THORNEY GROUP INCREASES SHAREHOLDING

Webjet Limited confirms today that Thorney Investment Group in an offmarket transaction acquired a further 12.85 million Webjet shares in accordance with its previously stated intention of taking a more substantial shareholding in Webjet.

Webjet directors are delighted at this very tangible expression of confidence in the company and its rapidly growing and profitable business.

The Thorney Investment Group now holds approximately 12.5% of the company's share capital.

The shares acquired were part of the holding in Webjet of the GIW Holdings CV group with whom Webjet enjoys a number of ongoing commercial relationships for supply, and technology development. GIW is a part of the Cendant Travel Distribution group which amongst other activities operates the Galileo airline reservations systems. GIW Holdings continues as a shareholder in Webjet.
