¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

Principles and Recommendations	Comply	Explanation
Principle 1: Lay solid foundations for management and oversight <i>A listed entity should clearly delineate the respective roles and responsibilities of its board and management and regularly review their performance</i>		
Recommendation 1.1 A listed entity should have and disclose a board charter setting out: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	The Company has adopted a Board Charter that outlines the roles, responsibilities and functions of the Board and its Committees, the Chair and management and includes a description of those matters expressly reserved to the Board and those delegated to management. The Board Charter sets out the specific responsibilities of the Board, requirements as to the Board's composition, the roles and responsibilities of the Chair and Company Secretary, Directors' access to Company records and information, details of the Board's relationship with management and details of the Board's performance review. The Board Charter is available on the Company's website.
Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.	Yes	The Company conducts appropriate background checks prior to the appointment of a Director or the nomination of a candidate for election. In addition, the Company ensures that shareholders are provided with all material information in its possession that is relevant to their decision on whether or not to elect or re-elect a Director. This information is included in the Explanatory Memorandum accompanying each Notice of Meeting where a Director election or re-election is proposed. This information includes: (a) a summary of the candidate's qualifications, relevant experience and the skills they would contribute to the Board; (b) details of any other material directorships the candidate currently holds; (c) in the case of a candidate standing for election as a director for the first time: (i) confirmation that the Company has conducted appropriate background checks; (ii) details of any interest, position or relationship that could materially influence, or reasonably be perceived to influence, their capacity to exercise independent judgement and to act in the best interests of the Company; and (iii) a statement from the Board on whether the candidate, if elected, would be considered an independent director; (d) in the case of a candidate standing for re-election as a director: (i) the director's current term of office; and (ii) a statement from the Board on whether the director continues to be considered independent; and (e) a statement by the Board on whether it supports the election or re-election of the candidate.

Principles and Recommendations	Comply	Explanation
Recommendation 1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	Upon appointment, each new Director receives a letter of appointment, which sets out the formal terms of their appointment. Directors also receive and execute a deed of indemnity, insurance and access. Executives are appointed under a written agreement, which sets out the terms of their appointment.
Recommendation 1.4 The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	Yes	The Company Secretary is directly accountable to the Board, through the Chair, on all matters regarding the proper functioning of the Board and its Committees. The profile, qualifications and experience of the Company's General Counsel and Company Secretary, Ms Maynard, is set out in the Directors' Report in the Company's 2025 Annual Report.
Recommendation 1.5 A listed entity should: (a) have and disclose a diversity policy; (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives, and workforce generally; and (c) disclose in relation to each reporting period: (i) the measurable objectives set for that period to achieve gender diversity; (ii) the entity's progress towards achieving those objectives; and (iii) either: (A) the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined "senior executive" for these purposes); or (B) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators," as defined in and published under that Act.	Yes	The Company recognises the importance of building a diverse and inclusive team where everyone is respected, individual contributions are valued and all team members have equal opportunities to thrive. The Company's Diversity & Inclusion Policy details the Company's current commitments, and approach towards a diverse and inclusive workforce. The Diversity & Inclusion Policy is available on the Company's website. In June 2025, the Diversity & Inclusion Policy was amended to provide that the Company will establish measurable objectives for achieving diversity in the composition of its Board, senior management and workforce generally. Prior to this amendment, due to the size and composition of the Company, the Board did not previously set measurable objectives for achieving gender diversity. The Company was included in the S&P/ASX 300 at the commencement of the Reporting Period. The Principles and Recommendations provide that the measurable objective for achieving gender diversity in Board composition for entities in the S&P/ASX 300 Index, should be to have no less than 30% of its Directors of each gender within a specified period. The measurable objectives established by the Board in June 2025 are outlined below: • Target for the Board to reflect not less than 30% of Directors of each gender within the next three years. • Aim to maintain no less than 25% female representation across the Company (excluding the Board). • Offer flexible work arrangements, where practicable, based on role requirements.

Principles and Recommendations	Comply	Explanation												
		The progress towards achieving these measurable objectives will be reported next year.
