2003.

Deloitte rotate their audit engagement partner every five years.

Deloitte have established policies and procedures designed to ensure their independence, and provide the Audit and Risk Committee with an annual confirmation as to their independence.

DIVERSITY

The Company has a culture that both embraces and achieves diversity in its global operations.

The Company is culturally diverse in its employment practices and has a global culture of employing the best qualified available talent for any position regardless of gender, age or race. The Company benefits from the diversity of its team members and has training programs to assist with developing their skills and with career advancement. The Company travels team members to work in its global locations, giving them exposure to and understanding of various differing cultures and marketplaces.

The Company has a high participation of women across all employment levels. The proportion of women employees in the whole organisation, senior executive positions and on the Board is set out in the following table.

FULL TIME EMPLOYEES	TOTAL NO.	WOMEN %	MEN %
Consolidated entity	827	83%	17%
Senior executives	26	54%	46%
Board	5	0%	100%

"Senior executive" are general managers, senior managers and Head Office executives who report directly to the CEO or COO.

Under the Workplace Gender Equality Act 2012 (WGE Act), any employer with 100 or more employees must submit an Annual Compliance Report detailing the composition of its workplace profile in Australia. Servcorp has lodged its WGE Report for 2016 with the WGE Agency and has received notice that the Company is compliant with the WGE Act.

Shareholders may access the report on the Company's website; servcorp.com.au

CONTINUOUS DISCLOSURE

Servcorp is committed to ensuring that all shareholders and investors are provided with full and timely information and that all stakeholders have equal and timely access to material information concerning the Company. Procedures are in place to ensure that all price sensitive information is disclosed to the ASX in accordance with the continuous disclosure requirements of the Corporations Act 2001 and ASX Listing Rules.

The Company Secretary has been appointed as the person responsible for communications with the ASX.

COMMITTEES

The Board does not delegate major decisions to Committees. Committees are responsible for considering detailed issues and making recommendations to the Board. The Board has established two Committees to assist in the implementation of its corporate governance practices.

Audit and Risk Committee

The members of the Audit and Risk Committee during the year were:

- Mr R Holliday-Smith (Chair)
- Mr B Corlett
- Mr T Moufarrige

All three members are non-executive Directors, with two being independent. Although Mr T Moufarrige is not an independent Director, the Board considers that his appointment adds value due to his depth of knowledge of the Consolidated Entity's day-to-day operations, especially in its overseas jurisdictions.

The Chairman of the Audit and Risk Committee is independent and is not the Chairman of the Board.

The primary function of the Audit and Risk Committee is to assist the Board to meet its oversight responsibilities in relation to:

- ensuring the Company adopts, maintains and applies appropriate accounting and financial reporting processes and procedures;
- reviewing and monitoring the integrity of the Company's financial reports and statements;
- ensuring the Company maintains an effective risk management framework and internal control systems;
- monitoring the performance and independence of the external audit process and addressing issues arising from the audit process.

It is the Committee's responsibility to maintain free and open communication between the Committee and the external auditor and the management of Servcorp.

The external auditors attend all meetings of the Committee. The Chief Executive Officer, the Chief Financial Officer and other Senior Management may attend Committee meetings by invitation.

The Audit and Risk Committee met four times during the year. The Committee meets with the external auditors without management being present before signing off its reports each half year. The Committee Chairman also meets with the auditors at regular intervals during the year.

The responsibilities of the Audit and Risk Committee, as stated in its charter, include:

- reviewing the financial reports and other financial information distributed externally;
- reviewing the Company's policies and procedures for compliance with Australian equivalents to International Financial Reporting Standards;
- monitoring the procedures in place to ensure compliance with the *Corporations Act 2001*, ASX Listing Rules and all other regulatory requirements;
- assisting management in improving the quality of the accounting function;
- monitoring the internal control framework and compliance structures and considering enhancements;
- overseeing the risk management framework;
- reviewing external audit reports to ensure that, where major deficiencies or breakdown in controls or procedures have been identified, appropriate and prompt remedial action is taken by management;
- reviewing reports on any major defalcations, frauds and thefts from the Company;
- considering the appointment and fees of the external auditor;
- reviewing and approving the terms of engagement and fees of the external auditor at the start of each audit;
- considering and reviewing the scope of work, reports and activities of the external auditor;
- establishing appropriate policies in regard to the independence of the external auditor and assessing that independence;
- liaising with the external auditor to ensure that the statutory annual audit and half-yearly review are conducted in an effective manner;
- addressing with management any matters outstanding with the auditors, taxation authorities, corporate regulators, Australian Securities Exchange and financial institutions;
- monitoring the establishment of appropriate ethical standards.

The Audit and Risk Committee Charter is available on the Company's website; servcorp.com.au

Remuneration Committee

The Remuneration Committee members during the year were:

- The Hon. M Vaile (Chair)
- Mr T Moufarrige
- Mr B Corlett

The primary function of the Remuneration Committee is to assist the Board in adopting remuneration policy and practices that:

- supports the Board's overall strategy and objectives;
- attracts and retains key employees;
- links total remuneration to financial performance and the attainment of strategic objectives.

Specifically this will include:

- making recommendations to the Board on appropriate remuneration, in relation to both the amount and its composition, for the Chief Executive Officer and senior executives who report to the Chief Executive Officer;
- developing and recommending to the Board short term and long term incentive programs;
- monitoring superannuation arrangements for the Company;
- reviewing recruitment, retention and termination strategies and procedures;
- ensuring the total remuneration policy and practices are designed with proper consideration of accounting, legal and regulatory requirements for both local and foreign jurisdictions;
- reviewing the Remuneration Report for the Company and ensuring that publicly disclosed information meets all legal requirements and is accurate.

The Remuneration Committee shall ensure the Company is committed to the principles of accountability and transparency and to ensuring that remuneration arrangements achieve a balance between shareholder and executive rewards.

During the 2014 year, the Remuneration Committee undertook a comprehensive review of the Company's executive remuneration structures, and review the executive remuneration structures each year to ensure they continue to be appropriate. Details are included in the Remuneration Report on pages 46 to 57 of this annual report.

The Remuneration Committee met three times during the year. The Chief Executive Officer may attend Committee meetings by invitation to assist the Committee in its deliberations.

The Remuneration Committee Charter is available on the Company's website; servcorp.com.au

CORPORATE GOVERNANCE

ASX PRINCIPLES COMPLIANCE STATEMENT

This table provides a description of the manner in which Servcorp complies with the ASX Corporate Governance Principles and Recommendations or, where applicable, an explanation of any departures from the Principles. Compliance has been measured against the 3rd edition of the Principles and Recommendations.

Recommendation	Servcorp Board response
Principle 1 Lay solid foundations for management and oversight <i>Establish and disclose the respective roles and responsibilities of the Board and management and how their performance is monitored and evaluated.</i>	
Recommendation 1.1	
Disclose: (a) The respective roles and responsibilities of the Board and management; and (b) Those matters expressly reserved to the Board and those delegated to management.	The Board has adopted a charter that sets out the responsibilities reserved for the Board and those delegated to the managing Director and senior executives. Primary responsibilities are set out on page 24 of this annual report. The Board Charter is available on the Company's website; servcorp.com.au
Recommendation 1.2	
(a) Undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a Director; and (b) Provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director.	(a) The Board Charter requires appropriate checks be undertaken before appointing a person as a Director. (b) All relevant material information to make an informed decision on whether or not to elect or re-elect a Director is provided to shareholders in the notice of meeting.
Recommendation 1.3	
Have a written agreement with each Director and senior executive setting out the terms of their appointment.	The Company has a written agreement with each non-executive Director setting out the terms of their appointment. The Company has a written agreement with all senior executive setting out the terms of their employment.
Recommendation 1.4	
The Company Secretary should be accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board.	The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board, including all matters included in the commentary to this recommendation.
Recommendation 1.5	
(a) Have a diversity policy which includes requirements for the Board or a relevant Committee of the Board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them; (b) Disclose that policy or a summary of it; and (c) Disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the Board or a relevant Committee of the Board in accordance with the entity's diversity policy and its progress towards achieving them, and either: (1) the respective proportions of men and women on the Board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or (2) if the entity is a "relevant employer" under the <i>Workplace Gender Equality Act 2012</i>, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.	The Company has not established a written policy concerning diversity. The Company has a culture that both embraces and achieves diversity in its global operations. The establishment of a written policy with measurable objectives for achieving gender diversity would not, in the Board's view, bring any efficiency or greater benefit to the current diverse culture. The Board has not set measurable objectives for gender diversity. The Company is culturally diverse in its employment practices and has a global culture of employing the best qualified available talent for any position regardless of gender, age or race. The Company benefits from the diversity of its team members and has training programs to assist with developing their skills and with career advancement. The Company travels team members to work in its global locations, giving them exposure to, and understanding of, various differing cultures and marketplaces. The Company has a high participation of women across all employment levels, including in senior executive positions, however there are no women on the Board. The composition of the current Board is merit based and accordingly, in the view of Directors, is appropriate to maximise commercial returns for the benefit of shareholders. The respective proportion of men and women employees in the Company is provided in the table on page 26 of this annual report. "Senior executive" are general managers, senior managers and Head Office executives who report directly to the CEO or COO.

