THORNEY INVESTMENT FORUM – PRESENTATIONS AVAILABLE ON WEBSITE

Dear fellow shareholder

As you are aware from previous communications Thorney held its second TOP and TEK investor forum at the ASX in Sydney earlier this week.

The event was very well received with more than 120 shareholders and other interested parties attending. It was also live-streamed online.

The standard of presentations from the 10 TOP and TEK companies that presented was extremely high and generated substantial interest. As promised we have now made these presentations available individually on the relevant TOP and or TEK website.

The links below will take you to the TOP and or TEK website from where you will be able to view the relevant presentations.

[Thorney Opportunities Presentations](#)

[Thorney Technologies Presentations](#)

I hope you find them as interesting and informative as I did and that they assist your understanding of why we have invested in these companies.

We expect to host another investment forum later this year in Melbourne in conjunction with the TOP and TEK Annual General Meetings

Best regards

Alex Waislitz
