Ritract Limited

Suspension of trading in the Company's Securities

3 October 2006

Ritract's Board of Directors have not been in a position to finalise and submit the company's 2006 Annual Report to the ASX due to the impact of the recently announced supply problems on its planned capital raising. These product supply problems have delayed anticipated sales and necessitated a review of the company's capital raising initiatives. In order to permit this review to take place the Director's have decided to suspend trading in Ritract shares. The company will provide further information to the market and to its stockholders when its review of funding strategy has been completed.

Bill Nicklin
Managing Director