ASX PRINCIPLES COMPLIANCE STATEMENT (CONTINUED)

Recommendation	Servcorp Board response
Principle 1 (cont) Lay solid foundations for management and oversight <i>Establish and disclose the respective roles and responsibilities of the Board and management and how their performance is monitored and evaluated.</i>	
Recommendation 1.6	
(a) Have and disclose a process for periodically evaluating the performance of the Board, its Committees and individual Directors; and (b) Disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	The Board operates under a charter and a code of conduct which recognises that strong ethical values must be at the heart of Director and Board performance. The non-executive Directors evaluate individual Director's performance and also the Board's performance. As a tool to evaluation, a questionnaire is completed annually by the non-executive Directors with the responses assessed and discussed by the non-executive Directors. A review was undertaken in the current financial year. There is good interaction between all Directors and with senior executives and it is considered that the non-executive Directors have a solid understanding of the culture and values of the Company.
Recommendation 1.7	
(a) Have and disclose a process for periodically evaluating the performance of senior executives; and (b) Disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	The process for evaluating the performance of senior executives is included in the remuneration report on pages 50 to 53 of this annual report.
Principle 2 Structure the Board to add value <i>Have a Board of an appropriate size, composition, skills and commitment to enable it to discharge its duties effectively.</i>	
Recommendation 2.1	
(a) Have a Nomination Committee which: (1) has at least three members, a majority of whom are independent Directors; and (2) is Chaired by an independent Director, and disclose: (3) the charter of the Committee; (4) the members of the Committee; and (5) as at the end of each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or (b) If it does not have a Nomination Committee, disclose that fact and the processes it employs to address Board succession issues and to ensure that the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.	The Board has not established a Nomination Committee. Given the size of the current Board, efficiencies are not forthcoming from a separate Committee structure. Selection and appointment of new Directors is undertaken by the full Board. Any Director appointed by the Board must retire from office at the next annual general meeting and seek re-election by shareholders.
Recommendation 2.2	
Have and disclose a Board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.	A specific skills matrix has not been developed, however the current non-executive Directors each bring a mix of skills and experience to the Board. The Board has endeavoured to expand this skills mix when considering new appointments.

Principle 2 (cont) Structure the Board to add value <i>Have a Board of an appropriate size, composition, skills and commitment to enable it to discharge its duties effectively.</i>	
Recommendation 2.3 Disclose: (a) The names of the Directors considered by the Board to be independent Directors; (b) If a Director has an interest, position, association or relationship of the type described in Box 2.3 but the Board is of the opinion that it does not compromise the independence of the Director, the nature of the interest, position, association or relationship in question and an explanation of why the Board is of that opinion; and (c) The length of service of each Director.	The names of Directors considered by the Board to be independent, and the length of service of each Director, is disclosed in the Directors' Report on pages 36 and 37. The Board regularly assesses the materiality of any interest, position, association or relationship each Director has with the Company to determine whether it may interfere with the Director's capacity to bring independent judgement to bear on issues or to act in the best interest of the Company and its shareholders. - Details of related party transactions are disclosed in note 26 to the Consolidated financial report. - Mr T Moufarrige was an Executive of the Company from 1996 to 2011, and accordingly is not considered to be an independent Director. He is also the son of the CEO and substantial shareholder, Mr A G Moufarrige. The Board considers that these relationships do not interfere with his capacity to bring independent judgement to bear, or to act in the best interests of the Company and its shareholders. - Mr B Corlett and Mr R Holliday-Smith have both been non-executive Directors since 1999. The Board has assessed this length of service and considers that Mr B Corlett and Mr R Holliday-Smith continue to bring independent judgement to bear on all issues and to act in the best interests of the Company and its shareholders.
Recommendation 2.4 A majority of the Board should be independent Directors.	The Board has a majority of independent Directors. Three of the four currently serving non-executive Directors are independent.
Recommendation 2.5 The chair of the Board should be an independent Director and, in particular, should not be the same person as the CEO.	The Chair is an independent Director. The roles of Chair and Managing Director/ CEO are not exercised by the same individual.
Recommendation 2.6 Have a program for inducting new Directors and provide appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their role as Directors effectively.	All newly appointed Directors must undertake an induction program. The Company provides appropriate professional development opportunities to develop and maintain the skills and knowledge required by Directors.

ASX PRINCIPLES COMPLIANCE STATEMENT (CONTINUED)

Recommendation	Servcorp Board response
Principle 3 Act ethically and responsibly <i>Act ethically and responsibly.</i>	
Recommendation 3.1	
(a) Have a code of conduct for Directors, senior executives and employees; and (b) Disclose that code or a summary of it.	The Company has established codes of conduct and ethical standards which all Directors, executives and employees are expected to uphold and promote. They guide compliance with legal requirements and ethical responsibilities, and also set a standard for employees and Directors dealing with Servcorp's obligations to external stakeholders. The Company's codes and standards are contained in online resources which provide continual education for all employees on the expected quality of service, respect for fellow employees, commitment to the community and the environment, responsible dealings with clients and suppliers and upholding of the Servcorp brand.
Principle 4 Safeguard integrity in corporate reporting <i>Have formal and rigorous processes that independently verify and safeguard the integrity of corporate reporting.</i>	
Recommendation 4.1	
(a) Have an Audit Committee which: (1) has at least three members, all of whom are non-executive Directors and a majority of whom are independent Directors; and (2) is Chaired by an independent Director, who is not the Chair of the Board, and disclose: (3) the Charter of the Committee; (4) the relevant qualifications and experience of the members of the Committee; and (5) in relation to each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or (b) If it does not have an Audit Committee, disclose that fact and the processes it employs that independently verify and safeguard the integrity of corporate reporting, including the processes for the appointment and removal of the external auditor and the rotation of the audit engagement partner.	The Board has established an Audit and Risk Committee. (1) all three members of the Audit and Risk Committee are non-executive Directors, and two members are independent Directors. (2) the Chair of the Committee is not the Chair of the Board. (3) the Audit and Risk Committee Charter is available on the Company's website; servcorp.com.au (4) the relevant qualifications and experience of the members of the Committee are provided on pages 26, 36 and 37 of this annual report. (5) the Committee met four times during the year. Attendance at meetings is disclosed at page 38 of this annual report.
Recommendation 4.2	
The Board should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.	The CEO and CFO provide such assurances.
Recommendation 4.3	
A listed entity that has an AGM should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.	The external auditor attends the AGM each year and is available to answer questions from shareholders.

CORPORATE GOVERNANCE

ASX PRINCIPLES COMPLIANCE STATEMENT (CONTINUED)

Recommendation	Servcorp Board response
Principle 5 Make timely and balanced disclosure <i>Make timely and balanced disclosure of all matters concerning the company that a reasonable person would expect to have a material effect on the price or value of its securities.</i>	
Recommendation 5.1 (a) Have a written policy for complying with continuous disclosure obligations under the Listing Rules; and (b) Disclose that policy or a summary of it.	The Company has established a continuous disclosure compliance plan. The Board and management continually monitor information and events and their obligation to report any matters. Responsibility for communications to the ASX on all material matters rests with the Company Secretary following consultation with the Chair and Managing Director.
Principle 6 Respect the rights of security holders <i>Respect the rights of security holders by providing them with appropriate information and facilities to allow them to exercise those rights effectively.</i>	
Recommendation 6.1 Provide information about the Company and its governance to investors via its website.	The Company has a corporate governance page on its website. This page includes copies of the Company's annual reports, annual and half-year financial reports, announcements to ASX and other governance documents.
Recommendation 6.2 Design and implement an investor relations program to facilitate effective two-way communication with investors.	Servcorp aims to communicate clearly and transparently with shareholders and the community. Servcorp actively engages with security holders by holding briefings following the release of annual and half-year results; the time and location of which are notified to the market. The Company also meets with security holders upon request and responds to any enquiries made from time to time.
Recommendation 6.3 Disclose the policies and processes in place to facilitate and encourage participation at meetings of security holders.	All shareholders are given a reasonable opportunity to ask questions at the annual general meeting and are encouraged to participate. This includes shareholders present at the meeting and those attending by video or phone conference.
Recommendation 6.4 Give security holders the option to receive communications from, and send communications to, the Company and its security registry electronically.	All shareholders are given the option to receive communications from, and send communications to, the Company and its security registry electronically.

ASX PRINCIPLES COMPLIANCE STATEMENT (CONTINUED)

Recommendation	Servcorp Board response
Principle 7 Recognise and manage risk	
<i>Establish a sound risk management framework and periodically review the effectiveness of that framework.</i>	
Recommendation 7.1	
The Board should: (a) Have a Committee or Committees to oversee risk, each of which: (1) has at least three members, a majority of whom are independent Directors; and (2) is Chaired by an independent Director, and disclose: (3) the Charter of the Committee; (4) the members of the Committee; and (5) as at the end of each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or (b) If it does not have a Risk Committee or Committee that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework.	The Company has a combined Audit and Risk Committee. Responses to this recommendation have been provided for the Audit Committee in Recommendation 4.1.
Recommendation 7.2	
The Board or a Committee of the Board should: (a) Review the entity's risk management framework at least annually to satisfy itself that it continues to be sound; and (b) Disclose, in relation to each reporting period, whether such a review has taken place.	The Board has established an Audit and Risk Committee that is comprised only of non-executive Directors. The Committee reviews the Company's risk management strategy, its adequacy and effectiveness and the communication of risks to the Board. Risk is considered across the financial, operational and organisational aspects of the Company's affairs. A review is undertaken in each reporting period. The Committee is satisfied that the Company and management have a culture of risk control and are gradually formalising the infrastructure of this culture. Although not all policies have been formally documented, the identified risks are tightly controlled and being managed effectively. The Company is heavily reliant on financial controls and senior executive controls. Day to day responsibility is delegated to the Chief Executive Officer and senior management. The Chief Executive Officer and senior management are responsible for: - identification of risk; - monitoring risk; - communication of risk events to the Board; and - responding to risk events, with Board authority. The Audit and Risk Committee is working with management to ensure continuous improvement to the risk management and internal control systems.

