DRILLING COMPLETED AT BULLA PARK COPPER PROJECT

Highlights

- **Diamond drilling successfully completed at the Bulla Park Copper Project, NSW**
- **Approximately 218m of core from BPD09 is being cut and prepared for assay**

West Cobar Metals Limited (**ASX: WC1**) ("**West Cobar**", "**the Company**") is pleased to announce a further program of diamond drilling has been completed at the Company's 100%-owned Bulla Park Copper Project, 110 km west of Cobar in New South Wales.

The program of 2 diamond holes totalling 547 meters has been completed.

BPD09 was designed to test a conjectural fault zone south of known mineralisation, where higher copper grades were anticipated. The hole successfully intersected a broad zone of disseminated sulphides from 120m to 338m (218m) which is being cut and prepared for assay.

BPD10 was designed to test an airborne magnetic anomaly in the vicinity of Bulla Park. The drilling indicated a bed of maghemite within overlying alluvium.

Assay results from the drill program are expected to be received during September. WC1 will then assess the Bulla Park Project with additional information derived from logging and drill assays with the view to design further drilling to extend the major zone of thick disseminated copper-antimony mineralisation.

Figure 1: Diamond drilling operation at Bulla Park

Hole ID	E (55S)	N (55S)	Dip	Az	TD
BPD09	276519	6502423	-50	180	399.3
BPD10	275874	6508049	-90	0	150.3

This announcement has been prepared for publication in Australia and may not be released or distributed in the United States. This announcement does not constitute an offer to sell, or a solicitation of an offer to buy, securities in the United States or any other jurisdiction. Any securities described in this announcement have not been, and will not be, registered under the US Securities Act of 1933 and may not be offered or sold in the United States except in transactions exempt from, or not subject to, the registration of the US Securities Act and applicable US state securities laws.

Forward looking statement

Certain information in this document refers to the intentions of West Cobar, but these are not intended to be forecasts, forward looking statements or statements about the future matters for the purposes of the Corporations Act or any other applicable law. The occurrence of the events in the future are subject to risk, uncertainties and other actions that may cause West Cobar's actual results, performance or achievements to differ from those referred to in this document. Accordingly, West Cobar and its affiliates and their directors, officers, employees and agents do not give any assurance or guarantee that the occurrence of these events referred to in the document will actually occur as contemplated.

Statements contained in this document, including but not limited to those regarding the possible or assumed future costs, performance, dividends, returns, revenue, exchange rates, potential growth of West Cobar, industry growth or other projections and any estimated company earnings are or may be forward looking statements. Forward-looking statements can generally be identified by the use of words such as ‘project’, ‘foresee’, ‘plan’, ‘expect’, ‘aim’, ‘intend’, ‘anticipate’, ‘believe’, ‘estimate’, ‘may’, ‘should’, ‘will’ or similar expressions. These statements relate to future events and expectations and as such involve known and unknown risks and significant uncertainties, many of which are outside the control of West Cobar. Actual results, performance, actions and developments of West Cobar may differ materially from those expressed or implied by the forward-looking statements in this document.

Such forward-looking statements speak only as of the date of this document. There can be no assurance that actual outcomes will not differ materially from these statements. To the maximum extent permitted by law, West Cobar and any of its affiliates and their directors, officers, employees, agents, associates and advisers:

- disclaim any obligations or undertaking to release any updates or revisions to the information to reflect any change in expectations or assumptions;
- do not make any representation or warranty, express or implied, as to the accuracy, reliability or completeness of the information in this document, or likelihood of fulfilment of any forward-looking statement or any event or results expressed or implied in any forward-looking statement; and
- disclaim all responsibility and liability for these forward-looking statements (including, without limitation, liability for negligence).

Competent Person Statement and JORC Information

The Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (the ‘JORC Code’) sets out minimum standards, recommendations and guidelines for Public Reporting in Australasia of Exploration Results, Mineral Resources and Ore Reserves.

The information contained in this announcement that relates to the exploration information at West Cobar’s projects fairly reflects information compiled by Mr David Pascoe, who is Head of Technical and Exploration of West Cobar Metals Limited and a Member of the Australian Institute of Geoscientists. Mr Pascoe has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the

'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Pascoe consents to the inclusion in this announcement of the matters based on his information in the form and context in which it appears.
