Terrain Shareholders Webinar

Terrain Minerals Limited ("Terrain" or the "Company") is pleased to invite shareholders and investors to attend a live webinar hosted by Justin Virgin, Executive Director, to discuss the Company's rights issue offer.

This webinar will provide an opportunity for shareholders and investors to:

- Ask questions directly to Justin Virgin regarding the rights issue and the Company's strategic direction.

- Hear how we plan to invest the new funds raised through the rights issue (that closes on the 17th June 2025) at our Smokebush Project Gold & Gallium projects,

- Learn more about the progress and potential of the Smokebush Gold Project including current expansion drilling at Lightning & Monza Gold and Larin's Lane Gallium Projects and our Queensland copper and gold project, Biloela.

Webinar Details:

- **Date:** Tuesday, 27th May 2025
- **Time:** 12pm AEST (10am AWST)
- **Platform & Registration:** Click here to register and join
- **Submit Questions to:** terrain@terrainminerals.com.au

A link to the webinar replay will be posted on the website and socials after the webinar for those who are unable to attend on the day.

We encourage all shareholders and interested investors to register for this webinar to learn more about this exciting next stage of Terrain's drill and exploration program and the opportunity to participate in our growth story.

For further information, please contact:

Authority

This announcement has been authorised for release by Mr. Justin Virgin, Executive Director, Terrain Minerals.

Disclaimer

Information included in this report constitutes forward looking statements. Often, but not always, forward looking statements can generally be identified by the use of forward looking words such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "continue" and "guidance" or other similar words, and may include, without limitation, statements regarding plans, strategies and objectives of management, anticipated production or construction commencement dates and expected costs or production outputs. Forward looking statements inherently involve known and unknown risks, uncertainties and other factors that may cause the company's actual results, performance, and achievements to differ materially from any future results, performance or achievements. Relevant factors may include, but are not limited to, changes in commodity prices, foreign exchange fluctuations and general economic conditions, increased costs and demand for production inputs, the speculative nature of exploration and project development, including the risks of obtaining necessary licences and permits and diminishing quantities or grades of reserves, political and social risks, changes to the regulatory framework within which the company operates or may in the future operate environmental conditions including extreme weather conditions, staffing and litigation. Forward looking statements are based on the company and its management's assumptions made in good faith relating to the financial, market, regulatory and other relevant environments that exist and effect the company's business operations in the future. Readers are cautioned not to place undue reliance on forward looking statements. Forward looking statements are only current and relevant for the date of issue. Subject to any continuing obligations under applicable law or any relevant stock exchange listing rules, in providing this information the company does not undertake any obligation to publicly update or revise any of the forward-looking statements or advise of any change in events, conditions or circumstances on which such statement is based.