CORPORATE GOVERNANCE

ASX PRINCIPLES COMPLIANCE STATEMENT (CONTINUED)

Recommendation	Servcorp Board response
Principle 7 Recognise and manage risk (cont)	<i>Establish a sound risk management framework and periodically review the effectiveness of that framework.</i>
Recommendation 7.3	
Disclose: (a) If the Company has an internal audit function, how the function is structured and what role it performs; or (b) If the Company does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.	The Company does not have a formal internal audit function, however the Company has: - a diversified business; - many individual floors run by a small team; - tight accounting policies over those floors; - tight cash control over the whole business; - central oversight by head office with systems in place to enable this oversight; and - regular visits and spot checks by business and financial management to all locations. As such, there is a process creating a control framework without a specified, dedicated internal control function.
Recommendation 7.4	
Disclose whether the Company has any material exposure to economic, environmental and social sustainability risks and, if it does, how it manages or intends to manage those risks.	The Board has reviewed and assessed the Company's exposure to economic, environmental and social sustainability risks, and the application of materiality and risk management processes. The Company operates in 22 countries and as such has economic exposure to the global marketplace. The Board considers that the Company does not have any material exposure to economic, environmental or social sustainability risk within the meaning of the guidelines.
Principle 8 Remunerate fairly and responsibly	<i>Pay Director remuneration sufficient to attract and retain high quality Directors and design executive remuneration to attract, retain and motivate high quality senior executives and align their interests with the creation of value for security holders.</i>
Recommendation 8.1	
(a) Have a remuneration committee which: (1) has at least three members, a majority of whom are independent Directors and; (2) is Chaired by an independent Director, and disclose: (3) the Charter of the Committee; (4) the members of the Committee; and (5) as at the end of each reporting period, the number of times the Committee met throughout the period and the individual attendances of the members at those meetings; or (b) If it does not have a Remuneration Committee, disclose that fact and the processes it employs for setting the level and composition of remuneration for Directors and senior executives and ensuring that such remuneration is appropriate and not excessive.	The Board has established a Remuneration Committee. (1) all three members of the Remuneration Committee are non-executive Directors and two members are independent Directors. (2) the Chair of the Committee is an independent non-executive Director. (3) the Remuneration Committee Charter is available on the Company's website, servcorp.com.au (4) the members of the Committee are disclosed on page 27 of this annual report. (5) the Committee met three times during the year. Attendance at meetings is disclosed on page 38 of this annual report.

Recommendation	Servcorp Board response
Principle 8 Remunerate fairly and responsibly (cont) <i>Pay Director remuneration sufficient to attract and retain high quality Directors and design executive remuneration to attract, retain and motivate high quality senior executives and align their interests with the creation of value for security holders.</i>	

Recommendation 8.2

Separately disclose the Company's policies and practices regarding the remuneration of non-executive Directors and the remuneration of executive Directors and other senior executives.

This information is provided in the Remuneration Report on pages 50 to 53 of this annual report.

Recommendation 8.3

A company which has an equity- based remuneration scheme should:

- (a) Have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and
- (b) Disclose that policy or a summary of it.

The Company has an Executive Share Option Scheme.

The Company's Securities Trading Policy prohibits participants from entering into an arrangement that would have the effect of limiting their exposure to risk relating to an element of their remuneration that either has not vested or has vested but remains subject to a holding lock ("hedging transactions").

The Company's Securities Trading Policy is available on the Company's website; servcorp.com.au

REVIEW OF OPERATIONS

Revenue and other income from ordinary activities for the twelve months ended 30 June 2016 was \$328.60 million, up 19% from the twelve months ended 30 June 2015. During the year, the Australian dollar weakened against all major currencies. In constant currency terms revenue increased by 10% compared to the 2015 year.

Net profit before tax for the twelve months to 30 June 2016 was \$48.84 million, up 19% from \$41.21 million in the prior year. When expressed in constant currency terms, net profit before tax increased by 16% compared to the 2015 year.

Cash and investment balances were \$114.59 million at 30 June 2016 (30 June 2015: \$114.45 million). Of this balance, \$14.91 million has been pledged with banks as collateral for bank guarantees and facilities, leaving an unencumbered cash and investment balance of \$99.68 million in the business as at 30 June 2016 (30 June 2015: \$99.33 million).

The business generated strong net operating cash flows during the 2016 financial year of \$60.58 million, up 1% compared to the 2015 financial year (2015: \$59.93 million). Before tax payments, the business produced cash flows of \$72.86 million (2015: \$67.92 million).

Servcorp footprint

In the 2016 financial year, net capacity increased by 381 offices, growing available office stock by 7%. Servcorp's office expansion in the 2016 financial year has been a measured approach with management continuing to keep focus on increasing overall occupancy of existing office stock. During the 2016 financial year we opened new landmark locations at CapitaGreen in Singapore, World Trade Center in Abu Dhabi and the Diplomatic Commercial Offices in Bahrain.

We have added 35 (net) new floors to our footprint since June 2011.

Occupancy of like for like floors open at 30 June 2016 was 77% (30 June 2015: 79%). All floor occupancy was 75%.

There are plans to add approximately 7% to office capacity in the 2017 financial year.

As at 30 June 2016, Servcorp operated 151 floors in 53 cities across 22 countries.

DIRECTORS' REPORT

Australia, New Zealand and Southeast Asia

On a like for like basis, net profit before tax performance in ANZ/ SEA has increased by 27%, which was primarily driven by a significant improvement in the Sydney market profitability and sales. Perth continues to be challenged by over-supply and lack of demand.

Australia and New Zealand occupancy is healthy, at more than 80%.

Malaysia and Singapore, on a like for like basis, were profitable but underperformed in the 2016 financial year.

ILHAM Tower, Kuala Lumpur and CapitaGreen, Singapore opened in the 2016 financial year and are expected to be profitable in the 2017 financial year.

The region has two new floors opening in the first half of the 2017 financial year; one in Barangaroo, Sydney and Servcorp is re-entering Jakarta, Indonesia.

North Asia

North Asia, as a whole, produced a solid result in the 2016 financial year, reporting like for like net profit before tax growth of 25%. There was only one new opening in North Asia this year, being Osaka Hilton Plaza. China was profitable but missed its target this year and continues to be a focus area for management.

Subsequent to year end, Tokyo opened a new floor in the Tri-Seven Building.

Europe and the Middle East

Like for like floors in the Europe and Middle East segment produced a solid result in the 2016 financial year, up 58% compared to the 2015 financial year. All markets performed to expectations with the exception of France.

New locations in Abu Dhabi, Tehran and Bahrain were opened during the year.

USA

The USA underperformed and did not meet its target this year. Like for like net loss before tax for the USA reduced by 66% in the 2016 financial year.

USA EBITDA improved year on year, up to \$3.8 million compared to \$80,000 in the 2015 financial year. Overall USA occupancy is marginally below the group average.

Management has a heightened focus on the USA.

The USA will see a further mega-floor opening in Chicago in the second half of the 2017 financial year.

EVENTS SUBSEQUENT TO BALANCE DATE

Dividend

On 17 August 2016 the Directors declared a 50% franked final dividend of 11.00 cents per share, payable on 6 October 2016.

The financial effect of the above transaction has not been brought to account in the financial statements for the year ended 30 June 2016.

The Directors are not aware of any matter or circumstance, other than that referred to above or in the financial statements or notes thereto, that has arisen since the end of the year that has significantly affected, or may significantly affect, the operations of the Consolidated Entity, the results of those operations, or the state of affairs of the Consolidated Entity, in future financial years.

LIKELY DEVELOPMENTS

The Consolidated Entity will continue to pursue its policy of seeking to increase the profitability and market share of its major business sectors during the next financial year.

ENVIRONMENTAL MANAGEMENT

The Consolidated Entity's operations are not subject to any particular and significant environmental regulation under a law of the Commonwealth or of a State or Territory.

ROUNDING OFF

The Company is of a kind referred to in ASIC Corporations (Rounding in Financial/ Directors' Reports) Instrument 2016/191 dated 24 March 2016 and, in accordance with that Instrument, amounts in the Financial Report and the Directors' Report have been rounded off to the nearest thousand dollars, unless otherwise stated.

NON-AUDIT SERVICES

During the year Deloitte Touche Tohmatsu, the Company's auditor, has performed certain "non-audit services" in addition to their statutory duties.

The Board of Directors has considered the non-audit services provided during the year by the auditor and, in accordance with written advice provided by resolution of the Audit and Risk Committee, is satisfied that the provision of those non-audit services, during the year, by the auditor is compatible with the general standard of independence for auditors imposed by, and did not compromise the auditor independence requirements of, the *Corporations Act 2001* for the following reasons:

- Non-audit services were subject to the corporate governance procedures adopted by the Company and have been reviewed by the Audit and Risk Committee; and
- The non-audit services provided do not undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company or jointly sharing risks and rewards.

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 58 and forms part of this report.

Details of the amounts paid or payable to the auditor of the Company, Deloitte Touche Tohmatsu and its related practices for audit and non-audit services provided during the year are set out in Note 4 to the Consolidated financial report.

REMUNERATION REPORT

The Remuneration Report for the financial year ended 30 June 2016 is set out on pages 46 to 57 and forms part of this report.

Signed in accordance with a resolution of the Directors pursuant to section 298(2) of the *Corporations Act 2001*.

INTRODUCTION

Servcorp is a geographically diverse business. We have significantly expanded our global footprint in recent years in an effort to exploit our brand, take advantage of new market opportunities and diversify our risk. It is acknowledged that the markets in which we operate are subject to changing economic factors and often these may be counter cyclical to the Australian market. For the financial year ended 30 June 2016, the percentage of offshore revenue as a proportion of total revenue was 84%. Directors expect offshore revenue to continue to increase as we consolidate and grow Servcorp's global platform.

