

1 July 2005

JUNE SALES EXCEED \$9 MILLION
- All time monthly record -

Webjet today announced gross transaction values of \$9.3 million for June, an all time monthly record.

This represents an increase of approximately 400% on June last year total of \$2.3 million, and continues the trend of the quarter to 30 June 2005 which has totalled \$23.6 million.

On a year to date basis, gross transaction values now total \$76.6 million compared with \$20.6 million last year, an increase of over 370%.

Commenting further, Webjet Managing Director, David Clarke said:

“As the market is aware, Webjet has, over the last year, reported monthly turnover figures. In order to ensure the market remains fully informed during the new financial year 2005/2006, but with appropriate regard to our growing size and market position, we intend to move to quarterly reporting from 1 July.

We intend, each quarter, to provide the market with:

- Gross transaction values
- Our 4c filings, and importantly
- A profit market guidance figure (for the current quarter)

We believe this will provide the market with maximum transparency.”
