UPDATE ON MERGER OF SYLVASTATE INTO WHITEFIELD

Further to the announcement made on 19 October 2010, Whitefield Limited (ASX: WHF)(**Whitefield** or the **Company**) is pleased to advise that :

- It has today entered into a Merger Implementation Agreement with Sylvastate Limited (**Sylvastate**) under which it is proposed that the two listed investment companies merge by way of scheme of arrangement (**Proposed Transaction**); and
- Sylvastate has today lodged a draft scheme booklet for the Proposed Transaction (comprising the explanatory statement in relation to the scheme of arrangement and the Notice of Meeting for the meeting of Sylvastate shareholders at which the scheme of arrangement will be considered) (**Scheme Booklet**) with the Australian Securities and Investments Commission (**ASIC**) for review.

The Proposed Transaction

In order to implement the Proposed Transaction, Sylvastate proposes to enter into a scheme of arrangement under section 411 of the Corporations Act 2001 (**Scheme**) with the holders of its fully paid ordinary shares (**Sylvastate Shares**) (other than Whitefield) (**Sylvastate Shareholders**). If the Scheme is approved, Whitefield will acquire all of the existing Shares in Sylvastate with the result that Sylvastate will become a wholly-owned subsidiary of Whitefield and Sylvastate Shareholders will receive new fully paid ordinary shares in Whitefield (**Consideration Shares**) in exchange for their Sylvastate Shares. The number of Consideration Shares to be issued to each Shareholder will be calculated by reference to the relative adjusted net asset backing of Sylvastate and Whitefield.

The exchange ratio which will be used to determine the number of Consideration Shares that will be issued to Sylvastate Shareholders will be calculated based on the relative adjusted net asset backing of the companies as at 31 March 2011 and will be announced to ASX and notified on Sylvastate's website at www.sylvastate.com.au not less than seven days prior to the meeting to approve the Scheme being held (**Scheme Meeting**) .

The Proposed Transaction is subject to approval by the Australian Federal Court as well as approval of Shareholders. Shareholders of Sylvastate will be asked to vote on the Proposed Transaction at the Scheme Meeting which is expected to be held in mid April 2011.

Independent Expert

An independent expert, Grant Thornton Corporate Finance Pty Limited, has been appointed by Sylvastate to consider the Scheme and provide an opinion as to whether the Scheme is in the best interests of Sylvastate Shareholders. A copy of the report from the independent expert will be provided to Sylvastate Shareholders in the Scheme Booklet.

Sylvastate Directors' recommendation

Apart from Mr Armstrong (Non-executive director of Sylvastate) and Mr Fowler (Non-executive director of Whitefield) the board and management of Sylvastate and Whitefield are the same.

Each Director of Sylvastate including Mr Armstrong (the **Independent Director**), other than Mr Gluskie who is abstaining from making a recommendation, believes that the Proposed Transaction is in the best interests of Sylvastate and that the Scheme is in the best interests of Sylvastate Shareholders in the absence of a superior proposal for Sylvastate emerging.

Due to his interests in Sylvastate, Whitefield and White Funds Management Pty Limited, the investment manager of both Sylvastate and Whitefield, Mr Gluskie is abstaining from making a recommendation regarding the Proposed Transaction.

In the absence of a superior proposal each Director of Sylvastate, including the Independent Director and Mr Gluskie, have indicated they intend to vote Sylvastate Shares which they own or control in favour of the Scheme.

To assist Shareholders in deciding how to vote on the Proposed Transaction, Sylvastate will distribute the Scheme Booklet which sets out details of the Proposed Transaction including details of how to vote at the Scheme Meeting.

Benefits to Whitefield

The merging of Sylvastate into Whitefield under this Scheme is likely to be of long term benefit to Whitefield and its shareholders. The increase in scale of the merged group assists in building liquidity of the company's shares and in maintaining cost efficiency over future years.

Merger Implementation Agreement

As noted above, Sylvastate and Whitefield have entered into a Merger Implementation Agreement which governs the Proposed Transaction.

Implementation of the Proposed Transaction is conditional upon the satisfaction of certain conditions including, but not limited to:

- approval by Shareholders of the Scheme;
- approval of the Scheme by the Federal Court of Australia; and
- an independent expert's report concluding that the Proposed Transaction is fair, reasonable and in the best interests of Shareholders.

A summary of the key terms of the Merger Implementation Agreement is included in Appendix A to this announcement.