Skilled, experienced local management in each jurisdiction, supported by Servcorp's market leading IT platform and proprietary product offerings, are critical to our continued success.

The Board's philosophy and approach to executive remuneration is to balance fair remuneration for skills and expertise with a risk and reward framework attuned to local market conditions but that supports the growth aspirations of Servcorp as a global business.

The Board undertook a comprehensive review of executive remuneration during the 2014 financial year. This review was considered to be necessary in response to the 44% "no" vote recorded against the Remuneration Report for the financial year ended 30 June 2013, representing a first strike. The key initiatives implemented following this review, supported by independent external advice, included:

- the Remuneration Report was reformatted with expanded disclosure principles adopted;
- the targets for short term incentives (STI) were re-evaluated. There is STI opportunity for executive KMP with the targets aligned to the Consolidated Entity's global and regional earnings;
- a global gateway net profit before tax has been imposed whereby any global STI in the 2014 to 2016 financial years will not be paid unless underlying net profit before tax increases 20% compounded annually from the 2013 financial year base of \$27.63 million;
- the STI opportunity for selected executive KMP was slightly modified;
- the deferral of STI was considered but not introduced, because it is an unfamiliar concept in many of the countries in which we operate and the costs of implementation outweigh the benefits;
- the Board has retained a limited ability to exercise discretion;
- the reintroduction of a long term incentive (LTI) scheme was considered but it was decided that the cost / benefit of offering equity in multiple taxation and securities law jurisdictions to individual executives was unnecessarily complex and the Board is satisfied that the Company's existing incentive and retention strategies are appropriate;

- selected Board and executive KMP remuneration were benchmarked to relevant local market comparisons to ensure the remuneration of these key positions meets external expectations. This remains an ongoing process;
- the Board met with a number of shareholders and proxy advisor CGI GlassLewis, who had reported on our Remuneration Report in the 2013 year, in relation to these matters;
- Directors' fees were increased effective from 1 July 2013, as disclosed. Directors' fees had remained fixed since 1 January 2010.

The response from shareholders to the comprehensive review has been positive. The changes adopted in the 2014 financial year will be reviewed annually.

The Board introduced two new executive remuneration components in the 2016 financial year:

- an additional STI opportunity was introduced to provide incentive for executive KMP to outperform their targets. Executive KMP with a region target will receive an extra STI amount if they outperform their region target by an amount which will be set each year. Further, if the global target is exceeded by more than a set percentage executive KMP will receive an extra STI amount.
- in recognition of the need to have a deferred STI component, the Board issued Options to certain KMP. These were issued under the terms of the Servcorp Limited Executive Share Option Scheme.

The Board has reset the global gateway net profit before tax, whereby any global STI in the 2017 to 2019 financial years will not be paid unless underlying net profit before tax increases 10% compounded annually from the 2016 financial year base of \$48.84 million;

The Board believes Servcorp's approach to non-executive Director and executive KMP remuneration is balanced, fair and equitable and designed to achieve an alignment of interests between executive reward and shareholder expectations and wealth.

The Board will continue to welcome feedback from shareholders on Servcorp's remuneration practices or on the communication of remuneration matters in the Remuneration Report for the financial year ended 30 June 2016 and beyond.

REMUNERATION GOVERNANCE

This section explains the role of the Board and the Remuneration Committee, and use of remuneration consultants when making remuneration decisions in respect of non-executive Directors and executive KMP.

Role of the Board and the Remuneration Committee

The Board is responsible for Servcorp's global remuneration strategy and policy. Consistent with this responsibility, the Board has established the Remuneration Committee which comprises solely non-executive Directors, with a majority being Independent.

The role of the Remuneration Committee is set out in its Charter, which is reviewed annually. In summary, the Remuneration Committee's role includes:

- ensure that the appropriate procedures exist to assess the remuneration levels of the Chairman, other non-executive Directors, executive Directors, direct reports to the CEO, Board Committees and the Board as a whole;
- ensure that Servcorp meets the requirements of ASX Corporate Governance Principles and Recommendations, and other relevant guidelines;
- ensure that Servcorp adopts, monitors and applies appropriate remuneration policies and procedures;

- ensure that reporting disclosures related to remuneration meet the Board's disclosure objectives and all relevant legal and accounting standard requirements;
- develop, maintain and monitor appropriate talent management programs including succession planning, recruitment, development; and retention and termination policies and procedures for senior management; and
- develop, maintain and monitor appropriate superannuation and other relevant pension benefit arrangements for Servcorp as required by law.

Further information on the Remuneration Committee's role, responsibilities and membership are contained in the Corporate Governance section on page 27.

Use of remuneration consultants

During the 2015 financial year, no remuneration consultancy contracts were entered into by Servcorp.

During the 2016 financial year, remuneration consultancy contracts were entered into by Servcorp and accordingly the disclosures required under section 300A(1)(h) of the *Corporations Act 2001* are provided in the following tables.

ADVISOR / CONSULTANT - 2016	SERVICES PROVIDED	REMUNERATION CONSULTANT FOR THE PURPOSE OF THE CORPORATIONS ACT
Ian Crichton, Remuneration Consultant Crichton + Associates Pty Ltd	Review of the Servcorp Limited Executive Share Option Scheme and general advice on proposed changes to the existing ESOS, participant guides and supporting documentation.	No.

Key questions regarding use of remuneration consultants

QUESTION	ANSWER
Did the remuneration consultant provide remuneration recommendations in relation to any of the executive KMP for the 2016 financial year?	No.
How much was the remuneration consultant paid by Servcorp for remuneration related and other services?	Remuneration services: Crichton + Associates Pty Ltd \$15,423; Other services: Nil
What arrangements did Servcorp make to ensure that the making of the remuneration recommendations would be free from undue influence by the executive KMP?	Servcorp maintains a protocol which governs the procedure for procuring advice relating to KMP remuneration. The protocol includes a process for the engagement of the remuneration consultant, the provision of information to the remuneration consultant and the communication of remuneration recommendations.
Is the Board satisfied that the remuneration information provided was free from any such undue influence?	Yes, the Board is satisfied.
What are the reasons for the Board being so satisfied?	The reasons are the Chairman of the Remuneration Committee had oversight of all requests for remuneration information, and the protocol with respect to the procurement of remuneration related advice remains in place.

REMUNERATION REPORT

NON-EXECUTIVE DIRECTOR REMUNERATION

Fees and payments to non-executive Directors reflect the demands which are made on, and the responsibilities of, the Directors. Non-executive Directors' fees and payments are reviewed by the Board. The Board ensures non-executive Directors' fees and payments are appropriate and in line with the market. Non-executive Directors are not employed under a contract and do not receive share options or other equity based remuneration.

Directors' fees

Non-executive Directors' fees are determined by the Board within an aggregate Directors' fees limit approved by shareholders.

The fees limit currently stands at \$500,000 per annum inclusive of payments for superannuation. This limit was approved at the 2011 annual general meeting. No change is proposed in the 2017 financial year.

The most recent review of Directors' fees was effective 1 July 2013. Directors' fees had not been increased since 1 January 2010. Effective 1 July 2013, Non-executive Directors' fees were set as:

- Chair - \$175,000 per annum including superannuation;
- Non-executive - \$100,000 per annum including superannuation;
- Chair of the Audit and Risk Committee - an additional \$10,000 per annum including superannuation.

Additional fees are not paid for membership of Board committees other than as referred to in the previous paragraph.

Retirement allowances for Directors

Non-executive Directors are not entitled to retirement allowances.

Details of remuneration

Details of the nature and amount of each element of the remuneration of each non-executive Director of Servcorp Limited for the year ended 30 June 2016 are set out in the table on pages 54 and 55.

Minimum shareholding requirement

Servcorp does not have a minimum shareholding requirement for non-executive Directors. It is noted, however, that all non-executive Directors are shareholders of the Company.

EXECUTIVE REMUNERATION

Remuneration philosophy and principles

The Board recognises that the Consolidated Entity's performance is dependent on the quality and contribution of its employees, particularly the executive KMP. To achieve its financial and operating objectives, Servcorp must be able to attract, retain and motivate appropriately qualified and skilled executives.

The objective of the executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with achievement of Servcorp's strategic objectives particularly its short, medium and long term earnings.

Executive remuneration is balanced between fixed and incentive pay. In determining the appropriate balance, regular reviews are undertaken that involve cross referencing position descriptions to reliable accessible remuneration data in the markets in which Servcorp operates.

Servcorp's executive remuneration policy and principles are designed to ensure that the Consolidated Entity:

- provides competitive rewards that attract, retain and motivate our key executives;
- encourages loyalty and commitment to Servcorp;
- builds a structure for growth and includes appropriate succession planning;
- structures remuneration at a level that reflects the executive's duties and accountabilities and is competitive in the markets in which it operates;
- complies with applicable legal requirements and appropriate standards of governance.

Remuneration structure and elements

The executive KMP remuneration and reward framework at Servcorp currently has three components:

- Fixed remuneration;
- Short term incentives; and
- Options

The combination of these comprises the executive KMP total targeted remuneration opportunity.

Fixed remuneration

Fixed remuneration is reviewed each year and adjusted to changes in job role, promotion, market practice, internal relativities and performance. Remuneration for the 2016 financial year and changes from 2015 are set out in the table on pages 56 and 57.

Short term incentives

Short term incentives (STI) are awarded based on achievement against targets set at the beginning of each financial year. As stated in the Remuneration Report for the financial year ended 30 June 2014, the basis of the STI was reviewed and changes were made to the scheme to apply for the 2014 financial year and beyond. It is noted that Alf Moufarrige, the CEO, founder and major shareholder, has elected not to participate in the STI scheme.

