

Pomigliano D'Arco (NA), February 14, 2025

Mare Group (ticker **MARE.MI**), a digital engineering company listed on Euronext Growth Milan and active in Italy and internationally in innovation through enabling technologies ("**Mare Group**", the "**Company**", the "**Issuer**" or the "**Group**"), announces an update to the corporate events calendar for the year 2025.

In particular, compared to what was previously announced on January 29, 2025, the Company will not participate in the EnVent Winter Conference - Westin Palace, originally scheduled for January 18, 2025, in Milan.

Instead, Mare Group will meet the financial community at The Next Wave, an institutional event organized directly by the Company on February, 19. The event will focus on the topics announced in the press release of February 12, 2025: the agreement for the acquisition of a majority stake in La SIA S.p.A. and the resulting first-ever Public Purchase and Exchange Offer (OPAS) between two companies listed on Euronext Growth Milan—an operation that sets an important precedent in the capital markets.

Through direct testimonials from the management teams of both companies involved, the event will illustrate the integration strategies between Mare Group and La SIA, with particular attention to industrial and technological synergies, the competitive advantages arising from the transaction, and the growth scenarios made possible by this combination.