Under the revised STI scheme, an STI dollar value is set for each executive KMP which represents the target STI that can be awarded for achieving target for the relevant year. The target STI opportunity for the 2016 financial year ranged between \$50,000 and \$110,000. The target STI opportunity as a percentage of fixed remuneration ranged between 11.7% and 32% with the average being 18.4%. The target STI opportunity range for achieving target and percentage of fixed remuneration will be similar for the 2017 financial year.

STI targets will be set in advance each year and will be challenging. The STI targets for the 2016 financial year were determined based on a matrix of Consolidated Entity net profit before tax (global STI target) and region operating profit (region STI target), where appropriate. Where executive KMP have a direct responsibility for a region, their total STI potential was allocated between their region STI target and the global STI target. Their region STI allocation did not exceed 50% of the total potential STI in any case.

A gateway consolidated net profit before tax, based on a 20% per annum compound increase over the 2013 financial year net profit before tax, needed to be achieved before any global STI pay out. It is intended that a similar approach to STI, with a minimum 10% per annum compound growth over the 2016 financial year net profit before tax, will be applied for the next three financial years. The gateway consolidated net profit before tax is provided in the following table.

FINANCIAL YEAR ENDING 30 JUNE	2013 BASE	2014 GATEWAY	2015 GATEWAY	2016 GATEWAY
Consolidated net profit before tax (\$ million)	27.63	33.16	39.79	47.75

FINANCIAL YEAR ENDING 30 JUNE	2016 BASE	2017 GATEWAY	2018 GATEWAY	2019 GATEWAY
Consolidated net profit before tax (\$ million)	48.84	53.72	59.09	65.00

Global STI will be calculated as follows:

- If consolidated net profit before tax meets the global gateway - 50% of the global STI opportunity;
- If consolidated net profit before tax meets the global target - 100% of the global STI opportunity;
- If consolidated net profit before tax falls between the global gateway and target - the global STI paid will be calculated as a percentage between 50% and 100% of global STI opportunity on an incremental basis, in the same proportion as the net profit before tax is to gateway and target.

Region STI will only be paid if the region STI target is met. There will be no gateway.

In 2016 an additional STI opportunity was introduced to provide incentive for executive KMP to outperform their targets. Executive KMP with a region target can receive an extra \$20,000 if they outperform their region target by in excess of \$2.0 million. If they outperform their region target by in excess of \$4.0 million they can receive an extra \$50,000. Further, if the global target is exceeded by more than 11.5% executive KMP receive an extra STI of \$20,000. The total additional STI opportunity if all executive KMP outperform is \$200,000.

Long term equity incentives

The Board, after detailed consideration, has decided not to offer long term equity incentives (LTI) to any executive KMP. The reason for this decision is that:

- Servcorp has a small number of executive KMP in many geographic locations and the cost and complexity of offering equity to these executive KMP outweighs the benefit to shareholders, in the Board's opinion;
- Servcorp has a very strong culture, and most executive KMP are long serving employees. The Board does not consider offering an LTI is necessary or desired for executive KMP to achieve the Company's long term strategic objectives.

Deferred short term incentives

As stated above, an LTI component is not considered best practice for Servcorp. The Board, following due consideration, has however decided to introduce a deferred STI component for executive KMP. The most effective method to achieve this was considered to be the utilisation of the Servcorp Limited Executive Share Option Scheme (ESOS). The Board has amended the ESOS to reflect current legislation, and granted Options to certain executive.

A summary of the terms of the Options are as follows:

Grant date:	31 March 2016
Issue date:	02 May 2016
Exercise price:	\$7.00 per Option
Vesting conditions:	EPS performance hurdle of 15% growth in the financial year of issue Continuous service until 2 May 2019
Vesting date:	02 May 2019
Exercise period:	Two years, from vesting date to expiry date
Expiry date:	2 May 2021
Option value:	\$0.9589

Termination benefits

There are no employment agreements in place for executive KMP. Any termination benefit paid to executive KMP would be limited to 12 months remuneration as required by law and in most cases would be determined based on statutory minimum requirements, years of service and the nature of the termination.

Clawback

Servcorp has no policy on clawback but will ensure compliance with any legal or ASX requirements in this regard. There have been no circumstances where clawback would have applied.

Minimum shareholding requirements

Servcorp does not have a minimum shareholding requirement for executive KMP. It is noted that the majority of executive KMP are shareholders of the Company.

REMUNERATION REPORT

EXECUTIVE REMUNERATION (CONTINUED)

Relationship between Consolidated Entity performance and executive KMP remuneration

The relationship between Consolidated Entity performance and executive KMP remuneration is important to ensure that there is a clear and appropriate correlation and alignment of interests between shareholders and executive KMP.

Key financial indicators

Servcorp's principal activities and financial performance are explained in detail in the Review of Operations section of the Directors' Report on pages 40 to 44.

A summary of Servcorp's financial performance over the last five years is provided in the following table.

MEASURE	FINANCIAL YEAR ENDED 30 JUNE				
	2012	2013	2014	2015	2016
Total revenue (\$million)	201	208	242	277	329
Net profit before tax (\$million)	18.3	27.6	34.3	41.2	48.8
Net profit after tax (\$million)	14.8	21.3	26.3	33.1	39.7
Basic earnings per share (cents)	15.0	21.6	26.8	33.7	40.4
Dividend per share (cents)	15.0	15.0	20.0	22.0	22.0
Share price as at 30 June (\$)	\$2.65	\$3.21	\$4.80	\$5.84	\$6.91
Offices	3,645	3,837	4,275	4,920	5,397
Number of locations	110	117	122	131	134

As previously reported, Servcorp began an aggressive expansion program in October 2009 to expand the Servcorp footprint globally. 98 new floors representing 3,345 offices have opened between July 2009 and June 2016. The large number of immature floors as a consequence of the expansion program had a material negative impact on profitability from the 2010 financial year through to the 2012 financial year. Recovery of profitability commenced in the 2012 financial year, and has continued each year into the 2016 financial year, showing a year on year increase from 2015 of 20% to \$39.7 million.

Despite the volatility of net profit after tax over the initial expansion period, dividends have increased due to the strong underlying cash flows. Servcorp's share price was also volatile over this period, but the Board is pleased to note the share price has shown more stability over the past 12 months and at 30 June 2016 was \$6.91, up 18.32% from a year before. This represents a most pleasing total shareholder return (TSR) performance over the 2016 financial year.

Executive KMP remuneration in comparison to Consolidated Entity performance

With the continuing strong growth and improvement in earnings in the 2016 financial year, global net profit before tax targets were achieved in full. Not all individual regions met their targets.

The table below sets out the STI awarded to each executive KMP. One executive KMP met their individual region target and their outperform target, resulting in a payment in excess of their target opportunity. The variable pay opportunity for executive KMP paid out represents 79.0% of the maximum opportunity.

The individual 'at risk' rewards paid in the 2016 financial year to executive KMP and the percentage of their maximum opportunity is provided in the following table.

EXECUTIVE KMP	STI AWARDED \$	% OF TARGET OPPORTUNITY	OPTIONS AWARDED NO.
Marcus Moufarrige	110,000	100%	100,000
Jennifer Goodwyn	25,000	50%	-
Liane Gorman	80,000	80%	50,000
Laudy Lahdo	50,000	50%	35,000
Olga Vlietstra	150,000	150%	70,000
Thomas Wallace	-	0%	-

Servcorp has a very strong culture focussing on sales and generation of shareholder wealth. Most of the executive KMP are long-serving employees. All but two have been employed for more than 13 years and (excluding the CEO) they have on average more than 15 years' service. All executive KMP are aware of the need to perform. Each executive is involved in the target setting for the business and accepts the challenging targets set.

If our forward net profit before tax targets are met, then shareholders, in the opinion of the Board, will be satisfied with the Consolidated Entity's performance and executive KMP will receive the maximum remuneration opportunity.

If executive KMP fail to meet their targets, the 'at risk' component of executive KMP remuneration will be heavily discounted. In this way the alignment of Consolidated Entity performance and executive KMP remuneration will be in direct correlation and be unambiguous.

EMPLOYEE SHARE SCHEME AND OTHER EQUITY INCENTIVE INFORMATION

As mentioned earlier in this report, the Board introduced a deferred STI component in the 2016 financial year. This was achieved by issuing Options under the Servcorp Limited Executive Share Option Scheme (ESOS).

The ESOS was introduced in 1999 and was first approved by shareholders on 19 October 1999 and subject to various amendments until November 2008. Options were last granted under the scheme on 22 September 2008, but have since lapsed. The ESOS was amended by the Board on 24 March 2016 to update it to comply with current legislation.

In the current financial year, the Directors granted 255,000 Options under the ESOS to executive KMP. Options were issued to KMP taking into account performance and length of service, as recommended by the CEO and adopted by the Remuneration Committee and Board. Details of Options granted and on issue are provided in the Directors' Report on page 39.

Other than the Options issued as detailed above, at the date of this report there are no shares, rights, options or other equity incentives held by executive KMP and subject to vesting restrictions.

Future offers under the ESOS or an alternative employee share scheme may be considered by the Board in the future.

EMPLOYMENT AGREEMENTS

There are no employment agreements in place for any executive KMP.

Any termination benefits provided to a Servcorp executive KMP would be determined by reference to length of service, the reason for cessation of employment, statutory requirements and generally accepted market practice relevant to the position's seniority. In any event, termination benefits would be restricted to no more than one times fixed remuneration.

1. SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

The financial report is a general purpose financial report which has been prepared in accordance with the *Corporations Act 2001*, Accounting Standards and Interpretations, and complies with other requirements of the law.

The financial report comprises the Consolidated financial statements of Servcorp Limited ('the Company') and its controlled entities ('Consolidated Entity'). For the purposes of preparing the consolidated financial statements, the Company is a for-profit entity.

Accounting Standards include Australian equivalents to International Financial Reporting Standards ('A-IFRS'). Compliance with A-IFRS ensures that the financial statements and notes of the Group comply with International Financial Reporting Standards ('IFRS').

The financial statements were authorised for issue by the directors on 17 August 2016.

Basis of preparation

The financial report has been prepared on the basis of historical cost, except for financial instruments that are measured at their fair value as explained below. Cost is based on the fair value of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The Company is a company of the kind referred to in ASIC Class Order 98/0100, dated 10 July 1998, and in accordance with that Class Order, amounts in the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

Adoption of new and revised Accounting Standards

In the current year, the Consolidated Entity has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for the current annual reporting period. The adoption of these new accounting standards did not have any material impact.

At the date of authorisation of the financial report, the following Standards and Interpretations relevant to the Consolidated Entity were on issue but not yet effective:

- AASB 9 'Financial Instruments'. Effective for annual reporting periods beginning 1 January 2018.
- AASB 15 'Revenue from Contracts with Customers'. Effective for annual reporting periods beginning 1 January 2018.
- AASB 16 'Leases'. Effective for annual reporting periods beginning 1 January 2019.

The Directors are currently in the process of assessing the future period impact of AASB 15 'Revenue from Contracts with Customers' and AASB 16 'Leases' on the financial statements. The remaining Standards and Interpretations on issue not yet effective may have a material impact on the financial statements of the entity.

a. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved when the Company has the power, rights to variable returns and the ability to use its power to affect the amount of the returns. Consistent accounting policies are employed in the preparation and presentation of the Consolidated financial statements.

On acquisition, the assets, liabilities and contingent liabilities of a subsidiary are measured at their fair values at the date of acquisition. Any excess in the cost of acquisition over the fair value of the identifiable net assets acquired is recognised as goodwill. If, after reassessment, the fair value of the identifiable net assets acquired exceeds the cost of acquisition, the difference is credited to the Statement of comprehensive income in the period of acquisition.

The consolidated financial statements include the information and results of each subsidiary from the date on which the Company obtains control, and until such time as the Company ceases to control an entity.

In preparing the consolidated financial statements, all intercompany balances and transactions, and unrealised profits arising within the Consolidated Entity are eliminated in full.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

b. Goodwill

Goodwill arising on acquisition is recognised as an asset and initially recognised at cost, representing the excess of the cost of acquisition over the net fair value of the identifiable assets, liabilities and contingent liabilities acquired. Goodwill is not amortised, but is tested for impairment at each reporting date and whenever there is an indication that goodwill may be impaired. Any impairment of goodwill is recognised immediately in the Statement of comprehensive income and is not subsequently reversed.

For the purpose of impairment testing, goodwill is allocated to each of the Consolidated Entity's cash-generating units (CGUs), or groups of CGUs, expected to benefit from the synergies of the business combination. CGUs (or groups of CGUs) to which goodwill has been allocated are tested for impairment annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired.

If the recoverable amount of the CGU (or group of CGUs) is less than the carrying amount of the CGU, the impairment loss is allocated to reduce the carrying amount of any goodwill allocated to the CGU (or group of CGUs) and then to the other assets of the CGUs pro-rata on the basis of the carrying amount of each asset in the CGU (or group of CGUs). An impairment loss for goodwill is immediately recognised in profit or loss and is not reversed in a subsequent period. On disposal of an operation within a CGU, the attributable amount of goodwill is included in the determination of the profit or loss on disposal of the operation.

c. Impairment of tangible and intangible assets excluding goodwill

At each reporting date, the Consolidated Entity reviews the carrying values of its tangible and intangible assets, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Consolidated Entity estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at each reporting date and whenever there is an indication that the asset may be impaired.

The recoverable amount is the higher of fair value less costs to sell and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value by using a pre-tax discount rate that reflects the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or CGU) is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or CGU) in prior years. A reversal of the impairment loss is recognised in the Statement of comprehensive income immediately.

d. Revenue recognition

Services revenue

Services revenue comprises revenue earned net of the amount of goods and services tax from the provision of services to entities outside the Consolidated Entity. Rental, telephone and services revenue are typically invoiced in advance and are recognised in the period in which the services are provided.

e. Other income / expense

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Disposal of assets

The profit and loss on disposal of assets is brought to account when the significant risks and rewards of ownership are passed to a party external to the Consolidated Entity.

f. Foreign currency

Transactions

Foreign currency transactions are translated to Australian currency at the rates of exchange ruling at the dates of the transactions. Amounts receivable and payable in foreign currencies at balance date are translated at the rates of exchange ruling on that date.

Foreign currency monetary items at reporting date are translated at the exchange rates existing at reporting date. Non-monetary assets and liabilities carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not re-translated.

Exchange differences are recognised in profit and loss in the period in which they arise except exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned or likely to occur, which form part of the net investment in a foreign operation. Such exchange differences are recognised in the foreign currency translation reserve and in the profit and loss on disposal of the net investment.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

f. Foreign currency (continued)

Translation of controlled foreign entities

The individual financial statements of each controlled foreign entity are presented in its functional currency, being the currency of the primary economic environment in which the entity operates. For the purpose of the Consolidated financial statements, the results and financial position of each entity are expressed in Australian dollars, which is the functional currency of the Company and the presentation currency for the Consolidated financial statements.

The assets and liabilities of overseas operations are translated at the rates of exchange ruling at the balance sheet date.

Income and expense items are translated at the average exchange rate for the period. Exchange differences arising on translation are taken directly to the foreign currency translation reserve.

The balance of the foreign currency translation reserve relating to an overseas operation that is disposed of is recognised in the profit and loss in the period of disposal.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity on or after the date of transition to A-IFRS are treated as assets and liabilities of the foreign entity and translated at exchange rates prevailing at the reporting date. Goodwill arising on acquisitions before the date of transition to A-IFRS is treated as an Australian dollar denominated asset.

g. Borrowing costs

Borrowing costs include interest, amortisation of discounts or premiums relating to borrowings, and amortisation of ancillary costs using the effective interest rate method in connection with the arrangement of borrowings. Borrowing costs are expensed to the Statement of comprehensive income as incurred.

h. Taxation

Current tax

Current tax is calculated by reference to the amount of income tax payable or recoverable in respect of the taxable profit or loss for the period. Income tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the reporting date. Current tax for current and prior periods is recognised as a liability or asset to the extent that it is unpaid or refundable.

Deferred tax

Deferred tax is accounted for using the comprehensive balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised. However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arises from the initial recognition of assets and liabilities, other than as a result of a business combination, which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, branches and associates except where the Consolidated Entity is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with these investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the assets and liabilities giving rise to them are realised or settled, based on tax rates and tax laws that have been enacted or substantially enacted by the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Consolidated Entity expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Consolidated Entity intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax for the period

Current and deferred tax is recognised as an expense or income in the Statement of comprehensive income, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised in equity.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

h. Taxation (continued)

Tax consolidation

The Company and all its wholly-owned Australian resident entities are part of a tax consolidated group under Australian taxation law. Servcorp Limited is the head entity in the tax consolidated group. Tax expense/ income, deferred tax liabilities and deferred tax assets arising from temporary differences of the members of the tax consolidated group are recognised in the separate financial statements of the members of the tax consolidated group using the 'separate tax payer within group' approach. Current tax liabilities and assets and deferred tax assets arising from unused tax losses and tax credits of the members of the tax consolidated group are recognised by the Company. Under this method, each entity is subject to tax as part of the tax consolidated group.

Due to the existence of a tax funding arrangement between entities in the tax consolidated group, amounts are recognised as payable to or receivable by the Company, and each member of the tax consolidated group in relation to the tax contribution amounts paid or payable between the parent entity, and the other members of the tax consolidated group in accordance with the arrangement. Where the tax contribution amount recognised by each member of the tax consolidated group for a particular period is different to the aggregate of the current tax liability or asset and any deferred tax asset arising from unused tax losses and tax credits in respect of that period, the difference is recognised as a contribution from (or distribution to) equity participants.

Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense.

Receivables and payables are stated inclusive of GST.

The net amount of GST recoverable from or payable to the ATO is included as a current asset or liability in the Statement of financial position.

Cash flows are included in the Statement of cash flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from or payable to the ATO are classified as operating cash flows.

i. Receivables

Trade debtors to be settled within 30 days are carried at amounts due. The collectability of debts is assessed at balance sheet date and a specific allowance is made for any doubtful amounts.

j. Derivative financial instruments

The Consolidated Entity enters into derivative financial instruments to manage its exposure to fluctuations in foreign exchange rates. Further details of derivative financial instruments are disclosed in Note 20 to the Consolidated financial report.

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised immediately in the profit or loss.

k. Share based payments

The Board may grant options to eligible executives in accordance with the Servcorp Executive Share Option Scheme. These equity-settled-share-based payments are non-market based and have earnings per share performance hurdles for the vesting of options.

Equity-settled share-based payments with employees are measured at the fair value of the equity instrument at the grant date. Fair value is measured by use of a Binomial Tree model. The expected life used in the model has been adjusted, based on management's best estimate for the effects of non-transferability, exercise restrictions, and behavioural considerations.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest.

At each reporting date, the Company revises its estimate of the number of equity instruments that are expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss, with a corresponding adjustment to the equity-settled employee benefits reserve.

l. Financial assets

Subsequent to initial recognition, the Company's investments in subsidiaries are measured at cost.

The classification of financial assets depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset. Fair value is determined in the manner described in Note 20e.

Other financial assets are classified into the following specified categories:

Loans and receivables

Trade receivables, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'Loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method less impairment.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. Financial assets (continued)

Impairment of financial assets

Financial assets are assessed for indicators of impairment at each balance sheet date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flow of the investment have been impacted.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that will exactly discount estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or, where appropriate, a shorter period.

m. Property, plant and equipment

Acquisition

Items of property, plant and equipment acquired are capitalised when it is probable that the future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. Where these costs represent separate components of a complex asset, they are accounted for as separate assets and are separately depreciated over their useful lives. Rent incurred in bringing floors to a state of operational readiness is capitalised to leasehold improvements and depreciated over the useful life of the asset.

Costs incurred on property, plant and equipment, which does not meet the criteria for capitalisation are expensed as incurred.

Property, plant and equipment, leasehold improvements and equipment under finance lease are stated at cost less accumulated depreciation, less impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the item.

Depreciation

Items of property, plant and equipment, including buildings and leasehold property but excluding freehold land, are depreciated using the straight line method over their estimated useful lives. Leasehold improvements are depreciated over the useful life of the asset using the straight line method.

The estimated useful lives used for each class of asset are as follows:

Buildings	40 years
Leasehold improvements	Useful life of the asset
Office furniture and fittings	7.7 years
Office equipment	3-4 years
Software	3.7 years
Motor vehicles	6.7 years

Depreciation rates and methods are reviewed annually and, where changed, are accounted for as a change in accounting estimate. Where depreciation rates or methods are changed, the net written down value of the asset is depreciated from the date of the change in accordance with the new depreciation rate or method.

Assets are depreciated from the date of acquisition from the time an asset is completed and ready for use.

n. Leased assets

Finance leases

Leased plant and equipment

Leases of plant and equipment under which the Company or its controlled entities assume substantially all the risks and benefits of ownership are classified as finance leases. Other leases are classified as operating leases.

Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability.

Lease liabilities are reduced by repayments of principal. The interest components of the lease payments are charged to the Statement of comprehensive income.

Operating leases

Operating lease payments are recognised as an expense on a straight line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Lease incentives

Floor rental is expensed on a straight line basis over the period of the lease term in accordance with lease agreements entered into with landlords. Where a rent free period or other lease incentives exist under the terms of a lease agreement, the aggregate rent payable over the lease term is calculated and a charge is made to the profit and loss on a straight line basis over the term of the lease. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

o. Payables

Liabilities are recognised for amounts payable in the future for goods or services received, whether or not billed to the Consolidated Entity. Trade accounts payable are normally settled within 60 days.

p. Borrowing costs

Borrowings are recorded initially at fair value, net of transaction costs. Any difference between the initial recognised amount and the redemption value is recognised in the Statement of comprehensive income over the life of the borrowings using the effective interest rate method.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

q. Employee benefits

Wages, salaries and annual leave

The provision for employee benefits in respect of wages, salaries and annual leave represents the amount which the Consolidated Entity has a present obligation to pay resulting from employees' services provided up to the reporting date. Provisions made in respect of employee benefits expected to be settled within twelve months, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Long service leave

The provision for employee benefits in respect of long service leave represents the present value of the estimated future cash outflows to be made by the Consolidated Entity resulting from employees' services provided up to the reporting date.

Provisions for employee benefits which are not expected to be settled within twelve months are discounted using the rates attaching to national government securities at the reporting date which most closely match the terms of maturity of the related liabilities.

In determining the provision for employee benefits, consideration has been given to future increases in wage and salary rates, and the Consolidated Entity's experience with staff departures. Related on-costs have also been included in the liability.

Contributions to Australian superannuation funds

The Company and other Australian controlled entities contribute to defined contribution superannuation plans. Contributions are charged to the Statement of comprehensive income as they are incurred. Further information is set out in Note 21.

r. Earnings per share (EPS)

Basic earnings per share

Basic EPS is calculated by dividing the net profit attributable to members of the Consolidated Entity for the reporting period by the weighted average number of ordinary shares of the Company.

Diluted earnings per share

Diluted EPS is calculated by adjusting the basic EPS earnings by the effect of conversion to ordinary shares of the associated dilutive potential ordinary shares. The notional earnings on the funds that would have been received by the entity had the potential ordinary shares been converted are not included.

The diluted EPS weighted average number of shares includes the number of shares assumed to be issued for no consideration in relation to dilutive potential ordinary shares.

The identification of dilutive potential ordinary shares is based on net profit or loss from continuing ordinary operations and is applied on a cumulative basis, taking into account the incremental earnings and incremental number of shares for each series of potential ordinary shares.

s. Debt and equity instruments

Debt and equity instruments are classified as either liabilities or as equity in accordance with the substance of the contractual arrangement.

t. Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short term, highly liquid investments that are readily convertible to known amounts of cash, which are subject to an insignificant risk of changes in value and have a maturity of six months or less.

u. Critical accounting issues

In the application of the Consolidated Entity's accounting policies, management is required to make judgments, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgments that management has made in the process of applying the Consolidated Entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Impairment of goodwill

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Further information on goodwill impairment is set out in Note 14.

Useful lives of property, plant and equipment

As described in Note 1m, the Consolidated Entity reviews the estimated useful lives of property, plant and equipment at each reporting period.

Make good provisions

At each reporting date, management reviews leases that are expected to terminate to determine the present obligation in relation to floor closure costs including make good, which is set out in Note 3.

Tax losses

Deferred tax assets for the carry forward of unused tax losses are recognised to the extent that it is probable that future taxable profits will be available against which the unused tax losses and unused tax credits can be utilised. This is assessed at each reporting date. Further information is set out in Note 5.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

v. Investment in joint venture

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of a joint venture is incorporated in these consolidated financial statements using the equity method of accounting. Under the equity method, an investment in a joint venture is initially recognised in the consolidated Statement of financial position at cost and adjusted thereafter to recognise the Consolidated Entity's share of profit or loss and other comprehensive income of the joint venture.

An investment in a joint venture is accounted for using the equity method of accounting from the date on which the investee becomes a joint venture.

The requirements of AASB139 'Financial Instruments: Recognition and Measurement' are applied to determine whether it is necessary to recognise any impairment loss with respect to the Consolidated Entity's investment in a joint venture. When necessary, the entire carrying amount of the investment is tested for impairment in accordance with AASB136 'Impairment of Assets' as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with AASB136 to the extent that the recoverable amount of the investment substantially increases.

2. PROFIT FROM OPERATIONS

UNRECOGNISED AMOUNTS

Since the end of the financial year, the directors have declared the following dividend:

Final	Fully paid ordinary shares	11.00	10,827	6 Oct 2016	30%	50%
-------	----------------------------	-------	--------	------------	-----	-----

In determining the level of future dividends, the Directors will seek to balance growth objectives and rewarding shareholders with income. This policy is subject to the cash flow requirements of the Company and its investment in new opportunities aimed at growing earnings. The directors cannot give any assurances concerning the extent of future dividends, or the franking of such dividends, as they are dependent on future profits, the financial and taxation position of the Company and the impact of taxation legislation.

The balance of the franking account has been adjusted for franking credits that will arise from the payment of income tax provided for in the financial statements, and for franking debits that will arise from the payment of dividends recognised as a liability at reporting date.

7. SEGMENT INFORMATION

Servcorp Serviced Offices are fully-managed, fully-furnished CBD office suites in prime locations, with a receptionist, meeting rooms, IT infrastructure and support services available. Servcorp Virtual Office provides the services, facilities and IT to businesses without the cost of a physical office.

The Consolidated Entity's information reported to the Board of Directors is based on each segment manager directly responsible for the functioning of the operating segment. The segment manager has regular contact with members of the Board of Directors to discuss operating activities, forecasts and financial results. Segment managers are also responsible for disseminating management planning materials as directed by the Chief Operating Decision Maker. The segment manager motivates and rewards team members who meet or exceed sales targets. Four reportable operating segments have been identified: Australia, New Zealand and Southeast Asia (ANZ/SEA); USA; Europe and Middle East (EME); North Asia and other which reflect the segment requirements under AASB 8.

The Consolidated Entity's reportable operating segments under AASB 8 are presented below. The accounting policies of the reportable operating segments are the same as the Consolidated Entity's accounting policies.

The following is an analysis of the Consolidated Entity's revenue and results by reportable operating segment for the periods under audit:

14. GOODWILL

ALLOCATION OF GOODWILL TO CASH-GENERATING UNITS

The following twenty one countries are cash-generating units:

Japan, Australia, New Zealand, China, Hong Kong, Malaysia, Singapore, Thailand, Belgium, United Arab Emirates, Bahrain, Qatar, Saudi Arabia, Philippines, Lebanon, Turkey, France, United States of America, Kuwait, United Kingdom and Iran.

Goodwill was allocated to the countries in which goodwill arose.

The carrying amounts of goodwill relating to each cash-generating unit as at 30 June 2016 was as follows:

	CONSOLIDATED	
	2016 \$'000	2015 \$'000
Japan	9,161	9,161
France	1,030	1,030

20. FINANCIAL INSTRUMENTS

The Company's Audit and Risk Committee oversees the establishment of the capital and financial risk management system which identifies, evaluates, classifies, monitors, qualifies and reports significant risks to the Board of Directors. All controlled entities in the Consolidated Entity apply this risk management system to manage their own risks.

a. Financial risk management objectives

The financial risks that result from the Consolidated Entity's activities are credit risk and market risk (interest rate risk and foreign exchange risk).

The Consolidated Entity's corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, and manages the financial risks relating to the operations of the Consolidated Entity.

The Consolidated Entity does not enter into or trade financial instruments for speculative purposes. The Consolidated Entity does not apply hedge accounting. The use of financial derivatives is governed by the Consolidated Entity's policies approved by the Board of Directors.

The Consolidated Entity's corporate treasury function reports to the Company's Audit and Risk Committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

b. Capital management

The Company's objective when managing capital is to ensure that entities within the Consolidated Entity will be able to continue as a going concern while maximising the return to stakeholders.

The Company's overall strategy remains unchanged from 2015. The capital structure of the Consolidated Entity consists of equity attributable to equity holders of the parent, company issued capital, reserves and retained earnings.

The Consolidated Entity operates globally, primarily through subsidiary companies established in the markets in which the Consolidated Entity operates. Operating cash flows are used to maintain and expand the Consolidated Entity, as well as to make routine outflows of tax and dividend payments.

20. FINANCIAL INSTRUMENTS (CONTINUED)

c. Market risk

The Consolidated Entity's activities expose it primarily to the financial risks of changes in foreign currency exchange rates. The Consolidated Entity enters into forward foreign currency exchange contracts to economically hedge anticipated transactions.

i. Foreign exchange risk

The Consolidated Entity operates internationally and is exposed to foreign exchange risk arising from various currency exposures.

The Consolidated Entity's foreign exchange risk arises primarily from:

- risk of fluctuations in foreign exchange rates to the Australian dollar (the reporting currency);
- firm commitments of receipts and payments settled in foreign currencies or with prices dependent on foreign currencies;
- investments in foreign operations; and
- loans and trading accounts to foreign operations.

Foreign currency assets and liabilities

For accounting purposes, net foreign operations are revalued at the end of each reporting period with the movement reflected as a movement in the foreign currency translation reserve. Borrowings and forward exchange contracts not forming part of the net investment in foreign operations are revalued at the end of each reporting period with the fair value movement reflected in the Statement of comprehensive income as exchange gains or losses.

Foreign currency sensitivity analysis

The following table summarises the material sensitivity of financial instruments held at balance date to movements in the exchange rate of the Australian dollar to foreign exchange rates, with all other variables held constant. The sensitivity is based on reasonably possible changes, over a financial year, using the observed range of actual historical rates for the preceding five year period.

iii. Liquidity risk

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who have built an appropriate liquidity risk management framework for the management of the Consolidated Entity's short, medium and long term funding. The Consolidated Entity manages liquidity risk by maintaining adequate reserves, banking facilities and borrowing facilities.

The following table details the Consolidated Entity's expected maturity for its financial assets. The table below was drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned.

ii Variable interest rate instruments at LIBOR + 2%.

d. Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The Consolidated Entity has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults.

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable. The Consolidated Entity does not have any significant credit risk exposure to any single counterparty or any group of any counterparties having similar characteristics. Details of credit enhancements in the form of serviced office security deposits retained from customers are further disclosed in Note 16.

Credit risk on cash and short term fixed deposits is limited because counterparties are banks with high credit ratings assigned by international credit rating agencies. These liquid funds are managed centrally by The Company's senior management on a daily basis.

20. FINANCIAL INSTRUMENTS (CONTINUED)

e. Fair value of financial instruments

The Directors consider that the carrying amount of financial assets and financial liabilities approximate their fair value other than in respect of the Company's investment in subsidiaries.

Financial instruments are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which fair value is observable:

			CONSOLIDATED
	LEVEL 1 \$'000	LEVEL 2 \$'000	LEVEL 3 \$'000

26. RELATED PARTY DISCLOSURES

Transactions with the Company and its controlled entities

From time to time Directors of the Company and its controlled entities, or their director-related entities, may purchase services from or provide services to the Consolidated Entity. These purchases or sales are on the same terms and conditions as those entered into by other employees, suppliers or customers of the Consolidated Entity and are trivial or domestic in nature.

All transactions with director-related entities are disclosed to the Board and reviewed to ensure they bring a benefit to the Consolidated Entity.

Mr A G Moufarrige, has an interest in and is a Director of Tekfon Pty Ltd (Tekfon). Servcorp has a lease on arm's length terms with Tekfon for the use of Tekfon's premises for storage. Servcorp utilises off-site storage facilities in many of its global locations, for storage of office furniture and retention of records. Tekfon's premises are in a suburb of Sydney, and have been utilised by Servcorp's Sydney locations and head office for storage since before the Consolidated Entities IPO in 1999. Research confirms that the lease is at below the market rate for similar facilities in the area. The Board, with Mr A G Moufarrige absent, reviews the lease with Tekfon on an annual basis to ensure that the terms are at market rate or better.

A relative of Mr A G Moufarrige, has an interest in Enideb Pty Ltd (Enideb). Mr A G Moufarrige has no interest in the affairs of Enideb. Enideb operates the Servcorp franchise in Canberra on arm's length terms. The Canberra franchise has been operating for more than 27 years, and the Canberra locations bring a benefit to Servcorp's operations. The Board reviews the terms of the franchise agreement on a regular basis to ensure that it is conducted on proper commercial terms, consistent with any other franchise operations.

Mr A G Moufarrige, has an interest in and is a Director of Air Office Pty Ltd (Air Office). Until June 2015, Air Office was provided IT services by Servcorp, which were reimbursed at arm's length terms. At various times during the 2015 year, Air Office was also a client of Servcorp, on behalf of its clients, in Adelaide, Brisbane, Hobart, Melbourne and Sydney. Air Office was a new initiative which initially incurred losses; effective 1 July 2015, following independent advice, Servcorp took over the Air Office client base. No consideration was paid. The Directors considered that the client base would integrate seamlessly under its Virtual Office offering, and would bring a positive cash and revenue stream to Servcorp. The Air Office business was profitable in 2016.

Mr A G Moufarrige, has an interest in and is a Director of Sovori Pty Ltd (Sovori). Mr T Moufarrige, is also a director of Sovori. Mr A G Moufarrige has personal credit cards which, in the main, are used to pay for Servcorp expenses during his business travels. For convenience, these are paid by Servcorp whilst he travels and they are then reconciled upon his return and personal expenses are repaid to Servcorp by Sovori. The Chairman has oversight over the reconciliations.

Mr A G Moufarrige, has an interest in Thru, Inc (Thru). Mr R Holliday-Smith, has an interest in and is a Director of Thru. Thru provides IT services to Servcorp on arm's length terms. Mr A G Moufarrige and Mr R Holliday-Smith did not have any involvement in the negotiation of the terms of the arrangement with Thru. Thru is also a client of Servcorp in Sydney. Servcorp's IT management regularly review the terms and conditions of the contract with Thru to ensure it is commercially beneficial to Servcorp. Since the end of the financial year, the decision has been taken to cease using the IT services provided by Thru as more beneficial terms were available through another provider.

Mr T Moufarrige, has an interest in and is the CEO of Nualight AUSNZ Pty Ltd (Nualight). Nualight is a client of Servcorp in Sydney, Melbourne, Wellington and Beijing. Nualight also provides lighting products to Servcorp on arm's length terms. The Board, with Mr T Moufarrige absent, reviews the terms of any contract to supply lighting services, to ensure that the terms bring a commercially benefit to Servcorp.

Mr T Moufarrige, has an interest in and is a Director of Spigoli Pty Ltd. Mr T Moufarrige and Spigoli Pty Ltd are clients of Servcorp in Sydney.

Servcorp has in excess of 21,000 clients globally. From time to time a client will be an entity which is defined as a Director related party, even though the Director has had no involvement in the decision to become a client of Servcorp. The following disclosures fall into this category.

Mr B Corlett, has an interest in and is the Chairman of Australian Maritime Systems Limited. Australian Maritime Systems Limited is a client of Servcorp in Perth. Mr B Corlett did not have any involvement in the negotiation of the terms of the arrangement with Australian Maritime Systems Limited.

Mr B Corlett, is a Director of Fortius Funds Management Pty Ltd, a related company of Fortius Global Real Estate Securities. Fortius Global Real Estate Securities is a client of Servcorp in Singapore. Mr B Corlett did not have any involvement in the negotiation of the terms of the arrangement with Fortius Global Real Estate Securities.

A relative of Mr B Corlett, has an interest in Highbury Partnership. Highbury Partnership was a client of Servcorp in Sydney. Mr B Corlett did not have any involvement in the negotiation of the terms of the arrangement with Highbury Partnership.

A relative of Mr B Corlett, has an interest in TDM Asset Management Pty Ltd. TDM Asset Management Pty Ltd was a client of Servcorp in Sydney and is a client in New York. Mr B Corlett has no interest in the affairs of TDM Asset Management Pty Ltd nor any involvement in the negotiation of the terms of the arrangement with TDM Asset Management Pty Ltd.

Mr R Holliday-Smith, has an interest in and is the Chairman of ASX Limited. ASX Operations Pty Ltd, a subsidiary company of ASX Limited, is a client of Servcorp in London. Mr R Holliday-Smith did not have any involvement in the negotiation of the terms of the arrangement with ASX Operations Pty Ltd.

26. RELATED PARTY DISCLOSURES (CONTINUED)

Other transactions with the Company and its controlled entities (continued)

The terms and conditions of the transactions with Directors and their director-related entities were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-director-related entities on an arm's length basis.

The value of the transactions during the year with Directors and their director-related entities were as follows:

Independent Auditor's Report to the Members of Servcorp Limited

Report on the Financial Report

We have audited the accompanying financial report of Servcorp Limited, which comprises the statement of financial position as at 30 June 2016, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity, comprising the company and the entities it controlled at the year's end or from time to time during the financial year as set out on pages 59 to 96.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control, relevant to the company's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Independence Declaration

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Servcorp Limited, would be in the same terms if given to the directors as at the time of this auditor's report.
